I want to be frank with you doctor, and will unburden myself. When I saw the desperate situation at the college it grieved me exceedingly and I made extraordinary efforts to ascertain whether the faculty or the students were to blame. From every source of information I could elicit nothing but statements condemning the action of the faculty; that made an impression on me which finally took the form of a conviction. I was convinced that the faculty had blundered again, so was everybody else, so were the members of the faculty themselves as their final action -The new directory that has just proved. I hope that with this brief explanation you will be able to distinguish a timely and beneficial criticism from a 'malicious attack."

A SUM IN ADDITION.

While the opportunities in your statement to the public for contradiction are numerous I shall content myself, in order to show that I am not hostile to the State College or its faculty, with the consideration of one-a sum in addition. It is not a difficult sum. Most anyone of your overworked professors by taking a sheet of paper and several hours seclusion ought to be able to arrive at the correct result. Please be calm while I give out the sum. You say that the number of students at the college has more than doubled in the last six years. The catalogue for '81 gives 140, the number attending school at present is -Kurtz & Son's new mill building, 180. Now then more than double 140 and name the result. You can hardly fail to see that in your correction of misstatements you have unintentionally of course made one yourself. A "PASSING INCIDENT" CANVASSED.

You say that the "wanton and malicious attack" was occasioned by what you are pleased to call a "passing incident." I never knew that you were inclined to be facetious, doctor. But your allusion to a disturbance like that as a "passing incident" is certainly intended to amuse people. Tribute of Respect.

It was the will of all wise Providence to call from our midst, on Tuesday June 11. Our faithful secretary and loving classmate, Miss Annie Fye. Therefore we deem it our duty as a Sabbath-school to express our sorrow and sympa thy to the parents, brothers and sisters of the ceased and advise them to seek consolation in Him who doeth all things well. Our loss is her gain. Miss Annie was always ready to perform her duty. She was an active, interest ing worker in our Sunday-school. The familiar form, the voice so pleasant, the greeting so cordial are all things of the past, but not all things have passed away from earth. Recollect tions of her virtues, her noble example, her faithfullness in her home and in our Sabbath school remain as long as memory itself shall last. In the bloom of youth she has left us, scarcely sixteen years old. So kind, so useful, we will miss her. Our Heavenly Father is re. minding us of the uncertainty of life and the certainty of death; may we all profit by His teachings. Let us strive to meet her in Heaven. In the spring time we will strew her grave with the first flowers of spring. in memory of one so faithful and so good. We ask that a copy of these resolutions be furnished the county papers for publication and be placed on the minutes of our Sunday-school

Respectfully yours, MISS CORA MCCORMICK | I MISS BENTRA JACKSON MISS EVA L. OSMAN Classmates.
