It is rumored that there will be one or two furnaces erected along the Buffalo Run Railroad when the same is completed. We hope it may be true.
A little boy by the name of James Hollman, of Phillipsburg bled to death one day last week. He began bleeding at the nose and died in a few hours.
An enterprising paper says "The Clearfield Democrat changed hands," but as the editor is a sort of a theatrical and sporting man, perhaps he means a base ball bat.
Indiana county is to have a new jail the Grand Jury having recommended the building of a new one at a cost not to exceed fifty thousand dollars. The old jail was built in 1840.
The citizens of Coleville have telephone connection with Bellefonte, and are now making efforts to get a good board walk to town. A board walk is needed and it would be of some benefit to Bellefonte.
Messrs. Wm. Houser and Thomas Williams, of Lemont, favored our sanctum with their presence on Wednesday Mr. Houser works for the "Seed Drill Regulator Co., while Tommy is one of the "sets" of the late war.
Mrs. Dare's sale of household goods will take place on Saturday next. She will also close out her entire stock of millinery goods at her store on Allegheny street, at a great sacrifice. She intends going to Scranton to engage in the millinery business.
The six o'clock train on the Lewisburg & Bellefonte, road on Monday evening came in on time although heavily loaded with freight cars, having eleven cars in addition to the two passenger coaches. We understand there will be a through freight put on the road in the near future.
In our office can be seen at least one hundred and fifty volumes of magazines, law books, journals, five hotel registers and a number of blank books, all of which will be delivered the later part of this week. We will put the work of our establishment up against any other in the State, and guarantee it cannot be surpassed.

The Salvation Army have at last reached Renovo and the News editor is cross. Never mind Jack, you will soon change your mind and join the ranks.
The chief Burgess of Renovo has pronounced all manure piles in the alleys of that town a nuisance, and ordered the immediate removal of the same.
A weak back, with a weary, aching lameness over the hips, is a sign of diseased kidneys. Use the best kidney curative known, which is Burdock Blood Bitters.
Williamsport promises to be lively the coming year, if the public buildings are erected, and there is no doubt, as they have already secured the appropriation.
The Republicans do not have anything to say about the condition of the Soldiers' Orphan's Schools under the republican syndicate and the amount of money squandered for years past.
It is said Fisk Conrad wants to sell his Tyrone Opera House. If he consummates the sale he will erect a large one in Altoona. Perhaps we could induce Fiske to come to Bellefonte and locate.
Thousands of Pennsylvanians are going West this spring. Three car loads from the Cumberland Valley, and as many from other points in the state will depart this week to seek new homes in the far west.
A number of would-be prominent ministers are preaching Talmage's sermons and are failing to give credit to the great divine, but are passing them off as their own productions. They should be exposed as was the Harrisburg divine.
Out of twenty jurors called in Somerset county last week, eighteen of them admitted that they did not read the newspapers. What an intelligent jury. We may have men on the jury in Centre county, who do not read a paper, but we think they are few if any.
Bellefonters are luxuriating on hen fruit at the low price of twelve and a half cents per dozen. Altoona people would like to be eggs-hatered at equally moderate figures. Altoona Times Bellefonte chickens are well fed, hens (e) they produce an egg (cellent) supply of the fruit.
The death of Mrs. Thomas Tibbens occurred on Saturday the 13th inst. at her home near Houserville. She was the mother of Mr. Wm. Tibbens and had been ill for some time. The funeral took place at Boalsburg on Monday forenoon and was largely attended. The sermon was preached by Rev. Grob, pastor of the Reformed church of that place and Houserville, and of which church she was a member.
On Wednesday morning Miss Fannie Goldsmith departed for Scranton where her brothers, Messrs. Sol and Aaron Goldsmith, have opened up a large dry goods establishment. Miss Goldsmith is a very estimable young lady, and by her kind, affectionate and pleasant disposition, won the friendship and admiration of all who knew her. A large circle of friends gathered at the train to pay a friendly adieu, and she left with the assurance that her many friends regretted her departure.
The funny man of the "Phenomenal" is chuckling all over with the fun(?) he is having over a little affair that occurred over in Centre Hall several weeks ago, and each week his sheet is disfigured with attempted representations of characters. If he is so full of fun(?) and enterprise(?) he could record two or three fights in Bellefonte where he records one in Centre Hall. The theatrical man seems to have a decided weakness in this line.

On last Thursday the entire south end of I. J. Grenoble's elevator at Coburn gave way, and between six and seven thousand bushels of grain ran out on the railroad track. The principal part of the grain was wheat, which mixed with corn, oats, barley, rye and other grains together with a lot of salt, renders it of little value as compared with its cost and the loss is very heavy. The compound mixture is so thoroughly formed that it is out of the question to separate the wheat from the other grain. A large force of men have been busily engaged in filling cars, and storing it away in barns. We do not know whether the elevator was filled beyond its capacity, or whether the fault was with the tuidler. But the building evidently was not very substantially built.
On the 16th of February the largest delivery of champion reapers, mowers, and binders that has ever been made in the county at one time, took place at Coburn, by the enterprising firm of Messrs. Van Pelt Shoop & Co. of Centre Hall. Every one was sold and taken away within a few hours after the cars arrived. We understand they have ordered another car load which will be delivered some time in April at Centre Hall and Coburn. Besides dealing in these machines they are manufacturers of the best corn planter in the market. "The Van Pelt Improved Corn Planter and Drill" which is made at their works in Centre Hall.
The Boalsburg High school under the principalship of Prof. G. W. Johnstonbaugh, will close on Friday, March 19th, with a grand entertainment and exhibition in the evening. The programme is lengthy but select, interspersed with instrumental and vocal music. Prof Johnstonbaugh is a very successful teacher and has been principal of the High school at that place for a number of years, and principal of the academy during the summer. The spring term will begin April 12th Prof. Johnstonbaugh's terms are reasonable and he has already a large number enrolled for the coming summer.
When the "Phenomenal Boaster" made its advent in this town it foresaw the future prosperity of Bellefonte, pictured in glowing colors the booming of every industry in the town and county, and the erection of an Opera House, the building of railroads to this town, etc., and now after six months, has changed its mind and has the following: "The wealth of our county is daily shipped out of the county in the shape of ore etc., and there will be nothing left for us." It pictures in glowing colors the future distress of the people and is about ready to say "Good bye my lover good bye."
Once upon a time a certain man got mad at the editor and stopped his paper. The next week he sold his corn at four cents below market price. Then his property was sold for taxes because he didn't read the sheriff sales. He then was arrested and fined \$8 for going hunting on Sunday. He then paid a big Irishman to kick him all the way to the newspaper office, where he paid for four years subscription in advance, and made the editor sign an agreement to knock him down and rob him if he ever ordered his paper stopped again. Such is the life without a newspaper.—E.C.
For several weeks past we have been thinking about telling the public something about the special qualities of groceries kept by the enterprising firm of Earhard & Shuey, about their Special prices and inducements offered there every day. The fact is they are the most accommodating fellows you can meet any where, and if you buy but five cents worth they will deliver the same for you. Their store-room is always clean and inviting, their groceries fresh, and their entire stock is of the very best grade and quality.
There is some quiet talk about an axe factory that is to be located at Centre Hall. Centre Hall offers great inducements for any and all kinds of industries to locate there and deserves the success and promising future she now seems to see in the hazy distance. Land for building, lots etc, is cheap and this is one inducement not offered by other towns of less size.
One of the liveliest and most progressive towns in the central part of the state is Williamsport. It is continually growing in size and importance and while it makes no particular "big show" it is slowly moving on and at the end of the year has added considerable to her growth.
There is another oats fraud similar to the Bohemian, which is put up in boxes and sold for \$5 and the farmer is offered fabulous prices for all the oats he grows. The farmers in the northern part of the state are nibbling at the bait and are getting caught.
The Oliver Chilled Plow.—James Harris & Co. have received a car load of these justly celebrated plows and are bound to sell them low. Call and select soon.

Personal.
Thos. Collins Esq., the railroad contractor is in town this week.
Judge Sterrett of the Supreme Court and daughter were in town a few hours on Tuesday.
Mr. W. F. Bailey, of Galesburg, Ills., brother of Mr. N. Bailey of the Daily News, is expected to visit his mother and relatives in this place this week. Mr. Bailey is engaged in the mercantile business in Illinois and is east in New York and Philadelphia on business at present.
Miss Minnie E. Hoy, sister of Dr. H. K. Hoy, and who has been attending school at Millersville State Normal is at home at present. Miss Hoy has been devoting considerable time to music, both instrumental and vocal, having taken a thorough course in voice culture and harmony, and as a performer on the piano she is professional.
Mr. W. J. Carlin of Rebersburg who has been doing some work for the Commissioners at different times during the winter was in town on Monday for a few hours. The squire has his eye directed toward the Registers office for the next term. He would make a most excellent register, as he has all the qualifications requisite, beside he is a very accommodating gentleman.
Mr. Henry Beck, who owns and operates a large store at Madisonburg, and is also postmaster at that place came to Bellefonte Saturday, and remained until Tuesday, when he departed, taking with him his family and household goods. Madisonburg will be their future home. We are sorry to lose Mr. Beck and his family from our town and hope their new home will be both pleasant and beneficial.
The investigating committee consisting of the Governor and the Attorney General Cassidy and a few others, concluded their work of investigating and inspecting the condition of the Soldiers Orphan Schools in the State and have found them in a horrible condition, and the children diseased, all suffering from sore eyes and the itch, poorly clothed and almost starved, diseased children bathing in the same bath tub, wiping on the same towel, and sleeping in the same beds with those who were free from disease. The state of affairs is most pitiable. This should not be the end of the investigation, the parties in charge should be brought to speedy justice, and the money they have squandered refunded. Higbee should be forced to resign and shown up in his true character.
The list of appointments made by the recent Methodist Episcopal conference at Harrisburg, is too lengthy to publish, hence we only give a few of those made in this county: D. S. Monroe to Bellefonte, A. W. Guyer Unionville and Milesburg, W. W. Evans, to Phillipsburg, Isaac Heckman Penna Valley, T. A. Elliott to Pine Grove, A. R. Lambert to Pleasant Gap, Wm. Brill to Port Matilda, Elisha Shoemaker to Howard, W. T. D. Noble to Half Moon, J. B. Graham to Snow Shoe, G. D. Pennecker to Tyrone, and G. W. Bouse to Warriors Mark.
The Bellefonte Glass Works will likely increase their capacity by the erection of another furnace in the near future. The grade of glass made at this factory stands the highest of any in the United States, and the works cannot fill the orders fast enough. Their Western trade is exceptionally large. The above statements are facts, not fancy.
The communication from Roland last week was received too late for publication, besides it was not signed by the writer. We do not publish communications unless accompanied by the name of the author. If the points are given to us correctly we are willing at all times to give them a place in our columns.
A woman wearing gold glasses with gentle manners and a most fascinating and captivating air, is soliciting subscriptions for the Boston Musical World. She gets, as much money in advance and then skips out and a musical world is created in the family by the non appearance of the Boston Musical World. Don't be swindled.
Mr. Blanchard Zimmerman of this place, who has been ill with pneumonia for some time, is, we are pleased to say, rapidly improving and it is thought that he will entirely recover. Dr. H. K. Hoy has been faithfully caring for him during his illness.
Mr. Peter Wilson an aged and respected citizen of Spring Mills died very suddenly on Sunday last at the advanced age of 88 years. He was the father of Rev. Wilson of New York city a prominent divine.
A large number of Italians employed by the Baltimore & Ohio Railroad Company near Philadelphia, struck for higher wages on Monday.
"Peck's Bad Boy" is to be in Look Haven on next Monday evening by the same Company that tortured the people a year ago.
The citizens of Pennsylvania have been greatly disappointed in Dr. Higbee.

The following resolutions relating to the transfer of H. A. Williams from the Department of Pa. to that of Nebraska, were passed by Gregg Post. Comrade Williams was an honored member of the Post, as the resolutions show:
Resolved, That in transferring Comrade H. A. Williams, at his own request, from this (Gregg Post No. 95, D. of Pa.) Post of the G. A. R., to McPherson Post No. 22, Department of Nebraska, G. A. R., we Comrades of Gregg Post deeply regret his change of residence rendering necessary such transfer. And, further be it.
Resolved, That Gregg Post does not forget the long and faithful work of Comrade W. A. Williams among those who have the honor to claim him as a Comrade, nor can we fail to recall his presence here amongst us upon occasions when it was necessary for one well versed in tactics to give the word of command. As the S. V. C., O. D., and O. G., Comrade H. A. Williams served this Post well and ably, and was an authority in all the regulations and services of the Order. Yet withal, feeling proud that we can send to the Department of Nebraska so useful a Comrade, we can but hope that his work in Nebraska will be crowned with success.
Unanimously adopted and approved March 6, 1886. JNO. NOLL, Commander, JOHN MILLER, Adjutant.
NOTICE TO TEACHERS.—The committee chosen to examine applicants for permanent certificates will convene in the Public School building, at Bellefonte, Pa., on Wednesday, March 31st, 1886, at 9 o'clock, a. m. Applicants for permanent certificates shall have taught three preceding annual school terms, and be recommended by the County Superintendent, and the Board or Boards of Directors in whose employ they have been, and be in possession of a valid professional certificate.
G. W. WILLIAMS, Chairman. Boalsburg, Pa. HOWARD.
Subject to the announcement in the different papers last week, a number of farmers met in the hall of Lucas and Bro. After organizing by electing Messrs. H. A. Harvey to the chair, and T. A. Long to the desk, Mr. Harvey called on Hon. J. A. Woodward to state the object of the meeting, to which he responded in very clear and forceable terms setting forth the propriety of starting a creamery in the vicinity of Howard. The subject was a very interesting one and the time well occupied by Messrs. Woodward, Hall, Harvey, Bechdel and others. A motion was made to announce a meeting to consider the matter more fully which was decided in the affirmative and after naming Friday the 19th at 2 o'clock as the time for the next meeting to which all the farmers of the adjoining townships are not only invited, but urged to attend. The meeting adjourned.
The Altoona "Sunday Morning" gave the McVeytown Journal a complimentary notice upon it entering upon its 14th year. The notice evidently pleased the Journal man as he publishes "two to one" in his last weeks issue. The Journal is a good little paper and is ably edited.
Have you seen the immense new Hardware store of Jas. Harris & Co., at the corner near the bridge. It will pay you to see it.
STATE COLLEGE.
March 17th, 1886.
On Wednesday evening of last week by the request of a large number of the students, President Atherton of the State College delivered a most entertaining and instructive lecture on the subject of "Protection," in reply to a lecture delivered by Prof. Reber several weeks ago, upon the subject of "Free Trade." The lecture was a masterly production and ably delivered, and awakened much interest among the students generally. As Dr. Atherton expressed a willingness to explain any points that might arise as not being clearly understood by any of those present, we submit the following viz:
1st. How does the fact that our cities and country have grown rapidly, prove that the protection has caused their rapid growth when parts of Australia has grown—Sidney for instance faster than Chicago—and it is a free trade country?
2nd. What has the working classes of Europe with ours to do with the question when they are in many cases more strongly protected than we?
3rd. How did protection bring down the price of steel rails?
4th. If we manufactured all the steel rails for our railroads, what did Vanderbilt do with the 20,000 tons he bought from Europe in a single year?
The above are some of the points we would like to have explained.
STUDENT.
J. C. Braebill has been filling his his store room on High street with new furniture.
Go to Earhard & Shuey for your choice groceries.

LEMONT.
Armstrong Bros. our live grain and coal dealers will attend to their business during the summer, handling phosphates, lime plaster etc.
Mr. McLaughlin of Lewisburg, visited Lemont on Wednesday leaving the same day.
Mr. Samuel Brooks Esq., of Boiling Springs, gave our town a call on Thursday, his business being to advertise his fathers sale, and leaving on Friday. Sam is getting to be quite a favorite among the fair sex at this place, (call again Sam.)
Since the boys have gained a pair of boxing gloves, they have a very lively time of trying them on, and black eyes are very fashionable here. (Old Phil is the boy.)
Mr. D. G. Meek shipped a car load of potatoes from this place last week, to the coal regions.
Miss Maggie Sinker has returned from Aaronsburg and is preparing to accommodate her customers in the millinery business for the spring season. Our new Postmaster Wm. Mokle is attending to his duties now and makes a good man for the place.
(The Seed Drill Regulator Co.) are getting ready to do a rushing business this season.
James Harris & Co., wish to see you at their big new Hardware store, corner of High street, near the bridge don't fail to come.
ROLAND.
J. W. Neff is now home on vacation from Philadelphia, where he has been attending Jeffersons Medical College. His brother Willis is suffering with typhoid fever, Dr. Grove is the attending physician.
Our schools are now about closing. The principal J. Wilbur Smith has been an earnest and successful worker in the cause of education, during the winter a proof of which can be ascertained by listening to the pupils recite.
Mr. Crosby Hays, the excellent miller at Steins expects to take charge of Curtis mill, and Mr. Stahl of Beech Creek will be miller at the former place.
No matter what you ask Jim Curtin now-a-days his answer is, "its a girl baby." He thinks he will wear his plug hat now, and vote the Democratic ticket hereafter, all in honor of the change in the administration, and would name the "wee" stranger Cleveland if it were only of the opposite sex.
Moving and house cleaning are now in order for which reason the dear ladies shrug up their shoulders, and make wry faces, as much as to say, I do wish it was done.

The best plow in America.
THE OLIVER CHILLED PLOW
is now for sale at the
BIG NEW HARDWARE STORE
of James Harris & Co., on High street near the bridge. Call and see them and they will make you happy. 11-2t.
Neuralgia and Rheumatism are depicted in engravings as demons tearing at the human form, but they could not be more truthfully described by showing a disordered stomach of clogged blood vessels. Vinegar Bitters affords certain relief and eventual cure for both by acting upon the internal system. It dispels all pain demons instantly.
Don't forget to look at the Palace Luella, Regulator and Pioneer cooks, before you buy. These stores are larger and heavier than others of the same name. If you want a range by all means get the Apollo. J. Kyle McFarlane & Co., sell the above and will replace all castings cracked in ordinary use within one year from date of purchase.
R. B. Spangler is selling a better grade of furniture, and at a lower figure than can be purchased elsewhere in the county. Come in and examine my stock and I am confident you will be convinced it is not surpassed by anything in town. I am daily receiving furniture and can supply you with what you need in this line in almost any design. Sideboards, rocking chairs, tables, parlor and bed room suits, mattresses, etc., etc. Don't forget the place.
The Oliver Chilled car has come and brought Jas. Harris & Co., a big lot of the celebrated "OLIVER CHILLED PLOWS" which they will sell low. Every body knows they are the best plow in the market. 2-t.
FOR SALE.—The property now occupied by the undersigned, and known as the Davis place, contains two acres of ground. This valuable property will be sold very reasonable and on very easy terms. Possession April 1st, call or address,
