Sullivan Knocked Out in the Twenty-first Round.

THE CALIFORNIAN WINS \$35,000

The New Champion Administered Opponent, While Nimbly Escaping the Bostonian's Efforts at Retaliation-Dixon Defeats Skelly.

New Orleans, Sept. 8.—The result of the third night of the fistic carnival was a surprise to many, and resulted in Sul-livan being knocked out by Corbett in the twenty-first round. The building

was packed with a tremendous crowd.

It was announced that Sullivan weighed 212 pounds and Corbett 187. Sullivan was the first to appear but was soon followed by his adversary. The gloves were weighed, and then the seconds tossed for corners, Corbett winning

JAMES J. CORBETT.

and sending Sullivan to the unlucky seat occupied by Myer and Skelly. The first real fighting was done in the third round, when Corbett got in three heavy blows on Sullivan. Throughout the entire contest the Californian had the best of it, landing repeated heavy blows on the champion's nose, while the big rellow was unable to return the punishment he received. As Corbett landed blow after blow on his burly opponent he would dance nimbly out of the way, and when Sullivan made a lunge he would find nothing to meet it but the air. In the fifteenth round the Bostonian made a desperate effort to retrieve his made a desperate effort to retrieve his vanishing fortunes, but the Californian held him at bay. So on to the end of the fight Sullivan seemed not to be "in it," and when, in the twenty-first round, Corbett landed a heavy blow on Sullivan's jaw, the "champion of champions"

van's jaw, the "champion of champions" was champion no longer.

His seconds had to come to him and assist him to his corner. His handlers poured water over him and placed ammonia to his nose to bring him to. On coming to he said: "Say, am I licked? Did that young fellow do it?" On being told that such was the case, he said nothing until Corbett came over to shake hands with him. John got up, took hands with him. John got up, took Corbett's hand and said: "I am glad that the championship has been won by an American." This speech brought down the house, and the audience yelled

Dixon and Skelly.

New Orleans, Sept. 7.—When Dixon and Skelly weighed in at 3 o'clock yesterday afternoon, Skelly was under the limit of 117 1-2 pounds and Dixon was heavier. More than 5,000 were present at the Olympic club to view the fight. There were about 400 negroes in the au-dience. The fight was for the championship and \$12,500, and was easily won by Dixon in eight rounds. Skelly was no match for the colored boy, who won as liked, and gladdened the hearts of the colored contingent in the audience, who

were present in large numbers. Lieutenant Peary's Achievement. Washington, Sept. 13.—The stars and stripes have been planted at the two points nearest the North Pole yet reached by civilized man. The navy department yesterday received the following telegram from Lieutenant Peary at St.
Johns, N. F.: "United States navy
claims highest discoveries on Greenland east coast. Independence bay, 82 degs. north latitude, 34 degs. west longitude; discovered July 4, 1892. Greenland ice cap ends south of Victoria inlet." The highest point heretofore attained on the east coast is about 75 or 77 degs., and was made by Holdenby, a German. The highest point on the west coast was 83 degs., made by Lockwood and Brainard

of the Greely expedition. Mrs. Harrson Has a Relapse. LOON LAKE, N. Y., Sept. 13.—An unexpected complication has added itself to Mrs. Harrison's illness and her condition now is so grave that it will prevent the president from being absent from the sick room. In consequence the trip through northern and central New York, which the president had antici-pated making, has been given up. Much solicitude has been expressed at the sudden turn in Mrs. Harrison's condition. There was no business transacted by the president yesterday.

Caused by a Washout. LINCOLN, Ills., Sept. 13.—Part of an commodation train on the Champaign and Havana division of the Illinois Central was thrown from the track near tral was thrown from the track near here. Twelve persons were injured, several of whom will die. A piece of defective grade exists on the west side of Kickapoo creek, approaching the bridge, spanning a fifteen foot chasm. The train jumped the track at this point and fell into the creek.

Death in the Alps. London, Sept. 13.—Dr. Mainzer, of Carlsruhe, and a guide named Dengg were killed a few days ago by falling over a precipice of the Zugspitze in the Eastern Alps. The ill fated men started out on Sept. 2. A terrible snow storm raged the next day, and as nothing was beard from them a search party started out on Sept. 6. The bodies were found on Sept. 9.

Mrs. Maybrick Abandons Hope. London, Sept. 13. — Yesterday the home secretary retused to recommend her cajesty to grant a pardon to Mrs. Maybrick, who was sentenced for life for poisoning her husband. When the news was conveyed to the prisoner this morning she sobbed convulsively. She appears to have utterly abandoned hope.

CORBETT THE CHAMPION The Three Main Questions That Should

be Discussed. AUGUSTA, Me., Sept. 7.—The following letter from Hon. James G. Blaine to Chairman Manley, of the Republican state committee, has been made public:

My DEAR Sir.—Not being able, for reacons which Living sons which I have explained to you, to deliver public speeches in this present campaign I take the liberty of submit-ting my views on the issues, which I re-Severe Punishment to His Burly gard as being strongest for the Republi-

cans to urge before the people.

First—The issue of the greatest consequence is the tariff on imports, and it will continue to be until a settlement is effected by a majority so large that it will be tantamount to general acquiesence. The Republicans are aggressive on this subject. Two years ago they passed a general enactment known as the McKinley tariff, which for a time failed to meet with popular approval and was regarded with a certain degree of distrust by those who had always upheld the protective system. But a powerful reaction has came in consequence of the vindication of McKinley tariff by experience. It is found to have worked admirably, and within the last year has produced a greater volume of business, internal and external, export and import, than the United States ever transacted before. Notwithstanding the character and extent of the opposition to it, agriculture is remunerative, manufactures are prosperous and commerce is more flourishing than at any previous time, thus vindicating the McKinley tariff by

impressive and undeniable facts.
Second—When the principle of reciprocal trade was first proposed to be introduced into the tariff system the Democrats showed as much generous appreciation of the question and gave it their support as long as the Republicans refused to accept; but when the Republicans came to approve it the Democrats vanished, and instead of favoring, we find the Democratic national convention passing a resolution hostile to the sys-tem. But in spite of Democratic opposition we have attained, through reciprocity, a new and valuable trade and the system has demonstrated its many advantage

Third-With all its calamities the war brought us one great blessing-national currency. There are many who will say it was worth the cost of the war to bring about so auspicious a result to capital and labor. Prior to the war we had the worst currency system of any enlightened nation in the world.

Since the close of the war all this is different. Every paper dollar that circulates among the people has the United States behind it as a guarantee. All the banks that exist are under the control of the national government, and if they fail as financial institutions the government has taken care that their bills shall be paid by securities deposited in govern-

THE MAINE ELECTION.

The Republicans Elect the Governor and the Four Congressmen.

PORTLAND, Me., Sept. 13.—The state elections for the choice of the four congressmen and members of the legislature occurred yesterday under the Australian ballot, and as far as learned everybody appears satisfied with the working of the system. In 1888 the Republicans had a plurality in the state of 18,053 for goverplurality in the state of 18,053 for governor, and in 1890 their plurality was 18,889. Comparison this year will be made
with the vote of the latter year. In 140
towns Cleaves (Rep.), received 27,112;
Johnson (Dem.), 22,292; Hussey (Pro.),
455; scattering, 631. In 1890 Burleigh
(Rep.), received 25,503; Thompson (Dem.),
17,748; Clark (Pro.), 933; scattering, 572.
Republican plurality this year 4,820
against 7,555 in 1890. In Augusta Cleaves
received 1,069 and Johnson 899, against
831 for Burleigh, 323 for Thompson and
31 for Clark.
AUGUSTA. Me., Sept. 13.—Joseph H.

AUGUSTA, Me., Sept. 13.—Joseph H. Manley telegraphed Chairman Carter as follows: "The total vote will be 12,000 less than in 1888. We elect all four congressmen, carry fourteen of the six-teen counties, have two-thirds of the legislature and elect our governor by 11,000 majority over the Democratic can-

Nine Victims of the Rail. Boston, Sept. 12.—A terrible accident occurred late Saturday night at the Watertown Junction, near West Cam-bridge Station, on the Fitchburg railroad, caused by a west bound express train telescoping the rear car of the Waltham passenger train from Boston. Nine killed and twenty wounded were taken from the wreck. The force of the collision smashed the front end of the boiler and cylinders and the escaping steam added horror to the situation of those already imprisoned the station those already imprisoned, the station of those already imprisoned, the station at West Cambridge was converted into a hospital, whither the victims were carried. Many of those taken from the wreck were terribly scalded in addition

to their other injuries. Seized by a Russian Cruiser. VICTORIA, B. C., Sept. 13.—The sealer E. B. Marvin, now in port, spoke the Kate and Ann, of San Francisco. Master Captain Miner informed him that the schooner had been boarded by the Russian cruiser Rasbonic. The Russian con-tented himself with taking the catch of sealskins and surplus provisions. The Russian had aboard a number of sealing men, and the captain said that eight vessels, six British and two American, had been seized.

The Striking River Miners. PITTSBURG, Sept. 13.—The 6,000 coal miners in the lower pools of the Mononminers in the lower pools of the Monon-gahela river, passed their first day of idleness yesterday, and the eighty coal mines were closed. The strike or lock-out, the result of the operators refusing to continue the old rate of pay, promises to be a long and bitter fight, which will become more intense after the fall rise in the river will have conveyed the present stock to the lower markets.

A Hundred Buildings Burned. A Hundred Buildings Burned.

QUEBEC, Sept. 12.— The fire which started in Bedleyville, across the river-from here, spread with frightful rapidity. No less than 100 buildings were burned within three bours. A man named Le France was probably fatally injured by a fall from a window. The people left homeless camped out. There is a scarcity of food as well as shelter The loss will be about \$80,000.

Verdict Against the Militia. BUFFALO. Sept. 13. — The coroner's jury in the case of Michael Broderick, the boy shot by soldiers of the Twenty-second regiment on Aug. 25 during the railroad strike, yesterday brought in a verdict declaring the shooting unjustifiable, and recommending that all honorable means be taken to bring the guilty party or parties to justice. party or parties to justice.
