Since the election is over we are in a quandary for a hobby as the people are itor told the biggest campaign lie-this last is well known. We won't talk about the good qualities of our party and the merits of our candidates, but will blow about something, and that is Bellefonte," of which we make the following observations:

The Bellefonte Steam Heat company at present supplies heat for one hundred and sixty-five customers and all from one plant. This shows that the people all the latest inventions for their comfort and convenience.

Terrible Oaths the Mormons Take.

Several Mormons have lately applied for citizenship and objection has been raised on the ground that Mormons House are obliged to take oaths such as unfit them for citizenship. The court is taking testimony on this point, and several apostate Mormons have made, under oath, terrible accusations against the Church. They say that persons admitted through the Endowment House, swear to obey the priesthood above all other powers on earth, and to aim at the destruction of the United States Government. The penalty for violating or divulging oaths is to have the bowels cut out and the throat and tongue cut, and several witnesses swore that they had seen this done. They also testified that the Mormon Church instigated the Mountain Meadow mas-

KIND EDITOR: After reading the election news the past two weeks, the spirit moves me, like a good quaker, to speak in meeting. The result overwhelms us, for although we expected to redeem our county, not because we had such a good ticket and our political opponents, a poor one, for the candidates on all three tickets were in every respect most excellent men, but because the waring factions in our grand and glorious party had become reconciled and were working in harmony together. Yet we did not anticipate such a large accession of Republican votes for our county ticket. Not for many years have the candidates of all three parties had so clean a record, both political and personal, as those presented by the Democrats, Republicans and Prohibitionist for our suffrages at the late election. I am personally acquainted with most

of the candidates that were on both the Democratic and Republican tickets. and I know them to be men above reproach. The fact that Messrs. Schaef fer and Meyer secured a good majority of the vote of Republican-Beliefonte not only testifies to the honesty and ability with which they conducted the business of their offices during the term just ending, but it also shows that the Republicans are sick of the slander which Jimmy Feidler fabricates from time to time against honest officials, simply because they were Democrats. The veterans also gave Jimmy a black eye for the abusive standers he circulated about Messrs. Fortney and Riley, both veterans, the latter a G. A. R. man. Now James keep hands off the old soldiers. The Republican party claims to be more friendly to the soldiers than the Democratic party, but your abuse of veterans, not only during the past campaign but ever since you have published the Gazette simply bewho pass through the Endowment cause they happened to be Democratic nominees for office, either proves their claim to be false or else it places you in a very bad light before your party. You may pitch into Bro. Chas. Kurtz as much as you please, because he is able to give you a stomach full in return, but hereafter let t's veterans alone when they happen to be on the Democratic ticket. You remember how you abused Comrade Noll when he was our candidate for sheriff. If you have forgotten it the "boys in blue" have not. They believe a soldier is a soldier whether he is a Democrat, Republican or a Prohibitionsst, and do not like to see abuse heaped upon any of their comrades. But enough of this. Republicans of Bellefonte, many thanks to you for your kind aid in giving Jimmy Feidler a black eye, and now ask you all to unite upon some good honest battle scarred veteran from the Republican party and boost him for the Bellefonte post office, and prove that you are in reality the friend of the soldier. And Bro. Kurtz, if Jimmy gets over his sickness too soon and begins his abuse of good Democrats again, just drop me a postal, informing me of the fact, and I can furnish him with a list of prominent South Side Republicans who voted in order to give him the malaria which gave him the back set.
