THE NEW YORK STAR.

A Daily and Weekly Newspaper.

PROSPECTUS FOR 1889.

THE STAR BUILDING.

The New York Star passed into the hands of new managers in November last, and a new corporation is now in full possession and control.

During the first months of the change the improvement made in it was so pronounced that it came to be recognized at once as

A Live, Bright and Brilliant Newspaper.

Its news columns are filled with the freshest of foreign, domestic and local news. Its editorials are crisp, positive and bold. Its Democratic principles are so pronounced and orthodox that the Democratic National Committee, on its recent reorganization, selected it as the medium for placing its official action and utterances before the voters of the party. It urges united Democracy in nation, State and city; and is the advocate of no individual nor the organ of no faction.

ITS SUNDAY ISSUE OF 16 PAGES

Is regarded universally as the best combination of original literature with news which is now published in New York city on Sunday. The matter selected for the literary columns is supplied by scores of contributors of the highest merit and reputation. Their united contributions each Sunday would make a volume as large as Harper's Magazine, and treating of many more subjects than any monthly magazine published ever discusses. The whole at a cost of only 3 cents for 16 pages!

THE WEEKLY EDITION

differs in many respects from the weekly editions of other New York papers. It is a perfect epitome of the really important news of the week carefully condensed and systematically arranged. All the markets of interest to farmers are published in detail. Space is given to the class of literature most welcome in the home circle. Special care is taken to interest the women of the household. It does not pretend to instruct the farmer in farming, but to interest him in the general news of the world, leaving the home paper of each subscriber to supply the practical information on all agricultural topics. It is an excellent paper, therefore, to obtain, through favorable club rates, along with the weekly printed in your immediate locality.

GIRARD'S MILLIONS.

Contesting the Legacies of the Great Philanthropist.

SUITS BY FRENCH CLAIMANTS.

Impetuous French Heirs Institute Suits for Amounts Aggregating \$12,000,000. Struggling for Valuable Coal Lands That Were Sold for a Song—Charges That the Girard Charities in Philadelphia Are Not Properly Administered.

NEW YORK, Aug. 5.—Several months ago the French consul received a visit from one of his countrymen, M. De Vars du Maine. The visitor told the consul that he had come to this country to secure the interests of a number of Frenchmen, co-heirs to a portion of the estate of Stephen Girard, the founder of Girard college, who left \$9,000,000 for the establishment and maintenance of various charities in Philadelphia.

The consul advised M. De Vars du Maine to see Edmond Huerstel, the legal representative of the French consulate.

After Schuylkill County Coal Lands. As a result suit has been instituted in the supreme court of Pennsylvania for the recovery of 6,000 acres of valuable coal and mining lands in Schuylkill county. M. De Vars du Maine's wife is a grandniece of the dead millionaire and also has power of attorney from other heirs.

Besides these French claimants, Miss Henrietta Girard, of Philadelphia, has joined in the suit. She is a niece of Stephen Girard. There are, moreover, other suits for the recovery of other portions of the estate.

The Will Disregarded. Stephen Girard bequeathed the bulk of this property to the city of Philadelphia, directing that all the revenues arising from the estate should be applied to certain specific purposes.

Although fifty-eight years have passed since Mr. Girard's death, his natural heirs say that only Girard college has been erected from the proceeds of the estate, and that there is a large amount of income that has not been used as directed by the will. This amount is estimated at \$2,000,000, and these heirs want it.

The Heirs Suffered Through Ignorance. The suit for the Schuylkill county property is brought against Mrs. Eugenia Girard and certain present holders. After Stephen Girard had made his will he came into possession of this property, and not affected by the will. This was admitted by the city of Philadelphia, and the 6,000 acres were sold nominally for the benefit of the Girard heirs in order to pay a claim against them of \$3,500.

The heirs resident in France being very poor and unacquainted with the facts, it is said, paid no attention to the matter, and the property was bought in at an absurdly low figure by agents of John Augustus Girard, of Philadelphia, and when he died his wife came into possession.

Suits in Louisiana. The property contains some of the best coal and iron mines in the country. They are now in operation and are valued at several millions. The plaintiffs in the present action allege that the property was not rightfully sold, not all the heirs having been cited to appear.

Another suit on behalf of these same heirs has been instituted against the state of Louisiana, where it is alleged the estate owned 208,000 acres valued at \$5,000,000. Altogether some \$13,000,000 is involved in these suits. Most of the contestants are extremely poor.

Funeral of Col. Fordney. LANCASTER, Pa., Aug. 1.—The funeral of Col. William B. Fordney took place here and was largely attended. The pall bearers were Senator J. Donald Cameron, President George B. Roberts, of the Pennsylvania railroad; William F. Reynolds, of Bellefonte; Judge J. B. Livingston, Judge W. D. Patterson, John D. Skiles, John B. Roth, Nathaniel Ellmaker, Newton Lightner and William A. Morton. The services were conducted by Rev. M. R. Hooper, of St. James' Episcopal church, and the interment was made in Woodward Hill cemetery.

Spreckels' New Sugar Plant. PHILADELPHIA, Aug. 5.—The extensive plant of the Spreckels sugar refinery at Reed street wharf is to be duplicated after the present buildings are completed about Sept. 1. This addition will give the doubled refinery a capacity for producing 4,000,000 pounds of sugar daily. It will also increase the amount of capital invested to about \$4,000,000 or \$5,000,000. The contract cost of finishing the first set of buildings, independent of the improved and costly machinery, is estimated at about \$1,500,000.

Monongahela Miners Strike. PITTSBURG, Aug. 1.—The miners along the Monongahela river have determined to resist the reduction to 2 cents per bushel and will stand for the 3 cent rate. The diggers at Joseph Walton & Co.'s works who went in at the reduced rate struck again, and Capt. I. N. Dunton says that all their works are now idle.

Rumors of Disturbance. SCOTTDALE, Pa., Aug. 6.—It is reported that a party of Hungarian strikers went to Schoonmaker's ovens at Jimtown and attempted to make the coke makers quit, and that a fight ensued, but the report could not be confirmed. There is no other change in the situation.

Crushed Under a Locomotive. ASHLAND, Pa., Aug. 1.—Charles Smith, employed as a locomotive engineer at the Locust Spring colliery, was killed by being crushed under his locomotive. Deceased resided here, and leaves a widow and several children.

A Sheriff Captures a Brewery. BETHLEHEM, Pa., Aug. 3.—The sheriff has taken possession of the Monocacy brewery, of which Carl Eckhardt is proprietor, on executions aggregating \$15,000.

The Mohrville Worshipers. MOHRVILLE, Pa., Aug. 6.—The evangelical camp meeting is poorly attended, the unfavorable weather being the cause. Sunday, there was a large turnout of people.

A Miner Fatally Injured. MOUNT CARBON, Pa., Aug. 6.—Joseph Condit, a miner, was fatally injured by a blast at T. M. Righter & Co.'s colliery. He died while being removed from the mine.

SHAKING SULLIVAN'S HAND.

Crowds Greet the Prisoner Pugilist and Ladies Shake His Hand.

JACKSON, Miss., Aug. 5.—Sullivan's trip to Mississippi was like a triumphal tour. Crowds gathered at every railroad station and cheered the pugilist and at several points ladies sent bouquets to him. At Durant, Miss., the crowd numbered several hundred. The privilege of shaking Sullivan's hand was fairly begged for. Several ladies gained entrance to the car and were introduced to the champion.

At Jackson the crowd was still larger and no less enthusiastic. Sullivan was met by Renaud and other sports and taken to a hotel where a spread had been arranged for. The crowd followed and cheered for the pugilist. Sullivan went into the rotunda of the hotel and held a levee shaking hands with hundreds of persons.

The governor, on being informed of the demonstration, was very much incensed and ordered Sullivan locked up in the city jail. He said he would not allow a prisoner charged with a serious offense to make a mockery of the law.

Sullivan Arrested.

NEW YORK, Aug. 1.—John L. Sullivan was arrested last evening at the Vanderbilt hotel on a requisition from the governor of Mississippi. Sullivan had heard of the intended arrest and was preparing to go to police headquarters to surrender himself when the officers arrived with the warrant. Sullivan was detained at police headquarters.

To Try Sullivan in Marion County.

JACKSON, Miss., Aug. 6.—John L. Sullivan spent the greater part of the night in jail, but was taken back to the Edwards house before daylight. At 11 a. m. he had a hearing before Judge Campbell upon a writ of habeas corpus. The judge ordered that he be at once taken to Marion county to answer for the crime charged against him. The courts of this county have nothing to do with the case. Detective Childs left with his prisoner for Marion county.

A BOLD TRAIN ROBBERY.

Two Men Hold Up the Passengers of a Sleeping Car in Missouri and Escape. The Conductor's Desperate Fight.

KANSAS CITY, Mo., Aug. 5.—One of the boldest and most daring train robberies ever perpetrated in Missouri occurred on the Wabash train which left the union depot at 8:30 o'clock Saturday night. The train had run a distance of about four miles, when two men entered the rear door of the St. Paul sleeper. One of them had utilized a white handkerchief as a mask and the other a red one.

They ordered all the passengers to hold up their hands, and enforced their orders with a brace of Colt's revolvers. One of them approached each passenger, and while the other kept watch of the sections, took everything of value that could be conveniently found. There were only a few passengers in the car and the work of robbery was soon complete.

As soon as all had been relieved of their valuables, amounting to \$175 in cash and two gold watches, the robbers backed out of the front door of the car, being careful to keep their shooting irons pointed toward the helpless travelers.

The Robbers Strike a Snag.

They stepped on the platform and just as they were about to enter the Illinois Central coach Conductor Roach came out of the door. One of the robbers pushed his revolver under the conductor's nose and with an oath ordered him to hold up his hands. He had no weapon, but he carried his lantern in his hand, and with that he dealt one of the men a vicious blow on the head, smashing the lantern's glass and extinguishing the light.

Simultaneously with his assault the other robber fired a shot at him. The aim was bad and the bullet missed its mark. The first robber had by this time discovered himself and he took a shot at the conductor. His aim was no more precise than his partner's.

The robbers fled with one more parting shot swung off from the steps of the car. That was the last seen of them.

A CABINET EXODUS.

The President and His Advisors Leave Washington for Rest and Recreation.

WASHINGTON, Aug. 6.—The president left here at 9:40 this morning on a special car attached to the regular train over the Pennsylvania road for New York. He was accompanied by Secretaries Windom and Proctor and Private Secretary Halford. At New York this evening they will take the Fall River boat for Boston, arriving there on Wednesday morning.

Secretaries Windom and Proctor will not accompany the president to Bar Harbor, but will remain to transact some business there.

Solicitor Walker Blaine will meet the president at Boston and escort him to Bar Harbor on Thursday. Messrs. Windom and Proctor will return to Washington in about a week.

Secretary Tracy, who has been suffering from a slight attack of dysentery, went to Brooklyn today for a short stay. Attorney General Miller will leave for Indianapolis this afternoon. He will return in two weeks.

Secretary Noble will probably take a short vacation beginning at the end of this week.

Martin Burke in Chicago. CHICAGO, Aug. 6.—Martin Burke, the Cronin suspect, handcuffed to two detectives, was dropped from the St. Paul train about six blocks from the Union depot last night and from there driven in a carriage at lightning speed to the Harrison street station and placed in a cell. At the depot was a squad of policemen waiting ostensibly to escort Burke to the depot, but really to act as a decoy for the reporters. There were very few people about the police station and no one save the police authorities knew of Burke's arrival until he had been safely placed behind the bars.

A Big Secession from the K. of L. NEW YORK, Aug. 1.—The Plumbers and Steam Gas Fitters' Laborers' union of the United States and Canada, in session at Brooklyn, have voted to sever connection with the Knights of Labor and establish an independent organization. This is said to take 30,000 members from the Knights of Labor.

Narrat Halstead's Welcome.

CINCINNATI, Aug. 5.—The welcome to Murat Halstead, though it was intended as a partisan affair, became a personal ovation. The audience in Music hall numbered fully 5,000 persons.
