

# CATARRH, Catarrhal Deafness and Hay Fever.

**A NEW HOME TREATMENT.**  
Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks. N. B.—For catarrhal deafness peculiar to females (whites) this remedy is a specific. A pamphlet explaining this new treatment is sent on receipt of ten cents by A. H. Dixon & Son, 304 West King St., Toronto, Canada.—Scientific American.

Sufferers from catarrhal troubles should read the above carefully.

**A Terrible Misfortune.**  
It is a calamity of the direst kind to feel that one's physical energies are failing in the prime of life—to feel more nervous, more dispirited, weaker every day. Yet this is the unhappy lot of hundreds who surround us. A source of renewed strength which science approves, in behalf of which multitudes of the debilitated have and are every day testifying, and which, in countless instances, has built up constitutions sapped by weakness and infirmity and long unbenefited by other means, surely commends itself to all who need a tonic. Hostetter's Stomach Bitters is such a medicine—pure, botanic, soothing to the nerves, promotive of digestion and a fertilizer of the blood. Dyspepsia and nervousness—the first a cause, the second a consequence of lack of stimulation—departs when a course of the Bitters is tried. All forms of malarial disease, rheumatism, kidney and bladder trouble, constipation and biliousness are annihilated by this standard family medicine.

## SCRANTON SCARED.

Hyde Park Settling Into the Bowels of the Earth—Collapse of the Central Mine.  
SCRANTON, Pa., March 18.—Unmistakable signs of a collapse in the chambers of the Central mine under Hyde Park, a thickly settled portion of this city, were first noticed last Thursday morning. The mine owners thought they could prevent disaster, however, and so not much anxiety was felt.

Later, however, the walls began tottering and gradually sinking. By 9 o'clock in eight chambers in the fourteen foot vein and eight chambers in the vein above it the rock had collapsed and the crush was still going on. The convulsion is under Washington street and Hyde Park avenue, the two principal streets, and the residents in that section are terribly alarmed.

The Washburn Street Presbyterian church, a large brick edifice located directly over the mine, pitches considerably to one side and is liable to fall in ruins at any moment. The parsonage of the church is gradually falling apart. A large business block and a number of residences in that section are also seriously disturbed, and if the crush continues much longer they will all be in ruins.

This is the second cave in in the central portion of the city within the past month and the people are very much worked up over it.

### A Chief of Police Killed.

RENOVA, Pa., March 14.—Philip Paul, chief of police of this city, was shot about midnight and died two hours later. He had arrested a young man named Belford and had reached the lockup with his prisoner. As he was about to enter the building a friend of the prisoner named Mike Clary approached and shot Paul in the back of the head. The murderer escaped, but a vigilant search is being made for him. He is 18 years of age and a resident of Renova.

LOCK HAVEN, March 15.—The murderer of Policeman Paul has been captured. He is now in jail at Lock Haven, and the excitement in Renova is intense. Young Charles Cleary was caught last night whilst fleeing from his crime. The arrest was made at Emporium by George Verme, Pennsylvania railroad detective. Cleary does not appear to realize the enormity of his crime, and apparently is unrepentant. When told that his mother was dying he replied "I don't care." When the murder was referred to he said he supposed that he would have to hang for it.

### A Murderous Melee Among Miners.

SHAMOKIN, Pa., March 19.—A number of Italian and Hungarian miners at Hickory swamp were gambling in a boarding house, when an Italian was detected cheating. A quarrel arose and after a vigorous rough and tumble fight a Hungarian drew a revolver, and commenced firing into the crowd, wounding two men. Weapons of every kind were then drawn and Andrew Veni received a knife thrust in the neck, while several others were slashed in a fearful manner. During the struggle Michael Sisson left the scene and went home. He went to his wife's bedroom and picking her up in his arms, he threw her on the floor and kicked her terribly, and in the midst of his brutish work the woman gave premature birth to a seven months' dead child. A body of Hungarians, who were attracted by the woman's screams, entered the house and secured a clothes line to lynch Sisson, but he leaped from a window and escaped to the mountains.

### Ladies in a License Court.

WEST CHESTER, Pa., March 19.—The license court here, presided over by Judge Waddell, presented an unusual sight yesterday. It was almost filled with ladies representing the different local Women's Christian Temperance unions in Chester county, who are delegates regularly appointed to see that the judge does his duty in granting and refusing licenses. There were sixty-seven applications for license made. Fourteen of them are contested, and in these cases there are long lists of names asking the court to refuse licenses. Two licenses only have been granted, to hotels at Phoenixville and Unionville.

### Parnellites in Philadelphia.

PHILADELPHIA, March 14.—American sympathizers with Parnell and the cause of Ireland crowded the Academy of Music in every part and listened to vigorous denunciations of the course pursued by The London Times and the Tory government toward the Irish members of parliament. They also contributed nearly \$10,000, and this practical expression of their sympathy will be sent to Mr. Parnell forthwith. Governor Beaver presided, and among those on the stage were ex-Attorney General Lewis C. Cassidy, ex-Governor Curtin and Pollock, Postmaster William F. Hartry, U. S. District Attorney John R. Read and Col. A. Loudon Snowden.

### A Scrap at Summit of the Alleghenies.

ALTOONA, Pa., March 19.—James Christian, of this city, and James Murray, of Philadelphia, fought a bare knuckle fight in the basement of a brewery near Cresson Springs. Each man weighed 145 pounds. Jack Dempsey was referee. Christian had the best of the fight all through, and in the fifth round broke Murray's jaw. Christian was declared the winner of the stake and gate receipts, amounting to \$500.

### Another Fatal Accident at Mud Run.

MATCH CHUNK, Pa., March 13.—The train from Wilkesbarre, bearing the witnesses and one of the defendants in the Mud Run trials, struck and killed a man near Mud Run station. His name was Otto Schmidt, of Wilkesbarre. He was walking on the track on his way to Easton in search of work. Many accidents of the same nature have occurred at that point and there are those who declare that some strange fatality hangs over Mud Run.

### Middletown and Hummelstown Road.

HUMMELSTOWN, Pa., March 16.—The contract for constructing the Middletown and Hummelstown railroad has been awarded to H. H. Bechtel & Co., of Newport, who will commence operations at once. The new line will pass close to the Stoverdale camp grounds, where the United Brethren have held their camp meeting for many years.

### Sudden Death of a Legislator.

RENOVA, Pa., March 15.—Hon. D. C. Laribe, member of the Pennsylvania legislature from Potter county and a leading lawyer of Coudersport, died on a passenger train near here. Heart disease was the cause.

### A Verdict in the Dellinger Case.

LANCASTER, Pa., March 14.—The jury in the Dellinger murder case returned a verdict of murder in the second degree.

## CAPT. DAWSON MURDERED.

The Editor of The Charleston News and Courier Meets a Violent Death.  
CHARLESTON, S. C., March 13.—Capt. F. W. Dawson, of The News and Courier, was found dead in the office of Dr. F. B. McDow, at 6:30 o'clock last evening. At that hour Dr. McDow walked into the police station and gave himself up, with the statement that Capt. Dawson was lying dead in his office. McDow vouchsafed no explanation.

It has been learned that Capt. Dawson recently became suspicious that a young girl employed in his house as a nurse for his children was having improper relations with men. Last week he called upon the chief of police and asked that a detective be detailed to shadow the girl for a few days and let him know what, if anything, he discovered. Capt. Dawson stated that if she were being honorably courted he would have no objection to make, but that if she were not strictly moral he did not want his children to be in her care.

On Monday morning a detective saw the nurse girl get on a Rutledge avenue car. After proceeding a few blocks she was joined by Dr. McDow. The detective followed the pair and kept track of them and their stopping places for several hours and submitted a report in writing to the chief of police, who in turn communicated its details this morning to Capt. Dawson. Capt. Dawson left his office at 8:30 o'clock in the afternoon and was found dead at 6:30 p. m. in Dr. McDow's office, not 100 yards from his own residence. His face was badly beaten and a bullet was lodged in his heart. In the absence of any positive knowledge it is supposed that he went to Dr. McDow's office and remonstrated with him about his conduct with the nurse girl and that they became engaged in a quarrel which resulted in the shooting. McDow then left his office and wandered about until 6:30, when he appeared at the police station. Dr. McDow is a married man and the father of several children.

CHARLESTON, S. C., March 14.—Dr. McDow, Capt. Dawson's assassin and murderer, was called upon in jail and asked to explain the circumstances of the tragedy. He at first declined to make any statement, but eventually said: "Here it is in a nut shell. Capt. Dawson entered my office, used abusive language and knocked me down with his cane. I got up, and he was about to strike me again when I shot him."

Dr. McDow then went on to say that Capt. Dawson was not killed instantly; that he remained alive for half to three-quarters of an hour, during which time he, Dr. McDow, remained in the room with the man whose life was fast ebbing away, making up his mind what to do. But there is the strongest and most convincing proof that Dr. McDow remained in the room at least an hour after the death of Capt. Dawson, planning how he might dispose of the body. There is great excitement in the city and flags are at half mast.

The coroner rendered the following verdict: "That the deceased Capt. F. W. Dawson came to his death from a gun shot wound inflicted at the hands of T. B. McDow and that Moses Johnson (colored) was an accessory before the fact."

### The Storm at Atlantic City.

ATLANTIC CITY, N. J., March 18.—The heavy northeasterly gale that prevailed along the coast backed a tremendous body of water over the Jersey flats for a mile or two east of Atlantic City, delaying travel and cutting off communication with the upper portion of the peninsula. The tide was the highest known for years and considerable damage was sustained. All of the railroad tracks were overflowed, but the most serious damage was done on the line of the Camden and Atlantic road. There was considerable of a washout a short distance below Absecon and though an extra large repair gang was put to work it was not until noon that trains were able to get through. The Sea Isle city branch was badly washed a few miles below its junction and no trains were run either way all day. Mails were taken down from the junction in a row boat.

### Delaware Legislature.

DOVER, Del., March 16.—Senator Donahue introduced his bill to re-establish the twelve mile circle with the names of the commissioners filled in. They are ex-Secretary of State Bayard and speakers Lewis and Hoffecker. The commissioners are to act in conjunction with the Pennsylvania commission.

The house bill appropriating \$25 each for the proper burial for indigent soldiers, sailors and marines passed the senate with an amendment restricting the appropriation to Delaware soldiers, sailors and marines.

### In the House Mr. Mann gave notice of a bill taxing telegraph companies.

### A Hocking Valley Strike.

COLUMBUS, O., March 16.—The executive committee of the Ohio district of the Progressive Union of Miners held a meeting to consider the question of screens at Salineville, in the Hocking valley district, where they are not regular in size. The operators at that place appeared before the committee and stated they would not remove the screens as requested, and in accordance with instructions given by the district meeting, the executive committee will, it is stated, declare a strike there at once. There are about 400 miners employed at Salineville. The impression is that this will be the beginning of a series of strikes in the valley.

### Thirty-six Fair Physicians.

PHILADELPHIA, March 15.—The seats of the Academy of Music were filled with the graduates and students of the Woman's Medical College of Pennsylvania and their friends, it being the thirty-seventh annual commencement of that institution. There were thirty-six young ladies in the graduating class. The graduates were attired in sober looking street dresses, and looked what they are—a body of earnest, thoughtful, intellectual women of whom the college can well be proud.

### To Impach Judge Hugg.

TRENTON, March 16.—The rumor that Judge Hugg, of Camden, was the South Jersey jurist who was to be impeached for drunkenness and other grosser crimes is confirmed. It is now admitted by both friends and enemies of Judge Hugg that impeachment proceedings are being prepared against him on these grounds. What form they will take, the specifications they will contain and when they will be presented are not accurately known.

### Haytian Prisoners of War Executed.

NEW YORK, March 18.—The steamer Caroline Moller, from Hayti, brings information that twelve of Legitime's soldiers who had been taken prisoners by Hippolyte were executed at Cape Haytien just before the steamer called.
