THE SENATORIAL SLATE.

How Chairmanships of the Committees Have Been Awarded.

THE POPULISTS DULY RECOGNIZED.

The Republicans Given Chairmanships of Eleven Committees-The Elective Officers of the Senate May Not Be Changed Until Next Week.

WASHINGTON, March 15.-The Demo cratic caucus finished its labors yesterday so far as the reorganization of the commit tees of the senate are concerned. There was a prevailing sentiment in favor of a speedy reorganization of the clerical and executive force of the senate, and that sentiment took tangible shape immediately after the adjournment of the caucus when the caucus committee met in Mr. Ransom's room for the purpose of considering the subject. It is probable that by this time next week, if not earlier, the elective officers of the senate will have been changed.

It will be seen that the committee provided chairmanships for Senators Peffer and Kyle, the Populist members, and permitted Mr. Stewart to retain the chairmanship of the committee on mines and mining, which he held under the Republican organization. There was some debate over this action and some opposition, but the influence of the committe prevailed and the silver senator from Nevada will not be disturbed. Either upon the standing or select committees, places were found as chairmen for all the new Democratic senators. The Republicans are given eleven committees, just as they gave the Democrats. The official list as given out by Mr. Gorman is as follows,

Finance, Voorhees; agriculture, George; appropriations, Cockrell; claims, Pasco; commerce, Ransom; District of Columbia, Harris; immigration, Hill; foreign relations, Morgan; Indian affairs, Jones (Ark.); interstate commerce, Butler; judiciary Pugh; military affairs, Walthall; mines and mining, Stewart; naval, McPherson; patents, Gray; pensions, Palmer; postoffice, Colquitt; printing, Gorman; privileges and elections, Vance; public buildings, Vest; public lands, Berry; railroads, Camden; relations with Canada, Murphy: rules, Blackburn; territories, Faulkner; Pacific railroads, Brice; Indian depredations, Lindsay; quadro-centennial, Vilas; contingent expenses, White; census, Turple; civil service, Call; coast defenses, Gordon; education and labor, Kyle; enrolled bills, Caffrey; examination branches of civil service, Peffer; fisheries, Coke; improvement of Mississippi river, Bate; irrigation, White; library, Mills; manufactures, Gibson; expenditures in executive departments, Smith; revision of laws, Daniel; transportation to the seaboard, Irby; to establish University of the United States, Hunton; to investigate geological survey, Martin; on national banks, Mitchell (Wis.) forestry reservation, Allen (Neb.); to investigate trespass upon Indian lands,

The Democratic majority of the finance committee is composed of Senators Voor-hees, McPherson, Vance, Harris. Vest and Jones (Ark.), all of whom with the exception of Senator McPherson (N. J.) are free silver men. The committee is, therefore, not likely to report any bill looking to the repeal of the Sherman law, and the financial sitation will remain unchanged, so far as new legislation for free silver is concerned, in the Fifty-third congress.

The south gets thirty-one of the chairnanships, the north and west thirteen and acknowledged. the Populist senators four.

The Republican committee which aranged the minority representation on the committees, presented its report to the Rep th ican caucus today.

Dr. Talmage's Troubles.

DETROIT, March 12.—Rev. Dr. T. De Witt Talmage, of Brooklyn, in answer to a reporter's inquiries, spoke as follows regarding the financial embarrassment of his big Brooklyn tabernacle, which, it is stated, will be lost to the congregation unless a large sum can be raised by April

 "We have been at our wit's end how to save our church. The embarrassment in a nutshell is that years ago we built a large church. The next year we enlarged it at almost the expense of a new church. Just as we were getting it paid for it burned down. Then we built another Just as we were get large church, ting it paid for the lightning put an end to it. We then built this church, which is practically the fourth church, counting the enlargement referred to as a new building. We have raised during my pastorate \$1,040,000 for religious purposes. But no church on earth could endure without serious embarrassment what we have been called on to go through, and we must have help or stop. Our congregation is going to do its utmost, and day and night our people will exert them- Hood's Sarsaparilla enough. I earnestly resalves.
