ELIZABETH, N. J., March 7, 1891.

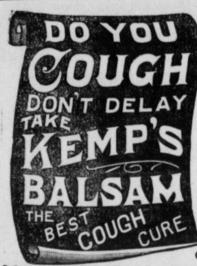

Before I took Paster Keenig's Nerve Tonic I could not sleep nights and had a numbness of the logs, arms and sometimes all over the body, but after taking the second dose of your Nerve Tonic I could sleep well, and in three days all numbness was gone and have not felt it since.

## BOLD TRAIN ROBBERS.

They Enter a Crowded Car on the Baltimore and Ohio Road.

BEATEN OFF BY THE PASSENGERS.

For a Time They Cause a Scene of Wild Excitement Among Women and Children-One of the Robbers Captured.

IRON GATE, Va., Dec. 14 .- A desperate attempt at train robbery was made just as the Chesapeake and Ohio vestibule train No. 4 was pulling out of Huntington, W. Va. The train was just getting well under way, when the doors of the day cars were thrust open and four masked men with two pistols each called on the passengers to throw up their hands. Two of the passengers seized one of the robbers, throwing him down and attempting to disarm him. In the scuffle one of the passengers who assisted in driving off the robbers, Mr. Matheson, from Cincinnati, who with his wife was on his bridal trip to Europe, was mortally wounded, the ball entering his adbomen. Another passenger, Peter Drake, of 15 Vine street, Cincinnati, was twice wounded, one ball entering his leg and one his arm.

Meanwhile the ticket collector opened fire on the robbers, emptying all the barrels of his pistol. He returned to the baggage car, secured another pistol, and recommenced firing. In the meantime the robbers had torn off their masks, and the whole train was in intense excitement, women fainting, children screaming, and everybody who could were seeking shelter under the seats. The robbers, seing their game was up, pulled the bell cord, stopped the train, and jumped off in the darkness.

The passengers all speak in the high-est commendation of the bravery of Ticket Collector Zingley. Almost single handed he met the quartet, and, had he been the first armed, would have made

t very interesting for them.

HUNTINGTON, W. Va., Dec. 14.—At 9 o'clock last evening detectives arrested Burrell Forgey. He is the man who said he was shot in the right shoulder after the robbery by prowlers around his house. Forgey corresponds exactly to house. Forgey corresponds exactly to the description of the tall robber, and has been identified by Matheson as the man who shot him.

A Big Strike Averted. New York, Dec. 14.-It is now stated that the threatened trouble between the Brotherhood of Locomotive Engineers and the New York Central railroad has been dissipated. There was a consulta-tion of the grievance committee of the Brotherhood at the Grand Union hotel yesterday, at which Chairman Childs and Chief Arthur were present. Mr. Childs said afterward that everything had been arranged satisfactorily, the main point, the question of pay at terminal points, having been decided in favor of the men. About the only thing not conceeded by the company, Mr. Childs said, was a point of minor importance.

Professor Smith Suspended. CINNCINNATI, Dec. 14.-Two reports were made by the committee appointed by the presbytery to fix the penalty in the case of Professor Smith. The ma-jority report favored a rebuke merely and was signed by Rev. A. Ritchie, Rev. M. M. Maxwell and Elder W. O. Spraguer The minority report asked for the suspension of Dr. Smith from his position as minister of the gospel, and was signed by W. H. James and Elder W. A. Eudaly. The presbytery, by a

Paris, Dec. 14.—The revelations made by M. Clemenceau as to the visit paid him by Baron de Reinach and M. Rouvier, minister of finance, on the eve of Baron de Reinach's death, have caused consternation among the supporters of the government. It is now positively asserted that shortly after the interview the baron took a fatal dose of poison. M. Rouvier, after the publication of the story, tendered his resignation to President Carnot. It was at once accepted, and M. Tirard appointed to the vacancy.

Uniontown, Pa., Dec. 14.—The cases against Lute Cooley and wife, their daughters Haddie and Lida, and son Russell, were called for trial yesterday. The defense moved that the indictment be quashed because the second counts in each of the seven indictments were improperly drawn. The court refused to sustain the motion to quash, but agreed to a continuance, so the cases against the Cooley family will go over to the next term of court, which convenes in March. #### A Herald of the Infant Year.

Clip the last thirty years or more from the WILKESBARRE, Pa., Dec. 12.—Jacob Coles' livery stable, with all its contents, including twenty-one horses, was enterm of the unbounded popularity of Hostetter's Stomache Bitters. The opening of the year 1883 will be signalized by the appearance of a fresh almanacof the Bitters, in which theuses, derivation and action of this world-famous medicine will be lucidly set forth. Every, body should read it. The calender and astronomical calculations to be found in this brochure are always astonishingly accurate, and the statistics, illustrations, humor and other reading matter rich in interest and full of profit. The Hostetter Company, of Pittsburg, publish it themselves. They employ more than sixty hands in the mechanical work, and more than eleven months in the year are consumed in its preparation. It can be obtained without cost of all druggists and country dealers, and is printed in English, German, French, Welsh, Norwegian, Sweedish, Holland, Bohemian and Spanish.

#### Rescue Mission.

A rescue mission is to be established in Altoona shortly. The object is to save the intemperate. \$750 were subscribed, and it is expected that the work will be carried on for three months. Missionary work of that order could be done in Bellefonte with good success.

Catarrh, not Local, but Constitutional.

Dr. Dio Lewis, the eminent Boston physician, in a magazine article says: "A radical error underlies nearly all medical treatment of catarrh. It is not a disease of the man's nose; it is a disease of the man, showing itself in the nose—a local exhibition of a Constitutional trouble." Therefore, he argues, the use of snuff and other local applications is wrong, and while they seem to give temporary relief, they really do more harm than good. Other leading authorities agree with Dr. Lewis. Hence, the only yroper method of cure for catarrah is by taking a constitutional remedy like Hood's Sarsaparilla, which, reaching every part of the body through the blood, does eliminate all impurities and makes the whole man healther. It removes the cause of the trouble and restores the diseased membrance to proper condition. That this is the practical result is proven by thousands of people who have been cured of catarrah by taking Hood's Sarsaparilla. in a magazine article says: "A radical error

#### Eye Specialists.

Are your eyes causing you anxiety? Are you sure they are doing all they are capable of doing for you? Are you aware that Queen & Co., the famous firm of Oculists and Opticans, are represented in Bellefonte by one of their Eye Specialists? Do you know that he is to be found at the Brockerhoff House Wednesday, Dec. 14th, from 8.30 a, m. to 5 p. m.? And do you know also that he does not wish you to keep the glasses you may order from him unless they are satisfactory to you?

Keep Warm.

Many thoughtless people go to bed and find it difficult to either get warm or go to sleep. If those who are tous troubled will ree to it that their feet are thoroughly warm before they retire, they will, in nine cases out of ten, find relief, provided, of course, that their sleeplessness is not caused by disease or some mentally disturbing trouble.

#### Finishing Touch.

An exchange says: "Woman is the finishing teach, man was only an experiment." There are plenty of men who have experimented in that direction and found that women were not only a finishing touch-but a finishing blow.

Read: "Three years ago, as a result of catarrh, I "Three years ago, as a result of catarrh, I entirely lost my hearing and was deaf for more than a year. I tried various things to cure it, and had several physicians attempt it, but no improvement was apparent. I could distinguish no sound. I was intending putting myself under the care of a specialist when some one suggested that possibly Hood's Sarsaparilla would do me some good. I began taking it without the expectation of any lasting help. To my surprise and great jey I found when I had faken three botties that my hearing was returning. I kept on till I had taken three more. It is now over a year and I can hear perfectly well. I am troubled but very little with the catarrh. I consider this a remarkable case, and cordially recommend
