WHY work for Another, or on small salary? Why try to secure a living from such high-priced or heavily-mortgaged farms? Why work on rented land? Why not start for yourself? Why not secure at once some of the low-priced but very fertile and well located lands adjacent to railroads now to be obtained by those going to Northern Dakota and Minnesota where you can make a larger net profit per acre than on the high, priced or worn-put land you now occupy? Why not go and look the situation over, and see for yourself or at least obtain further information, which will sent free if you will address C. H. Warren ?
