Sr. Louis, May 31.—High water is again threatening destructive work in the Prairie Dupont district, in the vicinity of East

Carondelet, Ill: The rise of the Mississippi river is remarkable, and a large section of the low land lying between Fish lake and the river is submerged. The farmers fear that their crops will be ruined. They planted just after the recent overflow, and now they are again faced with the prospects of a wash-out. On the Missouri side the water has gained considerable height.

### CALLED ON BY MASKED BURGLARS.

A Wealthy Farmer's Struggle With "Night Agents." NEWBURG, N. Y., May 29 .- While William Knapp, a wealthy farmer of North Highlands, Putnam county, N. Y., was dozing in a chair at his home be was aroused by a loud knocking at the door. Mr. Knapp inquired who was there. The answer was, "Sammy D." He was asked what was wanted and the reply was 'Nothing much." Mr. Knapp opened the

door. A masked man confronted him and placed a revolver at his breast. The farmer called for assistance and grappled with the invader. During the struggle which followed Knapp was knocked senseless by

a blow on his head. As he fell to the floor his son, who had been aroused from sleep by the cry for help, reached the room, and after a desperate struggle ejected the masked man and locked the door. A second masked man had been standing behind the first, but he fled at the beginning of the struggle.

Mr. Knapp is supposed to keep large sums of money about his person and the men evidently meant robbery.

## THE ANTI-TRUST CONVENTION.

Governor Altgeld Receives Hundreds of Responses.

CHICAGO, May 29 .- Governor Altgeld has received hundreds of responses to his proposal for an anti-trust convention here June 5. The governors of nearly all the western states have appointed delegates to be present. The object of this convention is to secure laws to throttle all trusts.

E. O. Brown, the Minnesota delegate says: "I am in favor of removing causes that make trusts, and I wish the protective tariff destroyed, not promoted. Another thing I would like to see, and that is I would like the government to control the railroads, and I believe that the application of the single-tax theory would entirely destroy such monopoly of national opportunities as alone make trusts possible. But I am not in favor of any direct restrictive legislation against trust contracts.

THOUSANDS WENT TO THE FAIR.

Gates of the Great Exposition Were

Open Yesterday. CHICAGO, May 29. - In spite of the ect that District Attorney Milebrict filed is bill for an injunction to prevent the pening of the World's Fair on Sunday, he gates were open to the public yesteriay and over 125,000 people paid the necessary twenty-five cents admission to see the

A number of the buildings were closed, among them the United States government buildings, but notwithstanding this there was plenty of things to see and enough to satisfy the majority that the how was a big one for the money. There was no great amount of interference with the opening on the part of the authorities. The music during the day was all of a

acred nature. Thousands of dollars daily have been stolen by the gatemen or ticket takers at the Exposition, and until the turnstiles are ready for business Fair officials don't know now to check the theft or catch the thieves. It is estimated that from 8,000 to 10,000 souvenir tickets are handed in at the gates daily. The official returns show less than half that number. These are the tickets sold at the downtown stores, hotels and ticket offices of the corporation.

### FOSTER'S AFFAIRS IN BAD SHAPE.

The ex-Secretary's Liabilities Will Reach Nearly \$1,000,000.

FOSTORIA, O., May 29.—It is impossible to learn with absolute correctness the assets and liabilities of any of the concerns with which ex-Secretary Foster was connected and which were dragged down by his assignment last Friday. The assignees, however, state that the liabilities of the embarrassed firms are larger to a considerable extent and the assets smaller than at first reported. It was stated this morning by one of the assignees that the indebted ness of the several concerns, the bank, glars company and iron works, will foot up nearer \$1,000,000 than \$600,000 as at first stated. The assets, it is believed, will not pay more than fifty cents on the dollar.

Over 400 men are idle to-day and will continue to be idle as a result of the closng down of the window glass factory Saturday. Among these people who are thus thrown out of employment there will be considerable distress, as only a few of them had any money saved up, and what they did save was deposited in the defunct bank. Others had homes partly paid for and are now left without any means of meeting their obligations. There is no hope of the glass factory resuming business as the affairs of the concern are in a terrible shape.

OUR LETTER VROM HARRISCHURG.

What Has Been Done in the Legislature-Other News from the Capital,

HARRISBURG, May 31. The legislature adjourned a portion of the day yesterday in observance of Decoration Day, but this, however, did not interfere to any considerable extent with considerable effective work being done in both branches, although what was accomplished was rather uninteresting as the important work of this session has been cleared up. There are only about 125 more bills to be disposed of before final adjournment

they will be put through with a rush. The conglomerate road bill-otherwise the measure framed by the special senate committee from the other pending billswas discussed an hour and then passedthe vote being 32 yeas and 10 nays.

and as they are all unimportant measures

The senate turned down the governor's veto of the bill appropriating \$2,500 for the purchase of Giles D. Price's index to local legislation from 1700 to 1892 and passed the bill notwithstanding by a vote of 37 to 3. Ten democrats voted with the republicans.

Among the bills passed finally are the

following: Extending the limits of residence and powers of notaries public; to prohibit ped-dling, selling or hawking of merchandise, wares or other goods without a license; to make the National Guard formations conform to those of the United States army; authorizing the retention of the two additional clerks in the adjutant general's department to prepare muster rolls for preservation: ("bildren's Industrial home, of Harrisburg, \$5,500.

The bill appropriating \$25,351 for expenses of the elections committee and several other appropriation bills passed finally. The contested case of Franklin vs. Forrest, from Lancaster county, was called up, and the majority re-port seating Franklin, republican, was adopted by a vote of 111 to 57. The Mc-Carrell bill, permitting street railway, traction and electric companies to consoli-

date, passed by a vote of 142 to 30. The governor has approved the bill providing for the erection of the Pennsylvania soldiers' orphans' industrial school. The bill carries with it an appropriation of \$150,000 for the erection, furnishing and fitting up of the building, together with \$10,000 for the education and maintenance of the children admitted to the school for the year ending May S1st, 1894, and \$50,-000 for the year ending May 31st, 1895.

indigent insane, which was re-called from the governor and amended so as to divide the cost of maintenance between county and state passed finally.

HARRISBURG, May 31. - The supreme court did not observe Decoration Day, but continued right along. Its most important action was assuming jurisdiction in the matter of the petition of David W. Sellers, counsel for the public buildings commission for an injunction to restrain the city of Philadelphia and its director of public works from interfering with the control and erection of the buildings.
