FIFTY-THIRD CONGRESS

Business of a Week in the National Legislature.

DISCUSSING THE MONEY QUESTION.

Floods of Eloquence for and Against the Repeal of the Sherman Law-It is Be lieved a Vote Will Not be Reached Before October.

WASHINGTON, Sept. 7 .- The indications. in the senate yesterday did not point to speedy action on the bouse bill to repeal the purchasing clause of the Sherman act. The first two hours were occupied by Mr. Morgan (Dem., Ala.) in advocacy of the resolution which he had offered on Tuesday to provide for a joint select commit-tee on finance, and which, he avowed, was intended to supercede the finance committee of both the senate and house. There were ten minutes to spare after he took his seat before the repeal bill would come up as the "unfinished business" and that interval was occupied in a somewhat acrimonious colloquy between senators, and in a yea and nay vote to take up the repeal bill. The bill was taken up by a vote of 37 to 21, and Mr. Morgan's resolu-tion went to the calendar, from which it can only be taken on a motion and by a majority vote. The remainder of the day was consumed by Mr. Stewart (Rep., Nea.), in a continuation of the speech on which he had spent four hours of Thesday's session.

The house adopted the code of rules which will govern it during the Fiftythird congress, subject to the decision of the committee on rules, which under the rules has an almost absolute power to di-rect the business of the body. The rules vary very little from those that controlled

the Fifty-second congress.

Washington, Sept. 8.—Rumors of an impending and indispensable compromise on the bill to repeal the purchasing clauses We have successfully prepared thousands of the Sherman act were current in the of the Sherman act were current in the lobbies and on the floor of the senate yesterday. The speech made by Mr. Walthall (Dem., Miss.), to whom Mr. Stewart hall (Dem., Miss.), to whom Mr. Stewart had yielded the floor in a spirit of accommodation, was have been an indication of

modation, may have been an indication of the character and direction of such com-promise. He declared himself willing to co-operate with the chairman of the finance committee in having speedy action on the bill, on condition that the declaration of the bi-metallic policy in Mr. Voorhees' substitute be clothed in the forms and given the force of law.

Then Mr. Morgan (Dem., Ala.) intimated that after some conference with the chairman of the finance committee he would not make a motion, which he had intended to make, to take up his resolution for the appointment of a joint select committee on finance.

WASHINGTON, Sept. 9 .- Speeches from Democratic senators in the senate yester-day on the repeal bill were made by Mr. Faulkner, of West Virginia, Mr. Tur-pie, of the state of Indiana, and Mr. Jones, of Arkansas. All of them were in favor of the repeal of the Sherman act, but coupled with the condition that silver

should be restored to the position which it occupied prior to the demonstization.

Washington, Sept. 11.—The repeal bill will continue to be the absorbing topic of interest before congress this week. Today in the senate Mr. Teller may conclude his speech begun on Saturday last. Notice of speech begun on Saturday last. Notice of speeches to come have already been given sufficient to fill in the greater part of the week, and others are known to be in the course of preparation. Even if a compromise shall ultimately be agreed The Fifty eighth year will begin Sep- upon, the final vote will not be taken

being stockholders in national banks. Mr. Hill opposed the resolution in a strong speech as being unnecessary, unprecedented, and a gross reflection on the sen-

ate. The resolution went over. The session of the house was brief. It was expected that a report from the committee on accounts, announcing the com-mittees that were entitled to clerks, might lead to an acrimonious debate, but owing to the absence of Mr. Ruck the report was not brought in.

WASHINGTON, Sept. 13. - Senator Mitchell, of Oregon, occupied the attention of the senate yesterday for three hours in an elaborate argument against the bill to repeal the purchasing clauses of the Sherman act. After he got through there sprung up between Senators Teller, of Colorado, and Hawley, of Connecticut, quite a spirited discussion, into which finally Mr. Stewart, of Nevada, entered. Then, as the hour was late and senators were weary of the day's debate, a motion to proceed to executive business was wel comed on all sides, and after a short ex-

ecutive session the senate adjourned. Again the house held an utterly unimportant session. Mr. Morse, of Massachusetts, expressed his regard for newspaper men-that regard having been nestioned by a portion of the press. Mr.

of New York, who was recently suspended by the General Presbyterian assembly at Washington after a most sensational trial, passed through the city en route to Chi-cage. Dr. Briggs was a caller upon Bishop Vincent, of this diocese, at the Episcopal church rooms, and was closeted with him for some time. There is apparently a well authenticated rumor to the effect that Dr. Briggs contemplates connecting himself with the Episcopal church.

Preparing Another Chinese Bill. WASHINGTON, Sept. 13 .- Another Cainece bill is now in course of preparation by Mr. McCreary, of Kentucky, chairman of the foreign affairs committee of the house, who recognizes the necessity for some prompt action by congress. The new bill will do away with the exclusion.

ALTOONA, Pa., Sept. 12.—General Rob-ert A. McCoy, cashier of the Blair County Banking company, of Tyrone, was found at his bedside with a bullet in his right temple and a 32-caliber pistol near him pesterday. He died a few hours after-wards from the deed, which is supposed to have been done by his own hand. He had an honorable war record and was pri vate secretary to ex-Governor Curtin. PITTSBURG, Sept. 12. - The executive committee of the Amalgamated Associa-tion has issued a circular to all subordinate lodges in the country, asking for power to reconvene the conference committee of the association for the purpose of effecting a settlement with the iron and steel manufacturers. The result of the vote will be made known on the 15th inst. It is said by those in a position to know that the association will agree to accept the 10 per cent. reduction in guide and bar mills, demanded by manufacturers at the July conference, and which caused the

Bolles, chief of the department of industrial statistics, will give a comprehensive review of the development of the petroleum industry in Pennsylvania, with interesting statistics regarding the production, consumption and exportation of the fluid. A larger percentage of the oil product is sent abroad than that of any other product except cotton. A galion of oil in bulk cost in 1861 not less than 58 cents and in 1892 not more than \$14 cents, or hardly one-seventeenth of the old price. Pipe lines aggregating 25,000 miles have been laid, and good tank cars have been built. Besides these cars and a number of bulk sailing and other vessels, fifty-nine buik steamers are now employed in transporting the oil to foreign countries. The value of Pennsylvania's oil lands and wells is estimated at more than \$87,-000,000, and to this vast sum must be added \$65,000,000 to cover the value of the piant employed in producing crude petro-leum. This valuation does not include pipe lines, tank cars, fleet of bulk vessels, etc. The estimated total capital is \$300,-000,000. The first flowing well was struck in Fabruary 1831 although in February, 1861, although other wells had been driven in 1838-9. It is stated that had been driven in 1835-9. It is alated that one well, the Noble, produced \$5,000,000 worth of oil. The report contains much interesting historical matter and tables, showing the production and export prices, the various methods of refining, the capital invested, labor employed and wages paid.
