PHENIXVILLE, Pa., Sept. 29.—Early in the morning a number of hands employed by the Phenixville Iron company commenced to lay tracks across Main street to connect the works with

the Pennsylvania railroad. By the time the sun came up the work was well advanced, and the early risers were surprised to see a hundred men at work. Burgess S. R. March heard of it, and proceeding to the place ordered a cessation of the work. But the men didn't stop. Then the town's attorney, H. H. THE LULERS CONFER.

The President Calls a Hasty Cabinet Meeting.

PROBABLY CONCERNING CHILE.

Minister Egan's Many Dispatches, Some of Them in Cipher, Lead to the Belief That There Is Something Wrong-The Officials Extremely Reticent.

WASHINGTON, Sept. 29. - There was an important conference at the White House yesterday between President Harrison, Secretary Tracy, Assistant Secretary of State Wharton, General J. W. Foster and Commodore Ramsey. retary Tracy had been called from New York two weeks earlier than he expected to return, and he went at once to the White House on his arrival.

The conference lasted nearly three hours, and Secretaries Tracy and Wharton remained with the president for some time after. Naturally the circum-stances gave rise to all sorts of rumors, and as the White House, state and navy department officials refused to speak about the conference or make any statement regarding it, many sensational reports were sent out to papers as to the nature of the cabinet meeting.

Egan's Many Dispatches. The most plausible explanation of the affair is that the meeting was called to discuss the situation in Chile. For the last day or two Minister Egan has been communicating with the state department with a frequency that was as-tounding compared with his former si-lence. The cables have been long as well as numerous, and following these was a long cipher dispatch received by the navy department yesterday from

Hitherto the dispatches received by the navy department have not been in cipher, and yesterday's telegram caused comment. The account published of the junta's action in arresting Americans in Santiago and the police espionage around the American legation, and Mr. Egan's protest, are perhaps subjects which the United States authorities in Chile have called to the attention of the officials here, and no doubt formed a large part of topics before the conference.

The Officials Reticent. Secretary Tracy refused to discuss the subject of the conference, but he made the statement that the situation in Chile was not alarming, and the department would send no more ships there. Others who were at the conference are quite as reticent as Secretary Tracy about it. One of these admitted, however, that there was nothing said or done at the conference that could be given to the public without injury to the diplomatic aspects of the matter. What cause the hasty summons they refused to ad-

In response to an inquiry relative to the reports that a revolt had broken out among the troops at Santiago Senor Montt, the Chilean Congressional envoy at Washington, has received a dispatch from Senor Matta, the minister of forsign affairs, saying that "Peace has not been nor will it be disturbed, least of all by military revolts." There was no of Americans in Santiago, or of any any Americans have been arrested, discredits any and all reports to the effect men of any nationality in Santiago harshly or unfairly.

NEWARK'S MURDERER DEAD. His Dying Declaration That It Was a Double Suicide.

NEWARK, N. J., Sept. 28.—Ernest Lehmann, the young lover who possoned his sweetheart, Emma Buch, at her home on Ashland street and then VI.—The Company's interest retook a dose of a Paris green himself, has defeated the law. He died on Sat-urday at St. Michael's hospital.

Lehmann made an ante-mortem statement to County Physician Wrightson, in which he persisted that Emma knew she was drinking poison. This, however, does not carry conviction in face of the girl's dying statement.

There is little doubt that it was a president of the girl's dying statement.

meditated and cold blooded murder. Lehmann had been heard to say that he had one ball for himself and one for Emma. Again, it has been found that Lehmann purchased the Paris green in

The funeral of the murdered girl took place yesterday afternoon, and a great crowd viewed the remains.

Emmons Blaine's New Position. BALTIMORE, Sept. 29.—The visit of Mr. Emmons Blaine to Baltimore last week was made at the suggestion of President Charles F. Mayer, of the Baltimore and Ohio railroad. He was offered by the president and he accepted a po-sition with the Baltimore and Ohio railroad with headquarters at Chicago. It is thought President Mayer will make the formal announcement of the appointment this afternoon. It is understood that Mr. Blaine is to be an assistant to the president having general su-pervision over the western department of the Baltimore and Ohio.

Exile Stephens Returns.

London, Sept. 29.—James Stephens, the former leader of the Fenians, has arrived in Dublin. It is reported that the government has given him a permit to remain during the rest of his life in Ireland or any other portion of the empire he chooses. In an interview he said that he was a supporter of Parnell. He had not changed his mind as to the right of Ireland to be an independent nation, or the way in which that right should be enforced, but a majority of the Irish people having chosen to try constitutional agitation he acquiesced in their judgment. in their judgment.
