# SHERIFF'S SALE.

FIFTY-THIRD CONGRESS

Business of a Week in the National

Legisluture.

WASHINGTON, Aug. 17 .- The senate spent

only three hours in session yesterday, but that time was well filled up. Mr. Vest's bill appropriating \$300,000 for a site and

building in Washington to be known as

the "Hall of Records" was passed. Then

the bill to increase the circulation of na-

tional banks was taken up and postponed

for the reason that several senators had

informed Mr. Voorhees that they desired

more time to prepare to discuss it. But

before it was laid aside an important

amendment was proposed to it by Mr.

Cockrell-to authorize the redemption (at

par and accrued interest) of such 2 per cent. bonds (over \$25,000,000 in all) as may

be offered, and to authorize the issue of

new treasury legal tender notes in pay-

ment therefor. Another amendment to the

bill was offered later on by Mr. Allen, of

Nebraska, for the cessation of interest on the bonds on which the increased national bank circulation should be based.

The debate in the house was characterized by the ebb and flow of eloquence and

by the presence and absence of interest. It

was started by McCall (Mass.) in favor of

the repeal of the purchasing clause of the Sherman bill and was closed by Moses

WASHINGTON, Aug. 18. - But three speeches were made in the house yesterday.

The first, which was delivered by Mr.

Daniel, of New York, was addressed to

rather empty benches, though the views

presented in favor of the unconditional re-

peal were well expressed. Then came Cooper, a Democrat from Florida, and he

immediately took rank in the first batal-

lion of the young orators of the house. He

placed himself squarely in opposition to

the free coinage of silver and in favor of

Contrary to general expectation neither

the bill to allow national banks to issue

notes to the par value of their bonds de-

posited to secure circulation nor any other

financial measure came up in the senate

yesterday. The only new proposition in that direction was an amendment offered

by Mr. Gorman to the bank circulation

bill prohibiting national banks from with-

drawing circulation without a previous

day's notice to the comptroller and with-

out the approval of the secretary of the

treasury; and limiting the aggregate

amount of such withdrawals to \$3,000,000

WASHINGTON, Aug. 19.-The finance com-

mittee of the senate presented yesterday a

bill to repeal the purchasing clause of the

Sherman bill, and containing a declara-

tion that it is the policy of the govern-

ment to maintain the parity between gold

and silver coins. The minority presented a substitute fixing the number of grains

of silver to be contained in the dollars,

half dollars, quarters and dimes on a 20 to

to come to the front. The star speech of

the day was delivered by Mr. Sibley, of

## MRS. SHANN ACQUITTED. The Alleged Princeton Murderess & Free

Woman. TRENTON, N. J., Aug. 22 .- "We find the defendant not guilty.' These words were uttered by Foreman Dopper, of the Shann jury, and Mattie C. Shann, who has been on trial for her life for two weeks, was set free.

The court room was packed as never before, but not the slightest demonstration took place The court had enjoined silence only a moment before. Mrs. Shann sat surrounded by the members of her family, her body waying gently back and forth

When the verdict was announced she suddenly threw her head up and then fell upon her knees and her lips were seen to move as if in prayer. Her daughters Mabel and Mrs. Kelly threw their arms around her and kissed her, and the scene was most affecting.

The formalities attending the discharge of Mrs. Shann from custody were brief and quickly over. She expressed a desire to thank the jurors, and Captain Hall arose and spoke to Judge Abbett. The latter shook his head negatively, and it was surmised that he objected to any demonstruction

When Mrs. Shann passed out of court it was to go again to her quarters in the county jall that she might prepare for her departure from the building and from the city. The great crowd pressed close to the bar enclosure and peered into her face, and a few shook hands with her in the grand jury room, and she shook hands with and thanked them.

It is said that the jury decided to acquit after a few ballots taken on Sunday. The trial of the case has cost the county \$10,-000.

# ITALY VERSUS FRANCE.

Mobs in Italian Provincial Towns Growing More Turbulent.

ROME, Aug. 23.-The popular ferment arising from the Aigues Mortes affair shows no sign of subsidence, although yesterday there was no rioting in this city. The agitation is spreading in the provinces At Milazzo, on the north coast of the Island of Sicily, a mob paradied the streets and acted in a most disorderly manner. Finally the leaders of the rioters proposed that an attack be made upon the French consulate, and the proposal was greeted with shoats of approval. Arming them-selves with stones and other missiles the mob marched to the consulate and smashed about every window in the building. The escutcheon of France over the door-way was torn down and taken possession of by some of the mob. An attempt was then made to burn it, but the police somewhat tardily arrived and drove the rioters off. Some of the officers espied the escutcheon and rushed into the crowd and recaptured it. This attack is likely to further complicate the trouble.

Yesterday Signor Giolotti, the prime minister, issued a decree ordering the suspension from office of Senator Galenda, prefect of Rome; Signor Sandri, chief of police, and Signor Majnetti, inspector of police, in the district in which the French embassy is situated. The decree states that the suspension of the three officials is due to their failure to maintain order.

United States upo gold standard, and who is a firm advocate of bimetallism. On the other side of the questions there appeared a new champion, Mr. Everett, of Massachusetts, who suc ceeds Mr. Lodge. Messrs. Haines, of New York, and English, of New Jersey, both Democrats, spoke in favor of repealing the silver purchasing clause. 'At a night session the discussion was continued.

WASHINGTON, Aug. 22. - The veteran senator from Vermont, Mr. Morrill, occupied the attention of the senate yesterday with an argument in support of the bill discontinuing the purchase of silver bullion. The speech occupied a little over an hour in its delivery. The bill was then laid aside, and the case of the senatorship from Montana was taken up. Messrs. Vance and George spoke against the claim of Mr. Lee Mantle and against the constitutional right of a state governor to appoint to the senate save only in cases of vacancy happening on account of resignation or otherwise during the recess of the legislature.

The silver debate in the house was dull, and the large audience which had assembled to listen to Mr. Breckinridge, of Kentucky, was disappointed. Mr. Powers, of Vermont, spoke for the Wilson bill, Mr. Hooker, of Mississippi, against it. Mr. Cooper, of Indiana, thought it inexpedient to adopt free coinage at this time, and Mr. Sperry, of Connecticut, took the opposite Mr. Cox, of Tennessee, advocated free coinage, and Mr. Little, of North Carolina, spoke in opposition. Other speeches were made at the evening session.

WASHINGTON, Aug. 23 .- Yesterday there was gathered within the walls of the senate chamber a larger attendance of senators on the floor and of spectators in the galleries than has, been seen for many a The occasion was the announcement that the senate was to be addressed by Mr. Voorhees, chairman of the finance com mittee, in support of the bill reported by him discontinuing the purchase of silver bullion. The speech was listened to from beginning to end with close and eager attention. Both on the floor and in the galleries there was but one attempt made to divert Mr. Voorhees from the current of his speech, but he declined absolutely to yield to any interruption. There was also but one manifestation of approval from the galleries, and that was promptly suppressed and its repetition forbidded by the vice president. The speech was followed by an argument from Mr. Dubois in opposition to the bill.

The interest in the silver debate was yesterday transferred from the house to the senate, but the audience in the house was not entirely disappointed, although Mr. Breckenridge, of Kentucky, who was expected to open the debate, did not appear. Mr. Mallory, of Florida, was the first speaker against the unconditional repeal of the Sherman law. Mr. Hopkins, of Illinois, took the other side, incidentally charging the Democrats with partisanship. The new Populist from Nevada, Mr. Now lands, made a good impression in his maiden speech, which was a vigorous one in support of the free coinage of silver. Mr. Bynum, of Indiana, made a shori but incisive argument in favor of the Wilson bill. The surprise of the day was the speech of Mr. Hepburn, of Iowa, who was comptroller of the currency under the Harrison administration, who emphatically declared against the repeal of the Sherman
