Don't fail to register. The Protective (?) tariff club of Bellefonte has erected a handsome and appropriate transparency in front of the windows of the club rooms.

In the transparency line it is immense, being the largest thing of the kind we have seen for years. It being the work of a Democratic artist C. P. Hilder and the orators of Candidates Harrison and Morton are very fine. In the centre is a cog wheel, doubtless representing the wheel of industry within this wheel stands an elegantly dressed gentleman with a silk hat and fine overcoat on representing the fellow protected while clad in shirt and pants only is the fellow who labors and pays high tariff taxes so that the protected millionaire may build or buy castles in Scotland or take coaching trips through England.

The horse became unmanageable and thought he would take a skip and skip he did—upsetting the wagon and dumping Bob, beer and all out and scattering the same along the road. Fortunately nobody hurt; some damage to the wagon.

We believe the letter purporting to have been received from the missing Mrs. Royer by her husband is a forgery. Mr. Royer, as far as we can learn, has failed to show the original letter to any person. There is a mystery about the disappearance of this woman that Royer could clear up perhaps better than any other person. The conflicting stories told by him are enough to excite the greatest suspicion of foul-play.

Wm. C. P. Breckenridge is not only one of the finest orators in the House but he is ardently devoted to duty.
