FIFTY-SECOND CONGRESS. Condensed Report of Proceedings in Senate and House.

Washington, May 26.—In the senate a silver discussion was indulged in on Mr. Morgan's resolutions, which had been amended by isserting an additional resolution instructing the finance committee to report a free coin-age bill. No action was taken. The treaty rights of aliens bill took up the rest of the session. There was an uproarous time in the house over an amendment to the World's fair bill appropriating \$100,000 for the publication of facts concerning the development of the colored race in the last thirty years. Northern Republicans criticised southern Demo-crats for alleged harsh treatment of the negro. and the latter responded vigorously. The salary of the director general of the fair was reduced from \$15,000 to \$8,000, and that of the secretary from \$5,000 to \$3,000. An amendment prohibiting the sale of liquor on Sunday

WASHINGTON, May 27.-In the senate yes-terday Mr. Morgan incited Mr. Stewart, of Nevada, to move to proceed with the consideration of his free coinage bill. This motion was carried, nine Republicans, seventeen Democrats and two Farmers' Alliance mem-bers voting in its favor. The senate has now apparently entered upon a limitless debate of silver free coinage. The dreary consideration of the sundry civil bill was again resumed in the house, and amendments were adopted in committee of the whole prohibiting the open-ing on Sunday of the government exhibit at the World's exposition. Notice was given by Mr. Lynch (Wis.) that a separate vote would be demanded on this amendment in the hoase. Sixty thousand dollars was appropriated for a illitary post at Little Rock, Ark., and \$5,000 or barracks at the Soldiers' home, Marion,

Washington, May 28.—Only a very brief dis-cussion was had on the silver bill in the Senate. Mr. Sherman, who wished to take the floor in opposition to the bill, stated that he was not ready to go on now, as he had not yet received some information he had asked for from the treasury. The silver men agreed that the bill be informally laid aside till Tuesday. This was done after Mr. Stewart had amended the bill by striking out the appropriation so as to avoid the danger (in the event of its passing the Senate) of its being remitted to the House cal-ender. The sundry civil bill was finally passed. Mr, Forney's (Dem.) amendment re-quiring the retention of all pension money in excess of \$5 per month, reserved by inmates of soldiers' homes to the support thereof, was reje ted. The appropriation of \$625,000 for the Phiadelphia mint building was retained in the bill. The house then proceeded with the consideration of the postoffice appropriation bill, the motion of Mr. Hatch to take up the anti-option bill being defeated by a tie vote, Washington, June 1.—Mr. Sherman's great

speech on silver yesterday was delivered in a nost effective manner, without notes, and was stened to by an attentive senate and by well filled galleries. Many of the Democratic sen-ators gathered around the speaker. Mr. Mills, of Texas, took a chair in the aisle the better to listen, observing which, Mr. Sherman, who was beginning to touch upon the benefits which protection had, jointly with honest money, conferred on the country, suddenly stopped and laughingly remarked that as he saw the senator from Texas preparing to fol-low him he would leave the merits of protection to be discussed in some more appropriate bill. The house started with good intentions to accomplish something with the postoffice appropriation bill, but struck a snag in the clause providing for free delivery. Mr. Cald-well moved to increase the appropriation from \$10,430,000 to \$10,450,000, and when a vote was taken he made the point of no quorum. A call of the house ensued, a resolution was passed revoking leaves of absence except for sickness, and the house, on motion of Mr. Mc-Millin (Tenn.) adjourned without accomplishing anything.

THE METHODISTS ADJOURN. Women Gain a Point in the Final Session of the Conference.

OMAHA, May 26.—The committee on the state of the church will hand in two reports upon the amusement question. The majority report is opposed to the effort that has been made to secure a more loose and liberal construction of attack." the rules concerning dancing, theater

The report on the Columbian exposition matter demanding Sunday closing was presented soon after the session opened. The report was accepted. A second part recommended the appointment of a commission to make a church exhibit. This excited some discussion.

The committee on lay representation reported in favor of equal lay and clerical representation in the general confer-The report was adopted.

OMAHA, May 27.—"Blest Be the Tie that Binds" was the hymn sung at the opening of the last day of the Methodist Episcopal General Conference. Bishop Fitzgerald was in the chair.

The conference disposed of the woman question just before the final adjournment. Dr. Hamilton offered an amendment to the report of the committee on the judiciary that the proposition be submitted to the annual conferences, requiring that the words "must be male" be inserted after the words "lay delegates, wherever they appear in the discipline, and that unless three-fourths of the annual conferences uphold it, then the law must be held to mean male and female both. The amendment was adopted by a vote of 240 to 160. This sends the matter to the annual conferences, and the men must defeat the women two to one in order to keep them out of the next general conference. The women went wild with delight.

Nicoll Favors Barondess' Pardon. NEW YORK, June 1 .- The movement for the release of Joseph Barondess, the leader of the cloakmakers, who was convicted of conspiracy, is meeting with favor in many quarters, and it is likely that before the end of the week a peti-tion will be forwarded to Governor Flower asking that the man be pardoned. Unless executive clemency is shown Barondess will serve one year and nine months in prison. In speaking of the case District Attorney Nicoll said: "If Governor Flower asks my opinion about Barondess I shall recommend that he be pardoned, because, however arbitrary his conduct, he was acting in a representative capacity, and I am satisfied that he did not know or believe that he was committing a crime."

Kensington, O., June 1.—Two freight trains under full speed collided head on between Summitville and Millport, on the Cleveland and Pittsburg road. Both engines and twelve freight cars were destroyed. John Liebtag, of Cleveland, O., engineer of the north bound freight, was crushed to death and his body afterwards laurned in the wreck. Brakeman Frank Wilcox, of Wellsville, O., jumped on a pile of rubbish and sustained probably fatal injuries. The accident was caused by Eugineer Leibtag neglecting to obey his orders to side track his train at Summitville. The meney loss will approximate \$25,000. Fatal Disobedience of Orders

ULSTER WOULD RESIST. The North of Ireland Would Battle Against an Irish Parliament.

BELFAST, May 31.—The Telegraph of this city publishes the promised plan of resistance to the mandates of an Irish partiament should such a body be established. The article was written by a prominent Irish unionist. It says that the men of Ulster will not allow elections to occur. The election writs will be publicly burned by the sheriffs of counties and the mayor of Belfast im-mediately they are received. Judges and magistrates taking their commissions from the new executive will not be recognized.

The police force will be reorganized with special constables sworn to replace the regular police. The queen's taxes will be 'paid, but taxes levied by the Dublin parliament will not be paid. The custom house will be seized and held until the question is settled.

Continuing, the article says: "In the event of war the north will be in a better position, both as regards credit and geographical position, than the south. Belfast is unassailable, while Dublin is open to direct and immediate

and the fatal injury of William Thomas. At the time of the accident the coaches were filled with passengers, most of whom escaped with minor wounds. The accident was caused by the frosty track, which caused the train to slide the brakes, and the train and its living freight rushed to destruction at the rate of seventy-five miles an hour. Many of the passengers jumped and received severe wounds by falling on the sharp rocks. At the last reverse carve on the road the train jumped the track and crashed into the rocks, a complete wreck. When search was made for the engineer, Tim Mahan. he was found pinned in the cab, with his hand on the throttle, insensible, but alive. He will recover. &

Arrested for Treason.

San Francisco, June 1.—The steamer Australia, which arrived from Honolulu yesterday, brings news that on the 20th ult. Honolulu was thrown into a state of excitement by the arrest of agitator Robert W. Wilcox, the leader of the insurrection in 1889, V. V. Ashford and fifteen others on the charge of being engaged in a treasonable con-spiracy against the government. On the 23d ult. their cases came up in court, but the trial was postponed. It is stated that the resolute action taken by the authorities is not a matter of the past few days, but that for many months they have been on the track of instigators of disturbance and participators in the conspiracy, the success of which would have resulted in a probable di-rectorship under Wilcox.

I Am So Tired.

10686 4339

Is a common exclamation at this season. There is a certain bracing effect in cold air which is lost when the weather grows warmer; and when Nature is renewing her youth, her admirers feel dull, sluggish and tired. This condition is owing mainly to the impure condition of the blood, and its failure to supply healthy tissue to the various organs of the body. It is remarkable how susceptible the system is to the help to be derived from a good medicine at this season. Possessing just those purifying building up qualities which the body craves, Hood's Sarsaparilla soon overcomes that fired feeling, restores the appetite, purifies the blood, and in short, imparts vigorous health. Its thousands of friends as with one voice declare "It Makes the Weak Strong."
