

—DRUNKENNESS OR THE LIQUOR HABIT POSITIVELY CURED BY ADMINISTERING DR. HAYNE'S GOLDEN SPECIFIC.—It can be given in a cup of coffee or tea without the knowledge of the person taking it; is absolutely harmless and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. Thousands of drunkards have been made temperate men who have taken Golden Specific in their coffee without their knowledge, and today believe they quit drinking of their own free will. IT NEVER FAILS. The system once impregnated with the Specific it becomes an utter impossibility for the liquor appetite to exist. For full particulars, address GOLDEN SPECIFIC CO., 185 Race st., Cincinnati, O.

A Gentle Stimulus  
Is imparted to the kidneys and bladder by Hostetter's Stomach Bitters, which is most useful in overcoming torpidity of those organs. Besides increasing more activity into them, this excellent tonic endows them with additional vigor, and enables them to better undergo the wear and tear of the discharging function imposed upon them by nature. Moreover, as they are the channel for the escape of certain impurities from the blood, increases their usefulness by strengthening and healthfully stimulating them. In certain morbid conditions of these important organs, they fall into a sluggish state, which is the usual precursor of disease. What then can be the greater service than a medicine which impels them to greater activity when slothful? No maladies are more perilous than those which affect the kidneys, and a medicine which averts the peril should be highly esteemed.

EASILY ACCOUNTED FOR  
The success of Bangh's \$25 Phosphate as an excellent crop producer and permanent improver of the soil, is easily accounted for. It is made of the bones of animals, and with special regard to a general adaptability as a plant food.  
Every particle of which bones are composed, is a direct food of vegetables. We render this food immediately available in the \$25 PHOSPHATE which we claim to be a very special advantage, as it gives the crop an early start and sustains it until fully matured, besides permanently improving the soil.  
MODENA, Pa., Jan. 1st, 1896.  
"Having thoroughly tested BANGH'S \$25 PHOSPHATE, side by side with other manures, I find it to be the best for first crop as well as permanent manure. I had better wheat and cut more grass for two years when I used the \$25 Phosphate. I will use it every year and advise all farmers to buy Bangh's \$25 Phosphate and see results for themselves on their own ground."
