SHAMOKIN'S FATAL EXPLOSION. Caused by a Miner Who Carried a

Naked Lamp. SHAMOKIN, Pa., Jan 9.—A terrific explosion of gas occurred at the Neilson shaft yesterday, resulting in the instant death of a laborer, the fatal injury of a miner and the slight burning of the inside boss and inside superintendent.

The victims are Paul Grunzki, single, laborer, killed; Philip Desert, single, miner, fatally injured; George Steele, inside superintendent, hands and face burned: Fred English, injured about head and body.

Desert, accompanied by Grunzki, who was putting in his first day at the Nielson shaft, entered No. 9 vein with the intention of lining a chute which had been placed in a new breast. While engaged in their work Inside Superintendent Steele and Boss Fred English joined them, and the work was continued under

their supervision. Grunzki carried a lamp which did not give the proper protection. While the miner, together with Steele and English, were engaged in conversation regarding the work a current of gas, which had worked itself out of one of the fissures, floated towards the laborer, who was busily engaged. Suddenly he raised himself up and the flame from the lamp was forced in the midst of the gas.

Before the three men to the rear of him could give warning an explosion oc-curred, and the unfortunate laborer was hurled like a cannon ball into the arms of Desert, who, on learning that danger was imminent, fell on his knees. Steele and English beat a hasty retreat, but not before the gas had spread to where they were standing. Both were injured, and when they went to Desert's rescue they found him unconscious, with his face, hands and breast frightfully burned. At his side lay Grunzki, dead. He was mangled about the head, and his flesh

Grunzki's body was taken to his home at Luke Fidler. Desert cannot recover.

A Priestly Grip Victim. CENTRALIA, Pa., Jan. 12.-Grip prevails at this place to an alarming degree. Among the many victims who have succumbed to the disease was Rev William M. League, assistant priest of St. Ignatius Roman Catholic church, whose body has been sent to Philadelphia for interment. At the collieries considerable trouble is ex-perienced occasioned by a scarcity of men, many of whom are laid up with

Fatally Burned by an Oil Stove. West Chester, Pa., Jan. 12.—A servant girl in the family of Hugh Kenworthy, Jr., of Coatesville, was fatally burned by petroleum flames. An oil stove was turned over by the girl when about her duties. She picked it up to fling it out of doors, when her clothing caught fire and she was horribly burned. McClelland Will Not Retire.

PHILADELPHIA, Jan. 12.—The report that Adjutant General McClelland was about to resign his position on account of ill health, and that ex-Adjutant General Guthrie was to be appointed in his stead, turns out to be the wildest kind of romance. It is officially and emphatically denied, and considerable indigna-tion is manifested over the publication of the story.

Sacriligious Scenes Revived.

WITKESBARRE, Pa., Jan. 11.-The sacriligious disturbances which occurred in the Hungarian church, at Plymouth, a few months since, again occurred, owing to factional feeling regarding a new priest. E-volvers played a prominent part, and although an armed force is guarding the courch, a sanguinary outbreak is momentarily expected.

DOWN AN EMBANKMENT. Two Killed and Twenty-nine injured in Indiana.

CRAWFORDSVILLE, Ind., Jan. 12 .- Between 2 and 3 o'clock yesterday after-noon the north bound Monon train ran off the track about two miles north of here at Nicholson crossing. The first passenger coach rolled over three times. was full of passengers and caught fire from the stove, but all the occupants

escaped alive.

The baggage and express car went over but no one in it was severely hurt. The ladies' coach was literally torn to pieces, as was also the parlor car. Here was the greatest damage. There was hardly a passenger on the train who escaped injury. Help was soon at hand and in a few moments the roadway was full of the maimed on their way to town.

Frightful Shipwrecks.

Bad water on long trips are a threat to the voyager, but this may be deprived in a great measure of its disordering effects upon the stomach, bowels and liver by the Bitters. Against the prejudical exects of malaria, bad diet, fatigue and exposure it is also efficacious. It averts, moreover, rheumatism and kidney complaints. Don't travel on sea or land without it. WARNED IN TIME.

People will have themselves largely to blame if the horrid grip secures a toothold here this winter. The Board of Health sounded a note of warning a few days ago. Physicians all agree that with proper precautions the disease may be prevented. Aged and enfeebled persons, in fact any one whose system is run down, require a healthful stimulant just now. The medical faculty are a unit upon this point. Klein's Silver Age and Duquesne rye whiskles which sell respectively at \$1.00 and \$1.25 per full quart are the purest and best stimulants known. The most skilled practioners in the country ind rse and prescribe these brands and leading hospitals use them exclusively. Major Klein also sells Guckenheimer, Finch, Gusson, Overholt and Bear Creek at \$1 per quart or six quarts for \$5. His establishment is headquarters for everything in the liquor line.
