

RAPSCALLIONISM, RASCALITY, ROWDYISM.

Conduct on the Part of the "Farm School" Boys Which Would Have Shamed the Most Savage Crowds within the Confines of Africa.

On Saturday afternoon the 29th of May, a nine from the "Farm School" came to Bellefonte to cross bats with a picked nine from the latter place, of course bringing along with them an umpire, and he proved an empire in winning the game for the visitors by the close score of 5-6. The game was a beautifully played one, and would have been perfect had it not been for either the ignorance or the maliciousness, and we are rather inclined to believe it the latter of the umpire. It was only too natural that a crowd gathered to witness a fair and square game, should forcibly manifest their indignation, when the gentlemen entrusted with the most sacred and important duty of the game continued to make a series of decisions extremely unfair, and that too, when they were all made in favor of the success of the "Farm School" nine. Exasperating as such a violation of a sacred trust was, the crowd, composed of the lowest as well as the highest grades of society, had sufficient respect for themselves as not to turn a tirade of insulting, barbarous and exceedingly annoying remarks upon the players themselves.

On Saturday, June 12th, in view of the fact that the town nine had been strengthened in several positions, we thought we would take advantage of the pleasant excursion secured, and attend the return game between the same nines on the grounds of the farmer boys. Two car loads of excursionists in hopeful and joyous spirits, boarded the train at 1:15 p. m., destined, as they thought, to mingle for a few hours among a crowd characterized by courtesy, gentlemanliness and all those qualities that the opportunities pretended to be afforded at a common district school should produce in an ordinary child, but we were all sadly disappointed. Every body fared all right as long as there was "anything in it," but what do you think, an attempt was made to charge us 15 cts. admission to the campus of the school owned by state, after we had gone several miles to see the ball game and thus give everyone a boom all around. Of course, as always happens in such cases, many had their eyes shut and were "dropped in." But that was only the beginning of the beginning. The two nines faced each other at 3:30 with the Bellefonters in the field. The nine being arranged as follows:

College.—McLean, C.; Mitchell, P.; White, 1st; Rose, 2nd; Chesney, 3d, (Captain); Mock, S. S.; Jackson, Ellenberger and Gibson in the field. Correspondingly, Harris, (Captain); Crider, Hutchinson, Cassidy, Garrett, Johnston, Quigley, Keller and Hamill composed the Bellefonte nine.

The "Farmer" boys scored two runs in the first inning while Bellefonte led off with three which she increased to 7 runs by the end of the 2d inning, holding their opponents down to 2 runs up to the 5th inning, at the beginning of the 8th inning the score stood 8 to 7 in favor of Bellefonte. The town nine up to this time had fielded well and batted well, despite the most savage and muckerish attempts of the "school-boys," by their continuous cry of personal and insulting remarks to the umpire, the members of the nine, and certain gentlemen sympathizers with the visiting nine to win a lead by exciting and "rassling" the town players who should at least, have been treated as gentlemen on strange grounds, when they had been so vilely cheated out of their first game when played at home. But encouraged, at least not discouraged by the presence of several members of the Faculty, the "boys" got worse and worse until two or three of our town nine became so overcome with righteous indignation that they lost all interest in the game and played far below their average during the 8th and 9th innings so that victory was turned into defeat by the noise of the savages. The final score being 18 to 11 against Bellefonte. Everybody, except those void of discretion and common sense, seemed perfectly satisfied with the umpire, Mr. James Hughes Jr. He had several close decisions to render and he succeeded, I believe in causing general satisfaction. There was some very poor and some very good playing during the game. Johnston caught one or two very pretty flies and Crider, Hutchinson, Cassidy and Keller carried off the honors in general for the town nine. We hope the victors in the 2d game will be brave enough to play off the tie very soon. It certainly is a discouragement to those who are unable to reap educational advantages to see those more fortunate than themselves unmistakably falling to appreciate the objects for which they are sent to school and showing by their actions that rowdyism is dearer to them than culture.

But we wish to state for the encouragement of the laboring classes that the conduct of Saturday is not a type of the conduct of the average school or College boy, but of a very small minority indeed. A SPECTATOR.

ADDITIONAL LOCAL.

—Suicides are becoming as fashionable as having the hair cut short. It differs from the latter in as much as life is cut short instead of the hair.

—The town of Vancouver, Canada, was burned to ashes on the 14th inst., and three thousand people are homeless.

—A true bill was found against Wm. Bush, the man who murdered his brother in Elk county. If he is convicted he will be the first man hung in that county.

—Maxwell the murderer of Preller has been found guilty and will suffer the penalty of the law. It was a cold blooded murder. He administered an over dose of chloroform, robbed him of \$700, packed his body into a trunk, and disguised himself and skipped to New Zealand. But the shrewd detective followed and arrested him in that country, and brought him back to St. Louis, where he was tried and convicted.

—Mr. Wm. T. Reimeyer recently received a present from Hon. John B. Linn, of Bellefonte, of a copy of Linn's Annals of Buffalo Valley. The gift is highly prized by Mr. R., not only from the value of the work but as a testimonial of the friendship of one who has not forgotten him in sickness and affliction.—Lewisburg Journal.

—The Altoona Times says: Drs. H. B. Piper and C. M. Ewing, of Tyrone; W. S. Glenn, State College; D. L. Meek Bellefonte; L. T. Beam; B. L. Yeagly and Henry F. Beam, of Johnstown have gone to Atlanta, Ga., to attend the convention of the National Eclectic Medical Association, which convenes on Wednesday 16th inst.

—Whilst attempting to couple cars at Montandon, this morning, Harry Hooveeman, son of James Hooveeman, formerly of Lewisburg, was almost instantly killed. It seems that his foot was caught by a plank, and he was drawn under the train. He was dragged some distance, and crushed to such an extent that he lived but a few minutes. His late residence was Williamsport.—Lewisburg Chronicle.

—TRIBUTE OF RESPECT.—WHEREAS, The great Master in his allwise providence and infinite wisdom, called to his long home our faithful and worthy brother, William H. Bloom, on Thursday, May the 20th, 1886, after a short illness, at the age of 65 years. Therefore we deem it proper to give our expressions of his worth by the following resolutions:

Resolved, That by the removal of Bro. Bloom from this life to a higher sphere, Washington Grange, No. 157, Post 26 sustains a loss of a true and worthy member; the church an active and zealous worker; the community a warm hearted, sympathetic friend and a good citizen, and the family one whom they will long remember with the tenderest emotions.

Resolved, That the Grange tender its sincere and fraternal sympathies to the family of the deceased brother, and commend them to the great Master who worketh all things together for good, who can soothe and soften all our sorrows with his tender love.

Resolved, That our charter be draped in mourning for the space of sixty days.

Resolved, That a copy of the above be sent to the family of the deceased brother and a copy furnished the Farmers' Friend and the county papers for publication and be entered on the minutes of our Grange.

Mrs. KATE YOUNG, JNO. T. McCORMICK, Committee. State College, Pa., June 12, 1886.

CHICAGO, June 13.—The Daily News Virden, Ill., special says: At 2 o'clock this afternoon this city was visited by the severest wind rain storm known here for years. Ominous looking clouds appeared in the northwest, and the heat was intense. Suddenly the rain descended in torrents and the wind, with a rumbling noise, blew a perfect gale, lasting ten or fifteen minutes, and doing much damage. The tin roof of the Masonic Hall, forty by eighty feet, was rolled up and thrown into the street, also a portion of the timbers which supported the roof, while the store room of Lorton & Furry, grocers in the same building, was immediately flooded and the goods badly damaged. The front of another building was blown down, and through out the town trees were twisted off and dwellings injured. A large barn on C. P. Wright's farm was completely demolished, and it is believed much property in the country is destroyed. The growing wheat is badly injured.

—The Bellefonte & Buffalo Run railroad is now invading Coalport and the people of that place are talking of celebrating the event with a jubilee. Lewisburg Free Press. Brother Trout you are getting upon the wrong hook, it is not the Buffalo Run road that is extending into Coalport, but the branch from Cresson that extends to that port.

—On Saturday afternoon warrants were issued for the arrest of three boys who had been bathing in Cold Stream dam. They were taken before Squire Lupton, fined \$1.00 each and costs. After being severely reprimanded they were allowed to go. In the event of any more boys being caught committing the same offense, they will be heavily fined and sent to the lockup for not less than forty-eight hours.—Phillipsburg Ledger.

SCOTTSDALE, June 14.—The coke operators and representatives, miners and coke drawers of the Conneville region today amicably settled the difficulties pending since June 1. The demands were all considered except the semi monthly pay and the placing of the scale at a pit per month. The new system of payment will increase the wages very little, but will establish a fair and equitable basis. The outcome of the day's meeting will result in the establishment of a permanent conciliation board, and strikes will be of less frequent occurrence. The coke drawers were rife for a strike, and the officials are busily engaged notifying local officers, and instead of idleness work will be in full blast to-morrow, and everybody will rejoice.

THE IRON TRADE.—The majority of pig iron men believe it will be a hard matter to keep prices from going lower. Others think differently, and are more hopeful. The demand is off, and stock is accumulating. Outside brands are down 25@50c. per ton. Sales during the week have been larger than usual, including low grade irons at about \$14 at furnace. Standard foundry is \$19 for No. 1, \$17 for No. 2, and forge \$16. American Bessemer is \$18; foreign \$19; German spiegeleisen \$25. There is some scarcity of standard brands, and for immediate deliveries outside figures are quoted; others are irregular and can be had at inside rates, and in some cases probably a little less. Alabama irons of good quality are offered at \$16, \$17 and \$18, ex-ship, with intimations that concessions would be made on 500 to 1000 tons lots and upward.—Allentown Democrat.

Undigested Food.

In the stomach develops an acid which stings the upper part of the throat and palate, causing "heartburn." It also evolves a gas which produces a "wind on the stomach," and a feeling and appearance of distension in that organ after eating. For both this acidity and swelling Hostetter's Stomach Bitters is a much better remedy than alkaline salts, like hartshorn and carbonate of soda. A wineglassful of the Bitters, after or before dinner, will be found to act as a reliable carminative or preventive. This fine specific for dyspepsia, both in its acute and chronic form, also prevents and cures malarial fever, constipation, liver complaint, kidney troubles, nervousness and debility. Persons who observe in themselves a decline of vigor should use this fine tonic without delay.

A York County Farmer Killed.

Samuel Ulrich, of near Lewisberry, York county, accompanied by his wife, left their home about midnight Friday night to take a load of strawberries to the Harrisburg market. Nothing of note occurred until they reached the deepcut in the road that passes under the tracks of the Northern Central railway at Bridgeport. The horse became frightened at the red light used as a signal for trains, reared, then wheeled around, throwing both occupants out, and started rapidly toward the Harrisburg bridge, but was stopped near Singler's hotel. Mrs. Ulrich, soon recovered sufficiently to sit up and called to her husband, who was lying some distance from her. Receiving no answer, she crawled to his side, but all her efforts to arouse him were useless. Just then assistance arrived and the injured man and wife were taken to the hospital. Mr. Ulrich was found to be not seriously hurt, but Mr. Ulrich, though he recovered consciousness for a time, died Sunday morning.—Valley Sentinel.

—Do You Dislike Bitter Medicines? And have you found out that gelatine-coated quinine pills do not dissolve in the stomach and have no effect upon the system whatever? If so, purchase a bottle of Quinepus, and take your quinine in powder. Quinepus changes the most nauseous dose into a palatable and even delicious draught.

—Houtsdale merchants are cutting on powder and retail it by the keg at less than cost.—Clearfield Republican.

—The Burdock Plant is one of the best diuretics or kidney regulators in the vegetable world, and the compound known as Burdock Blood Bitters, is unsurpassed in all diseases of the kidneys, liver and blood.

—For the first time, Clearfield has a female telegraph operator.—Clearfield Republican. You should admire that. Which no doubt you do.

Of Interest to Ladies.

The new treatment for ladies' diseases discovered by Dr. Mary A. Gregg, the distinguished English Physician and nurse, which has revolutionized the entire mode of treating these complaints in England is now being introduced into the U. S., under a fair and novel plan. Sufficient of this remedy for one month's trial treatment is sent free to every lady who is suffering from any disease common to the sex who sends her address and 13 2c stamps for expense, charges, etc.

It is a positive cure for any form of female disease, and the free trial package is many times sufficient to effect a permanent cure. —A MAN IN RUINA.—One of the most melancholy spectacles in the world is a human being shattered and broken down by the use of ardent spirits and tobacco. But the dilapidation may be repaired, the ruin restored to perfect soundness by a course of that most powerful of all vegetable invigorants, Dr. Walker's California Vinegar Bitters.

—The Phillipsburg Journal says that about 1 o'clock Tuesday morning Officer Lehr and Sunler of that place fired several shots at a man who was seen prowling around the stone bank in a suspicious manner but neither of the shot took effect nor was the party arrested. Two hours later the same individual was shot at again in another part of the town but with no more success than in the former instance. The midnight prowler is supposed to have had nothing on his feet but a pair of stockings or at most a pair of light slippers as he glided along without making any noise whatever. He was a large man if a man at all and is thought to have been on robbery intent.
