-Mr. Andrew Martin, one of Walker's old time Democrats gave us a call last week, and renewed his subscription for another year. Mr. Martin is quite an old man, but he will tollow the true Jeffersonian principles taught by the CENTRE DEMOCRAT.

-Mr. David Yocum, one of Walker townships solid Democrats gave us a call on Thursday of last week, and paid his subscription in advance. Mr. Yoeum knows how to make a poor devil of a printer happy. There are others who should follow Mr. Yocum's example.

-The Bald Eigle Valley railroad company commenced widening its road bed just below the borough line by filling in McCoy & Linn's wire mill dam, but the sheriff with a little injunction suggested a temporary cessation of work.

-The large tree that has stood the storms for at least 50 years, in front of the old Conrad House, and which made a grand shade for loafers, took a notion spe day last week to fall down, and down it went and right across the street fortunately nobody happening along at that time, no damage was done. The poor old tree was all but rotted off shere being nothing to support it but a this shell, and the question is how did of stand the heavy storms of the early apig?

A Game of Base Ball.

On Saturday afternoon the printers of Bellefonte met the Y. M. C. A. base ball club on the diamond. The Y. M. C. A. nine was composed of the following players : McKnight, s s. McGinley c, Kane p, Clark 2d b, Cunningham 1 f. Davis 1st b, Laurie c f, Harris 3d b,

and Thomas r f. When the printers took the field their ranks were apportioned as follows: Young c, Crider p, Cassidy 1st b, Knicely 2d b, DaWitt s s, Garret 3d b, Fees 1 f, Murphey c f, and Crosthwaite

The printers had not touched the ball before this season and the score was decidedly against them at first, but at length they became familiar with the sphere and the bat and went at it with a will. Mr. Crider, the printer's pitcher, never handled the sphere more brilliantly or with better effect than at the conclusion of the game and to him is due the fact that the printers won the game over their excellent opponents The score big innings is as follows:

The following shows how the plays were made: Struck out-by Crider 11, by Kane 7. Wild throws-Young 4, McGinley 3. Past balls-Young 3. McGinley 4. Left on bases-Printers 7, Y. M. C. A. 9. Two base hits-Young, Cassidy, Cunningham. Three base hits- Crider. Triple play-Laurie -Altoons has a new daily evening to Clark to Davis. Double plays 2-Clark to Harris, Laurie to Clark, Um. pire-John Bayard. The game was an enjoyable one all round .- News.

The New Depot. It seems to be a settled fact that we are to have a new depot in town, but the proposed location will strike our people as being anything but convenient, or the fair thing, to the town. If the company were locating its freight station on the ore lot it could hardly be considered out of the way, but to put a new passenger depot there in that place is not the proper thing either for the company or its patrons. The great objection filed by the people of the town to the present station has been not so much to the building shabby though it is, as to the constant menace to life and limb, and the blocking up of the main thoroughfare of the town by cars. This nuisance can be abated to a great extent by the location of a freight depot either at the ore lot or some place above the present depot-We have been patient and longsuffering have been lavish in our ducats to the company and have put hundreds of thousands of dollars in its coffers. We ask some consideration at their hands now that they have determined to erect a station. Why should our main street be almost constantly blockaded by freight trains. There was a time when it was a small matter and lasted but a few minutes each day, but with the vast increase in the business of the town the freight traffic has increased until now there is a freight rattling through or shifting almost every hour in the day and this is but the beginning. Each day and year will show an increase of freight traffic and a greater increase in travel across the tracks of the railroad. The danger and inconvenience will increase in a greater ratio as the population and manufacturing establishments move west of the road. Now is the time to take some action in the matter that will relieve us of this

Broken Arm.

Mrs. Abe Baum met with a serious accident on Saturday forenoon of last week. She with several of her children were driving toward Unionville just as she was about to cross the railroad track at Milesburg, on the Bald Eagle road, a freight train came thundering along the horse took fright run around in the road and upset the vehicle throwing the occupants to the ground, breaking one of Mrs. Baums arms, and bruising the children considerable. It was rather unfortunate for her but had the train caught her on the track all the occupants as well as the horse no doubt would have been killed outright. Dr. Harris is attending to the broken member, and we hope Mrs. Baum may have the use of her arm soon.

Her One Hundredth Anniversary.

The ancient little town of Potter's Mills, situated at the foot of the Seven Mountains in Penns Valley, will celebrate her birthday on July Fourth, 1888. The good people of the ancient little village will no doubt have a good time and we hope they may have a good time on this natal day.

Potters Mills was during the late war headquarters for all the soldiers from the western coun ies going to war they had to pass through the town on their way to the capital. Arrangements have been made to have a good time on that day and able speakers have been procured for the occasion, among whom is our distinguished townsman Gov. A. G. Curtin Jno B. Linn and Horace Culbert-

-Mrs. Theodore Deschner has been confined to her bed for several days, with an attack of billious fever.

-The crowd of young men who make the nights bideous by their songs and profanity, should be looked after by they did some time ago, make a raid on the mob and break up the gang.

-On Monday a disastrous conflagretion started in the city of DuBois, Clearfield county, and over three hundred buildings were destroyed. At the time the dispatch was sent the fire was still raging. Over four thousand people are

-Coal has been discovered in the seven mountains in Mifflin county at a depth of 156 feet. The prospects for a bountiful supply are reported as very good. This will open up a new coal field and one that may possibly be accessible to the Penn's Valley railroad if it should prove valuable.

-The peeple of this place are using more water for sprinkling purposes than is really necessary. On Monday evening the water was scarce on East Bishop street, people living beyond toe public school had no water until la'e in the evening after the sprinklers were shut off, then there was a plenty of water.

-Tickets can be found at all fhe stations of the Pensylvania railroad at excursion rates for the commencement at the State College. The sale of tickets will begin on Friday and continue until the 28th all such tickets will be good until July 4th. Orders for tickets can be had by applying to Prof. Reeves, State College.

-Mr. William Utz, has five or six men at work grading his lot on East Bishop street and he expects to have a fine home on the same by fall. There is plenty of room for others to do likewise, and a better and 'more desirable locality can't be found in Bellefonte for the purpose of getting a nice house than East Bishop Street.

-Messrs, Simeon Haupt, James Mc-Clure and James Alexander, all of this place, left on Tuesday evening for the Green Woods, Clearfield county, on a fishing expedition. These gentlemen will no doubt land several hundred of the speckled beauties, as the place they are at is just the one to catch all the fish any one man may wish to carrie

-Mr. Charley Tripple who is running on the Pennsylvania main line between Philadelphia and Pittsburg as Express master, was summoned home on Friday of last week to attend the funeral of his grandmother, Mrs. Ruth Wilson, who died at the home of Mr. W. S. Tripple, on Spring street on Thursday last. Charley returned to his duty on Monday last.

-Mr. William Barnes has men busily engaged in excavating on his lot on East Bishop street digging out a cellar for the purpose of putting up a fine double house. Mr. Barnes expects to have it ready for somebody by fall. We would suggest that William should do like many other young men have done take a wife unto himself and occupy part of the house himself.

Bellefonte, June 16, 1888.

You are now lawfully notified to pen up your chickens or suffer the consequences, as there is no law for chickens, and if you kill or hurt or cause to be hurt either of my cats I shall push the matter to the extent of the law. I now turn my cats loose by legal advice of my attorney.

Respectfully.

-On Tuesday morning while one of Joe Parsons' boys was coming up the street a brindle dog attacked him tearing his trousers and lacerating one of his legs in several places. This canine has been laying around for several days and nobody seems to know who the dog belongs to. Somebody ought to dispatch his canineship, as such dogs are no use to anybody, and should not be allowed to run at large. There are too many dogs running at large and a good clean-out would improve our town considerable.

-Two young ladies-one like a rose and the other like a lilly -beautifully attired, graced Bellefonte's thoroughfares Saturday evening. Surrounded at intervals as they were by greens they resembled a lovely boquet.—Daily

Why don't Bailey tell the good people of the town who the hand(?)some young ladies are? If he is afraid, we are not, Miss Carrie Sparrow, is a handsome young belle from Schuylkill Haven, Schuylkill county, and Miss Katie Blaze, a friend of the former, living at Writesville, Dauphin county. Bailey is trying to make people believe that the two handsome young ladies are from Pellefonte. Chestnute.

Death of Mrs. Ruth Wilson.

On the 14th of June, 1888, the angel of death visited our community and chose as his victim one of our most respected old ladies, Mrs. Ruth Wilson, She had been suffering a long time case ever known of. with paralysis and was confined o her bed the greater part of her time for several years, Mrs. Wilson was the our police. The police should do like mother of Mr. Charles Wilson who is depot master at Altoona, and of Mrs. W. S. Tripple of this place, at whose home she died.

She was the daughter of Thomas Waddle, who died many years ago, and her mother was a daughter of General Philip Benner, who was a noted soldier of the Revolution. Sue was related to the Armors, and was an aunt of conductor James Waddell, of Lock Haven. She was 82 years old last Jan. so we are informed by her san-in-law, and she was known throughout all this section of country. She was a kindhearted and most generous old lady, and we deeply regret to record her death, although by death she has been relieved of of great sufferings. Having been a good and noble type of woman she will be rewarded for her many kind deeds done here on earth she will be rewarded in that blessed and most holy land where all weary travellers will seek rest.

Mis. Wilson was a member of the Presbyterian church in which faith she lived and died. Peace to her ashes. The funeral took place on Saturday last at 11 o'clock from the resi-

dence of William S. Tripple on Spring street. The remains were taken to the cemetry for interment followed by a large concourse of sympathizing friends

-Levi Miller of the Philipsburg Dis pact has been in town several days in the interests of his paper and has work ed up quite a large list for it. The Pittsburg papers get here now on the 9.30 a, m. train. Seven hours and a half shead of the Philadelphia papers, and as the western journals are just as newsy and perhaps as well edited they will knock the list of the Eastern ly. papers considerably. Mr. Miller is full of business and worked like a beaver while here.

-Mr. George Stephenson, living on Buffalo Run had his barn destroyed by fire on Thursday morning, with all its contents. It is supposed that the barn was burned by some tramp who was seen leaving the barn shortly before the fire was discovered by Mr. Stevenson. There was \$800 insurance on the barn.

-Mr. Bud Cronimiller employed at the Scotia mines met with rather a serious accident on Wednesday, while engaged in shoving trucks away from the ore washing machine, his foot was caught between the ties and was thrown under the truck breaking his jaw in two places and lejuring him otherwise

-Altoona proposes to beat the record in engine building. Twenty hours is he time allowed and twenty men are at work. They propose to beat the Baldwin people by four hours, an engine having been built at the latter works in twenty-four hours.

-Rev. Jno. Norman of Monongehela remains of his son here for interment. J mes Moyer and John Moyer.

-Carol infant son of Mr S A Stover, Willow Bank street, is lying dangerously ill with typhoid fever. It is very strange that a child so young would take the typhoid fever, this is the first

-The boast of Altoona to beat the record in engine building has been successful. The engine was completed at 10 minutes past three o'clock yesterday afternoon. The time in building the Altoona engine was 16 hours and 50 minutes as against 24 hours by the

-Don't forget the festival to be held at Coleville on Saturday afternoon and evening for the benefit of the Union Sunday School. Let everybody attend and help to raise a good fund. All the delicacies of the season can be had and a fine corps of lady waiters will attend to everybody's wants.

-At this writing Col. James Milliken the great European traveler has not been discovered at Chicago as a candia date for Vice president. But then delegate Hastings may have the resolution containing Jame's boom in his pocket.

-Our Washington Correspondent writes as follows. I happened yesterday in making search for a missing file to come across one whose history began in Bellefonte, In 1842, Aug 6, letters patent were granted to A. S. Valentine for "steam boiler water tube," being for an improvment in steam boilers-The original paper was signed by Daniel Webster as secretary of state and the number of the application was 2758 I send you drawings of the patent.

Since that time the number of pat ents has run up to 384 920. Whether Mr. Valentine eyer derived anything from his patent we do not know. The increase since Mr. Valentines time has been wonderful, averaging about 415
