THE EXTRA SESSION.

Pennsylvania's Senate Responds to the Governor's Cail.

HARRISBURG, Oct. 21.-There was no session of the senate yesterday. There is some speculation as to the length of time that will be consumed in the Boyer and McCamant cases. So far as the testimony is concerned, it will doubtless be all in in both cases before the close of the week.

Last night State Treasurer Boyer an-nounced that he would pay the war-rants drawn by the presiding officer of the senate in deference to the opinion of the attorney general. This disposes of the money question, unless some one shall procure an injunction to restrain him from paying them, which is not very probable.

HARRISBURG, Oct. 22.—The inquiry by the senate into the charges against State Treasurer Boyer and Auditor General McCamant was resumed yesterday, the case of Mr. Boyer being under consideration.

Attorney General Hensel resumed the presentation of letters. Letters' and telegrams from Cashier Livsey and John Bardsley were read, dating be-tween Sept. 24, 1890, and May 6, 1891.

The attorney general then gave a detailed report of the amounts paid by the state treasurer to Bardsley, showing that on Dec. 31, 1890, \$420,000 was paid which had never reached the city treas-State Treasurer Boyer testified ury. that he had drawn the Philadelphia school warrants for 1891 on Dec. 81, 1890, for the sole purpose of preventing the money from going into the sinking fund. He said that no demand whatever for these warrants had been made from Philadelphia; that the blanks necessary for the school board to fill out were procured by his department and sent to Bardsley; that they were returned to his office, and that the school warrants, when signed, instead of being sent to Bardsley, were sent back to the state treasury; that they were there marked as "paid" on Dec. 31, although in fact they had not been paid, and he did not see Bardsley nor secure his indorsement of the warrants nor pay the same to him until Jan. 2, 1891.

HARRISBURG, Oct. 23 .- The senate resumed its inquiry into the charges against State Treasurer Boyer. The examination of Deputy Superintendent of Public Instruction John Q. Stewart was resumed, Lawyer Gilbert, of counsel for Mr. Boyer, taking up the cross questioning. The main point drawn questioning. The main point drawn out by Mr. Gilbert's questions was that, according to the practices of his depart-ment, Mr. Stewart believes that the payment of \$420,000 of Philadelphia's portion of the school appropriation was legally made. Mr. Shapley said that counsel on his

side was ready now to go on with the McCamant case. He then offered formally all the evidence taken before the

various committees. HARRISBURG, Oct. 24.—At yesterday's session of the senate President pro tem Gobin presented a petition from the citizens of York county, setting forth that it is alleged and believed that certain aldermen of the city of York, together with the constables attached to their offices, have been participants in a conspiracy to cheat and defraud the county of York by encouraging frivolous and groundless charges, creating litigations, then discharging the accused and putting the costs upon the county. Also, that the mercantile appraiser of the county of York has been guilty of prac-tices of a character similar to those charged by the governor in his message against the mercantile appraisers of Philadelphia, to wit: Assessing parties not subject to assessment and charging fees.

Serious Danger

Threatens every man, woman or child living in a region of country where fever and ague is prevalent, since the germs of malarial disease are inhaled from the air and are s-allowed from the water of such a region. Medicinal safeguard is absolutely necessary to nullify safeguard is absolutely necessary to nullify this danger. As a means of fortifying and ac-elimating the system so as to be able to resist the malarial polson. Hostetter's Stomach Bit-ters is incomparably the best and the most popular. Irregularities of the stomach, liver and bowels encourage malaria: but these are speedily rectified by the Bitters. The func-tions of digestion and secretion are assisted by its use, and a vigorous as well as regular cor-dition of the system promoted by it. Constitu-tion and physique are thus defended against the inroads of malaria by this matchless preven-edy in worst cases of intermittent and remit-tent fevers.

HARRISBURG, Oct. 27.—In the senate yesterday afternoon the remainder of the testimony taken by the state investi-gating committee not reached in Friday's session was read, after which Senator Grady, of Philadelphia, surprised the Democratic senators by offering a resolution authorizing counsel for State Treasurer Boyer to proceed with their arguments in his case before the examinations of other officials mentioned in the proclamations of the governor to the senate. As the case of Auditor General McCamant had been started the Democrats opposed the resolution. The call-ing of the roll showed the absence of a

quorum, and the senate adjourned until 8 p. m. At the night session the resolution

was adopted by a party vote. Senator Ross introduced a resolution requesting the senate to settle the ques-tion of jurisdiction, now, for the counsel for the accused having proposed to argue the question of the power of the senate to address the governor for the removal of the state treasurer and anditor general. The resolution was finally de-feated by a party vote. The senate then adjourned until today.
