

### CATARRH,

#### Catarrhal Deafness and Hay Fever.

**A NEW HOME TREATMENT.**

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—For catarrhal discharges peculiar to females (whites) this remedy is a specific. A pamphlet explaining this new treatment is sent on receipt of ten cents to A. H. Dixon & Son, 304 West King St., Toronto, Canada.—*Scientific American.*

Sufferers from catarrhal troubles should read the above carefully.

### Universally Laughed At.

The unthinking are prone to make game of nervousness. Yet this is a very real and serious affliction, the harassing symptoms of which are rendered all the more poignant by ridicule. The stomach is usually responsible for these symptoms—its weakness and disorder find a reflex in the brain, which is the headquarters of the nervous system. As a nerve tonic and tranquillizer we believe that no one can be pointed out so effective as Hostetter's Stomach Bitters. In renewing vigorous digestion, it strikes the key note of recovery of strength and quietude by the nerves. Headaches, tremors in quiet sleep, all these modify and ultimately disappear as the system gains strength from the great tonic. Dyspepsia, biliousness, rheumatism, constipation and kidney complaints are subdued by the Bitters.

safety, and upon looking up above town a solid wall of water from four to six feet high was seen covered with drift and bearing down upon them with lightning-like velocity, and far extending in volume the first rise. Then all hope fled and the little village was thought to be doomed to certain destruction.

One of the most remarkable escapes on record is that of Mr. Daniel Dunkle and wife of Salona, who were carried on a house roof to Mill Hill, arriving there about 3 o'clock in the morning, the roof striking against the residence of Mr. Starn, at the upper end of town. Mr. D broke in a window and himself and wife were taken from their perilous position by Mr. Starn and wife. It seems almost a miracle how they escaped being washed off while going over the dams.

### Bald Eagle Valley.

The high waters in Bald Eagle creek surpassed the flood of 1865 and is beyond anything known by the oldest inhabitants. Saturday morning the stream broke from its confines and spread over the valley for miles. The quiet stream became a great mass of turbulent waters which spread havoc and ruin along its entire length. From Julian on down to Lock Haven there is scarcely a bridge left on its foundations. At Milesburg the large iron bridge was torn from its moorings at about 4 o'clock Saturday and went crashing down the stream. Milesburg was greatly damaged as the water came into most of the dwelling houses and in some instances reached the second floor. They received word of the approaching flood and many locked up their houses and retired to higher ground. Many out-buildings and fences were taken away. The mill dam was broken and the grist mill was somewhat damaged. Wagner & son removed everything on the first floor of their mill to the second floor and thus avoided a large loss of grain and flour.

The railroad track about Central City and the station building and surrounding property was badly damaged. Property in this section came in for a good share of the loss.

Mr. Frank Wallace sustained a very heavy loss, his brick yard is a total wreck. His loss will reach \$1,300.

The fields and crops throughout the valley were mostly under water and the farmers generally will suffer. Fine wheat fields are covered over with several inches of mud, sand, stones and rubbish; corn-fields had the soil carried away leaving in many places nothing but fine sand stones on the surface. This is the condition along the entire course of the stream. At some places there was nothing but a broad expanse of water which extended from mountain to mountain.

At Curtin Iron works the bridge was carried away and the fires in the furnace were extinguished.

At Howard the bridge was taken and considerable damage done to property generally. At Beech Creek the wagon bridge, a large iron structure, built by Centre and Clinton counties was swept away. At Mill Hill all bridges were swept away. The loss of property through this valley is enormous and will cause much distress to the farming community.

### Lewistown Suffers.

The reports from Lewistown were received by phone and stated that everything along the river was flooded. The two large bridges over the Juniata were swept away. The county bridge was a fine new iron structure and had been completed recently. The last coat of paint was put on but a week ago. A house with man and wife was carried down stream and the occupants were drowned. A large bank barn on the opposite side of the river on a farm occupied by William McGirk was taken away. As it went down stream three persons could be seen in the building and it is supposed that all were lost as the building soon went to pieces.

Mr. McGirk formerly lived near Bellefonte and then moved on a farm near Linden Hall and from there moved to Millin county. The latest reports are that Mr. McGirk and his two sons were in the building and nothing has been since heard of them.

At the Logan Iron works near Lewistown, the boilers were neglected in the excitement and they went up with a terrible explosion destroying the building and resulting in the death of several people. Mann's Axe Factory above Lewistown was badly damaged, one of the buildings was entirely swept away and the others were badly ruined.

Reedsville and Millroy suffered much damage all along the course of the streams.

### Railroad Facilities.

Bellefonte is cut off from the outside world as all the railroads were damaged. The Lewisburg and Montandon line had the track torn up for several miles by low Coburn and the bridges are badly damaged. On the same road the river bridge was taken and only two spars are standing. Conductor Cook's train passed over a few minutes before it went and had a narrow escape.

The Bald Eagle road expects to have trains running on regular time about Friday.

The middle division on the main line is in bad shape from Lewistown to Tyrone and will be several weeks before trains will move over it. That road is open from Tyrone west and Lewistown east. The bridges from Lewistown on up the P. & E. road are gone but from that point east are reported as being all right.

There was a light fall of snow at Luthersburg, Clearfield county, on the 23d.

Jacob Gates, of Upper Yoder, is in the Cambria county jail charged with attempting to cut his son to pieces with an ax.

James Milliken caught an eel in the mill race at McCulloch's mill, Juniata county, that had a hard substance protruding from its side. On investigation he discovered it to be the leg of a chicken.

Cut worms are causing sad havoc with the growing corn in Trough Creek valley, Huntingdon county. Some of the farmers talk of replanting their corn entirely, the worms having destroyed it so that it is not worth working.

Mrs. Flannagan, wife of John Flannagan, of Fairplay, near Riddlesburg, attempted suicide last Sunday morning by taking poison. Jealousy was the cause, her husband having danced with a young girl at a party Saturday night previous. A physician pumped her out and saved her life.

### A PENSION AGENT IN TROUBLE.

Col. William L. Schley, of Baltimore, Under \$1,000 Bail. BALTIMORE, May 30.—Col. William L. Schley, claim and pension agent of Baltimore, has been placed under \$1,000 bail to answer in the United States courts the charge of aiding in the false making, forging and counterfeiting of a voucher for the purpose of obtaining money from the United States. The case is that of a Mrs. Weaver, who died in December, 1887. She was entitled to a pension. After her death her son August and Mrs. Catherine Miller went to Schley to secure the dead woman's pension. Mrs. Miller personated Mrs. Weaver in a voucher, and the result was a check from the government last January for \$1,294. The matter looked out, however, and August Weaver and Mrs. Miller were arrested. Now they accuse Col. Schley of having hatched the fraud.

### BRITISH WARSHIPS GOING NORTH.

They Propose to Protect the Canadian Sealing Schooners. VICTORIA, B. C., May 30.—This city is in a state of great excitement consequent upon the order received by the fleet to prepare to sail for Behring sea on June 15. The fleet consists of the Swiftsure, the Amphion and the Defender. The Amphion is a twenty knot cruiser, is heavily armored, and is by far the most powerful man-of-war in the Pacific ocean. The sealing schooners are told that every protection will be afforded them. Torpedo boats are being fitted for the protection of the harbor. A colonist, speaking on the subject, praise the prompt action of the British government in protecting her interests, and thinks that rupture between England and the United States is imminent.

### To Try T. B. McDow.

CHARLESTON, S. C., May 30.—The jury to try T. B. McDow for the murder of F. T. Dawson, editor of The News and Courier, in March last, has been drawn. Out of thirty-six in the panel, fourteen are negroes, a proportion of negroes unprecedented since 1876, when the whites obtained the control of the state government. Some of the friends of the murdered man charge that the jury box had been tampered with in the interest of the murderer.

### An Interesting Report.

CORCORAN, N. H., May 30.—The report of the state railroad commissioner, which has just been issued, discusses the causes of railway accidents, and advocates legislation against trespassing upon the tracks, which is the chief cause of casualties. Since Sept. 30, 1888, there have been killed on New Hampshire roads 104 persons, of whom twenty-seven were trespassers. Only twelve were killed on crossings, and only six in coupling cars.

### To Sell Lower California.

CITY OF MEXICO, May 30.—The situation of Lower California, the discoverer of gold there, and the influx of miners from the United States, have at frequent intervals occupied the attention of congress. It is rumored now that a proposition to sell the entire peninsula of Lower California to the United States is under consideration in secret session, and that negotiations to that end have been going on for some time.

### AMENDMENT TO THE CONSTITUTION

Proposed to the citizens of this Commonwealth by the General Assembly or the Commonwealth of Pennsylvania for their approval or rejection at a special election to be held June 18, 1889. Published by order of the Secretary of the Commonwealth, in pursuance of Article XVIII of the Constitution.

Joint resolution proposing an amendment to the constitution of the commonwealth.

SECTION 1. Be it resolved by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met That the following is proposed as an amendment to the constitution of the Commonwealth of Pennsylvania in accordance with the provisions of the eighteenth article thereof:

AMENDMENT.

Strike out from section one of article eight, the four qualifications for voters which reads as follows:

"If twenty-two years of age or upwards, he shall have paid, within two years, a state or county tax, which shall have been assessed at least two months, and paid at least one month before the election," so that the section which reads as follows:

"Every male citizen, twenty-one years of age, possessing the following qualifications, shall be entitled to vote at all elections.

First. He shall have been a citizen of the United States at least one month.

Second. He shall have resided in the State one year (or if having previously been a qualified elector or native born citizen of the State he shall have removed therefrom and returned, then six months) immediately preceding the election.

Third. He shall have resided in the election district where he shall offer to vote at least two months immediately preceding the election.

Fourth. If twenty-two years of age or upwards, he shall have paid, within two years, a state or county tax, which shall have been assessed at least two months and paid at least one month before the election," shall be amended, so as to read as follows:

Every male citizen twenty-one years of age, possessing the following qualifications, shall be entitled to vote at the polling place of the election district in which he shall at the time be a resident and not elsewhere:

First. He shall have been a citizen of the United States at least thirty days.

Second. He shall have resided in the state one year (or if having previously been a qualified elector or native born citizen of the State, he shall have removed therefrom and returned, then six months) immediately preceding the election.

Third. He shall have resided in the election district where he shall offer to vote at least thirty days immediately preceding the election. The legislature, at the session thereof next after the adoption of this section, shall, and from time to time thereafter may, enact laws to properly enforce this provision.

Fourth. Every male citizen of the age of twenty-one years, who shall have been a citizen for thirty days and an inhabitant of this state one year next preceding an election, except at municipal elections, and for the last thirty days a resident of the election district in which he may offer his vote, shall be entitled to vote at the election of this section, shall, and from time to time thereafter may, enact laws to properly enforce this provision.

Fifth. For the purpose of voting, no person shall be deemed to have gained or lost a residence by reason of his presence or absence without the limits of the election district of which he shall at the time be a resident and not elsewhere for all officers that now are or hereafter may be elected by the people. Provided, That in time of war no elector in the actual military service of the State or of the United States, in the army or navy thereof, shall be deprived of his vote by reason of his absence from such election district, and the legislature shall have power to provide the manner in which and the time and place at which such absent electors may vote, and for the return and canvass of their vote in the election district in which they respectively reside.

Sixth. For the purpose of voting, no person shall be deemed to have gained or lost a residence by reason of his presence or absence without the limits of the election district of which he shall at the time be a resident and not elsewhere for all officers that now are or hereafter may be elected by the people. Provided, That in time of war no elector in the actual military service of the State or of the United States, in the army or navy thereof, shall be deprived of his vote by reason of his absence from such election district, and the legislature shall have power to provide the manner in which and the time and place at which such absent electors may vote, and for the return and canvass of their vote in the election district in which they respectively reside.

Seventh. For the purpose of voting, no person shall be deemed to have gained or lost a residence by reason of his presence or absence without the limits of the election district of which he shall at the time be a resident and not elsewhere for all officers that now are or hereafter may be elected by the people. Provided, That in time of war no elector in the actual military service of the State or of the United States, in the army or navy thereof, shall be deprived of his vote by reason of his absence from such election district, and the legislature shall have power to provide the manner in which and the time and place at which such absent electors may vote, and for the return and canvass of their vote in the election district in which they respectively reside.

A true copy of the joint resolution.

CHARLES W. STONE,  
Secretary of the Commonwealth.
