

At a meeting on Monday night of the typohete, an association of New Yorkers having more or less to do with typos, Mark Twain spoke as follows:

"I am staggered by the compliments which have been lavished and poured out on me by my friend on my right (Mr. Bailey). I am proud of this compliment as I am staggered. It is uncommon in my experience. It is the first time that anybody in my experience has stood up in the presence of a large and respectable assemblage of gentlemen like this, and confessed that I have told the truth once I could return the compliment I would do it. [Laughter at Mr. Bailey's expense.]

The chairman's historical reminiscences of Gutenberg have caused me to fall into reminiscences, for I myself am something of an antiquity. [Laughter.] All things change in the procession of years, and it may be that I am among strangers. It may be that the printer of to-day is not the printer of thirty-five years ago. I was no stranger to him. I knew him well. I built his fire for him in the winter mornings: I brought his water from the village pump; I swept out his office; I picked up his type from under his stand; and if he was there to see I put the good type in his case and the broken ones among the "hell matter;" and if he wasn't there to see, I dumped it all with the "pi" on the imposing stone—

for that was the furtive fashion of the cub, and I was a cub. I wadded down the paper Saturdays, I turned it Sundays—for this was a country weekly; I rolled, I washed the rollers, I washed the forms, I folded the papers, I carried them around at dawn Thursday mornings, I enveloped the papers that were for the mail—we had 100 town subscribers and 350 country ones; the town subscribers paid in groceries and the country ones in cabbages and cordwood—when they paid at all, which was merely sometimes, and then we always stated the fact in the paper and gave them a puff; and if we forgot it they stopped the paper.

TRoublesome Assistance.

Every man on our town list helped edit the thing; that is he gave orders as to how it was to be edited; dictated its opinions, marked out its course for it, and every time the boss failed to connect, he stopped his paper. We were just infested with critics, and we tried to satisfy them all over. We had one subscriber who paid cash, and he was more trouble to us than all the rest. He bought us, once a year, soul and body for two dollars. He used to modify our politics every which way, and he made us change our religion four times in five years. If we ever tried to reason with him, he would threaten to stop his paper, and of course that meant bankruptcy and destruction. The man used to write articles a column and a half long, headed primer, and sign them "Junius" or "Veritas," or "Vox Populi," or some other high-sounding rot; and then after it was set up, he would come in and say he had changed his mind—which was a gilded figure of speech, because he hadn't any—and order it to be left out. We couldn't stand such a waste as that; we couldn't afford bogus in that office; so we always took the leads out, altered the signature, credited the article to the rival paper in the next village and put it in. Well we did have one or two kinds of "bogus." When ever there was a barbecue, or a circus, or a baptizing, we knocked off for half a day; and then to make up for short matter, we would "turn over ads" turn over the whole page and duplicate it. The other bogus was deep philosophical stuff, which we judged nobody ever read; so we kept a gallery of it standing, and kept on slapping the same old batches of it in every now and then till it got dangerous.

POINTS OF ECONOMY.

Also, in the early days of the telegraph, we used to economize on the news. We picked out the items that were pointless and barren of information and stood them on a galley, and changed the dates and localities and used them over and over again till the public interest in them was worn to the bone. We marked the ads, but we seldom paid any attention to

the marks afterward; so the life of a "td" and "lf" ad was equally external. I have seen a "td" notice of a sheriff's sale still booming serenely along two years after the sale was over, the sheriff dead, and the whole circumstance become ancient history. Most of the yearly ads were patent medicine stereotypes, and we used to fence with them. Life was easy with us; if we pried a form we suspended till next week, and we always suspended every now and then when the fishing was good, and explained it by the illness of the editor, a paltry excuse because that kind of a paper was just as well off with a sick editor as a well one, and better off with a dead one than with either of them. He was full of blessed egotism and placid self-importance, but he didn't know as much as a 3-ou quad. He never set any type except in the rush of the last day, and then he would smouch all the poetry, and leave the rest to "jell" for the solid takes. He wrote with impressive flatulence and soaring confidence upon the vastest subjects; but puffing almsgifts of wedding cake, salty cream abnormal watermelons and sweet potatoes the size of your leg was his best hold. He was always a poet—a kind of poet of the carrier's address breed—and whenever his intellect superated, and he read the result to the printers and asked for their opinion, they were very frank and straight forward about it. They generally scraped their rules on the boxes all the time he was reading, and called it "hog wash" when he got through.

RETROSPECTION. All this was thirty-five years ago when the man who could set 700 an hour could put on just as many airs as he wanted to; and if these New York men, who recently on a wager set 2,000 an hour solid minion for four hours at a stretch had appeared in that office, they would have been received as accomplices of the supremely impossible, and drenched with hospitable beer till the brewery was bankrupt.

I can see that printing office of prehistoric times yet, with its horse-bills on the walls, its "d" boxes clogged with tallow, because we always stood the candle in the "k" box night's towel, which was not considered soiled, until it could stand alone, and other signs and symbols that marked the establishment of that kind in the Mississippi valley, and I can see also the tramping "four" who flitted by in the summer and carried a day, with his wallet stuffed with one shirt and a hatful of handbills, for if he couldn't get any type to set he would do a temperance lecture. His way was of simple, his needs not complex; all he wanted was plate and bed and money enough to get drunk on, and he was satisfied. But it may be I have said that I am among strangers and sing the glories of a forgotten age to unfamiliar ears, so I will "unask even" and stop.

QUEBEC.—A superstition prevails among shantymen that if they blow into the muzzle of an unloaded gun while the cap is being fired, any request they may ask will be granted. Hector Bouchard, of St. Eulenes River, Saguenay, was performing this act on Tuesday, but the gun was loaded and the bullet entered his mouth and came out at the back of his head.

MURDERED HIS CONFESSOR. MONTEREY, Mex., Feb. 5.—Bishop Gallagher, of this city, received an account last night of a poor man in Guadalajara who went to a priest to confess, and while the priest leaned over to listen to the recital of the seeming penitent the latter plunged a dagger into his heart. The priest was well-known and popular and no cause can be ascribed for the tragedy, especially as the assassin is dumb to a inquiries and cannot be induced or forced to explain his action. The man is now in jail, pending investigation by the authorities.—Ez

Only Temperance Bitters Known.

No other medicine known so effectively purges the blood of deep-seated diseases.

Billions bear testimony to its wonderful curative effects.

It is a purely Vegetable Preparation, made from the native herbs and roots of California, and medicinal properties which are extracted therefrom without the use of Alcohol.

It removes the cause of disease, and the patient recovers his health throughout.

It is the great Blood Purifier and Life-giving Principle; a Gentle Purgative and Tonic; a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the power of WINEGAR BITTERS in healing the skin, every disease which it cures.

The Alterative, Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Sedative, Counter-irritant, Sudorific, Anti-Bilious, Solvent, Diuretic and Tonic properties of WINEGAR BITTERS exceed those of any other medicine in the world.

No person can take the BITTERS according to directions and remain long unwell, provided their lungs are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

Bilious, Hemorrhagic, Intermittent and Malarial Fevers are prevalent throughout the United States, particularly in the valleys of our great rivers and their vast tributaries during the Summer and Autumn months, especially during seasons of unusual heat and dryness.

These Fevers are invariably accompanied by extensive derangements of the stomach, liver and bowels. In their treatment, a purgative, exerting a powerful influence upon these organs, is absolutely necessary.

There is no enthralling for the purpose equal to Dr. J. WALKER'S WINEGAR BITTERS, as it will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the system.

Fortify the body against disease by purifying all its fluids with WINEGAR BITTERS. No epidemic of cholera, typhoid, dysentery, or any other disease, can be contracted by those who use this medicine.

It invigorates the Stomach and stimulates the torpid Liver and Bowels, cleansing the blood, of all impurities, imparting life and vigor to the system, and carrying off without the aid of Calomel, or other minerals, all poisonous humors from the system. It is easy of administration, produces no action, and certain in its results.

Dyspepsia or Indigestion, Headache, Pain in the Head, Rheumatism, Dropsy, Cholera, Pneumonia, Dizziness, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, and a hundred other painful symptoms, are at once relieved by WINEGAR BITTERS.

For Inflammatory and Chronic Rheumatism, Gout, Neuralgia, Diseases of the Blood, Liver, Kidneys and Bladder, the Bitters have no equal. In these, as in all constitutional diseases, WALKER'S WINEGAR BITTERS has shown its great curative powers in the most obstinate and untreatable cases.

Mechanical Diseases.—Persons engaged in Painting and Milling, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to Paralysis of the Bowels. To guard against this, take occasional doses of WINEGAR BITTERS.

Skin Diseases, Scrofula, Salt Rheum, Ulcers, Swelling, Pimples, Pastules, Boils, Carbuncles, Ring-worms, Scald-head, Itch, Erysipelas, the Itch, Herpes, Discolorations, Humors, and diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of the Bitters.

Pin, Tape and other Worms, lurking in the system of so many thousands, are effectively destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like WINEGAR BITTERS.

Female Complaints, in young or old, or treated or single or of women, are cured by the use of the Bitters, as they cleanse the vitiated blood when its impurities burst through the skin in Eruptions or Sores; cleanse it when obstructed and sluggish in the veins; cleanse it when it is impure, and your feelings will tell you when, and the health of the system will follow.

In conclusion: Give the Bitters a trial. It speaks for itself. One bottle is a better guarantee of its merits than a lengthy advertisement.

Around each bottle are full directions printed in different languages.

The greatest known remedy for Colds, Consumption, Coughs, Hoarseness, Asthma, Sore Throat, Croup, Spitting Blood, and all Diseases arising from an irritated Throat and Inflamed Lungs. This Balsamic Compound has been used in private practice over twenty years, gaining a high reputation for curing all Lung and Throat affections with those who have used it. It is a real reality, yet true, that two-thirds of the deaths within our midst are caused from bad colds becoming deeply seated in the vital portions of the lung tissue through neglect and improper care or treatment. When health is destroyed all enjoyment of life is lost. Then, because of these treacherous colds, which suck the life-blood by degrees, and leave the poor emaciated sufferer with no chance for relief, the reliable way is to thoroughly eradicate the destroyer from the system by using

Ryman's Pure Vegetable Remedy.

You will find it imparts health and vigor to the whole system, acting on the mucous membrane of the Throat and Bronchial Tubes, greatly facilitates expectoration, breaking up a troublesome cough in a marvelous short period, at the same time increasing the appetite, causing an enjoyment of food, enables the stomach to properly digest it, purifies the blood and imparts a healthy complexion.

Ryman's Carminative, For Dysentery, Diarrhoea and Cholera Morbus. This Carminative, founded on just medical principles, is the most positive remedy offered to the public; hundreds have been cured by it when other remedies have failed. A fair trial will prove its efficacy. FOR CHILDREN TEETHING, it is the most pleasant, reliable and safe remedy for children in cases of Griping, Pains, Colic, Cholera Morbus, Diarrhoea, etc., now before the public. A trial will prove the truth of this assertion. No mother should be without it. FOR DYSENTERY. The most violent cases of Dysentery have speedily yielded to the magic power of carminative. If taken according to directions success is certain.

DR. RYMAN'S CELEBRATED CARMINATIVE for children teething greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is sure to regulate the Bowels. Depend upon it, Mothers! it will give rest to your infants. We have prepared and sold this valuable Medicine for many years, and can say in confidence and truth that it has NEVER FAILED in a SINGLE INSTANCE to EFFECT A CURE when timely used. We have never known of dissatisfaction by any one who used it, on the contrary all are delighted with its operations, and speak in terms of highest commendation of its magical effects and Medical virtue in almost every instance when the infant is suffering from pain and exhaustion relief will be found in fifteen or twenty minutes after the CARMINATIVE is given. This valuable Medicine has been used by most EXPERIENCED and SKILFUL NURSES with never-failing success. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS AND COLIC and overcome convulsions, which, if not speedily remedied, end in death. We believe it is the BEST and SUREST REMEDY IN THE WORLD in all cases of Dysentery and Diarrhoea whether it arises from teething or from any other cause, and is to every mother who has a child suffering from any of the foregoing complaints, do not let your prejudice, nor the prejudices of others, stand between your suffering child and relief, that will save to follow the use of RYMAN'S CARMINATIVE. Full directions for using will accompany each bottle.

A trial of the Carminative will recommend it.
