Royal Baking Powder ABSOLUTELY PURE

Water is so scarce at West Moshannon, Clearfield county, that one man has had another arrested for stealing water from his well. It appears that one well has been supplying the whole community with water and finally, owing to the supply being inadequate to meet more than the wants of the family owning the well, it was locked up. A neighbor broke open the lock and took what water he wanted, declaring at the time that he might as well languish and die in jail as die for want of water.

A Prize Picture Puzzle.

EXPLANATION.—The following picture contains four faces, a man and his three daughters. Any one can find the man's face, but it is not so easy to distinguish the faces of the three young ladies. The picture was published in a few newspapers some time ago, and attracted considerable attention to our standard remedies. We now offer a new prize competition in connection with it. As the sole object is to introduce our medicines into new homes, those who entered the former competition are requested not to compete in this one. As to the reliability of "The Ford Pill Co.," and the estimation in which their medicines are held in Toronto, Canada, where they are best known, patrons are referred to the daily newspapers, wholesale druggists and leading business houses generally of Toronto.

The proprietors of "The Ford Pill Co." will give an elegant pair of Shetland Ponies, Carriage and Harness, valued at \$600, (delivered free in any part of the United States) to the first person who can make out the three daughters' faces. To the second will be given an elegant Lady's Gold Watch, set in sapphires and diamonds. To the third will be given a pair of genuine Diamond Ear-rings. To the fourth will be given a handsome China Dinner Service. To the fifth will be given a Kodak Camera. To the sixth, a Swiss Music Box. To the seventh, a French Mantel Clock. To the eighth, an elegant Banquet Lamp. To the ninth, a pair of Crown Derby Vases. To the tenth, a complete Lawn Tennis Set, and many other prizes in order of merit. Every competitor must cut out the above Puzzle Picture, distinguish the three girls' faces by marking a cross with a lead pencil on each, and enclose same with 25 U. S. two-cent stamps for one of the following: "Ford's Cough Cure," "Ford's Prize Pills," "Ford's Prize Catarrh Remedy," or "Ford's Prize Cough Cure." Select any one of the above remedies you desire. Address "The Ford Pill Co.," Cor. Wellington & Bay Sts., Toronto, Canada. The person whose envelope is postmarked first will be awarded the first prize, and the others in order of merit. As this advertisement appears simultaneously throughout the United States, every one has an equal opportunity. To the person sending the last correct answer will be given an elegant Upright Concert Grand Piano, valued at \$500.00. To the first person from the last sending a correct answer will be given a gentleman's fine Gold "Sandoz" Watch, which strikes the hours and equates hours on small ornamental gong at pleasure, and valued at \$300.00. To the second from the last, a first-class Safety Bicycle, pneumatic tire. To the third from the last, a first-class English Shotgun. To the fourth from the last, a suite of Parlor Furniture. To the fifth from the last, a handsome Silver Tea Service. To the sixth from the last, an elegant Piano-Lamp. To the seventh from the last, a handsome pair of Portieres. To the eighth from the last, a genuine English leather travelling Trunk. To the ninth from the last, two pieces of genuine French Statuary, and many other prizes in order of merit.

SPECIAL PRIZES FOR EACH STATE.

A special prize of a Silk Dress Pattern (sixteen yards, any color), or a first-class Sewing Machine (any make desired) will be given to the first person in each State in the U. S. who can make out the three daughters' faces. We shall give away 200 valuable prizes, besides special prizes, (if there should be so many sending correct answers.) No charge is made for boxing and packing of prizes. The names of the leading prize winners will be published in connection with our advertisement in leading newspapers next month. Extra premiums will be given to only those who are willing to assist in introducing our medicines. Nothing is charged for the prizes in any way. They are absolutely given away to introduce and advertise "Ford's Prize Remedies," which are standard medicines, and will be used in every family for years where they have been once introduced. All prizes will be awarded strictly in order of merit, and with perfect satisfaction to the public. The remedies will be sent by mail, postpaid, and prices free of duty.

A WATCH FOR EVERY CORRECT ANSWER.

An extra premium of a genuine "Fearless" Watch, (stem-winder), will be awarded to every person who sends a correct answer within 30 days after this advertisement appears, in case they should not be fortunate enough to secure one of the larger prizes. That is, if any one can find the three faces and enclose them within 30 days from the time this advertisement appears in the newspaper, they are guaranteed either one of the leading prizes, or an extra premium of a watch on condition stated. No answer will be noticed that does not contain in good faith one of "Ford's Prize Remedies." Address THE FORD PILL CO., Cor. Wellington & Bay Sts., Toronto, Canada.

COL. STREATOR IS ACQUITTED.

A Verdict of not Guilty Returned in the Iams Case.

Col. Alexander Hawkins, Lieutenant Colonel James B. R. Streator and Surgeon Grimm, of the Tenth Regiment, National Guard of Pennsylvania, have been adjudged not guilty of assault upon Private William Iams, while the State militia was called out to Homestead during the strike. After being out a little over twenty-one hours the jury rendered a verdict of acquittal at 11.15 last Saturday morning. The case was tried at Pittsburg.

In the aggravated assault and battery case, the offense consisting of the shaving of Iams' head and his subsequent drumming out of camp, the jury returned a verdict of not guilty, but directed that the costs be divided between two of the defendants, Col. Hawkins and Lieutenant Col. Streator. In the other case, charging assault and battery, which consisted in the tying up by the thumbs of Private Iams, the verdict was "not guilty and the county pay the costs."

COSTLY HUGS AND KISSES.

A Jersey Justice Gives Points of Interest to Lovers. Dr. Mozart Jenkins will find the hugs and kisses he on Miss Emma Carslake, of Trenton, N. J., most expensive ones, as a jury last week awarded the fair plaintiff \$7,500 damages to heal her wounded affections. She asked for the modest sum of \$20,000. Justice Scudder in his charge to the jury said that an offer of marriage accepted is an expressed contract. The fact that the parties lived together in the same house and that they called each other pet names need not signify an engagement, but the acts of kissing and caressing justified a person in considering that an engagement existed.

McKinley's Tin Plate Labor.

McKinley in opening the great tariff debate in the house of representatives, May 7, 1890, extended the following cordial invitation to the Welsh manufacturers of tin plates: "Let them bring their factories right over here. Bring \$25,000,000 over here and sit down among us and employ our labor and consume the products of our farmers." This sentiment was applauded.

Cleveland and the Young Men.

The New York Tribune enjoys the distinction of being perhaps the most blindly partisan Republican journal in the United States. Nevertheless it shows in the following words, from its leading editorial of Oct. 1, that it has a correct understanding of the causes of Grover Cleveland's popularity among the young men of this country: "The esteem in which Mr. Cleveland has heretofore been held by a great number of his fellow citizens has proceeded from the belief that he was a bold and uncompromising advocate of his own conscientious convictions; that he was possessed in fact by that courage of opinion which, just verging on willfulness and rashness, has often availed to captivate the popular mind and heart. To this estimate of his moral qualities Mr. Cleveland owes in great degree the admiration which he has inspired in many young and ingenuous persons and most of the panegyrics to which the country has listened with conflicting emotions during the last eight years."

THE TORNADO

Tried to Wreck a Train. READING, Pa., Aug. 24.—An attempt was made to wreck an express train on the Pennsylvania railroad. After it had crossed one of the large iron bridges two miles below Reading, going forty miles an hour, the engineer saw an obstruction ahead, but was unable to stop the train, which dashed into four heavy timbers placed across the track. They were fifteen feet long and one man could hardly carry one of them. The rear wheels of the locomotive jumped the rails. The lives of over one hundred passengers were imperilled. They were badly shaken up.

Hallowell Renominated.

NORRISTOWN, Pa., Aug. 24.—The Democratic county convention renominated Edwin Hallowell, of Abington, for congress. Charles I. Baker, Milton M. Walters, Frank G. Wile, M. S. Moore and C. H. Melhouse for assembly; County Chairman Edwin F. Kaue for district attorney, David H. Rudy for sheriff, Samuel Effrig for county treasurer, H. B. Long for coroner and Henderson Supplies for director of the poor. Effrig scored his nomination over Hutchinson Smith, of Abington, by only one vote.

British Intervention Urged.

SIMLA, Aug. 24.—Fearing that they will seize upon part of the Pamir region that belongs to Afghanistan, the ameer has asked the government of India to intervene to prevent Russian aggression in the Pamir country. It is thought that Russia's object is to first assert her right to Shingian by occupying it and driving out the Afghans, who have taken possession of the place, and to turn the Chinese position in Kashgar.

A Convict Killed, Another Wounded.

SING SING, N. Y., Aug. 23.—Charles Vincent and Thomas Welsh, two convicts, attempted to escape from the state prison at this place at 1 o'clock in the morning, and as a result a desperate fight ensued between the two convicts and a number of the keepers, during which Vincent was shot and instantly killed and Convict Welsh seriously wounded.

Still Increasing the Nobility.

LONDON, Aug. 23.—The quest has elevated to the peerage Sir Llewellyn Dill and Mr. Cyril Flower, members of the house of commons for the Luton division of Bedfordshire. Sir Lyon Playfair and his wife will sail for the United States tomorrow.

McKinley Prosperity.

According to President Harrison every thing is prosperous under the McKinley tariff. Is it evidence of prosperity that 40,000 workmen during August were on a strike or locked out? Is it evidence of prosperity that in the iron and steel business, the most highly protected on the list, except the clothing of the people, there has been a reduction of wages of from 10 to 20 per cent? Is Homestead an object lesson that high tariff is for labor and not for capital? Finally in the Bulletin of the Iron and Steel Association we find these admissions: "We have never known a period in the history of the American iron trade when prices have been so generally low and unremunerative as during the past twelve months, and yet production has never been so great. The explanation of the continued low prices is that our producing capacity is still beyond our enormous consumptive wants."

Does not this enforce the necessity of looking beyond the home market to dispose of our surplus? Is it not an admission, coupled with conceded facts, that McKinleyism has forced down wages and brought about low and unremunerative prices, the lowest "in the history of the American iron trade"—Pittsburg Post.

Republican "Calamity Prophets."

Republican editors who have criticized the Democrats as "croakers" and "calamity prophets" will be pained to see that their own leaders have become so deeply alarmed that they have taken up their tale of woe and are making the air blue with prophecies of ruin. Chairman Tom Carter gives out to his Republican organs an interview in which he shows that he is wrestling with fear and doubt; but he nevertheless hopes that "the common sense of the people will prevent turning the country over to final ruin."

Chairman Carter's doleful forebodings are fortified with awful political weather predictions by Senator Aldrich and Secretary Charles Foster. These two prophets of evil assure the American people that if Cleveland is elected the United States senate and house will also be Democratic, and Foster says that "such a result would be an undisguised calamity to the American people."

Another cup of "calamity croakers" The Republican outlook for victory on Nov. 8 has made the prophets unusually blue. They should brace up. Their ruin does not mean the country's ruin.

Mr. Harrison's latest campaign document assures us that the McKinley law is understood much better this year than it was last. That is true, Mr. President. The farmers who are selling wheat for thirty cents less than they did last year have had a mighty eye opener.—Detroit Free Press.

Cleveland and the Young Men.

The New York Tribune enjoys the distinction of being perhaps the most blindly partisan Republican journal in the United States. Nevertheless it shows in the following words, from its leading editorial of Oct. 1, that it has a correct understanding of the causes of Grover Cleveland's popularity among the young men of this country: "The esteem in which Mr. Cleveland has heretofore been held by a great number of his fellow citizens has proceeded from the belief that he was a bold and uncompromising advocate of his own conscientious convictions; that he was possessed in fact by that courage of opinion which, just verging on willfulness and rashness, has often availed to captivate the popular mind and heart. To this estimate of his moral qualities Mr. Cleveland owes in great degree the admiration which he has inspired in many young and ingenuous persons and most of the panegyrics to which the country has listened with conflicting emotions during the last eight years."

McKinley's Pet—The Cordage Trust.

The doings of our tariff trusts sometimes come to light and give the people an opportunity to see what becomes of the tariff taxes which they vote to these monopolies in order to "protect American labor." The Cordage Trust, known to our farmers as the Binder Twine trust, has recently suffered the loss of one of its members, Mr. John Good, who makes the statement in drawing out of it that it had been paying him \$250,000 a year to keep his factory shut down. What becomes of the extra profits which were to go to labor when a single manufacturer thus gobbles up \$250,000 by shutting down his establishment and throwing labor out of employment? And what advantage does the farmer get from the tariff when factories are shut down for the purpose of raising prices? The promise of the McKinleyites is to increase competition, to increase production, and thus lower prices to the consumer. But this result can never follow in industries which are controlled by trusts, since monopoly will have its profits, whatever is left for the laborer and the consumer. When the McKinley bill was under discussion in the United States senate the Democrats, with the aid of a half dozen Republican senators from the northwest, carried an amendment putting binder twine on the free list, but McKinley and his followers in the house succeeded in restoring a portion of the duty to the trust before the bill was finally passed. But McKinley is not satisfied with this result. He has expressed the opinion that the duty is not high enough, and he has openly pledged himself to the trust to raise the duty whenever he finds himself able to do so. Let farmers see to it that he never gets that opportunity.

Strike and Lockout Losses.

The annual report for 1891 of the bureau of industrial statistics of Pennsylvania has just been issued from the department of internal affairs. The losses by strikes at various places are given as follows: Braddock Wire mill employees, \$40,000; employers, \$30,000; Jefferson township coal miners, \$143,000; employers, \$34,000; Hilldale coal miners, \$57,250; employers, \$1,725; Monongahela City coal miners, \$1,600,000; employers, \$1,000,000; Pittsburg stonemasons, \$201,600; employers, \$102,000; plumbers, \$82,500; employers, \$90,000; tinners, \$44,375; employers, \$33,000; stonecutters, \$142,560; employers, \$72,000; plasterers, \$78,700; employers, \$45,000; house painters, \$153,000; employers, \$68,250; hod carriers, \$150,000; employers, \$60,000; carpenters, \$702,250; employers, \$358,000; Sharpburg Rolling mill, \$60,000; employers, \$50,000; Scott Haven coal miners, \$40,000; employers, \$4,000; Allegheny county coal miners, \$90,000; employers, \$15,000. The river coal miners' strike and one in the east for wages due were the only ones that succeeded out of a total of 60.
