THE CHOLERA IS HERE.

Brought from Hamburg and Detained at Quarantine.

SEVERAL NEW CASES REPORTED.

The Condition at New York Quarantine—Doctors to Inspect that City and See that It is Cleaned. Nearly Three Thousand Deaths Reported from Hamburg.

NEW YORK, Sept. 5.—Three steamers arrived on Saturday from Hamburg and two out of the three vessels had cases of cholera on board. The vessel, the Normannia, and the Rugia. The other vessel, the Strabenhuk, reported all well. Four deaths have occurred during the voyage on the Rugia and five on the Normannia. The four who died on the Rugia were all steerage passengers. Of the five who died on the Normannia one was a first class passenger, one was a second class and three were steerage passengers. The Rugia also brought five sick people, and the Normannia four.

QUARANTINE, S. I., Sept. 5.—The following persons died or were taken sick during yesterday on the plague ships down the bay: On the Normannia—Emma Storms, 8 years old, steerage passenger; Heinrich Lammars, 47 years old, steerage steward, died while in transit to hospital. On the Rugia—Christiana Hansen, aged 10 years; Peter Hansen, aged 8, taken sick; Antonia Hark, aged 17 years, died at 6 a. m. yesterday. The children taken sick were steerage passengers and became ill early yesterday morning. On the Moravia—Abraham Schneidermann, aged 8, died yesterday morning. All of the dead were taken to Swinburne island and cremated.

QUARANTINE, S. I., Sept. 6.—Three new cases of cholera have appeared on the Rugia, with one death, and three new cases and one death on the Normannia. The three cases on the Normannia were among the crew of that vessel.

On Hoffman Island a 5-months-old child was taken down and transferred to Swinburne Island, where death followed.

The 500 special doctors who will inspect the city with a view of having it thoroughly cleaned and watching for cholera cases or any suspicious cases were sworn in yesterday. For the first time in many a year Labor Day was a working day among the health department officials. All the officers and employees were at their posts.

QUARANTINE, Sept. 7.—The situation at dusk last night, while scarcely changed as to the battle with the scourge, is materially altered in that the sanitary conditions of the floating cities, as each of the ships may be called, promises to be a problem far in excess of the actual pestilence itself. The fact of the deaths and the new cases from day to day, is a matter in proportion to be expected as the disease runs its course.

There were five new cases of cholera reported here yesterday, all immigrants, including two at Hoffman Island hospital. They have all been removed to Hoffman Island for treatment. The cool weather does not seem to have any effect on the pestilence.

HAMBURG, Sept. 5.—Yesterday was a cool autumnal day. The fresh cases of cholera discovered number 899; the deaths number 377. Compared with yesterday the decrease of the number of cases is seventy-eight; of the number of deaths, thirty-six. The number of immigrants yesterday were 373, or thirty-six more than Saturday. This increase is due partly to the sudden lengthening of the death list yesterday and partly to the extraordinary efforts of the authorities to get under ground the bodies which have been collecting steadily at the hospitals. About 200 bodies were still unburied at 9 o'clock last evening.

LONDON, Sept. 7.—The Chronicle publishes the following dispatch from Rome: "The direction of President Harrison's circular, if strictly carried out, will entail serious consequences on Italy, which country sends to American ports 40,000 emigrants annually. The Italian authorities are greatly concerned at the restriction."

In an interview yesterday Consul General John C. New said that he had received assurance from all the steamship companies that they would comply with the circular issued by order of President Harrison.

The steamer Oldham, from Hamburg, has been quarantined at Grimsby, a cabin passenger on the vessel having been found suffering from cholera. The steamer's cargo of fish has been destroyed. The company owning the steamer have concluded to book no more passengers of any class from Hamburg.

ST. PETERSBURG, Sept. 7.—The czar and czarina, in defiance of the earnest advice of their physicians and counselors, visited the cholera hospitals and talked with the patients.

HAVRE, Sept. 7.—The number of deaths from cholera was nine, and the same number on Sunday. There were twenty-seven new cases reported yesterday as against seven reported on Sunday.

THE HAGUE, Sept. 7.—A workman has died from cholera at Dordrecht, a town of South Holland, ten miles from Rotterdam. This is the first case at Dordrecht, otherwise known as Dort.

HAMBURG, Sept. 7.—The official report states that 674 new cases and 264 deaths from cholera have been reported, and that since the outbreak of the disease there have been 6,798 cases and 2,940 deaths.

Rev. Sam Small Shot.

VINCENNES, Ind., Sept. 7.—Rev. Sam Small, the noted temperance evangelist, who has been in this neighborhood for several days, expounding the doctrines of prohibition, was shot in the thigh at Hazleton, fifteen miles south of this city. His condition is not serious.

A Wife Murderer.

WILMINGTON, Del., Sept. 7.—It is reported from Millsboro that George Jackson cut his wife's throat and horribly slashed his three children. The wife and one of the children are dead. Jackson fled and the authorities are scouring the country for him.

Another Light Weight Match.

SAN FRANCISCO, Sept. 7.—The California Athletic club has matched George Siddons, of New York, and Solly Smith, of Los Angeles, to fight at 119 1/2 pounds on under, for a purse of \$2,000 Sept. 30.

John G. Whittier Ill.

PENNSYLVANIA POINTERS.

PITTSBURG, Sept. 5.—William Weihe, the retiring president of the Amalgamated Association, has positively declined to accept the nomination for congress in the Twenty-second district to oppose John Dalzell.

ALTOONA, Pa., Sept. 6.—An extra stock train ran into a coal train on the Pennsylvania railroad near South Fork. Both engines were wrecked and brakeman W. A. Ferguson, aged 23, from Emmitsburg, Md., was instantly killed.

PHILADELPHIA, Sept. 5.—Little 3-year-old Samuel Huld, swallowed a particle of glass about an inch square on Friday last. He was removed to the Pennsylvania hospital where an operation was performed without avail, the little fellow dying from exhaustion.

PITTSBURG, Sept. 6.—Yesterday morning the lumber yards, offices and sheds of the Union Planing Mill company were destroyed by fire. A lighted torch fell into the pile of shavings and the fire was soon past control. The loss is about \$45,000; nothing was insured.

HARRISBURG, Sept. 5.—Governor Pattison accepted the resignation of Dr. Leffmann as port physician at Philadelphia and appointed Dr. E. O. Shakespeare to the position. This appointment was made because of Dr. Shakespeare's study of the various phases of cholera epidemic, made in Spain when the disease prevailed there in 1885.

PHILADELPHIA, Sept. 5.—Brooding over the fact that her first husband had committed suicide, and that her second husband is now under arrest to answer a charge of murder, Mrs. Maria Josephine Frederico cut her throat with a common table knife. Medical aid was summoned, but hardly had the doctor reached the woman when she gasped once or twice and fell over dead.

PHILADELPHIA, Sept. 6.—Dr. John James Reese, the eminent toxicologist, who, until October last held the chair of medical jurisprudence and toxicology in the University of Pennsylvania, died at the residence of his friend, Dr. J. A. Joy, at Atlantic City, Professor Reese was born in Philadelphia, June 16, 1818, and in 1836 graduated from the University of Pennsylvania, receiving the degrees of master of arts and doctor of medicine three years later.

STROUSBURG, Pa., Sept. 6.—The congressional conference of this district, comprising the counties of Northampton, Carbon, Monroe and Pike, met here yesterday afternoon. George T. Stauffer, of Monroe, was chairman of the meeting, and James S. Drake, of Pike, secretary. Dr. Thomas C. Walton, of Monroe, was nominated for congress on the first ballot. The vote stood: Dr. T. C. Walton, 7; Dr. J. B. Tweedle, Carbon, 2, and Edgar Pinchard, of Pike, 1.

HOMESTEAD, Pa., Sept. 5.—One of the episodes of the present wage struggle was the looting Friday night of the residence of Jacob Maple, on Twelfth avenue, by Homesteaders. Maple is a citizen here, who sent his family away, locked up his house and went back to work in the mill. Some persons entered the house and destroyed everything in it except some Catholic pictures. The loss on property destroyed will reach \$1,000. There is no clew to the perpetrators of the deed.

PITTSBURG, Sept. 3.—At Carnegie's Thirty-third street mill all the departments have been running double turn when not broken down, but the output of marketable steel for the past week has not been very large. Saturday was the last day that the non-union men were to be boarded and housed within the mill, and this week they must find quarters outside. The men have been notified, and some trouble is anticipated in getting accommodations within reasonable distance of the mills.

ALTOONA, Pa., Sept. 6.—A. L. Smith, of the Washington observatory, and W. C. Power, of Chicago, a member of the United States geodetic survey, are conducting a party of engineers through the central part of Pennsylvania for the purpose of locating a site for a national observatory. Such an institution is greatly needed in central Pennsylvania, as the present weather reports only apply either to the eastern or western part of the state, and are generally wide of the mark in these mountainous sections. Brush mountain, near Altoona, is the most favorable site yet found. Costly topographical maps are being prepared.

SCRANTON, Pa., Sept. 5.—An Ontario and Western mixed freight was wrecked near Peckville yesterday morning, twelve cars being thrown into the Lackawanna river and the engine badly dismantled. Two oil tanks were burst and the petroleum becoming ignited, destroyed much of the freight, besides doing other damage. Brakeman George Thatcher was jammed between the wrecked cars and fatally injured. The other trainmen escaped unharmful. At Olyphant several men were put under arrest for setting the floating iron on fire and for some time great difficulty was experienced in saving houses near the stream.

READING, Pa., Sept. 6.—The tenth annual festival of the Reading Cannstatter society opened yesterday in Jones park, to continue two days. This is one of the most influential German organizations of the city, having a membership of over six hundred. A number of invited guests have arrived from other cities, including the Stuttgarter club, of Philadelphia. At 10 a. m. there was a parade of all the German societies of Reading and visiting delegations through the principal streets to the park. At 2 o'clock in the afternoon there were addresses, the visitors being welcomed to the city by Mayor Merritt. Games and outdoor sports of all kinds took place. One of the most attractive features of the festival was the fruit column. It is forty-five feet high, composed of the choicest fruits and vegetables, and is the finest piece of work of the kind ever seen here.

EASTON, Pa., Sept. 6.—A meeting of railroaders, employees of the Reading system, was held amid greatest secrecy here. What was done was not divulged. It is known that at least two men went to New York either to confer with railroaders there or to present grievances to the railroad officials. From there the committee will go to a large railroad meeting at Philadelphia this afternoon.

Two reasons are given for the action of the men, one the discharge of five men on the New Jersey division of the Reading; the other the allegation that the Reading intends to force out all labor organizations on the road. A peculiar feature of this movement of the railroad men of this valley and on the Reading roads in New Jersey, including the New Jersey Central, is the unanimity with which strict secrecy is preserved, coupled with the fact that not in fifteen years have any of the organizations on either the Lehigh Valley or the Jersey Central had trouble with any of their employers.

Highest of all in Leavening Power.—U. S. Gov't Report, Aug. 17, 1889.

Royal Baking Powder
ABSOLUTELY PURE

NOTICE.—Notice is hereby given that sundry citizens of Centre county will, on Tuesday, the 4th day of October, 1892, present their petition to the Court of Quarter Sessions of Centre county, representing that "The Bald Eagle and Sittany Valley Turnpike," leading from a point at or near Shanks bridge, leading toward Bald Eagle Creek, in a point on the Bellefonte road between James Hutchison's and the Black Horse tavern (now near Charles Yearick's house), in Marion township, would be for the best interests of the people of the county that the said turnpike should become a public road, free from tolls and toll gates, and praying the Court to appoint a master, as well as a jury of five reputable citizens of the county, to view and condemn the above mentioned turnpike, for public use, free from tolls and toll gates, and to assess the damages, if any, to which the owners of said turnpike may be entitled, agreeably to the provisions of the Act of Assembly, approved June 2nd, 1887.

AARON WILLIAMS, Atty. for Petitioner.

—Unclaimed letters: Mrs. C. V. Alexander, Georgianna Beck, L. S. Franklin, Mrs. Kate Gibbons, G. W. Kishling, Rubie John Love, W. F. Summers, Mrs. Alice Walker, A. E. Weaver. When called for say advertised.

—Miss June Coombs who will be the principal actress in the "Bleak House" on Monday evening, has the reputation of being one of the best. Don't miss the play.

Mr. Chas. N. Hauer

Of Frederick, Md., suffered terribly for over ten years with abscesses and running sores on his left leg. He wasted away, grew weak and thin, and was obliged to use a cane and crutch. Everything which could be thought of was done without good result, until he began taking

Hood's Sarsaparilla which effected a perfect cure. Mr. Hauer is now in the best of health. Full particulars of his case will be sent all who address C. L. Hood & Co., Lowell, Mass.

HOOD'S PILLS are the best after-dinner Pills, assist digestion, cure headache and biliousness.

ALEXANDER YOUNG COMPANY, Limited, 700-2 Market Street, Philadelphia, opposite Monroe St.

NANCY HANKS made a record of 2,051 feet in the fastest mile ever trotted by a horse. That is fast but it is a snails pace compared to the way Cleveland will slide into the White House next November.

PASTOR KOENIG'S NERVE TONIC

Rather Be Without Bread. XI Bishop's Residence, Marquette, Mich., 507 S. 1892. The Rev. J. Kossiel, of above place, writes: I have suffered a great deal, and whenever I now feel a nervous attack coming I take a dose of Pastor Koenig's Nerve Tonic and feel relieved. I think a great deal of it and would rather be without bread than without the Tonic.

Better Than the Best Doctor. MARION CITY, Pa., December, 1890. I deem it my duty to say that I was treated for ten years by the best doctors in Pennsylvania, but never got any relief until I took Pastor Koenig's Nerve Tonic. I am cured of my nervous troubles; have never had the slightest symptoms of those spells since I commenced taking the first bottle.
MRS. SARAH MCGUIRE.

FREE—A Valuable Book on Nervous Diseases sent free to any address, and poor patients can also obtain this medicine free of charge. This remedy has been prepared by the licensed Pastor Koenig, of Fort Wayne, Ind., since 1876, and is now prepared under his direction by the
