G. A. R. Men Celebrating Their
Silver Anniversary.

OVER FIFTY THOUSAND VETERANS

Invalidate Detroit and Are Welcomed
with Open Arms—Gossip as to Who
Will Succeed Commander Veazey.
Lincoln, Neb., and Washington
Working for the Next Meeting.

DETROIT, Aug. 3.—Bunting flying
from many buildings, reviewing stands
in the streets and the bustle and air of
preparation indicate that great times
are expected here this week.

GEN. W. G. VEAZEY. Decatur, Ills., and
Gen. Alger, past commander-in-chief,
chairman of the reception committee,
has named the present encampment the
"silver anniversary."

The Commander's Arrival.
Commander-in-Chief Veazey and the
veterans from New England generally
arrived today in nine special trains.
Yet New England has not the greatest
distant delegation by any means.

The citizens of Detroit are giving the
veterans a rousing welcome. After Gov-
ernor Winans vetoed the bill appropri-
ating \$30,000 for the entertainment of the
visitors on the ground of unconstitution-
ality, the people got together and raised
\$100,000 to take care of the poets, decorat-
ing the city and buying fireworks.

Among those mentioned as candidates
for the position of commander-in-chief
are Colonel W. E. Smedburg, of Califor-
nia; Colonel Ira M. Hedges and John
Palmer and General H. A. Barnum, of
New York; John Taylor, Pennsylvania;
Colonel A. G. Wessert, past senior com-
mander-in-chief, Wisconsin; Judge
Hurst, Ohio, and Colonel Charles P.
Lincoln, assistant commissioner of pen-
sions, who is Michigan's candidate.

Working for the Next Encampment.
Lincoln, Neb., is working to secure
the national encampment of 1892. The
citizens have pledged a large sum of
money toward defraying expenses and
are pushing the claims of their city.
Nebraska has a large soldier population
and its neighbor, Kansas, has over 100,
000 veterans who are supporting the
Lincoln boom.

A large contingent of Grand Army men
arrived from Washington last night by
the Pennsylvania railroad. Accompany-
ing the Grand Army representatives is
a company of prominent citizens of
Washington. They brought with them

DR. STEPHENSON.
[Founder of the G. A. R.]

hundreds of maps of Washington and the
surrounding country, showing the bat-
tlefields and other points of interest, and
a very handsome invitation plate of sil-
ver, beautifully engraved and decorated.

Popular Veterans.
DETROIT, Mich., Aug. 4.—"If this
sort of thing continues much longer De-
troiters will have to move to Windsor to
give way to the veterans and assure
them of a warm welcome," said one of
the leading men of the city as he stood
on a street corner and watched the fif-
teenth band, within an hour, go up
Woodward avenue, followed by a long
line of grizzled veterans.

Among the early prominent arrivals
was Secretary of War Redfield Proctor,
who was accompanied by Quartermaster
General Bacheelder. He had no sooner
left his car than he was surrounded by
a mob of people anxious to shake hands
with him, and his whole day was spent
in receiving the marks of distinction
from the old veterans. General and
Governor Fairchild, of Wisconsin, with
one empty sleeve, was another citizen
soldier that all delighted to honor, while
General Alger, right at home, where he
is loved, was given a reception as hearty
and cordial as any. Ex-President Hayes
was also honored by loud applause when-
ever the crowd caught sight of him and
was last night surrounded by an im-
mense crowd at his reception at Colonel
F. J. Hecker's house.

Last night's festivities consisted of
three presentations—one to Commander-
in-Chief Veazey of a \$1,000 gold medal
set with diamonds; one of the same sort
to General Alger, from his aides of last
year, and one to Major Fingree, a member
of the Second Massachusetts heavy ar-
tillery, who is caring for all the mem-
bers of his battery by turning his mag-
nificent estate into a camp, with a menu
card in the feed tent that would make
many hotels green with envy.

Opposing the Colored Veterans.
Among the delegations to the encamp-
ment are that of the department of
Louisiana and Mississippi. The delega-
tions of this department will demand of
the national encampment separation from
the negro, and if denied they as-
sert they are prepared to pull out of the
organization. They realize that their
demand will meet with bitter opposi-
tion from many of the northern organ-
izations, and have prepared to fight the
issue to a finish.

"If the national encampment com-
plies with our demands," said a delegate
from New Orleans, "the white veterans
of the department of Louisiana and Mis-
sissippi will continue to be a part of the
Grand Army of the Republic. If our
demand is refused they can muster us
out. We are going to bring the ques-
tion to a final issue."

MORE CROOKEDNESS.

How It Cost the State \$31,194.20 &
Collect \$2,756.50.

PHILADELPHIA, Aug. 1.—City Treas-
urer Wright yesterday communicated to
Auditor General McCannan the result
of an investigation by his officers into
the matter of the assessment and collec-
tion of the mercantile tax for the years
1889 and 1890. He says it has been found
that the lists are padded with the names
of persons who are dead, of people who
had removed, and of small shop keepers,
who were not liable to the tax, from
whom nothing could be collected, yet the
appraisers charged sixty-two and
one-half cents for every one of these
names which they placed upon their lists.

The magistrate's costs to the state for
collecting \$2,756.50 in 1890 amounted to
\$31,194.20. He asks the auditor general
to advise him as to what action he shall
take to purge the lists.

In his letter Mr. Wright says: "In the
course of my investigations it has been
established to my satisfaction that firms
and individuals engaged in business have
been exempted, although the volume of
business transacted by them clearly jus-
tified and required the assessment and
payment of the mercantile license tax.
This irregularity becomes the more ap-
parent and prominent because of the
fact that in the same vicinity or locality
with them there were found many per-
sons assessed and who are delinquent,
who never should have been assessed
at all."

UNCLE SAM IS RICH.

And Will Cheerfully Pay for the Mis-
takes of Government Engineers.
WILMINGTON, Del., Aug. 4.—The
United States engineers made some
wrong calculations when they laid out
the work for the government jetty at
Finn's Point, opposite New Castle. One
section of the pier was begun on the
New Jersey shore and built out, and the
other section was begun out in the river
and built in.

Last week there was trouble caused
by the great flow of water through the
gap. Contractor McLeon's pile driver
was sunk there, and is still on the bot-
tom of the river. A new contractor was
engaged to assist in the work. It was
then discovered that if the work was
continued the two ends, instead of meet-
ing, would lap over each other. The
engineers had made a wrong estimate.

Now the contractors' expense, in
pulling out the piles that have already
been driven. The line of the jetty will
have to be changed in order to make the
ends meet so as to close the gap. Had
the mistake not been made the work
would have been completed and turned
over to the government by Oct. 1. Now
its completion will be much later.

Disastrous Rain at Williamsport.

WILLIAMSPORT, Pa., July 31.—One of
the heaviest rainfalls this city has
known occurred yesterday afternoon.
The sewers were unable to carry off the
water and the streets in the lower por-
tions were flooded three feet deep. A
span of the new Maynard street bridge,
an iron structure, was blown down by
the wind. Several mills were damaged
and thirty-five houses on the south side
of the river were wholly or partially
blown from their foundations. One
house collapsed over the heads of the
inmates, and Mrs. Frederica, one of the
occupants, was badly hurt and is still
unconscious. The aggregate damage
was very heavy. The area of the storm
was fortunately narrow.

McKinley on Wool.

PITTSBURG, Aug. 4.—Major McKinley,
Republican candidate for governor of
Ohio, accompanied by his wife and a
party of friends from East Liverpool, O.,
were in Pittsburgh last night. "What
about your wool schedule, which the
Ohio Democrats are raising such a rumpus
about," was asked the major. "That
rumpus you speak of won't make any
political capital. The prevailing prices
of wool is down all over the world. The
wool schedule has not had a fair show,
because before the bill went into effect
the market was gutted with foreign wool
and foreign goods."

Tried to Cremate an Official.

ABERDEEN, S. D., Aug. 4.—Richard
Newton has been arrested charged with
attempting to burn up Chief of Police
Curtis. Two months ago fire started in
the northwestern block immediately
under Chief Curtis' room. Detectives
Chapman and Resch were set to work
on the case, and Chapman had himself
arrested as a "boot legger," thus gain-
ing the sympathy of the whiskey men.
To him Newton disclosed the plot to set
fire to the bank block and burn up Chief
Curtis. The case against him is a clear
one, and it is believed he will turn state's
evidence and implicate several promi-
nent men.

She Conquered a Highwayman.

NEW YORK, Aug. 4.—Kate Wilson,
an actress, who with the "Private
Secretary" company last season, was at-
tacked by a highwayman on Forty-
seventh street at 1 o'clock in the morn-
ing. Lizmie Almer accompanied
Miss Wilson. A man who was a pas-
senger with them on the horse car grap-
pled Miss Wilson after leaving the car,
but Miss Wilson beat him off with her
umbrella after a vigorous struggle.

Mrs. Lederer Disinherited.

NEW YORK, Aug. 3.—By the will of
Richard S. Newcombe, the lawyers,
daughter Flora, who was secretly mar-
ried to Theatrical Manager W. Lederer,
is disinherited. Mrs. Newcombe is given
the income of all the dead lawyer's es-
tate for life, and at her death the principal
is to be divided among Flora's five
brothers and sisters. Her name is not
mentioned in the will.

Diphtheria Epidemic in Scranton.

SCRANTON, Pa., Aug. 4.—Carbon
street, a small thoroughfare in the
Seventh ward, containing eighteen
dwelling houses, is afflicted with an epi-
demic of diphtheria. Since Saturday
four deaths of children have occurred.
Seven of the houses are placarded with
signs denoting the prevalence of the dis-
ease. In some of the houses there are
two and three cases.

Failed for Half a Million.

BOSTON, Aug. 4.—Samuel Hano, real
estate operator at Allston, Mass., has
assigned to his father, Louis Hano. His
liabilities are \$500,000 and gross assets
\$1,000,000. Inability to obtain ready
cash is the chief cause of the assign-
ment. The Samuel Hano company, to
which Mr. Hano sold out about a year
ago, are in no way involved, having no
liabilities.

CHOKED TO DEATH.

A Long Island Murder That Recalls
the Railway Mystery.

BROOKLYN, Aug. 4.—A murder rival-
ing in mystery the celebrated Railway
case has been unearthed near Ridge-
wood, and the discovery has created a
profound sensation throughout Long
Island.

While a number of Germans were
picking blackberries in the vicinity of
Fresh Pond one of them saw the body of
a woman lying on the west side of the
structure, where it could be distinctly
seen by any one coming up the road.
When discovered the woman was lying
on her back, close to the wall of the
houses.

Coroner Homeyer was notified and
made what investigation he could at the
time. The body was removed to Rouff's
morgue at Ridgewood, where Dr. Vin-
cent Judson made a post mortem exami-
nation.

The dead girl was about 32 years of
age, about five feet in height, and plump
and well formed. The eyes of the dead
woman were bloodshot and discolored
and the features much distorted. This
was due to the act of her murderer, for
she had been choked to death.

On her small, fair neck were the
marks made by the impress of some
of her fingers, the thumbmark showing
on the right side of the neck and four
fingers on the left. It looked very
much as if a strong man had grappled
her with his right hand and coolly and
deliberately choked her to death.

Although the girl was dressed tastily,
yet her garb would indicate that she
was not well off financially. She wore
a black cashmere dress and black Jersey,
both of good quality. Her shoes were
cheap and ornamented with patent
leather tips. Her hat was what is known
as the "pancake" shape, over a black
wire frame, and was trimmed with blue
velvet, blue lace and yellow flowers with
pink centers.

QUAY AND DUDLEY.

Both Retire from the Republican
National Committee.

WASHINGTON, July 30.—The executive
committee of the national Republican
committee began its session behind
closed doors at the Arlington house, in
this city, at 2 o'clock yesterday after-
noon, and the meeting continued for
more than three hours. The Farmers'
Alliance and other independent political
movements were discussed at length,
and then, after W. J. Campbell had been
elected a member of the committee from
Illinois, in place of George R. Davis, the
committee took a recess for dinner.

Behind the closed doors of the room
in the Arlington house, where the ex-
ecutive committee of the Republican
national committee held its session last
night, Matthew Stanley Quay tendered
his resignation as a member and chair-
man of both the executive committee
and the national committee in a note
conveying the information that he had
sent to the Pennsylvania state commit-
tee his resignation as the representative
of that state in the national organiza-
tion. W. W. Dudley, treasurer of the
national committee, also tendered his
resignation of that office and as a mem-
ber of the national committee, and the
executive committee adopted eulogistic
resolutions setting forth the services of
Senator Quay and General Dudley and
expressing regret at the action.

Mr. Clarkson was elected chairman of
the executive committee, and Mr. Hor-
bart was elected vice chairman in the
place of Mr. Clarkson, the chairman be-
ing authorized to select a treasurer to
succeed Mr. Dudley.

Kentucky's New Constitution.

LOUISVILLE, Ky., Aug. 4.—Yester-
day was the last election by viva voce
vote that will ever be held in Kentucky.
The new constitution, despite its power-
ful opposition of railroads, banks and
corporations generally, has carried by
an overwhelming majority, and the last
state constitution that still recognized
slavery is a thing of the past. The new
constitution will tax railroads, banks
and stock companies, abolish the office
of public printer, provide for a secret
ballot system and municipal government
reform, and also carries an anti-lottery
clause which will wipe out the half
dozen lottery charters now being oper-
ated with semi-daily drawings at Cov-
ington and Louisville in the interests of
"policy" games throughout the United
States generally. Reports from the cities
and towns indicate that the Democratic
ticket has its usual majority, probably
30,000.

Chicago's Million Dollar Fire.

CHICAGO, Aug. 4.—Fire involving a
loss estimated to be at least \$1,000,000
broke out yesterday, in the large retail
dry goods and notion store of Siegel,
Cooper & Co., southeast corner of State
and Adams streets. It was but a few
minutes after the first alarm was given
till the entire interior was a mass of
flames. Every available piece of fire
apparatus was called to the scene.
There were about twenty-five employes
in the store at the time, but all of them,
as far as known, managed to escape un-
injured except one cash boy, who was
on the third floor. He started to come
down by the fire escape, but became
confused, lost his footing and fell, sus-
taining serious injuries. The loss is be-
lieved to be fully covered by insurance.

Tried to Drown a Boy.

NEW YORK, Aug. 4.—Martha Wilson,
a laborer, 21 years old, was charged in
the Jefferson Market police court with
attempting to drown 15-year-old Dennis
Sullivan. While boys were playing at
the foot of West Twelfth street one of
them threw a piece of brick which
struck Wilson. He became enraged,
and caught hold of Sullivan and threw
him into the river. The boy swam
about, and when Wilson saw that he
might escape by climbing up the pier he
jumped in and held the boy under the
water. Sullivan became unconscious,
and was about to sink when a man
jumped in and took him from Wilson.
The lad was rolled on a barrel and finally
brought to consciousness.

\$4,000,000 Failure in New York.

NEW YORK, Aug. 4.—Abraham
Backer, dealer in commercial paper at
247 Broadway, made an assignment yester-
day, without preference, to B. F.
Eckstein. His liabilities amount to
\$4,000,000, but the assets, it is said, are
sufficient to pay all creditors in full.
The failure causes a sensation in trade
circles.

Still Supporting Farnell.

LONDON, Aug. 4.—The Dublin Free-
man's Journal continues to support Mr.
Farnell. It declares that the enthusiasm
displayed for Mr. Farnell Sunday at the
Thurley meeting has destroyed the illu-
sion of the secessionists that they had
broken the back of the great leader.

The Parent of Insomnia.

The parent of insomnia or wakefulness is
in nine cases out of ten a dyspeptic stomach.
Good digestion gives sound sleep, indigestion
interferes with it. The brain and stomach
sympathize. One of the prominent symptoms
of a weak state of the gastric organs is a dis-
turbance of the great nerve center, the
brain. Invigorate the stomach, and you re-
store equilibrium to the great center. A most
reliable medicine for the purpose is Hostet-
ter's Stomach Bitters, which is far preferable
to mineral sedatives and powerful narcotics
which, though they may for a time exert a
sedative influence upon the brain, soon re-
act, and invariably injure the tone of the
stomach. The Bitters, on the contrary, re-
store activity to the operations of that all
important organ, and their beneficial influ-
ence is reflected in sound sleep and a tranquil
state to the nervous system. A wholesome
impetus likewise given to the action of the
liver and bowels by its use.
