A New Method of Bookkeeping. Rockafellow, the president of the defunct Wilkes-Barre bank, kept no books, but kept the business of the coucern in his head. The experts called upon to examine the accounts are in a quandary, as there seems to be no way to get at the figures. Oh, well let her go this time, gentlemen, it is a method that is not likely to come into general use and there is no object in making it a study. Rockafellow was a liberal sort of an individual and was in the habit of lending money without security and giving the borrower the opportunity to pay it back when he got able.

No April Fool. On Saturday, April 1st, our collector will start in at Bellefonte to call upon all such of our subscribers who are several years in arrears, on subscription. Some are due a number of years and to them we have specially sent a notice of this fact. So when our collector calls on you don't shove him off with more excuses-we can't pay rent and buy was largely attended. Mr. McDermott stock with that kind of stuff; give him the proper encouragement. Kindly keep this in mind and try and oblige us.

Hicks Missed It.

Rev. Hicks, the famous weather prophet, who has achieved such marked success in forecasting weather, made a bad miss of it when he predicted a publican in a democratic county, but in Kreamer to Paine, Cochran & Co., of serious storm period for the 10th, 11th 1887 he was appointed by the governor, Williamsport. After this season the and 12th of this month. Instead, the at the time of the death of Judge weather was mild and moderating and many were disappointed. As a general rule Hicks' weather prognostications have turned out correct.

Good Lectures.

Clearfield, Pa., has had the pleasure of listening to ex-Senator Ingalls, and Henry Waterson lecture there this season. The next will be Henry George, The First ward, at Philipsburg, was on St. Patrick's day. That town always engages men of that sort and they are well supported. We are sorry to say that either the tastes of our people Kessler's store, had given birth to three are deficient or those who furnish fine girl babies. HON. DANIEL RHOADES.

OF A PROMINENT CITIZEN.

Of his Life.

and the life of Hon. Daniel Rhoades, of this place, came to a close.

It was on Saturday, October the 8th. 1692, that Mr. Rhoades was suddenly prostrated by an attack of vertigo, a rush of blood to the head, while at his mained ever slnce, confined to his bed, most of the time being in an unconscious condition. All the relief that medical science and careful nursing was employed, but all was in vain.

received with much regret throughout the train, and if he does not but needthis community. Judge Rhoades, as an lessly sounds the whistle and permits employer of labor, while superintendent | the team to escape causing them to run of the Snow Shoe railroad, became well away, the company is liable for the inacquainted with the laboring men in juries inflicted. that section of the county, and of whom they always spoke in the highest terms. Kind, generous towards his men, he was always held in the highest esteem by his fellow man. Among the poor he will be greatly missed-his missions of charity were more numerous and of larger extent than the public ever knew. More than one humble-home has been warmed and cheered and the hungry mouths of little ones made to rejoice by his timely gifts of fuel and food, from purely char. Academy fund. itable motives. Tender hearted as a child, he was still as firm as a rock when grave situations arose and principles of right were involved. Judge Rhoades was an ideal man in many respects; and while the vital spark has flown, we can still study with instruction the record of that noble life just closed.

The birthplace of Mr. Rhoades was at

Philadelphia, he having been born the 25th of September, 1821, which would show his age to be 71 years, 5 side township, with the farm name of pupils may be limited. Smith, Rhoads & Smith. This company did a good business, but in 1858 the mills, which were known as the Stirling mills, burned down and Mr. Rhoades returned to Philadelphia in the spring of 1859 and took charge of the Market car line. He managed this so success_ fully that in 1860 he received a call to become the general superintendent of the Bellefonte and Snow Shoe railroad. He accepted the position and filled it with great credit until the road was sold, which was in 1887. During his superintendency he took such great interest in all the employees and everything pertaining to railroading that he received the name of "Dad" from the road hands, who held him always in high esteem. The nickname clung to him for years. After he had retired from the railroad office he engaged in the ore mining business in Half Moon valley, near Loveville, this county. The business was conducted as a conipany, called the Dunkirk Ore Association. Richard Downing, of Philadelphia and Mr. Rhoades were the principal stockholders.

Since the death of Mr. John Irvin, Jr., which occurred about four years ago, Mr. Rhoades has been the sole trustee of the enormous Thomas estates which have taken a great deal of attention, but of which he had been able to attend to faithfully and at the same time satisfactorily. It was quite a compliment to our townsman to be appointed associate judge, being a re-Smith, to serve out his unexpired term. He, during his term as associate judge, gave general satisfaction, and was often appealed to for advice by Judge A. O. Furst. who had the greatest respect for his sound judgment. Had not illness befallen Mr. Rhoades he would have presided until his term of office expired, which was on the first of Jan.

Mr. Rhoades was married to Miss Mariah D. Smith, of Columbia, Pa., you spend. That means go to Garin the early spring of the year 1861.
