A Gentle Stimulus

Is imparted to the kidneys and bladder by Hostetter's Stomach Bitters, which is most useful in overcoming torpidity of these organs. Besides using more activity into them, this excellent tonic endows them with additional vigor, and enables them the better to undergo the wear and tear of the discharging function imposed upon them by nature. Moreover, as they are the channel for the escape of certain impurities from the blood, increases their usefulness by strengthening and healthfully stimulating them. In certain morbid conditions of these important organs, they fall into a sluggish state, which is the usual precursor of disease. What then can be the greater service than a medicine which impels them to greater activity when sluggish? No maladies are more perilous than those which affect the kidneys, and a medicine which averts the peril should be highly esteemed.
