

Through the Weary Hours.
Of many a night, made doubly long by its protracted agony, the rheumatic sufferer tosses to and fro on his sleepless couch, vainly praying for that rest which only comes by fits and starts. His malady is one which ordinary medicines too often fail to relieve, but there is ample evidence to prove that the effieic blood purifier, Hostetter's Stomach Bitters, affords the rheumatic a reliable means of relief. Check the malady in its incipient stages, when the first premonitory twinges come on, with this agreeable medicine, and avoid years of torture. Whatever be the rationale of the active influence of the Bitters upon this malady, certain it is that no evidence relating to its effect is more direct and positive than that which relates to its action in cases of rheumatism. Like all sterling remedies, however, it should not be abandoned because not at once remedial. It is equally efficacious in dyspepsia, indigestion and kindred disease.

The latest marriage announcement reads thus:—"No cards, no presents, no cake, no wedding trip, no honeymoon, no divorce."

Does Experience Count?
It does, in every line of business, and especially in compounding and preparing medicines. This is illustrated in the great superiority of Hood's Sarsaparilla over other preparations, as shown by the remarkable cures it has accomplished.

The head of the firm of C. I. Hood & Co. is a thoroughly competent and experienced pharmacist, having devoted his whole life to the study and actual preparation of medicines. He is also a member of the Massachusetts and American Pharmaceutical Associations, and continues actively devoted to supervising the preparation of and managing the business connected with Hood's Sarsaparilla.

THE CHARLESTON OFF

The Cruiser Resumes Her Chase of the Itata.

HAS COAL FOR A TEN DAYS' RUN.

The Esmeralda Forced to Remain for Lack of Fuel—Perhaps She and the Itata Have Already Met—The Latter Believed to Be Off the Coast of Central America.

ACAPULCO, Mex., May 19.—The United States cruiser Charleston has left Acapulco after filling her bunkers with coal. She steered a general southerly course, in the direction supposed to have been taken by the Itata. No one here knows what the cruiser's plans are, as Capt. Remy kept his own counsel and said nothing of his intended route.

The prohibition of the Mexican government against selling the Esmeralda coal is still in force, but it is said that it may be removed, especially as the Esmeralda's officers have hopes of establishing a telegraphic credit at New York or Paris. Should they succeed it is not thought they will have any difficulty in paying for coal with drafts thus telegraphically accepted, nor is it thought likely that the Mexican government would energetically prosecute a dealer who received such drafts in payment for fuel.

The opinion is general here that the Esmeralda communicated with the Itata just outside the harbor and received from the transport a supply of provisions, after which the Itata continued her flight to the south.

Even if the Esmeralda secures credit and permission to coal it will take her two days to get the fuel aboard, so it seems hardly probable that she will be able to present when the Charleston overhauls the Itata.

The Charleston took on board sufficient coal supply for a ten days' run at the top of her speed, which should enable her to catch the Itata, provided she is on the track of the fleeing vessel.

CITY OF MEXICO, May 19.—The officials at Acapulco have telegraphed the war department in answer to a question, that there is no probability of a conflict between the Charleston and the Esmeralda. Nothing has been seen at Acapulco of the Itata and it is believed that she is now off the coast of Central America, having been supplied by the Esmeralda with fuel.

Gen. Pedro Hinojosa, secretary of war, declared to the United Press correspondent that Mexico only insists that her neutrality be respected. He says his orders are not to sell coal to the insurgent vessels and not allow them to land in Mexican territory.

In an interview at Acapulco an officer of the Esmeralda said: "We will try to get coal here, but if this is impossible we are sure of getting it within a few hours sail. We are not afraid of a conflict with the Charleston, but our orders are to be prudent and not provoke a conflict. He did not know whether the Esmeralda would now go to Chile, but said the captain of the vessel had received a long cipher dispatch on Saturday which probably directed her future movements."

Two Deserters Give Testimony.

SAN FRANCISCO, May 19.—It is stated that two deserters from the steamer Hipatia have given some interesting testimony in regard to that vessel before the grand jury at Los Angeles, which is investigating the Robert and Minnie case. These men it is said, testified that when the Itata started north she had on board a number of rifles, four sixty pound guns, a crew of ninety seamen and sixty soldiers. Two days before the vessel steamed in San Diego all the munitions of war and the soldiers were stowed away in the forward hold. The programme was for the Itata to get munitions of war from the Robert and Minnie, it being so understood by all on board and everybody was on the lookout for the schooner. It was also thought that it was the intention of the Itata to transfer cargo to the Esmeralda at Pichilique on the east coast of Lower California.

Subpoenas have been issued by Solicitor Gen. Taft, who is conducting the investigation on behalf of the government, for superintendents of the Western Union and Post telegraph. They will be expected to produce the telegrams that have passed over their lines in the past month relating to Chilean affairs. The Peruvian consul in this city, Mr. Halloway, contends that the Itata had an ample supply of fuel when leaving San Diego to allow her to steam to Iquique, and he is of the opinion that the vessel has gone direct to that point.

No News for a Day or Two.

WASHINGTON, D. C., May 18.—Secretary Tracy said last night he had received no new advices from the Pacific squadron concerning the Itata, and that he hardly expected to hear anything starting from that quarter for a day or two. Admiral McCann, who has just arrived at Iquique, has been placed in command of the Pacific squadron and will direct the movements of the Charleston in search for the Itata, he has placed his flag on board the Baltimore at Iquique, and is understood has been instructed to capture the runaway vessel, fight or no fight.

Death of Col. L. M. Dayton.

CINCINNATI, May 19.—The death of Col. L. M. Dayton, at the Queen City club yesterday, will be almost as great a shock to his large circle of friends in military circles as was that of his chief to the country at large. Col. Dayton was perhaps the closest to Gen. Sherman of all his military family. They were together almost from the beginning until the end. At a meeting of the Ohio commandery loyal legion, after the death of Gen. Sherman, Col. Dayton, for the first time, opened his lips to speak of the relations between him and his chief, and his friends, seeing the value of his knowledge, urged him then to put it in form for preservation.

The Cottage Has Not Been Sold.

CAPE MAY, May 19.—There is no truth whatever in the report that President Harrison has sold his fine cottage at Cape May Point. On the contrary, under orders from the White house, it is now being prepared for its occupation in a few weeks by Mrs. Harrison and family, the president to join his wife later in the season.

Alimony and Fees for Mrs. Goodwin.

NEW YORK, May 19.—Nellie B. Goodwin, the wife of Nat C. Goodwin, the actor, has been awarded \$75 a week alimony pending her action for a limited divorce from her husband on the ground of desertion. She is also allowed a counsel fee of \$250.

Thanks! Many Thanks!

You have treated us loyally the four years we have been in business. We consider ourselves under many obligations to you for the manner in which you have stood by us. But you deserve more than thanks, and you shall have it. We intend to merit your patronage now, more than ever.

Money is scarce—we know it; but clothing is plenty and we intend to put it within reach of the very poorest. If you want a suit for yourself, we have everything that is in the market. We can give you those cheap shoddy goods that you see advertised for \$3 and \$4 per suit. But that is not the class of goods we want to sell you. We want to sell you strictly honest goods, goods that will give you service, that you will be satisfied with and make you customers of ours for ever.

Now then we will sell you a suit for yourself that is all wool for \$7. And when we say all wool we mean it. For your boy, if he is within the age of 14 to 18, \$5.50 will get him the same kind of a suit. If he is within the age of 4 and 14, and wears short pants, \$3.50 is all that is needed.

These goods are all worth a great deal more money than we ask for them, but we have got more than we need. Some are single suits, odds and ends, a few of them from last season—but they are all the greatest values for the money that you have ever seen, and you must see them to get an idea how cheap they really are.

Thanking you again for past favors, and hoping that for your interests, as well as ours, you will give us a call and satisfy yourself that there is no place in Central Pennsylvania where you can buy clothing cheaper than from us.

Remain Respectfully,

M. FAUBLE,
Proprietor.

READING, Pa., May 18.—City Solicitor Rourke will file reasons for a new trial in the case of Henry F. McNeerney, of Philadelphia, against the city of Reading, in which a verdict of \$1,200 was recovered by plaintiff last Saturday afternoon, for injuries sustained in falling into an open area.

NORRISTOWN, Pa., May 18.—While temporarily deranged Horace Egbert, a young married man living with his father, Allen Egbert, in Norriton township, near the borough line, committed suicide by shooting himself in his father's barn. Domestic troubles are said to have been the cause.

PITTSBURGH, May 18.—Judge Magee has sentenced J. P. Hall, a young attorney, to two years in the penitentiary for forgery. A year ago Hall was one of the leaders of the young members of the Allegheny county bar. He became intoxicated, assaulted a client, was sent to jail, and the discovery of the forgery followed.

PHILADELPHIA, May 18.—Twelve additional capias have been issued for the arrest of persons known to have been connected with the "Get-Rich-Quick Orders" and placed in the hands of Sheriff West, of Camden. Jacob S. Justice, of the Benevolent Endowment association, was taken into custody and released upon furnishing a bond for \$500.

MEADVILLE, Pa., May 18.—Linesville, situated in the southwestern part of Crawford county, sustained a serious loss by fire. The fire originated in the basement of McLan & Schenck's hardware store and was caused by the explosion of gasoline. Four stores and three dwelling houses, all wooden buildings, were consumed. The loss will amount to \$65,000.

PITTSBURGH, May 18.—About fifty additional cases of poisoning are reported from Shurgalburg and vicinity from eating smoked sturgeon purchased from a Pittsburg dealer at a low price last Thursday evening. This makes eighty cases in all. None of the cases will likely result fatally. Several of the doctors will analyze the sturgeon to discover the real cause of the poisoning.

NORRISTOWN, Pa., May 18.—William Shippe is an inmate of Charity hospital, having been brought there with a heavy load of shot in his right leg. Early in the morning he attempted to enter the chicken house on Alfred Styer's farm in Whitpain township. Farmer Styer heard him and awakened his hired man, Henry Shaw, who shot Shippe just as he was about to escape.

ALLENTOWN, Pa., May 18.—F. W. Shanon and Francis G. Newlands, the son and son-in-law, respectively, of the late Senator Sharon, of Nevada, and Charles L. Sheppard, all of New York, entered a bill in equity to foreclose a \$100,000 mortgage against the Keystone Cement company, of Coplay, of which Antonio De Navarro, the husband of Mary Anderson, is president.

PHILADELPHIA, May 18.—The portion of the contract for Reading terminal masonry work which was first awarded to Select Councilman Samuel Hart, but which he subsequently threw up, was turned over to J. J. Ryan and J. J. Kelly, trading as James J. Ryan & Co. It was Mr. Ryan who was the successful bidder for the other half of the work, and the entire job, which is worth \$750,000, is now in the hands of his firm.

WEST CHESTER, Pa., May 18.—Chief of Police Ingram succeeded in capturing Victor Chambers, a young colored man who is thought to have passed a number of bogus checks on West Chester people. He was brought before Squire Rupert, who decided that the case should be heard before a justice in Delaware county. EASTON, Pa., May 19.—Rev. W. H. Stauffer and Rev. N. L. Bechtel, who succeeded from the East Pennsylvania conference of the Evangelical church at Allentown, and who were unable to obtain possession of the charges given them here and in South Easton, by Bishop Bowman, recently joined the Atlantic conference, and are now pastors of churches, Rev. Stauffer having been given charge of the German Evangelical church in this city, and Rev. Bechtel of the one in Bethlehem.

HARRISBURG, May 19.—Charters have been issued as follows: The Erie Terminal Railroad company from a point in the city of Erie to a connection with the Pittsburg, Shermago and Lake Erie railroad at or near Girard Junction in Girard township, Erie county. The length of the railroad will be fifteen miles. Capital stock, \$150,000. The Bridgewater Building association No. 2, capital stock, \$312,000. The Scranton Lace Curtain Manufacturing company of Scranton, capital stock, \$200,000. The stock is held in Scranton and New York city. The Irwin Electric Light and Power company, of Irwin, Pa., formally accepted yesterday the new laws relating to corporations.

ALLENTOWN, Pa., May 18.—Coroner Kramer recommended his jury in the case of Calvin Bronsinger, the young stepson of William Hallman, of near Shermersville, who died somewhat suddenly and apparently from violence. The stomach and portions of the kidney and liver of the boy were sent to Dr. Leffman, of Philadelphia for analysis, as a suspicion arose that the poison had been used. It was to hear the report of Dr. Leffman, that the jury was called together again, and to wind up the investigation. Contrary to general expectation the investigation revealed no traces of poison, and the charge of the jury was not sustained. The verdict exonerates William Hallman from the crime, on suspicion of committing which he was arrested. Hallman has been released.
