PENNSYLVANIA NEWS An Ultimatum Presented to the Chilean Junta

FOR THE OUTRAGE ON OUR SAILORS.

UNCLE SAM'S DEMAND

The Attack, It Has Been Decided by Our Chief Magistrate and His Advisers, Was Equal to the Invasion of a Foreign Nation-Another Death from the Affray.

WASHINGTON, Oct. 27.—The navy de-partment has received a dispatch from Captain Schley announcing the death of Coal Heaver Turnbull, who was injured by the mob which attacked the American sailors at Valparaiso. This is the second death resulting from the affray. Turnbull had received no less than twenty stab wounds, several of them penetrating his lungs.

Yesterday Secretaries Blaine and Tracy held an important conference with the president at the White House at which the Chilean affair was thoroughly discussed. At a recent secret cabinet meeting the question of parallel between the recent outrage inValparaiso and the affair at New Orleans was discussed in all its bearings. It was deter-mined at this meeting that there was nothing in common between the two incidents, and that the Chilean affair had developed into a more serious one than at first anticineted than at first anticipated.

Equal to Firing on the Flag.

Recent official dispatches have made the case plain to the administration here and show that the action of the Chil-eans was not only an insult to our flag, but an offense equal to the firing on it. The attack upon a foreign sailor or soldier wearing his nation's uniform on land when he has been granted protec-tion and immunity by the government owing the land is, in international law, the same as an attack on the flag of that sailor or soldier's nation. The advisers of the president have made it plain to him that the attack on our sailors on Chilean ground was equal to the invasion of a hostile nation and an attack on one of our government build-ings flying our flag. The Chilean gov-ernment had offered protection and safe conduct to our sailors and violated it.

To Present an Ultimatum. Acting upon this advice the president sent to the Chilean government, through our minister at Santiago, a demand for our minister at Santiago, a demand for an explanation, apology and reparation. Sufficient time has been given for an answer to this dispatch, but nothing had been received at the state department up to the time the secretary of state left for the White House. Yesterday's con-ference was, therefore, to prepare a second message to Chile. This will be in the nature of an ultimatum. In such in the nature of an ultimatum. In such documents a date is set to give the gov-ernment addressed time to frame its

reply. The conference in the White House was long, so as to fully acquaint Mr. Blaine with all the details of the case. It lasted for nearly two hours.

Minister Egan Presents the Demand. of Whips, Lap and Buffalo Robes Blankets, Fly-nets, and every thing useded about horses summary of all the facts involved in the recent trouble, formally demanded reparation from the government of Chile. Mr. Egan expressed in distinct terms the feeling of great indignation which the state department at Washing-ton feels at the whole affair, and informs the junta that this is no informal sug-gestion; that his government expects some kind of satisfaction for the assault upon the Baltimore's crew, and demands upon the Baltimore's crew, and demands an immediate explanation of the whole

MARTIN'S RACE AND RECORD.

The Young Detroiter Finishes 25 Miles Ahead.

NEW YORK, Oct. 26.—This was the score at the finish of the six day interna-tional bicycle race at the Madison Square Garden Saturday night: Martin, 1,466; Ashinger, 1,441; Lamb, 1,862; Schock, 1,323; Albert, 1,308; Boyst, 1,301. The last lap was made at 10:13, just 142 hours from the start. Both Martin and Ashinger break the world's record of 1,405 miles, previously held by Schock. The finish was in the presence of one of the biggest crowds that the Garden has ever held.

From the time the race began the total number of hours each man rested was: Martin, 15 hours; Ashinger, 32 hours 25 minutes; Schock, 22 hours 2 minutes, and Lamb, 31 hours 25 minutes. Albert and Boyst each rested a trifle over forty hours.

As soon as the race was over the con-testants were bundled up by their train-ers and hustled out to the nearest hotels for a much needed rest. All the riders were uproariously received as they quit the Garden.

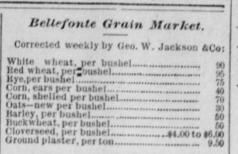

Manager Eck said that the receipts would probably amount to \$25,000, of which \$8,000 would go to the cyclers. Out of this Martin will probably come in for \$3,000. Nothing definite will be known, though, until tomorrow, when the receipts will be figured up.

The judge ordered them back, when they remained until noon, when they found the pris-oner not guilty.
