THE QUESTION OF PROHIBITION.

Tee Conference Decides in Favor of Ceaseless War on the Liquor Traffic, but Does Not Indorse Any Political Party.

OMAHA, May 19.—Bishop Foster was in the chair yesterday, and received the fraternal delegates from the Independent Methodist church, one of whom, Hon. Charles Baker, of Baltimore, read an ad-

Amos Shinkle, treasurer of the funds to pay the traveling expenses of the delegates, said about \$4,000 were needed. After much wrangling the conference decided to draw the amount from the

book concern. The first ballot for secretary of the board of education showed that there had been no election. On a second ballot Dr. C. H. Payne received 266 votes and was elected.

The delegates who clamored for the election of more bishops at the present session made a frantic effort to open the question again. A motion for reconsiderbtion, however, was laid on the table

immediately.

OMAHA, May 23.—In the conference
on Saturday a report from the committee on Freedman's Aid society recommended the election of two secretaries for the Freedman's Aid instead of one, as heretofore. The recommendation was rushed through. After twenty minutes of excitement the ballot was taken and Drs. J. C. Hartzell and J. W. Hamilton were elected. The report upon the Epworth league was taken The report stated that the Epworth league had at present 4,000 local leagues with 400,000 members. The report pre-sented an amendment to the discipline providing for the proper recognition and government of the league. It was finally decided that all young people's societies connected with the church, whether Epworth leagues or not, should come under the jurisdiction of a pre-

committee on judiciary reached a very important conclusion upon the meaning of the word "laymen" in the discipline where it provides for lay representation. The committee is of the opinion that the word does not and never has included women, but has meant and does mean men only. The conference, by a vote of 298 to 162,

decided not to remove the five year limit on pastorates.

The report of the committee on temperance and prohibition was adopted. after an animated discussion, by a vote of 246 to 249. It declares in favor of ceaseless war against the liquor traffic and condemns the general government for aiding in its extension to South America. A motion was adopted against

indorsing any political party.

The report of the Chinese exclusion committee was unanimously adopted. It enounces the law recently passed as un-

Starting a Whitney Boom. Washington, May 25.—The latest in the Democratic situation is a Whitney boom. The ex-secretary of the navy has an emissary here who is working up a conference of Democratic leaders favorable to a compromise on Whitney. He gives it out that Whitney and Cleveland have had a conference recently; that Cleveland believes his chances of being nominated good, but doubts his ability to carry the country, and is willing to withdraw in favor of Whitney, provid-ing the latter can be nominated.

Deacon May be Pardoned.

The decision not to appeal to the cour de cassation is based the expectation of an early commutation of the sentence.

WARNED IN TIME.

People will have themselves largely to blame winter. The Board of Health sounded a note of warning a few days ago. Physicians all agree that with proper precautions the disease may be prevented. Aged and enfeebled persons, in fact any one whose system is run down, require a healthful stimulant just now. The medical faculty are a unit upon this point. Klein's Silver Age and Duquesne rye whiskles which sell respectively at \$1.50 and \$1.25 per full quart are the purest and best stimulants known. The most skilled practioners in the country indorse and prescribe these brands and leading hospitals use them exclusively. Major Klein also sells Guckenheimer, Finch, Gibson, Overholt and Bear Creek at \$1 per quart or six quarts for \$5. His establishment is headquarters for everything in the liquor line. SCROFULA

It is the most ancient of all diseases, and very few persons are entirely free from it.

Should Be Cleaned.

Wells should be cleaned at least twice a year, especially in the spring and fali. No matter how tight the well may be toads, flies, worms and bugs will get into the well and die and are swallowed in the drinking water; while even a few drops from a filthy drain or sink, finding its way into the well, will carry bacteria enough to rapidly multi-ply and contaminate all of the water. A well should not be located within at least one hundred feet of a privy, manure heap or any other kind of filth.

Trees and vines should not be planted near a well, as their roots serve as drains into the wells. It is a good plan to ce-ment the surface around a well for ten feet. Then the pump itself should be cleaned occasionally.
