Rev. Schnure Dead.

The sad news comes of the death of Rev. Chas. Schnure, of typhoid fever, in Philadelphia. The remains were brought to his home, Laurelton, for interment. The deceased was a Lutheran minister and had many friends in this county who are saddened to hear the news of his death.

SUDDEN DEATH FROM GRIP.

Mr. W. C. Keplinger dies on Sunday Evening.

For some months past Mr. W. C. Keplinger, the young druggist, Allegheny street, had been afflicted with gastric fever yet he was able to be about but remained at his store most of the time. In connection with his ailment he took a severe cold which developed into the grip. On last Sunday evening about 6 o'clock he became very ill and Drs. Harris and Seibert were summoned but death came at 11 o'clock and the struggle was over.

Mr. Keplinger was born at Shepherds-town, W. Va., in 1856. He held the position of head clerk in Croft and Conlyn's drug store, Baltimore, for eighteen years, when he came to this place. Along with Mr. David Oberndorf, he bought out Mr. John Harris' drug store in February 1887. His father, Mr. John Keplinger, is still living at the old homestead at the age of 84 years.

Mr. Keplinger was a member of the Royal Arcanum of Baltimore city in which he carries a \$5,000 policy. He also carries \$2,000 in the New York Mutual Life Insurance Co. Besides his father, he also leaves three sisters and two brothers.

On Monday evening religious services were held at which a large number of the deceased's friends were present. The remains were shipped on the evening train to his home in West Virginia, for interment.

DEATH OF CARROL MONROE.

Carrol, the invalid son of Dr. D. S. Monroe, died in the asylum at Harrisburg last week. Dr. Monroe and his family are well known here, as he was formerly pastor of the Bellefonte M. E. church. He is now in charge of the first M. E. church of Altoona. Carrol was all his life, or for many years, afflicted with Epilepsy or some similar disease. His condition made him the object of great solicitude and care on the part of his parents. As he advanced in years his affliction increased until his condition physical and mental, required more attention than could be given by his family. And it was decided to place him in an asylum, where he could be better cared for.

Mr. L. B. Stover, of Madisonburg, was taken ill with the grip some time ago and he had a severe spell. One day last week he went out before he had completely recovered and did some work. A relapse followed on last Friday and on Monday morning he died. Mr. Stover was a prominent merchant of Madisonburg. He leaves a widow and six children. His age was about fifty years.

Mrs. Dubis' and old lady aged 89 years, died last week at her home in the Beaver row and was buried last Friday.

Fine Book.

Mr. Wm. B. Krape, of Spring Mills, is soliciting subscriptions for a fine work entitled "Shops Photographs of the World." The title explains the book as it is filled with copies of photos of some of the most famous and interesting points of the world, embracing every land and climate. The views are accompanied by explanatory notes. This is an exceedingly fine and desirable work and would be a valuable addition to any ones library. Be sure and give your order to Mr. Krape.

Relief for Russia.

On last Sunday Rev. Miles O. Noll, pastor of the Reformed church, in this place, made an appeal to his congregation for a contribution for the relief of the starving Russian peasants. After the collection was counted it was found to amount to the handsome sum of \$60. This is the first effort, we believe, that has been made in our county for this noble purpose. We must compliment the members of that congregation for their very liberal response. Let some of our wealthier and more pretentious congregations follow in this direction.

Death of a Missionary.

Rev. S. L. Zeigler, better known as "The Canal Missionary," fell over dead at his home in Lewisburg, recently. Mr. Zeigler had been ailing for a short time, but nothing serious was apprehended. The cause of his death was supposed to be apoplexy. Deceased was well known throughout the State. Some years ago he was appointed canal missionary by the Baptist denomination, and his effective work among the canal men is a matter of history.

Fatally Burned.

A little four-year-old daughter of Micheal Meyers, of North Phillipsburg, died Friday afternoon from injuries received the previous evening by being badly burned. While the mother went out of the house the children played with a poker by placing it in the fire. When red hot it fell on the little ones dress, which caught fire but was discovered too late.

Sale of Valuable Property.

Mr. E. C. Deitz, of Howard, called on Wednesday to order bills for the sale of the real estate of his father, Jacob Deitz deceased, March 12, 1891. The property embraces a fine farm of 123 acres, in Howard township; 23 acres of timberland east of Howard; and a 4 acre lot in Howard boro on which are erected two dwelling houses, blacksmith shop, large stable and good out buildings.

HOW TO MAKE BREAD.

A Formula so Well known to Chautauqua Devotees.

From the Pittsburg Dispatch. After twenty years practical experience in handling dough, I have no hesitancy in saying that for making bread of the choicest quality—bread that is sweet, nutty-flavored and nutritious—there is no simpler, easier or better method than the one I follow. This is the formula:

To each pint of lukewarm wetting, composed of sweet milk and water mixed in equal proportions, I add half a teaspoonful of salt and a half ounce cake of some reliable compressed yeast, thoroughly dissolved in a little cold water, and stir in flour with a wooden spoon until a dough is formed of sufficient consistency to be lifted in a mass from the mixing bowl to the moulding board, where I work in flour until it becomes smooth and elastic and ceases to stick to the fingers or the moulding board. I then put the dough into a warm, well greased earthen bowl, brush lightly with melted butter, cover with a bread towel and blanket, and set to rise for three hours or until light, when I form it into loaves or rolls, put in greased pans, brush and cover as before and set to rise for an hour or until light.

Put these loaves in an oven whose temperature is about 300°, or in which a spoonful of flour will brown nicely in two minutes, and when thoroughly baked take them from the oven, remove the pans, and place in such a position as will expose the greatest amount of surface to the fresh air and allow any gas or steam that may be in them to escape, and thus prevent their sweating and becoming soft.

Dough that is made with good flour and yeast and mixed and kept at a temperature of 75°—which is the correct temperature for perfect bread making—will almost invariably become light in a mass in three hours after being set to rise the first time, and in loaves in one hour after being set to rise the second time; and will usually be ready to bake in four hours from the time the yeast is mixed with the flour. A loaf of bread weighing from a pound and a quarter to a pound and a half, to be thoroughly baked, requires to remain in the oven when at the proper temperature from 45 to 60 minutes.

I never use sugar or grease in bread, as they both detract from the quality and flavor, but people who object to having their bread or rolls "shortened" with butter or lard, stated approximately, as one measure of wetting and three and one-half or three and three-quarters measures of flour, and a pint of wetting, which weighs a pound, is usually sufficient to make dough enough for two loaves of bread that will weigh from a pound and a quarter to a pound and a half each, according to the brand of flour used.

Lecture at Zion.

On Thursday evening, February 25, a lecture will be delivered in the Grange Hall, at Zion, Pa., on the subject of "Farming in Ireland," by the Hon. James Schofield, of Bellefonte. The price of admission will be 25 cents and the proceeds are for the benefit of the grange. It was last summer that Mr. Schofield took a trip to Ireland, his early home, to visit his parents. Being a close observer, there was nothing passed by that he did not notice and study. As farm life in that country is much different from that of our people who till the soil, the lecture will prove interesting, amusing and instructive. The question of taxation as it affects our farmers, will be discussed by him.

Accommodating Landlord.

At a recent session of court in Clearfield Judge Krebs announced that hereafter any hotel keeper who did not furnish meals at any time of the day they would not be entitled to liquor license. Under such a rule Alois Kohlbecker, of Milesburg, would have the favor of this court, for most every day he serves three and four suppers. The traveler who comes to his house is always sure of a well cooked meal, or a good bed, at any time. His bar is also properly conducted and in full compliance with the most stringent of our laws.

The Singing Class Postponed.

Owing to the Temperance meetings it was thought best to postpone the beginning of the singing class in the Y. M. C. A. rooms until Monday evening, Feb. 29th, as there seems to be no suitable evening before that, on account of other engagements. This class promises to be one of the largest ever organized in Bellefonte. The list at present numbers over fifty.

Henderson Beat.

John C. Henderson, of Julian, Centre county's famous financier and ex-county commissioner, was in town on Wednesday and had blood in his eye. Henderson claims to be the big politician of Huston township and the man to pull the republican wires of the district. That is his opinion. On Tuesday he posed as a republican candidate for Judge of Election and in that township with a regular republican majority of about sixty and he was defeated by Mr. Wilson. John came to town Wednesday to consult Feidler and see if the election could not be upset because Wilson was on the election board. Now he is playing the baby act.

House Burned.

On Saturday morning Lot Kimpfort's house on his farm west of Boalsburg, caught fire and was burned to the ground with most of its contents. The fire caught on the inside and the sparks from the top fell on the roof and it soon was all ablaze. The fire was a good one and not defective, and the fire could not have been due to carelessness. The building was a good frame dwelling house on which there was a small insurance. Mr. Kimpfort's loss will be considerable.

A valuable horse owned by Morris Cowdrick, broke loose while being led to the blacksmith shop on Tuesday. In running down an alley it struck against a large stone and splintered the front leg. The animal had to be shot; it was valued at \$250.

The position will require Mr. Woodward to visit different sections of the state to arouse interest in that direction and obtain an exhibit at the fair that will do justice to the state.
