

REPEAL NOW ASSURED.

The End of the Long Senatorial Fight in Sight.

SILVER ADVOCATES WEAKENED.

The Measure May Reach a Vote This Week, and the Solons Are Now Discussing the Question of Adjournment or Recess.

WASHINGTON, Oct. 25.—Senators Voorhees, Harris, Aldrich and Dubois, representing the two factions in each party, have authorized the statement that they believe the fight is ended, and that the vote will be taken on unconditional repeal at the earliest possible moment. This is understood to mean as soon as the silver Republican senators have concluded their speeches—a matter of a few hours or days a day or two. It is the general opinion among senators that the repeal bill will be passed not later than Friday.

A conference of silver Democrats, held to decide whether filibustering should be resorted to, was not so large, nor long continued, but upon its decision hung the important question of the possible defeat of the bill and the delay of passage. After weighing the subject fully they concluded that while their constituents would justify them in making as strong a fight for silver as they could make in a legitimate way, their people would not endorse them in resorting to filibustering methods. They also recognized the fact that with a majority in the senate against them they would sooner or later be defeated. Furthermore, they contended that if the settlement of the question should be longer delayed the business depression would be laid at the door of the silver men. They concluded to repress their sentiment, and immediately afterwards a halt was called upon an incident filibuster, and the long fight was at an end.

The Republican silver men conferred among themselves briefly, and agreed that it would be a waste of time and in every way foolish to continue the fight. The three Populist senators had agreed to abide by the decision of the Republicans.

Deit to himself, and with only his own personal convenience and comfort to consider, each senator would probably decide in favor of adjournment immediately after the passing of the repeal. Most of the Republicans and Populists and many Democrats said they expected congress to adjourn early next week until the first Monday in December.

House repeal leaders say that there is nothing in the Voorhees bill that differs from the Wilson bill except the declaration at the end, and if that is satisfactory to the senate they are willing to adopt it. The Republicans say they are willing to support in the house any bill that is supported by the Republicans in the senate. Further than this the desire of so many to get away as soon as possible will have a tendency to encourage concurrence in the senate bill.

After the silver bill is out of the way then comes up the matter of adjournment, or, as some prefer, a recess. Adjournment promises to be more popular, though the difference of opinion for a recess or an adjournment is great.

Liberty Bell's Final Resting Place.

PHILADELPHIA, Oct. 24.—At a meeting of the select council of this city the question of the proper care of the Liberty Bell, now on its way from Chicago, was raised. Mr. Anderson, a member of the council, declared the chipping of the bell, which has injured it not a little, was, to his personal knowledge, the work of the men who have been employed to watch it. It was finally decided to have a handsome plate glass case made, in which the bell shall be kept, in the east room in Independence Hall.

FIFTY-THIRD CONGRESS

Business of a Week in the National Legislature.

THE TALK ABOUT ADJOURNMENT.

It Is Now Believed That the Lawmakers Will Go to Their Homes as Soon as the Repeal Measure Is Finally Disposed of by the Senate.

WASHINGTON, Oct. 19.—Yesterday's session of the senate lasted from 10 a. m. until 3:15 p. m. There were many interesting and exciting interjectory statements made. Mr. Morgan was more than usually bitter in his attacks upon Mr. Hill, whom he spoke of as an astute politician who would fly back and forth like a weaver's shuttle, and again, as one of those who rose to the surface like bubbles on a stagnant pond and exploded, leaving behind only mephitic odors. Mr. Hill took no notice of these attacks upon him.

The only incident of note in the house was a personal controversy between Messrs. Geary of California, and Warner of New York, over the New York and New Jersey bridge bill. The bill was passed. WASHINGTON, Oct. 20.—The third and last act of Tuesday's legislative session was performed yesterday. The subject of the performance was whether the name of Mr. Teller, of Colorado, should be entered on the journal of Monday as having been present and having refused to answer when called. The closing speech was made by Mr. Butler, of South Carolina.

The house made the bankruptcy bill a continuing special order for Monday next. The printing bill was considered, without final determination. The remainder of the session was consumed in enlogistic addresses to the late William Mutchler, of Pennsylvania.

WASHINGTON, Oct. 21.—During the brief period that the doors of the senate were open and the public admitted to the galleries a few important events occurred. Chief among them was the introduction of a cloture rule by Mr. Voorhees.

Although the house transacted more than the usual amount of business, its proceedings were almost entirely devoid of interest. The only incident out of the ordinary was the charge by Representative Simpson that Mr. Curtis, also of Kansas, was the agent or attorney of railroads running through the Cherokee strip, which the latter vigorously denied.

WASHINGTON, Oct. 23.—A compromise has at last been agreed to by the senatorial majority. The exact text of the measure will not be known until it is offered for the consideration of the senate. While it is still subject to minor changes, the leading features have been made public. It fixes the date for the act to take effect as Oct. 1, 1894. The silver bullion purchased under the present law is to be coined into silver dollars, as well as the seigniorage thereon and the seigniorage now in the treasury. All notes under the denomination of \$10, except silver certificates, are to be retired and silver coin or certificates to be substituted.

WASHINGTON, Oct. 24.—Those who were expecting to see the Democratic compromise bill introduced in the senate yesterday and speedily passed through that body found when the senate met that they were more than likely to be doomed to disappointment, and as the day wore on the indications in that direction became still more marked. The session is now very general among senators who will discuss the question of all that the compromise bill over which senators were so sanguine on Saturday will never be introduced in the senate.

WASHINGTON, Oct. 25.—The victory of the administration on the silver question was the principal topic of discussion in both senate and house yesterday. It is now conceded that the bill providing for the unconditional repeal of the Sherman law will pass the senate within a week. The congressmen are now talking about the matter of adjournment or a recess when the repeal bill is disposed of. It is thought an adjournment will be had.

Dynamite in Wheeling's Public Building.

WHEELING, Oct. 25.—When Mrs. Mary Clancy went to clean the office of the city engineer in the public building she found a chunk of stuff on the floor near the door, that Chief of Police McNichols recognized as dynamite. There was enough of it to blow the top off the building. It is thought that some one may have thrown it in through an open window after the office was locked up for the night.

EPFINGHAM, Ill., Oct. 25.—An Indiana an Illinois Southern passenger train was derailed two miles south of here, at Big Salt creek. One coach went over a ten foot embankment. It turned over twice with thirteen passengers in it. Benjamin Jewell, of this county, was fatally injured, while the others were all more or less seriously hurt.

Hunters who are disposed to go gunning on Sunday should remember that the law strictly prohibits it and the penalty is equally severe as it is for shooting game out of season. There is a class of men and boys who have no regard for the Sabbath day, and will as readily devote it to one pastime as another, but they must remember, now that the hunting season is upon us, that they transgress the civil as well as the moral law when they go gunning on the Sabbath day.

A Fatal Accident.
A sad and fatal accident occurred at Swartz's lumber job in Gallagher township, Clinton county, on Saturday afternoon, which resulted in the death of H. B. A very sore eye cured by Dr. Salm after other Drs. had advised removal of the same.
My son Clement, now 9 years old, has had very sore eyes for four years; so much so that the Drs. advised the removal of one of them. We couldn't decide to have the eye taken out, so we brought him to Dr. Salm and today there isn't the least sign of inflammation and he can see as well as ever. Just think of it, after only two months treatment and without any operation.
Mrs. MAGGIE LOVE, Centre Hall, Centre Co., Pa.

My eye cured by Dr. Salm after 7 years standing by Dr. Salm.
For 7 years I have been suffering with a bad case of cataract, gradually becoming worse and worse. The last two years my eyes began to trouble me a good deal and became rather hard to hear. They ached a good deal and began to discharge a lot of very offensive matter. Now after a course of treatment I must confess that I am highly pleased. I can hear as well as ever and have no more aches nor pains nor running of the ear.
I. A. REESE, Pindilton, Cambria Co., Pa.

I have been totally blind, Dr. Salm cured me.
I have been totally blind in my right eye for 15 years and in my left eye for 10 years. I had been treated by the best doctors and had spent thousands of dollars, but I had no improvement. I was advised to have my eyes put out, but I was unwilling to do so. I was then advised to go to Dr. Salm. He cured me in one month. I can now see as well as ever and have no more aches nor pains nor running of the ear.
MRS. NETTIE POORMAN, Johnstown, Pa.
