

FASHION NOTES.

Felt bonnets are again in demand. There will be a return to plaids in the spring.

Tinsel embroidery has scallops of pearl and gold beads.

Mask veils of black or red net without dots are stylish.

Soft silk and astrakhan in all colors is much used for millinery purposes.

Plush bids fair to be as popular in the spring as it has been during the winter.

For evening wear the high novelty is to wear a garland of flowers round the waist.

All hats have narrow brims, but narrower on the sides and back than in front.

Handsome walking costumes are made of dark gray plush without trimmings of any kind.

The hair is worn high on the crown of the head. The bang may be straight or crimped.

The newest thing in table decorations is to mingle fruits and flowers in one composition.

Low heels are coming in again for walking boots, and with them a greater width of sole.

Crowns of jet strung on wire in net fashion are placed over black and colored velvet bonnets.

Pretty house slippers are of tan colored unadorned kid. They are beaded with steel or gilt balls.

Panels for mull dresses are formed of clusters of tucks, with rows of lace between the clusters.

Helitropes and violet shades are chosen for dresses for evening wear and full dress occasions.

Dresses with borders are made with collar, cuffs, revers and two back breadths of velvets.

Plush grows in popularity for dresses, wraps, bonnets and hats, and is worn by old and young alike.

Cloth caps with velvet brims have a point on either side in front, after the manner of the fool's cap.

Yellow is the color of the moment. Curtains are tied back with it, and furniture, hats and bonnets are adorned with it.

Transparent fans of gauze or crepe have painted designs of birds and landscapes upon them, and are mounted on shell, gull or pearl sticks.

Fichus of Spanish lace are made over colored surah and are edged with two rows of lace frilling. Around the throat is a full ruche of lace, and loops and ends of ribbon are placed on the shoulders and bust.

THE WAY OF THE WORLD.

The new boy had moved in—that is the family that owned the new boy moved in. It was quite likely the new boy would show up in the back yard during the afternoon, and so, after school, seven boys headed the way. The new boy had only been seen from a distance. Was he sassy? No one could answer. Would he fight? No one could tell. He must be tried! It was the solemn duty of every boy in that neighborhood to make this important discovery at the earliest possible moment. If he could be licked, well and good, if he was a fighter—they breathed hard over the thought.

In half an hour seven heads appeared above the alley fence behind the new boys house. He seemed to be expecting them and heaped up a peck of green tomatoes at the foot of a plum tree. The seven glared down at him. He glared up and back.

"What cher want?"

It was the new boy, and there was "sass" in his tones.

"None o' yer bizness!"

It was one of the seven who answered.

"Git off'n that fence!"

"We won't!"

"I say git off!"

"Shan't do it!"

The new boy stooped for his tomatoes, but when he raised up the seven heads were gone. It was settled he was sassy. Would he fight?

"You there?" from the alley,

"Who?" from the yard.

"You dasn't fight!"

"Yes I das!"

"Dasn't come over!"

"You see!"

He came over. It had been settled that Johnny Flynn should tackle him and Johnny was ready. He grabbed for the new boy's hat, and the new

boy grabbed for his coat, and they tugged and twisted.

"'Sio to him, Johnny!"

"'Clea' him out!"

"'Full h' hair!"

But the new boy had the best of it. He came down on top of Johnny and gouged his eye and bit his finger, and offered to lick any one else in the crowd. His father came out just then and the evidence was all in. The new boy would not only sass and fight but he was boss. Before sundown that night he had been presented with two big bits from an apple, three marbles, a ball of kite string and a half a pound of brown sugar in an old straw hat, and other boys were waiting to shower honors and presents upon him at sunrise.—N. Y. Sun.

FARM, ORCHARD, GARDEN AND LIVE STOCK NOTES.

A good wheat crop cannot be grown on poor and hard, cloddy ground.

The Italian bee is the gentlest of the several kinds, and works on a greater variety of plants than the common bee.

Turn as much of your grain into meat as possible, and thus increase your manure pile. It is more profitable than selling the grain.

Do not allow the stock to be out on the early rye pasture but a short time each day at first, as changes of diet often cause bowel disease.

Clover hay cut and steeped over night in warm water makes a good mess for the brood sows that are expected to farrow during the cold season.

Cream makes better butter to rise in cold air than to rise in cold water, but it will rise sooner in cold water and the milk will keep sweet longer.

Flax raising is increasing. Minnesota donated 125,000 acres to that crop last season. It is quick growing and said to be more profitable than wheat.

Onions may be set out just as soon as the frost leaves the ground. They endure quite a degree of cold, and make good headway before other crops are put in the ground.

A Missouri farmer, who has been testing seed corn from the butt, the tip and the middle of ears for three years, finds that the corn from the tip of the ears will ripen first, that from the middle next and that from the butt last.

If you have an old grape vine that yields poorly and has "seen its best days," cut it entirely off close to the crown, manure heavily, and let it throw up two new leaders, and the following year you will see that "it's as good as young."—Fruit Record.

The American Farmer says that the most economical use of stable manure is its application to a grass sod. It should be hauled directly from the stable if possible. When the roots of grass are present in the soil soluble manures are retained due to the action of the roots and the capillary attraction of the soil.

The Russians have an efficient way of managing runaway horses. They take a cord, and make it into a slip noose, which is placed around the animal's neck. The other end is placed where the driver can easily reach it. Any attempt to run away results in tightening this cord, which soon brings the refractory animal to terms.

Cattle do not relish the large butts of corn stalks unless the stalks are cut very short and mixed with ground grain, and even the cut stalks when dry will sometimes be rejected, because the sharp edge of the stalks cause the cattle to have sore mouths. To make them more palatable the Ploughman suggests as a remedy that the stalks be cut several days before being fed to the cows, and soaked until they are softened.

There are several kinds of lice that infest the hair of cattle, the common insect known as the cattle louse being least injurious and less difficult to destroy than what are called blue lice which are much larger in size, more tenacious of life and more difficult to rid animals of, because they harbor in the sides of wooden buildings, perhaps in the litter beneath animals in their stables.

HE HAD TACKLED HIM ONCE.

A lot of traveling men were seated about a stove, in a southern hotel, telling stories when the name of a local tough and bruiser was mentioned. He's a bad citizen,' remarked one and 'I'd hate to tackle him.'

"Bosh," put in a little drummer, in a plug hat and a fiery eye, "I tackled him once."

"Aw come, off. You ain't patchin on a man like him."

"All the same I tackled him."

"May be you did when he was in one town, and you in another."

"Not much, I went right up to him and called him a liar to his face."

"Hold on now, you can't give us a dose like that."

"You don't have to believe it if you don't want to, but I did just what I tell you, and I got the stuffins kicked out of me in about three-quarters of a minute, railroad time."

The crowd took him out and filled him up.

—R. B. Spangler, growing impatient over the return of a business boom, has made up his mind to sell furniture at bottom prices. A bed-room set has been reduced from \$28 to \$20, from \$24 to \$18, from \$15 to \$10. His whole stock has been reduced in the same way. Reuben is bound to sell whether he makes money or not. He has ordered a large spring stock and in order to get room for it he must and will sell all furniture on hand, profit or no profit. Call on him on Bishop street.

—TO OUR PATRONS AND THE PUBLIC.—We wish it distinctly understood, that we have the largest and best assortment of stoves, ranges, heaters, etc., as well as general hardware, in Centre county, and will not be undersold either for cash, or approved credit. Only Temperance Bitters Known.

**VINEGAR BITTERS**

PURELY VEGETABLE. FREE FROM ALCOHOL.

PREPARED BY DR. J. C. WALKER, CALIFORNIA.

**VINEGAR BITTERS**

No other medicine known so effectually purges the blood of poisons.

Millions bear testimony to its wonderful curative effects.

It is a purely Vegetable Preparation, made from the herbs and roots of California, the medicinal properties of which are extracted therefrom without the use of Alcohol.

It removes the cause of disease, and the patient recovers his health.

It is the great Blood Purifier and Laxative, Friction, the most effective of the system. Never before in the history of the world has a medicine been compounded possessing the power of VINEGAR BITTERS in healing the sick of every disease man is heir to.

The Allegative, Aperient, Purgative, Carminative, Nutritive, Laxative, Sedative, Counter-Irritant, Sudorific, Anti-Bilious, Solvent, Diuretic and Tonic properties of VINEGAR BITTERS exceed those of any other medicine in the world.

No person can take the Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond repair.

Bilious, Hemitic, Intermittent and Malarial Fevers are prevalent throughout the United States, particularly in the valleys of our great rivers and their tributaries during the Summer and Autumn, especially during seasons of unusual heat and dryness.

These Fevers are invariably accompanied by extensive derangements of the stomach, liver and bowels. In their treatment, a purgative, exerting a gentle influence upon these organs, is absolutely necessary.

There is no cathartic for the purpose equally so. WALKER'S VINEGAR BITTERS, as it will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

It invigorates the stomach and bowels, cleansing the blood of all impurities, imparting life and vigor to the frame, and carrying off without the aid of opiates, or other mineral, all poisonous matter from the system. It is easy of administration, prompt in action, and certain in its results.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Pneumonia, Dropsy, Head Tache, Neuralgia, Attacks, Palpitation of the Heart, and a hundred other painful symptoms, are at once relieved by VINEGAR BITTERS.

Ear Inflammation and Chronic Rheumatism, Gout, Neuralgia, Diseases of the Blood, Liver, Kidneys and Bladder, the Bitters have no equal, as in all constitutional diseases, WALKER'S VINEGAR BITTERS has shown its great curative powers in the most obstinate and intractable cases.

Mechanical Diseases.—Persons engaged in Palate and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to Paralysis of the Bowels. To guard against this, take occasional doses of VINEGAR BITTERS.

Pinworms.—Scabies, Scald Head, Salt Rheum, Ulcera, Swellings, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scold-head, Sores, Erysipelas, Itch, Scurf, Hemorrhoids, Hemorrhages, and diseases of the Skin, of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of the Bitters.

Pain, Tape and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelmintics, will free the system from worms like VINEGAR BITTERS.

Menstrual, Scarlet Fever, Mumps, Whooping Cough, and all children's diseases, may be speedily relieved by keeping the bowels open with mild doses of the Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the term of life, this Bitters has no equal.

Cleanse the Vitiated Blood when its impurities burst through the skin in Eruptions or Sores; cleanse it when obstructed and sluggish in the veins; cleanse it when it is foul; root out scurvy when it shows, and the health of the system will follow.

In conclusion: Give the Bitters a trial. It will speak for itself. One bottle is better guarantee of its merits than a lengthy advertisement.

Around each bottle are full directions printed in different languages.

Quick Railway Time.

Rockford, Ill., Jan. 1880.

This is to certify that we have appointed Frank P. Blair, sole agent for the sale of our Quick Train Railroad Watches in the town of Bellefonte.

ROCKFORD WATCH COMPANY.

BY HOMER P. HULLAND, Sec.

Having most thoroughly tested the Rockford Quick Train Watches for the last three years, I offer them with the fullest confidence as the best made and most reliable time keeper for the money that can be obtained.

I fully guarantee each Watch for two years.

FRANK P. BLAIR, No. 2 Brockhoff Bldg.

All other American Watches at reduced prices.

DIGHTON, Jan. 27, 1882.

The Rockford watch purchased Feb. 1879, has performed better than any Watch I ever had. Have carried it every day and at no time has it been irregular, or in the least unreliable. I cheerfully recommend the Rockford Watch.

HORACE B. HORTON, at Dighton Furnace Co.

TAUNTON, Sept. 18, 1881.

The Rockford Watch runs very accurately; better than any watch I ever owned, and I have had one that cost \$150. Can recommend the Rockford Watch to everybody who wishes a fine timekeeper.

S. P. HUBBARD, M. D.

This is to certify that the Rockford Watch bought Feb. 22, 1879, has run very well the past year. Having set it up twice during that time, its only variation being three minutes. It has run very much better than I ever anticipated. It was not adjusted and only cost \$20.

**DR. RYMAN'S INDIAN VEGETABLE BALSAM.**

**FOR THE LUNGS AND THROAT.**

The greatest known remedy for Colds, Consumption, Coughs, Hoarseness, Asthma, Sore Throat, Croup, Spitting Blood, and all Diseases arising from an irritated Throat and Inflamed Lungs. This Balsamic Compound has been used in private practice over twenty years, gaining a high reputation for curing all Lung and Throat affections with those who have used it. It is a sad reality, yet true, that two-thirds of the deaths within our midst are caused from bad colds becoming deeply seated in the vital portions of the lung tissue through neglect and improper care or treatment. When health is destroyed all enjoyment of life is lost. Then, because of these treacherous colds, which suck the life-blood by degrees, and leave the poor emaciated sufferer with no chance for relief, the reliable way is to thoroughly eradicate the destroyer from the system by using

**Ryman's Pure Vegetable Remedy.**

You will find it imparts health and vigor to the whole system, acting on the mucous membrane of the Throat and Bronchial Tubes, greatly facilitates expectoration, breaking up a troublesome cough in a marvelous short period, at the same time increasing the appetite, causing an enjoyment of food, enables the stomach to properly digest it, purifies the blood and imparts a healthy complexion.

**Ryman's Carmitative,**

For Dysentery, Diarrhoea and Cholera Morbus. This Carmitative, founded on just medical principles, is the most positive remedy offered to the public; hundreds have been cured by it when other remedies have failed. A fair trial will prove its efficacy. FOR CHILDREN TEETHING, it is the most pleasant, reliable and safe remedy for children in cases of Griping, Pains, Colic, Cholera Morbus, Diarrhoea, &c., now before the public. A trial will prove the truth of this assertion. No mother should be without it. FOR DYSENTERY. The most violent cases of Dysentery have speedily yielded to the magic power of carminative. If taken according to directions success is certain.

**DR. RYMAN'S CELEBRATED CARMINATIVE** for children teething greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is sure to regulate the Bowels. Depend upon it, Mothers! it will give rest to your-self and RELIEF and HEALTH to your INFANTS. We have prepared and sold this valuable Medicine for many years, and can say in confidence and truth THAT IT HAS NEVER FAILED IN A SINGLE INSTANCE TO EFFECT A CURE when timely used. We have never known of dissatisfaction by any one who used it, on the contrary all are delighted with its operation, and speak in terms of highest commendation of its magical effects and Medical virtue in almost every instance when the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the CARMINATIVE is given. This valuable Medicine has been used by MOST EXPERIENCED and SKILLFUL PHYSICIANS with never-failing success. It not only relieves the child from pain, but invigorates the stomach and bowels, corrects acidity and gives tone and energy to the whole system. It will almost instantly relieve GRIPING IN THE BOWELS and COLIC and overcome convulsions, which, if not speedily remedied, end in death. We believe it is the BEST and SUREST REMEDY IN THE WORLD in all cases of Dysentery and Diarrhoea whether it arises from teething or from any other cause, and say to every mother who has a child suffering from any of the foregoing complaints, do not let your prejudice, nor the prejudices of others, stand between your suffering child and relief, that will sure to follow the use of RYMAN'S CARMINATIVE. Full directions for using will accompany each bottle.

—A trial of the Carmitative will recommend it.

Price 25 cents per Bottle. Sold by Druggists and Country Merchants generally.
