

RACKET STORE NEWS

We handle Merchandise like CORD WOOD.

It comes to us and goes to you in an unceasing stream.

JUST IN.

A big bargain in a heavy printed Dress Fabric at 8c, worth 12 1/2—ask to see it.

An entire new line of Dress Goods, Trimmings, Linings, &c.

A special drive in Shoes for Men, Women and Children, and so much more—that we cannot have the space to tell.

KOM AND C THE RACKET.

LOCAL DEPARTMENT.

—Have you seen the new stock of overcoats just received at the Philad. Branch?

—You can always find anything you need in the shoe line by purchasing at Mingle's shoe store.

—Bond Valentine, stenographer, returned on Monday from a six weeks visit to Atlantic City.

—Get one quick—one of those late style, handsomely made overcoats at the Philad. Branch.

—Mingle's shoe store receives new stock every day. Prices are always fair and reasonable.

—The Centre club gave a hop last Friday evening in the Bush Arcade. Music was furnished by an Italian orchestra.

—The new electric light building is being rapidly pushed along to completion. A new engine has arrived which will give increased facilities.

—The ladies of the Methodist congregation will hold a sociable this Thursday evening at the residence of Mrs. Morris Cowdrick, on East Linn street.

—There are entirely too many burglary stories afloat in this town. We doubt if one half are correct. Some fellows are anxious to keep a good position.

—Mr. Frank Lukenbach, now teller in the bank at Philipsburg, spent Sunday at his home this place. Frank says he likes his new location and thinks Philipsburg is a hustling town.

—Col. J. Miles Kephart and wife returned to Bellefonte on Thursday evening after an absence of almost one month. Mrs. Kephart was in Pittsburg visiting friends while Miles took a trip through the south and west.

—Wm. Eboch, of Philipsburg, attended court on Monday and found time to pay us a short call. He has several buildings contracted for at that and is hustling around to have them completed before winter.

—The Gazette intimates that some of the editors of this town lost money on the game of foot ball, at Lewisburg last Saturday. The insinuation is absurd; editors of this town are not known to have money, and everybody knows they live only by the charity of their friends.

—Last week Robt. Hunter, clerk in the commissioners office, took ill and has been confined to his bed since. The physicians says that it is an attack of typhoid fever and it may be several weeks before he will be able to be about and at his work.

—The "Undine Hose Company No. 2" is being reorganized and application will be made at next session of court for a charter. In case of fire that company always responded promptly to the call and it should be liberally supported by the property holders of the town.

—Judge Riley, the man who killed a big, fat deer in the seven mountains, recently, is at his post attending court this week. He reports game rather scarce in that country owing to the railroad and lumber operations in the Bear Meadows; very few deer have been seen or killed there this season.

—On Monday evening a meeting was held by band men of the town for the purpose of reorganizing the old band which disbanded about a year ago. Bellefonte should have a good band as the instruments, uniforms, musicians, and even considerable money is here for that purpose. Let some energetic party take hold of the matter and it will prove a success. We want a band.

—Mr. Will Derstine, who has been in the employ of Forepaugh's famous show the past two seasons as an advance advertising agent is home for a short visit. Since he has been connected with this show he has visited almost every state and territory in the Union. He will remain at home but a short time, as he has a position with them while they remain in winter quarters.

ELECTRIC RAILWAY.

ELECTRIC STREET CARS FOR BELLEFONTE.

Company Organized by Local Capitalists—Charter Granted November 5th, 1891—Articles of Association in Full.

At last it appears that Bellefonte is to have electric cars traveling on its streets. Last Thursday the charter for the company, which is composed of local capitalists and business men, was granted, and from the names that compose the board of directors we are confident that they mean business.

The following are the "Articles of Association" in full:

ARTICLES OF ASSOCIATION. Articles of Association of the Bellefonte Street Electric Railway Company: We, the undersigned, do hereby form a company for the purpose of constructing, maintaining and operating a street railway for public use in the conveyance of passengers by power other than by locomotive, under the provisions of an act of the General Assembly of the Commonwealth of Pennsylvania, entitled "An act to provide for the incorporation and government of street railway companies in this commonwealth," approved May 14, A. D. 1889; and for that purpose do make and sign these as our Articles of Association:

FIRST.—That the name of the said Company is "The Bellefonte Street Electric Railway Company."

SECOND.—That the said company is to exist perpetually.

THIRD.—That the length of said road will be, as near as may be, three miles, and no track is laid or authorized to be laid or to be extended under any existing charter upon any street or highway on which this railway is proposed to be laid and constructed.

FOURTH.—That the streets and highways upon which the said railway is to be laid and constructed and the circuit of the route are as follows: Beginning in the Coleville road at the western line of the borough of Bellefonte, thence by said Coleville road to Thomas street; thence by Thomas street to High street; thence by High street to Allegheny street; thence by Allegheny street to Bishop street; thence by Bishop street to the eastern line of said borough; thence back Bishop street to Allegheny street; thence by Allegheny street to Linn street; thence by Linn street to Armor street; thence by Armor street to Curtin street; thence by Curtin street to Spring street; thence by Spring street to Linn street; thence by Linn street to Allegheny street; thence back by Allegheny, High and Thomas streets and the Coleville road to the place of beginning, all of which streets and highways are in the borough of Bellefonte, Centre county, Pennsylvania.

FIFTH.—That said railway is to be operated by electric power.

SIXTH.—That the capital stock of said Company is to be eighteen thousand dollars, being at least six thousand dollars for every mile of road proposed to be constructed, and shall consist of three hundred and sixty shares, of fifty dollars each.

SEVENTH.—The affairs of the Company shall be controlled by a President, and a board of four directors, and the following are the names and places of residence of those who shall manage its affairs until the first annual meeting and until others are chosen in their places:

President, Louis E. Reber, State College, Penna. Directors, L. A. Schaeffer, Jas. H. Potter, Wilbur F. Reeder, Bellefonte; and J. P. Jackson, State College, Pa.

This no doubt is welcome news to the citizens of the town as it is an indication of enterprise and shows the disposition to adopt all modern improvements. Bellefonte is particularly famous in this respect as we have a complete telephone system, large electric light plant, steam heating system throughout the town, and lastly will be the electric street cars. We understand that it is the intention of the company to begin operations as soon as possible, and we feel sure that our citizens will be unanimous in extending aid and assistance to make the new enterprise a success.

Exciting Run-off.

On Tuesday morning Frank Gibbons, a young man in the employ of Wm. Lyon, the butcher, drove up to Montgomerys store where he attended to some business. When he started away the horse became unmanageable and ran into the hitching posts on the opposite side of the street. The wagon was upset and the driver thrown out. The horse started on a run down the street and crashed into a wagon of Green Watson. Mrs. Packer was in Mr. Watson's wagon and she leaped out. The Lyons horse was caught by Thos. Benner before he got any further. The wagon was broken and the harness were badly torn. Young Gibbons also received a sprained ankle by the upset.

Another Printer Gone.

By reading the list of marriage licenses in another column it will be noticed that Jacob S. Knisely has formed a matrimonial alliance. We have no objections to offer in this matter, for Jacob if a first class young man and Miss Wian, his bride, is a most estimable young lady. As everybody knows he was not happy when alone, and his only fault is not getting married long ago. Mr. and Mrs. Knisely will please accept our most hearty congratulations.

Grange Meeting.

Centre county Pomona Grange will meet in the hall of Progress Grange, on Friday, Nov. 27, at 10 a. m. sharp. Election of officers for '91-92 will be held. Report of the picnic committee and other important business will be transacted.

MRS. RUTH ARMOR DEAD.

Expires Suddenly While Seated in her Favorite Arm Chair.

"Grandmother" Ruth Armor, as she has for so long been known, is no more. She expired quite suddenly as well as unexpectedly at 11.30 o'clock Tuesday while seated in her favorite arm chair.

On September 7th last she celebrated her 92d birthday anniversary, and seemed full of hope. She was indeed a remarkable agile lady for one so aged.

Mrs. Armor's death entirely removes the last direct member of the well known General Philip Benner family, she being the youngest child. She was born at Rock forge, this county, September 7, 1799, which is a good, long time ago. James Armor, deceased's husband, died in March, 1877.

The surviving children are Eudotia, Anastasia, J. Monroe, Mrs. Eliza Butts and Mrs. Samuel B. Miller, all living in Bellefonte.

Deceased has been a consistent member of the Methodist church for many years.

No Assistant Assessors.

The tri-ennial assessment will be made during next month, and according to the act of Assembly of February 14th, 1889, the assessments will be made by the assessors there being no provision made for any Assistant Assessors as has been held by many throughout this county. The office of Assessor is a very important one, and especially when making the tri-ennial assessment. There is a penalty for Assessors failing to comply with the law, which reads as follows: "If any Assessor shall knowingly and intentionally omit, neglect or refuse to assess and return any property, person or thing made taxable by the law, or shall knowingly or intentionally assess, rate or value the same at any more or less than he shall know or believe the just cash value thereof, he shall be subject to imprisonment not less than three nor more than twelve months and fined in a sum not less than one hundred nor more than two hundred dollars."

Sudden Death in a Buggy.

Augustus Snyder, of Mill Hall, a widower aged about fifty years, and who had been paying some attention to a widow lady in Sugar Valley, whose name our reporter failed to learn, paid her a visit on Saturday at her residence in that section. The two started out to go somewhere in a buggy, but had hardly gotten a mile from the lady's house, when Mr. Snyder's head dropped suddenly and he then and there expired from heart disease. The lady, greatly agitated, quickly reversed her course and drove back to her home, where medical aid was summoned at once. The physician, as was expected, pronounced the cause of his death to be heart disease.

The remains were brought to Mill Hall on Sunday evening and the funeral took place on Monday afternoon at two o'clock.

Barn Burned.

Last Wednesday night as we were getting out our paper the news reached Bellefonte of the fire at State College. The large barn which was recently completed at a cost of about \$17,000 was burned to the ground. The cause of the fire is unknown. The building was well covered with insurance, although the loss will be considerable. The building was probably the largest and most complete of its kind in the State.

Church Dedication.

The new Evangelical church on Willowbank street, this place, is about completed and preparations are being made for the dedicatory exercises which will take place on Sunday, the 22nd of this month. Bishop Haman, of Reading, will present to deliver the sermon at the morning exercises. Rev. S. W. Seibert, of Newport, and others will be present to assist in the services. The new church is a handsome structure and is of a very pretty design.

Fire at Coleville.

On Monday morning at about 2 o'clock the alarm of fire was sounded, which was located at Coleville, a village near the Collins' furnace. The double frame house occupied by Mr. Geo. W. Rider, was afire but by hard work the flames were kept from spreading to adjoining buildings. Mr. Rider saved nearly all of the household furniture. The insurance on the building was \$1500.

Able Seconded.

There was only one piece of pie left on the plate, and Willie's mother pressed the visitor to take it. He declined, but she insisted. Willie had had no pie, and this was more than he could stand. In a voice of bitter sarcasm he howled out:

"Keep on worryin' him, maw! Keep on worryin' him! He'll take it after awhile!"—Chicago Tribune.

Written Cards.

When well executed, are the choice of all first class society. G. L. Williams, of Bellefonte, has become proficient in this line of penmanship and the skill and taste displayed by him always deserves the highest praise. Send 10 cents for sample cards with your name, and prices.

—Going lively—the new stock of overcoats at the Philad. Branch.

AN EXCITING GAME.

BUCKNELL DEFEATS STATE COLLEGE.

State College Foot Ball Team Loses by But 2 Points—A Fine Game—Money Changes Hands on the Result.

On Saturday morning the State College foot ball team, accompanied by about one hundred students, and a delegation from Bellefonte and other parts of the county, took train for Lewisburg where an interesting game of foot ball was to be played. As the State College and Bucknell elevens are the two strongest teams in the state, this game almost practically would decide which would be the champion team of the Colleges.

The State College boys, to a man, were dead sure of a victory and were enthusiastic over the matter. They carried silk flags of white and blue, sang college songs and gave college yells on the journey to Lewisburg where another victory was to be scored.

At Lewisburg the Bucknell students were just as hopeful and equally confident of victory. And the only way that each could settle their grievances and show their nerve was by backing up their respective clubs with boodle. Money was plenty and before noon it is certain that no less than six hundred dollars were staked on the game, and by 2 p. m. the amount reached easily a thousand dollars. This created a great deal of interest as to the result.

The game was called at half-past two. Several thousand people were on the college campus from all the surrounding towns.

A game of foot ball is played by eleven men on each side, and it by no means consists of kicking a large oval ball. A field is marked off and the object is for one team to carry, kick or force the ball back of the other sides boundary, which counts four points. Then an opportunity is given to score two points more—when they are allowed to bring the ball out and try and kick it between two poles and over a beam that connects them, this is called the goal and stands on the boundary lines of each side. A goal counts 6 points. Two innings of 45 minutes, with a rest of 15 minutes, constitutes a game.

As such a game requires the very best of athletes—men who are strong and active and have the endurance—considerable training is required. They are only allowed to eat a particular kind of food, and dare not touch tobacco or liquor in any form. Every day they must take exercise in their gymnasiums for several hours so that when they enter a contest every pound represents bone, sinew and hard muscle.

The game was called at exactly 2.30 p. m. When the players began to handle the ball the wildest enthusiasm prevailed. When S. C. gained an advantage the blue and silk flags on the one side waived, loud cheers went up to encourage their favorites, and then the deafening notes of over a hundred tin horns was defiantly blasted to the other side of the field.

In the next instant the tables would turn—Bucknell gained and the same uproar followed in which even the dignified Profs. were as bad as the boys. In the first inning the State College team forced Bucknell back and by hard work went beyond the lines and scored a touch down—4 points. Then by kicking a goal they added two more, or six. The shouts and cheering of the State College boys at this point was beyond description. In the second inning the two teams fought fiercely and hard, but Bucknell soon scored two goals which gave them 12 points to 6. Bucknell people almost went crazy with delight at this point of the game. With but a few minutes to play the State College team rallied in fine style and forced the Bucknell team back and scored a touch down, which gave them four points and a chance to kick a goal and would have made the score even, but they missed and then it was 12 to 10. In the few minutes left nothing was gained and when time had expired Bucknell was victorious by 12 to 10.

Deafening cheers and yells arose over the field and the wildest scene followed. The Bucknell students leaped over the ropes, picked up their eleven players and bore the victorious men off the field on their shoulders.

State College played a noble game and it was due to several bad fumbles only that they lost the game. Should a return game be played at State College this season it would be a treat for all who could go to witness it.

He Uses the Newspaper.

Frank Siddalls, the prominent soap manufacturer, was once asked why he did newspaper advertising altogether and he did not follow in the footsteps of other manufacturers, putting up sign boards, etc. He replied that in his experience he found that the man who does not read newspapers never uses soap.

—Rev. T. B. Cross, of Milesburg, will offer at public sale on Saturday, Nov. 14, at 1 p. m., his household and kitchen furniture.

—The large stock and elegant assortment of goods always kept on hand by Mingle, the shoe dealer, is the reason so many people patronize that store.

PUT 35 SHOT IN HIM.

A Shooting Affray in College township on Hallow E'en.

On Hallow E'en a number of students and young men from State College started down the pike toward Lemont to have a little fun according to their ideas of how the old time custom should be continued. Among the crowd was a son of Mr. Simon Kline, of the College, a lad about 16 years of age. When they got to the toll gate near Centre Furnace the boys were making quite a racket although they were doing nothing harmless. An old man, by name of Cable, lived there and, being a cross and surly dispositioned fellow, could not stand the racket; so to punish the boys for what he considered their depredations he got his gun and fired into the crowd with the result of hitting young Kline on the left shoulder, breast and face. The entire charge was put into the youth. Of course this put an end to the fun for that night; the young man was taken home and Dr. Glenn summoned. The doctor got out five shot but there still remains thirty which he was unable to find. At this writing the young man is able to be up and around and it is likely will recover, providing blood poisoning does not set in.

As to Cable, the next morning he plead as an excuse for his act that he did it in self defense, and on these grounds he tried to get bail for his appearance at court, when he found he was to be arrested, failing in which he suddenly disappeared and when the constable went to his house with a warrant for his arrest the bird had flown, and since his whereabouts has not been discovered. He should be hunted down and made to suffer for his rash act.—News.

Bad Liquor Causes a Tragedy.

Alexander, Frank and Andy Campbell, three brothers, attended a Hungarian wedding at Pardee mines, near Philipsburg, Saturday night and got drunk on their way home. They stopped at Flynn's hotel at the Morrisdale mines and got more liquor. They left and after a while came back. Pat Flynn, the landlord, heard them coming and locked the doors. The Campbells broke the door open, and being refused any more liquor became abusive. Flynn drew a revolver and shot Frank and Andy Campbell. Frank was wounded slightly on the top of the scalp, but Andy was hit in the neck, the bullet lodging in the base of the brain, and he will die.

Pat Flynn, after the shooting, went to Philipsburg and was concealed thereabouts all day. In the evening he drove up to Clearfield and surrendered himself to the authorities, at present is confined in the jail awaiting the result of his victim's injuries.

The wounded man was removed to his home on the Allport road, where he now lies in a critical condition, indeed, as there is imminent danger of blood poisoning setting in.

Mrs. Dill all Right.

The personal property of W. H. Dill, the bankrupt banker, was sold by the sheriff on a writ issued by Mrs. Dill. There were very few present and the attorney of Mrs. Dill had little trouble in bidding in the property at a total valuation of \$14,300. This places the property out of the reach of other creditors.

Shot Two Deer.

On Tuesday Messrs George Uzle, Wm. and James Hains, of Snow Shoe, and John Furst, of Bellefonte, made a deer chase near Snow Shoe. They started out at 7:30 and by 10 o'clock they had two fine does. Both were shot by John Furst, and weighed 222 pounds.

—On Tuesday night a barn belonging to Jerry Ryan who lives about five miles north of Curtin's Works was destroyed by fire with all its contents. About one year ago Mr. Ryan's house was destroyed by fire.

—The prices at Mingle's shoe store were always the most reasonable. Good reliable stock that always sells on its merits.
