

Victory for Lehigh Miners.

WILKESBARRE, Pa., Nov. 26.—The eviction cases of the Stout Coal Company of Minersville, against certain striking miners was decided in favor of the miners this morning. Judge Woodward granted a rule to strike off judgments entered by the company for dispossessing the striking tenants. The men will under these rulings hold possession of their houses during the remaining time of the strike, and cannot be evicted. There is great rejoicing here and throughout the valley over the miners' victory. Judge Woodward is being commended for his fairness in this matter. One of the attorneys for the striking miners says this will virtually dispose of all other evictions contemplated by other companies in the striking regions.

The strikers are as firm as when they first stopped work, and the outlook for resumption in the Lehigh region is not encouraging. Contributions are coming in more freely and arrangements were being made to-day for public meeting in behalf of the strikers to be held in every city, borough and town in the mining regions.

Hanging Their Names.

BUTLER, Nov. 27.—From Fairview township this county, comes the news that several of the little country lads attending the Sheakley school conceived the idea of imitating the hanging of Chicago Anarchists. A lad of 13 assumed to be Judge, while another declared himself Sheriff. The hour being early in the morning, there were but five boys present. The Judge soon announced that the three youngest boys were guilty of murder. The Sheriff made preparations for executing the sentence. Ropes were secured and suspended from the school house ceiling, and with the aid of a board and chairs the scaffold was completed. Playfully the condemned Anarchists ascended the platform, and the Sheriff adjusted a noose about the neck of each. Suddenly the Judge and Sheriff jerked the chairs away, and three little Anarchists were literally hanging like the late Chicago ones. Frightened at the ghastly appearance of the boy's faces, the Judge and Sheriff cut the ropes. Two of the boys soon regained consciousness, but the youngest remained as if dead for some time. The doomed boys necks were cut by the ropes, yet they joined with the Sheriff and Judge in keeping the semitragical scene a secret for several days.

Won by Littlewood.

PHILADELPHIA, November 27.—The 142 hour go-as-you-please ended last night shortly before 10 o'clock with Littlewood, the Englishman, in first place, nearly forty miles ahead of his nearest competitor. The Englishman early in the morning abandoned his expressed intention of trying to beat the world's record of 610 miles, and jogged along easily throughout the day. The only feature of interest last night was Elson's successful effort to reach 500 miles. His last few hours on the track, however, was rather a distressing sight. The old man was a physical wreck, and but for the aid of Albert, who remained on track and walked around with him, it is believed he would have given up before he reached the desired goal. He completed 500 miles at 9:30 o'clock and then wobbled around an extra lap. Littlewood will receive about \$2,200 as his share of the gate receipts and entrance fees, Albert about \$1,200 Panchot, \$600, Noremac \$450 and Elson about \$300. The management's share of the profits is about \$4,000. Following are scores: Littlewood, 560 miles 1 lap; Albert, 530 miles; Panchot 511 miles 9 laps; Noremac, 501 miles 6 lap.

NEW ORLEANS, LA., Nov. 22.—The vigilantes have proclaimed martial law in Thibodaux. The strike in the sugar districts of Louisiana has already cost more than a dozen lives, and to-night the town is patrolled by about 400 armed men. For a week past, ever since the withdrawal of the militia, the situation has been growing more critical. A large number of the strikers still remained out. Those in the rural districts prowled around at night, firing at the hands at work in the sugar houses or at horsemen on the public highway, killing one and at different times wounding seven.

Where Diamonds are Polished.

One of the great industries of Amsterdam is the cutting and polishing of diamonds, and nearly all the finest diamonds in the world are brought here to be cut into shape. We will visit one of the principal diamond establishments and when we get there I think we shall be surprised to find a great factory, four or five stories high, a steam engine in the basement, and fly wheels and leather bands and all sorts of whirling machinery in the different stories. On the very top floor the diamonds are finished and polished and here we see skillful workmen sitting before rapidly revolving disks of steel, against which the diamonds are pressed and polished. It requires great skill, time and patience before one of these valuable gems is got into that shape in which it will best shine, sparkle and show its purity. Nearly half of the diamonds produced in the world, the best of which come from Brazil, are sent to this factory to be cut and polished. Here the great Koh-i-noor was cut, and we were shown models of that and of other famous diamonds that were cut in these rooms.—St. Nicholas.

NEW YORK'S POLL.

ALBANY, N. Y., Nov. 24.—[Special].—The official vote filed at the state department from 45 of the counties in New York and the canvass of county boards whose work has not been received here show that Cook, democrat, for secretary of state, will have 469,745; Grant, republican 452,525; George, labor, 70,359; Huntington, prohibitionist, 41,757, and scattering, 7,851. Cook's plurality is 17,220. The average democratic plurality is about 15,000. The lowest candidate on that ticket, who has been elected state treasurer, is Fitzgerald, who has about 13,000 more votes than his republican competitor. Tabor, democrat for attorney general, has a plurality of nearly 16,000. Bogart, democrat, for state engineer, leads the republican candidate about 14,000, while Wemple, democrat, for controller, has a majority nearly as large as that obtained by the democratic candidate of state. The total vote polled is 1,042,237.

The Reichstag Opened.

BERLIN, Nov. 24.—The Reichstag was opened to-day. The president in his opening address alluded to the serious nature of the illness of the crown prince and the grief of the country over his fate. The anxiety concerning his condition relegated all other thoughts to the background. The members would join, the president said, in expressing their sorrow and declaring that they placed their confidence in God's grace and mercy. He asked the authority to convey these sentiments to the emperor and send the following telegram to the crown prince: "The Reichstag in profound reverence and cordial love, thinks of your imperial highness. May God protect your precious life and preserve it for the salvation of the fatherland. The deputies listened to the address standing and unanimously approved the president's suggestions.

Mrs Kilgore Denied Again.

Attorney General Kilpatrick has prepared an opinion to the effect that a woman cannot be made a notary public in Pennsylvania. This decision is the result of an application for such an appointment from Mrs. Carrie Kilgore a Philadelphia attorney. The opinion has not yet been made public nor will it be until after its presentation to Governor Beaver. A Star reporter, however, learned to-day that the Attorney General had ruled as above stated.

The substance of the opinion is that in appointing a woman a precedent would be established, a great deal of litigation would be occasioned because the validity of her official acts would probably be questioned. No law on the statute books authorizes such an appointment.
