The Centre Democrat.

THURSDAY, September 20, 1888.

CORRESPONDENCE containing important news will be gladly received for publication in this paper. No communications will beinsert-od unless accompanied by the real name of the sender. Patrons will confer a favor by report-ing any personal notice at this office.

-When in Bellefonte don't fail to visit Will Perlstein's Dry Goods store, the only exclusive dry goods store in the town. Nothing but dry goods, notions, dress trimmings and furnishing goods. All goods marked in plain figures and sold at aneprice. New Bush Arcade.

NOTICE.

Edward Pletcher is our authorized col-Sector and solicitor to whom all accounts may be paid. He will visit every part of the County. Give Mr. Plotcher your name and \$1,00 and the paper will Be sent you for one year.

Local Department.

-E. Brown, Jr., is building a Brick house on Bishop street.

new house.

-Cotleib Haag is building a new house on his property on Bishop street.

-Family jars that cause no troubl fruit jars. Patent for the above applied for.

--Miss Fannie Hoffer, of Huntingion is visiting at the residence of Captain Mingle.

-Miss Minnie S. Smith returned home from Houtzdale after spending six very pleasant weeks among friends.

-Philipsburg wants a battery of arfillery. In the name of Heaven what don't those fellows want.

-The new students are beginning to arrive at the State College. The prospeets are that there will be a big attendance.

-John Jarrett, commonly known as "tin plate" Jarrett will be among the Speakers at the Republican meeting on the 29th.

-The store formerly owned by the Musser Bros. at State College, has changed hands. The owners now are Holmes & Slegle.

-Al Hepburn came home Saturday after a week's hunt near Linden Hall. He was successful in killing 15 gray squirrels and a fox.

the ball game on Saturday played be- to the convenience of the students and the Flemings and the Eurekas, faculty and to the efficiency of the at Milesburg. Ask Jeo.

geath of S. A. Stover.

After a long illness, with at times apparent and hopeful improvement, S. A. Stover succumbed to the dread visitor, death. The last but one of his family his death falls with peculiar sadness upon our people. Mr. Stover's little child and wife have preceeded him but a short time, one little boy alone survives of a family of four. Two entire families have been prostrated by typhoid fever from drinking water from the well on Mr. Stover's premises. He was a young man of exemplary 'habits, industrious and energetic in the conduct of his business and had built up an excellent trade. In the flower of his manhood he has been cut down. It is fearful to contemplate the almost total extinction of a family in so short a time. Death has reaped a rich harvest in our midst this summer. The funeral will take place on Saturday, at 10 a. m., from the house. Services in the M. E. Church at 10.30.

-Constable Hallman, who at the order of Judge Furst, investigated or tried to investigate the drinking clubs of Huntingdon, did not strike it very rich. The constable gained admitance to the German Harmony Club and found three or four empty beer kegs which he promptly reported to his honor. The kegs not being full of course were not in a state of inebriety, and the constable did not take them in charge. Huntingdon must be an awful mean place or else his Honor has a spite against it. -Samnel Gault has moved into his | Every time he goes over to that benighted borough he raises thunder. When the Judge went on the beach many predictions were made by knowing ones among others two of which we think have been fulfilled. One was that the Judge "would wish that he had never seen Huntingdon," and the other

was that "Huntingdon would wish that it had never seen Judge First." The constable will have to report the bibulously inclined clubs and citizens next court or his honor will want to know why. Meantime the court and a goodly portion of Huntingdon's population are on the outs.

-From the number of deaths intown this summer, one is prompted to ask is there not something wrong with our sanitary condition? Have the borough authorities been negligent in the cleaning of our streets and alleys or is there some other cause for the sickness so prevalent, Ordinarily Bellefonte is exceptionally healthy. The air is pure fresh and generally abundant, while the water has always been considered the best. It would not be out of place for the street committee of council to investigate the condition of our streets, alleys and sewers, perhaps the death dealing germs may be found there.

-The improvements made in and -Joe Clark distinguished himself at about the State College will add much Robb, Geisinger, Pattison and Bradley. good order.

-The Veteran picnic will be held at Philipsburg next year.

-A driving party from Lewistown tarried over night at the Brockerhoff House. Driving parties are quite the rage now but for ordinary every-day travel the cars are good enough.

-Miss Martin of Milesburg, is earning for herself quite a reputation as a temperance lecturer. She recently lectured in Woodland, Clearfield county and her lecture is very highly spoken of. -The Disciple picnic at Howard on Saturday was largely attended. Several notable speakers were present who ad-

dressed the people. A festival was held in the evening and the sum of \$37 was cleared.

-Captain Mingle will build a fine house to replace the one recently destroyed by fire. The first story will be brick and the second slate. It will also have a slate roof. The work of excavating will begin to-morrow.

-Revona is the name of a small village a short distance from town. Where is Revona? Any person who don't know, just take a walk out to the Centre Iron Company and you will see the little village, situated on top of the hill obove the furnace, and a nice little town it is, with all the modern improvements.

-Will Gray Esq., will build a fine house on Linn street, east of Mr. Bower's new brick. Samuel Gault has the contract and work will begin next week. Will is evidently determined to abandon bachlor life and take to himself an helpmate. He is going to get the cage in readiness and has evidently secured the bird.

-Complaints are made by pedestrians of the offset in the pavement in front of the Hauptblock' The pavement should be raised as it is dangerous, particularly so at night. There is no excuse for such an unsightly and dangerous pavement on the main street of town, and the Street Committee should see that it is put up. Little things like that give the town a slovenly appearance.

-The campaign of the Democratic clubs of the State will open by request of the executive committee on the 27th of the month when all Democratic organizations are requested to hold meetings and talk over among themselves the issues of the contest. The Republican campaign opens by a simultaneous meeting in every district of the State on the 29th.

-The shooting contest for a valuable trophy occurred Friday at Mt. Gletna by the first, second and third brigades. The third won the prize. The result of the shooting is as follows: Third, 994 of 1260. The members of second brigade

-Preparations are being made to move the depot.

-Gov. Curtin is attending a meeting of the Penna. Reserves at Lancaster.

-Raymond Wright, little son of Rev. W. O. Wright, of Milesburg, is quite ill with dysentery.

day all over the country and a good fall lobster salad and the side board well trade is looked for.

-A wreck occurred at Fountain station siding on the Snow Shoe road. The engine was pretty badly used up.

-Tally one for Fredericks, the clock man. Ask Mitch Cunningham he can explain it all with a graceful smile. -James Reeder, a brother of Mrs.

Dolan, is here on a visit. It is twentynine years since the brother and sister have met.

-The 5th regiment will attend the centennial celebration of Allegheny county on the 24th and 25th of this month.

-Quite:a number of fellows who have been unable to procure corn ears to take to the granger pic-nic have resolved to take corn juice as a substitute.

-Under a protective duty of 75 cents per ton we found the Snow Shoe coal mines running less than half time and ousiness almost at a stand still.

-Simon Loeb who has been ill for several days and whose sufferings have been almost beyond endurance, is now improving, and is in a fair way to recover.

-We must have a "double" in fact we are positive that we have. Two fellows came into our sanctum at the same time to present bills. If that aint a 'double" then we are not posted.

-We acknowledge receipts of the annual report of the commissioners of pensions for 1888. Connected with the report is a statistical map which is very interesting.

-Owing to the breaking of a cogwheel, work will be suspended at the Nail Works for several days. This will give the men a good opportunity to attend the picnic at Centre Hall.

-W. W. Scott, and sister Mrs. Samuel Ryan returned home on Friday from attending the funeral of their sister Mrs. Mary Oakley, at Allegheny City. This is the second sister that has died within two months.

-William Farrier and wife, of Jersey City, tarried in Bellefonte with Mr. Brandon several days. Mr. Farrier was a delegate to the Grand Army meeting at Columbus Ohio. They leave for Jersey City to-morrow.

-Run away. The gray horse belonging to Isaac Lose and attached to a 1260, Second 984 of 1260, Third 983 of little truck wagon took it into his head to skip off. The result is that the wagon are: Captains Armstrong, Hootor and landed on Gen. Hastings pavement Mowrey. Lieutenants Connelly, Brown, while the horse got out of the wagon in

A Card. TO H. D. VAN PELT.

Your many friends of Bellefonte to the last two days of the pic-nic, and that you will conduct yourself accordingly. -Business is growing brisker each A cold lunch of Turkey, raw oysters, stocked, and placed in the front room. Should you fail to come to time, your fate is sealed.

John I. Rankin, W. C. Heinle, J. H. Dobbins, Harry Hale, Andrew Brokerhoff, F. E. Bible, J. L. Spangler. J. D. Geisinger. R. D. BROUSE.

And many others.

-The new station here will be 20 x 60 feet with two waiting rooms. The plan on which some of our contractors have whom you are under obligations social bid was the plan for a station at some financial and moral will expect that you other place. We have it on the authorwill keep open house for them during ity of Governor Curtain that the new building will be very handsome, com- 2 modious, and so arranged that, when additional room is necessary, the build. ing can be enlarged. We will take back all we said about the new depot.

> -Last Wednesday the Knights of the Golden Eagle of Lewisburg went to Watsontown and took part in the parade at that place. The castle from Mifflinburg also took part. The turn out was fair, there being about 500 in. the parade. They made a splendid appearauce, we understand, their neat uniforms and bright equipments showing them off well. The Lewisburg castle was accompanied by the New Columbia band and the Mifflinburg castle by the Mifflinburg band. At the meeting, Lewisburg was decided upon as the place for making the next parade and Sept. 1st was fixed as the date. Our town castle will thefore have their hands full to give their brethren a handsome reception next year.-Lewisburg Journal.

-The stove business has commenced in earnest at McFarlanes. Last week we saw several Appolo Ranges taken away by customers from the country and five or six were delivered to pur-James Ray, College twp., Lemont chasers in town. One of the firm told us to-day that they had hardly sufficient force to put up, as promptly as they would like, all the stoves sold. The No 189 Apollo is adapted for coal or wood and is just what people need who burn wood in summer and coal in winter. They take as long wood as cook stoves do. If you want a heating stove of any kind go to McFarlanes. You will find there the Morning Light and Happy Greeting, square double heaters that gave such great satisfaction last winter. they are real beauties and so convenient.

Business Notice.

Stover & Motts' marble yard is open, and work is being done as usual. The yard was closed on account of the sickness of the proprietor, but we are now prepared to fill orders promptly. We have a large stock to select from at reasonable prices.

-The "Dull Sesson" approaches. Ex-tra inducements offered in fine tailoring Suits and Overcoats-made to order from new fall goods, at very low prices. MONTGOMEET & Co.,

Tailors.

Post office. Post office.

-James McCulley, Jr., one of the efficient clerks in A. C. Moyer's grocery store, is confined to bed by a mild. case of billious fever.

-Our merchants are receiving their fall goods and the country people will soon be ready to purchase. Now is the time to do your advertising.

-The railroad company ask of couneil but twenty-four hours use of High street. In that time the old station will ine moved to its new location.

-There is a noticeable absence of ung America" on the streets between urs of 9 and 12 and 1 and 4. The young idea is being taught how to shoot.

-The Republicans of town expect to the 29th of this month when the Recan campaign will formally open.

-The arrivals at the Bush House up tember 1st of this year, number 127. The largest number in any one month was August when the number ram up to 710.

-Three deaf and dumb girls were aken from Lock Haven Saturday to Philadelphia to enter the Pennsylvania Institute. All three are from Lamar township, Clinton county.

-R. B. Spangler was in town on Sunday. Rub. say great preparations are soing on at Centre Hall for the Granger pisnic, and ample accommodation can he had by all who wish to attend.

-Two gentlemen stopped at the Bush House last week who had not been in town for twenty-five years. D. F. Swengle, a college mate of the late Geo. M. Yocum, and W. P. Brown.

-Judge Mayer, of Clinton, was unanimously nominated by the Democratic conferees of his district for President Judge. It is thought that the Republicause will not offer any opposition to linn.

-We notice a favorable change of the postage on deeds, buds and things of that sort. This is important to farmers and others. Formerly the rates were I cent per ounce. Now they are 1 cent DWT CHAIN

-Victor E. Piolette, peace be to his political ashes, has "flopped." Old Vic. was always considerable of a ram in the Democratic china shop, and all that saved the china ware from destruction was the fact that "Vic." was intellectaally too small to play the proverbial school. Old students will hardly recog-

nize their Alma Mater so elegant will be her new dress. The College is now on the highway of prosperity and as an educational institution is second to none in the State. Dr. Atherton is certainly the right man for the head of an institution of that kind, Then the State of Pennsylvania is alive to her interests and is giving the institution the consideration and aid that should have been extended years ago.

-Chairman Rynder, of Milesburg, has been interviewed by an Altoona

Tribune reporter on his chances of election. Mr. Rynder is the Labor-Greenback candidate for Congress in the 28th district. He concludes after three "ifs" have Congressman McKinley here on that he can easily be elected. Mr. Rynder's "ifs" savor too much of the dog and rabbit business to give him much consolation. However, Chairman Rynder is pretty shrewd and has managed to keep alive a party which has very few adherents in his own State and still less in many others. It is a sort of a side show to the main circus.

> -We are sometimes asked why we don't "go for" this thing or that, "show up" Tom Dick and Harry and create a moral revolution? As a moral revoluter we might be a success but it is very doubtful. We could "go for" a thing in good style, but are afraid we would get left nine times out of every ten-We could "show up" Tom, Dick or Harry but they might retaliate or say 'Stop my paper." The contract to reform the morals of the town has not been awarded to the editor of this paper, nor have we put in a proposal for it. There was a time in our history when we would have tackled the father of evil. but that time has passed by. The silver President because the treaty gave too gray in our auburn locks and the vacant spots on our caput warn us to leave the contract to younger men. When we were a boy we used to fight "bumble bees" very small things indeed, but every time they touched a fellow they left a sting. Now the bees that some of our friends want us in our maturer years to tackle are larger than the 'bumble bees'' of our youth. We must decline.

-Mr. Rhone, grand high mogul of the bicnic, has offered brother Meek a reserved seat in the synagogue. We ad-vise our editorial brother to accept the invitation as that may be the nearest to paradise he will ever get.

Corporal Elliott. Private Wegraff.

-The Hospital Commission visited Philipsburg, Houtzdale, Osceola , and Clearfield this week, and eligible sites were offered by all of those places. We believe that Philipsburg is the proper place to locate the Hospital as it is the centre of the mining population of the district easy of access by rail, and her people energetic enterprising public spirited and charitable. The capacity of Philipsburg to take care of itself is also in its favor. Then that burg will out men of all parties and hear the isbe satisfied with the earth while the others would want part of Jersey.

-Tom Hutchison, who is employed by the Adams Express company, is not slow in fostering fellows who happen to lounge around the express office door. Saturday afternoon Mr. John Curtin happened to stand in the doorway of the office. Tom was in a hurry to go out to meet the Snow Shoe train. He locked since leaving the jail at Lock Haven the door, but was not aware that he had fastened his friend Mr. Curtin in the Neff. Jim therefore is not dead if he door. When that gentleman went to start he could not and had to wait until Tom returned and unlocked the door which released the old gentleman from for throwing stones at Captain Monta most unpleasant and embarrassing position.

-The Irish World is sent regularly to us by the Republican National Committee because Patrick Ford and his paper are in the employ of the Republican party. Thousands of these papers are being distributed to Irish voters each week at the expense of Mr. Quay's committee. But Patrick Ford has been put in a very large hole recently by a certain document or message transmitted to Congress. During the time that the fisheries treaty was pending in the Senate Patrick's paper was assailing the much to the English or Canadians. The President was accused of being subservient to British interests, and failed to take care of our fishermen. In fact Patrick found that the country was going to the damnation bow-wows because of the treaty. It wanted the treaty rejected and the Senate did so. When the President sent in his retaliation message and Patrick found that he meant busi ness he had to drop the treaty racket and for several issues the World was lost in a dense fog, while its editor was trying to pull himself together. Patrick wanted a blow struck at the Canadians and English but when the President hit them between the eyes Patrick

alled foul.

-While in Snow Shoe the other day we had the pleasure of renewing the acequaintance of a number of our former pupils, and found them grown up to be handsome and accomplished ladies and honest hard working sober men. We concluded that as a teacher of how the young idea should hoot, we had been a SUCCESS.

-The Democratic club campaign will open simultaneously all over the state on Wednesday and it is expected that the meetings will be well attended. Turn sues of the campaign that comes home to every man's pocket book, discussed. Hear both sides of the question and judge for yourself.

-James Kline who was reported to have committed suicide by drowning is a very lively corpse as our friend Jos. Neff informs us. Jim has been in the employ of Mr. Neff almost constantly knows himself and requested our friend Joe to inform us of the fact. -One of the men who was arrested

gomery's house on Saturday night was sailed by F. T. Wallace, of Milesburg. This morning the fellow attempted to get away, but was caught at Milesburg. When on the way to jail, he made a desperate attempt to get away from Sheriff Cooke. It took the combined to lodge him safely behind the bars.

-Four old soidiers, members of the Veteran club of Centre County died during the present year. George Brown died at Milesburg Feby, 28th, 1888. George W. Miles, a member of the Executive committee died at his home near Martha, Mar. 28th, 1888. D. W. Kline died at his home near Julian, July 9th. and S. S. Gilman a former resident of the county died during the year in Westmorland Co. These are all the deaths so far reported.

-We had the extreme pleasure of a ride to Snow Shoe in one of the Penn. Co. elegant Parlor Cattle cars. Going out there were'nt many cattle on board beside ourself but it gave each particular "cattle" a seat to himself. And them seats, oh visions of Eden, did ever 'one cattle" have so much unalloyed pleasure, and then the odors, ":attar of roses" "Cashmere boquet" "Jockey" elub" fried onions, whiskey second hand all combined gives one a faint idea of ravel on a parlor cattle car.

-Robert Haynes, of Snow Shoe, lost a niece by drowning at Ocean Beach under peculiarly distressing circumstances. The lady, her brother and some other person were out sailing and the water was very rough. Another party were out and their boat upset and its occupants were clinging for life to the up-turned boat. The lady and her brother headed their boat to rescue the party. The brother, who was on the forward part of the boat, started aft when the boat gave a lurch and threw the young man out. He called to his sister to throw him an our which she efforts of the sheriff and a colored man did, and being a remarkobly fine swimmer sprang iu the water to the rescue. She swam to her brother when suddenly she exclaimed, "I cannot keep up; my clothes are dragging me down-I will drown !" Her brother tried to encourage her to bear up but she sank to the bottom and perished. The young man was rescued just as the cruel water was about closing over him. After dragging the shark river all night the body of the young lady was found. It was discovered that both her ankles were broken and it is supposed that in jumpping out she was struck by the gun-wales of the boat and her ankles were broken. As she was an expert swimmer had not this accident occurred she would have saved her brother. Mr. and Mrs. Haynes attended the funeral.

> -The Lewistown Free Press com, plains of drunks making night hideous. Sorry for you Trout but if we lived in your burg we would be thankful for an occasional drunk. It would vary the nonotony of things.
