PENNSYLVANIA POINTERS.

WILLIAMSPORT, Pa., July 25.—Robert J. Follmer, married, aged 35 years, was run over by a freight train near Nesbit yesterday and killed. He was stealing a ride from Lock Haven to this city, which is his home, and was jolted off the bumpers.

CHAMBERSBURG, Pa., July 23.—Edward J. Hart, of this place, has been appointed deputy grand master of Free and Accepted Masons for the counties of Adams, Cumberland, Franklin and Fulton instead of Hugh D. Scott, of Gettysburg.

BELLEFONTE, Pa., July 27.—Fire yesterday afternoon destroyed the foundry building of the Bellefonte Car works. The building was owned by a company, of which General Beaver was a leading member. The loss on the building and contents will be about \$10,000, only partly insured.

BIRDSBORO, Pa., July 27.—The break of the borough reservoir the water supply in this place has been low, and at present there is a water famine. Fully one-fourth of the houses are without water, and the elevated parts of the town are dry. Notices have been posted forbidding the use of water for other than domestic purposes.

READING, Pa., July 26.—The storm yesterday was very severe in this section. In the vicinity of Manayunk the Philadelphia and Reading company's telegraph lines and the office at Manayunk tunnel were demolished and the track was blocked for several hours. Trees several feet in diameter were twisted off at Rose Glen and hurled across the tracks.

LANSDALE, Pa., July 23.—At a meeting of the First Baptist church at this place, Rev. Edward A. Rook, the pastor, tendered his resignation, to take effect Sept. 1. Mr. Rook has accepted a call to the pastorate of the Conshohocken Baptist church. He is a graduate of the class of '90, Crozer Theological seminary. Rev. A. F. Green, of the North Wales Baptist church, has also tendered his resignation, to take effect the same time. He will then become pastor of the Third Baptist church, of Camden.

READING, Pa., July 22.—There has been very little rain in this section of the state since July 1, and the crops, especially corn and potatoes, are suffering from drought. The oats are being harvested. The yield will be better than expected. Wheat and rye are being threshed, and average only 3 and 3½ bushels per 100 sheaves, which is about half a crop. Farmers have commenced ploughing for fall seeding, but report that the earth is too dry. The fruit crop is short, owing to the dry weather.

WILKESBARRE, Pa., July 26.—Judge Rice gave a decision yesterday by which the county treasurer will have to disgorge quite a sum of money, collected as retail liquor license from Hazleton dealers. In the case of Doolittle vs. Luzerne county, the plaintiff had paid \$500 license, on the ground that Hazleton had been created a city. The borough fee is \$150. Doolittle claimed the city incorporation was subsequent to the payment of the license, and he sued to recover the balance of \$350. Judge Rice sustained him and now scores of Hazleton dealers will get \$350 back.

READING, Pa., July 26.—The Pennsylvania Saengerbund commenced in this city yesterday, to continue four days. The city has been elaborately decorated, and arches have been erected across a number of streets. All the German societies of this city will keep open house and participate in the week's festivities. They expect to entertain thousands of visitors. Societies from the following places will participate in the singing contests for prizes: Pottsville, Hazleton, Wilkesbarre, Scranton, Easton, Allentown, Harrisburg, York, Lancaster, Williamsport, Shamokin and Girardville.

HARRISBURG, July 23.—A terrific wind and rain storm passed over this city yesterday afternoon. Trees were blown down and the crops in the vicinity were greatly damaged. A large tree blew across a telephone wire in the vicinity of the silk mills, which falling across the trolley wire of the electric line pulled the latter down. A double team while passing soon after came in contact with the wires, and one of the horses was instantly killed and the other was badly burned. The new \$10,000 Central high school building, now in the course of erection, was struck by lightning and damaged to the extent of \$800.

CHESTER, Pa., July 22.—The Democrats of Delaware county held their convention yesterday afternoon at Media and nominated Garrett E. Smedley, of Springfield, for congress and Tyrone Lewis, of Radnor, for state senator; for assemblyman, George B. Russell, of Ridley; Samuel Hill, of Concord, and W. A. Parks, of Radnor, were nominated, and for register of wills, Willism H. Nelson, of Chester; Coroner, Thomas J. Crumby, Chester; recorder of deeds, James Duffy, and for director of poor, John A. Green. Resolutions indorsing the platform adopted by the Chicago convention and extolling the virtues of Cleveland and Stevenson were adopted with cheers.

NORRISTOWN, Pa., July 22.—The Edwards tin plate plant in Plymouth township, two miles easterly from Norristown, began operations in the presence of a few persons invited to witness the beginning, and the tinning of black plates will now go steadily forward. The works were christened by the wife of Manager Richard Lewis, from Wales, who conducted the operation of turning the first plate, which was cut up into small pieces as souvenirs, for which there was a tiresome demand. It is understood that within a year a tin plate plant will be established in Conshohocken, and that one of the rolling mills there will be transformed into a mill for rolling black plates preparatory to tinning. The local advocates of the proposition are elated over the establishment of this new industry here.

YORK, Pa., July 23.—One of the greatest electrical displays ever seen in a storm occurred last night. It began about 7 o'clock and lasted for nearly two hours. It began with large hail stones and soon the rain poured down in torrents, flooding the streets. Lightning, vivid and startling, was almost incessant until 9 o'clock. But little damage was done here. Telephone communication interfered with and a few places were struck. Among the buildings struck were the house of George Haas, the City market, the Pennsylvania Agricultural works and the Billmeyer & Small Car works. Two women were stunned. As the storm communication is out of the damage in the county cannot be ascertained, but it is believed to be large. It is feared the hail played havoc with the tobacco crop.

ST. JOHN'S SUFFERERS.

Burning Their Own Houses to Get on the Relief List.
HALIFAX, N. S., July 27.—Latest information from St. John's states that the militia and sailors still parade the streets to maintain order and prevent incendiarism, which has been attempted and for which several persons are now imprisoned.

The condition of the inhabitants of the western—that is, the preserved—section of the city is by them considered more deplorable than the majority of those who suffered. In consequence of this mistaken impression some of the most indigent in the western part are actually trying to burn their few belongings that they may participate in the relief contributions.

Fully 7,000 persons are encamped in indescribable confusion on a large field, their housing being to a greater number the worst feature there is at present. There is no want of clothing or food. The coming fall and winter, however, will, it is feared, realize a famine that succeeds the feast.

Death in the Cave of the Winds.
NIAGARA FALLS, July 25.—The first fatal accident that ever occurred inside the Cave of the Winds was that which resulted in the death yesterday afternoon of Marcus M. Mason, cashier of the Investment Trust company of Boston, who with a party of friends was returning from a business trip to Chicago, and stopped over here for the day. They started out for a drive up the top of the Cave of the Winds, on Goat island. Instead of going the usual way, Mr. Mason took a short course and slipped from the flat rocks out into the water, going directly under the falls. He was then thrown part way back, when J. R. Barlow, of New Castle, Pa., jumped in after him, but before he could reach Mason he was again carried by the current under the falls and lost to sight. His body is probably in the whirlpool. He was a young married man. His wife is stopping at Winchester.

Why China Rejected Blair.
WASHINGTON, July 27.—China's reply to Minister Denby's note transmitting the instructions of Secretary Blain respecting the refusal of China to receive ex-Senator Blair as minister to that country has been transmitted to the senate by the president in further response to the resolution in regard to the subject. The reply, which is dated April 5, goes into details regarding the exclusion act recently enacted by congress. As Mr. Blair helped to enact the law China cannot accept him as plenipotentiary. Furthermore, the reply declares Mr. Blair slandered China in the senate in Oct., 1888. The reply closes with a strong protest against the exclusion act and adds that China does not regard the question as closed.

Suing for a Million.
NEW YORK, July 27.—A suit involving nearly a million dollars was filed in the supreme court of New York and circuit court of the United States yesterday by the Dineer Watch Case company, of Canton, O., against the individual members composing what is known as the American Watch trust. The charge is conspiracy to injure the business of the plaintiff company, which was formerly in the combination, the latter, it is claimed, being a powerful and arbitrary monopoly, which was organized by manufacturers and jobbers in 1886, the capital of the concerns composing it aggregating over \$20,000,000.

Probably an Idiotic "Joke."
PARIS, July 27.—During a theatrical performance at No. 11, in the Department of Seine-et-Oise, an accident occurred by which eighty people were injured. The seats were arranged in tiers. An ominous cracking was heard and in an instant they had fallen with a crash, carrying down with them seven hundred persons. Piercing shrieks were heard, and it was at first supposed that many were killed. After all had been taken out the police found that some one had loosened the screws and bolts in the framework that supported the seats. An active search is being carried on for the perpetrators of the outrage.

Campaign Editor Cummings.
WASHINGTON, July 27.—There is a movement on foot among the Democrats in congress to create a new position for Congressman Amos J. Cummings. It is proposed to make him a member of the Democratic campaign committee, with the idea of appointing him a sub-committee in charge of the literary end of the campaign. Mr. Cummings is a good writer, and those who are behind the new movement believe that he will be able to make campaign reading matter more attractive than such literature generally is to the average reader.

Hail Storm in Minnesota.
LAKEFIELD, Minn., July 27.—Early in the morning a disastrous hail storm visited this vicinity, accompanied by strong wind. The track of the storm was to the southeast, covering a strip of country three miles wide extending from Lakefield to the south. The fields in the strip are utterly laid waste, and many are left destitute. The wind and rain covered a wider area, and many outbuildings were overturned and windows demolished.

Shot Down by Spanish Soldiers.
SANTANDER, Spain, July 26.—During the progress of the ceremonies incident to the opening of the annual fair at Alameda, a dispute arose between a civilian and one of the soldiers of the garrison, which resulted in a serious riot. The soldiers stationed at the barracks fired upon the mob who had taken sides with the civilians, killing two persons and wounding nine others. It was necessary to call upon both the civil and military authorities to restore order.

A Divorced Husband's Crime.
DENVER, Colo., July 25.—Shortly after midnight Mr. and Mrs. Jacob Scott were almost chopped to pieces in their bed. The weapon used was a hatchet. The victims were discovered in an unconscious condition, and there is little hope of their living. Peter Keenan, the divorced husband of Mrs. Scott, is suspected of having committed the crime, being prompted by jealousy. Some time ago he wrote from Los Angeles, Cal., to Mrs. Scott, threatening her life.

The Girls Were Belligerent.
BRAZIL, Ind., July 27.—A crowd of young men made a raid on Mrs. Harmon's residence on West Jackson street, almost frightening the old lady to death. Her two daughters secured a butcher knife and an axe and attacked the men. In the melee James Morgan was literally cut in shreds and will probably die, while another participant is dangerously cut in the breast.

Liquor Habit Cured.
By administering Dr. Haines' Golden Specific. It is manufactured as a powder, which can be given in a glass of beer, a cup of coffee or tea, or in food, without the knowledge of the patient. It is absolutely harmless, and will effect a permanent and speedy cure, whether the patient is a moderate drinker or an alcoholic wreck. It has been given in thousands of cases and in every instance a perfect cure has followed. It never fails. The system once impregnated with the Specific, it becomes an utter impossibility for the liquor habit to exist. Cures guaranteed. Large book of particulars free. Address GOLDEN SPECIFIC CO., June 92, 185 Race st., Cincinnati, O.

Under the McKinley system, protection seems to be immense fortunes to the Carnegie's, and starvation to the American laborer. The democratic platform says this system is a fraud and the party stands pledged to so change this system as to give the laboring man and the consumer an equal chance with the manufacturer.

I Am So Tired.
Is a common exclamation at this season. There is a certain bracing effect in cold air which is lost when the weather grows warmer; and when Nature is renewing her youth, her attention is owing mainly to the impure condition of the blood, and its failure to supply healthy tissue to the various organs of the body. It is reasonable how susceptible the system is to the help to be derived from a good medicine at this season. Possessing just those purifying, building up qualities which the body craves, Hood's Sarsaparilla soon overcomes that tired feeling, restores the appetite, purifies the blood, and, in short, imparts vigorous health. Its thousands of friends will with one voice declare "It Makes the Weak Strong."
