MANY FLOOD VICTIMS

Over a Hundred Negroes Drowned in Mississippi.

AND TWELVE HUNDRED HOMELESS

The Land for a Distance of Seventy Miles South of Nashville Submerged-Scores of Dead Bodies of Men, Women and Children Floating on the Muddy Waters.

Nashville, April 13.—The horrible loss of life across the Mississippi state line grows appaling, and the death list is constantly increasing. The waters now cover the land for seventy miles south of here. Scores of houses, bodies of men women and children, together with those of dumb beasts, are floating on the muddy waters. Over 1,200 people are homeless. The flood is caused by the sudden rising of sixteen rivers which form a network over north Mississippi. Rafts, small boats and canoes were built by the score and stocked with pro-visions. Daring rescuers have started out to carry aid to the sufferers. Many bodies are being brought in by boatmen. Sixty-one bodies of both sexes have been recovered so far. The flood is beginning to recede slowly. It is estimated that the damage will amount to over \$2,000,-

COLUMBUS, Miss., April 13.—Later advices from the lowlands just south of here indicate that more than a hundred have been drowned in this county. It will be weeks before anything like a correct estimate of the loss of cattle can be obtained. The bodies of horses, mules and cows are constantly floating down the Tombigbee river. For miles on both sides of the river there remains nothing but poverty and desolation.

Dr. J. D. Hutcherson, one of the largest planters in this state, has just re-turned from one of his plantations in the northern parts of the county, and reports great destitution from the overflow of the Butahatchie. He lost seventy-five head of cattle. One of his laborers, A. K. Keith, living a few miles south, saved his mules and cattle by putting them in the dining room and parlor, where the water was only two feet deep. His family and fifty negroes were in the second story of the house.

Most of the county bridges have been swept away, and it will be weeks before ordinary traffic will be regularly resumed. A cold rain has fallen almost constantly since Sunday night. No mail has been received here since Thursday. Only one body has been recovered.

St. Paul, April 13.—The Red river at St. Vincent, Minn., is over its banks and has begun flooding the towns of St. Vincent and Emerson. The water is forty feet above low water mark, and is still rising. As the ice in the river has not yet gone out a greater height is feared. A rise of only one foot will cover the town of Emerson. The indi-cations are that the diastrous flood of 1880 will be repeated, and as the towns are more settled the loss will be greater. Families in the lower parts of both Emerson and St. Vincent have already begun to move out, anticipating the worst.

A VETERAN RETIRED.

Found a Headless Body. PITTSBURG, April 13.—The headless body of Mary Chertinsky, a Polish girl, 18 years old, was found lying between the tracks of the Junction road in Schnley park. The head was found at the side of the track, 150 feet away. From the position of the body the police are in-clined to the murder theory, and a young man named Klinsky, who was in the girl's company a short time before her body was found, has been arrested and will be held for the investigation.

Tried to Kill His Captain. NEW YORK, April 13.-The steamer Yucatan, just arrived from Havana, brought in irons William Lovett, cook of the American schooner Martha J. Thomas, who is charged with having shot the captain while the Thomas was lying at Havana. Lovett, who got drunk on shore, got into an argument with the captain when he returned to the vessel and shot him. He was brought before United States Commissioner Shields and remanded.

Delaware Democrats for Cleveland, WILMINGTON, Del., April 13.—The Democratic state central committee met at Dover and decided to issue a call for a state convention to choose delegates to Chicago, to be held at Dover on May 17. A canvass of the committee showed it to be seemingly solid for Cleveland, unless, as two or three added, "there should be a chance for Bayard or Sen-

London, April 13.—It has been dedecided to give British applicants for space at the World's Fair another month's grace. The applications already received promise a goodly show. Despite Sir John Gorst's statement that no decision has been reached, it is practically certain that the government grant for the fair will be 200,600.

BETHLEHEM, Pa., April 13.—Frederick Fisher, aged 65, deliberately drowned himself in the Lehigh canal. Aid was offered him several times, but he would not accept of it.

ALTOONA, Pa., April 12.—At Ebensburg yesterday, in the case of Elmer Bruner, who pleaded guilty to the murder of Samuel Rees, Judge Baker fixed the grade of the crime as murder in the

first degree. SHAMOKIN, Pa., April 11.—William Ford, a slate picker boy at the Pennsylvania colliery, argued with a miner named Benton over a trivial matter. The latter knocked Ford down with a club and kicked him on the head, in-flicting fatal injuries. Benton escaped.

LEBANON, Pa., April 13.—Christopher Misler and Edward Carlow had a hearing before Alderman Garret charged with perpetrating the numerous burg-laries recently committed in the Leb-anon valley. They were held on four charges, making thirteen in all for which they will have to stand trial.

LANCASTER, Pa., April 9 .- John Gaul. 20 years of age, met a peculiar death in East Lempitar township yesterday while driving a heavy field roller. Fellow workers saw the horses stop, and their codtinued starting led to an investigation, when Gaul was found with the heavy roller on his neck and strangled to death.

PITTSBURG, April 12.—A large separator connected with the battery of boilers in Oliver & Roberts' rod mill exploded yesterday, seriously and perhaps fatally injuring James Rodgers, the en-gineer. Michael McCullough, Frank Ross and Dennis Donovan were painfully scalded. The mill was completely wrecked by the explosion.

ASHLAND, Pa., April 9.—Considerable excitement was caused here by the find-ing of a live infant in the mouth of the sewer near Third street. An investigation by Chief Burgess Donahue resalted in finding the alleged mother of the child, Miss Lizzie Uhl. A warrant was issued for her arrest, and she was bound over for court. Officers are now searching for the father of the child, who is said to reside at Gordon.

WILLIAMSPORT, Pa., April 13 .- The body of an unknown young man was found in Wayne township, Clinton county, about four miles from McElhattan. The body had the appearane of having lain at the point where it was found for some time, and decomposition had set in. No marks to indicate that the man had met with a violent death were visible. Coronor Fullmer, of Renovo, was notified of the finding of the body, and an inquest was held.

KANE, Pa., April 9 .- Freight train No. 58, coming east, was wrecked one mile west of here on the Philadelphia and Erie road. A wheel on one of the cars broke as the train was coming down Kane Hill, which was the cause of the accident. Twenty-five cars were thrown tally wrecked, and in going over the embankment ten others were greatly damaged. Three brakemen, Rimer, Smith and Rockwell, were severely injured.

New Castle, Pa., April 11.—Notices have been posted at all the furnaces in this city that there will be a general reduction of wages, to take effect on April The turn men will be reduced fifteen cents, the day laborers ten cents, and the iron men three-quarters of a cent per pound. This will give the turn men \$1.75 per day and the laborers \$1.35, which is the same that they received before the raise last November. An operator said to a reporter that the reduction was necessary because of the condition of the iron market.

PHILADELPHIA, April 11. - Henry Gibbs, a sailor employed as a "donkey-man" on the British steamship Brentior of the Earn line, now lying at Almond street wharf, was burned to death in his bunk in the forecastle yesterday. When the door of Gibbs' little apartment was opened the place was in flames and the attempt to rescue Gibbs failed. Investigation disclosed an empty whisky bottle and an overturned oil lamp near Gibbs' bunk. He was drinking Saturday, and the sailors on the Brentior believe he came aboard the ship drunk.

HUNTINGDON, Pa., April 12.—Through traffic on the middle division of the Pennsylvania railroad has been temporarily suspended by the destruction of a whole span of the three span iron bridge crossing the Juniata river near Union Furnace, The roadbed at that point is being straightened by the removal of a high rocky ridge. Dynamite is the principal explosive used, a in putting off a blast, just as the easure express had passed, a quantity of huge rocks and other debris fell upon and completely crushed the long western span of the

Somerser, Pa., April 8.—William C. Miller, the moonshiner and leader in the gang that murdered old man Hochstetler, surrendered to the state authorities yesterday. The search which was re-cently instituted was so vigorous and the supplies so nearly cut off that the fugitive found it impossible to hold out onger. He was immediately brought to the jail here. A new posse was sent to the mountains from Trent to capture Pritts, the other principal in the mur-der. It is intimated that his hiding place has been disclosed, and the instructions are that he is to be taken dead

or alive. BOYERTOWN, Pa., April 9.— John Zuber, who, while organist of St. John's Lutheran church here, eloped last De-cember with Miss Della Wentzel, the leading soprano in his choir, got a warm reception. He had been in town but fifteen minutes when he was arrested on a charge of false pretense, and being un-able to obtain bail was started towards able to obtain bail was started towards the jail.
