Mr. Gladstone's eyesight is growing much worse, and that an operation will soon be necessary. Recognizing this fact, Mr. Gladstone informed his colleagues that his early retirement was inevitable, but he hoped that it would be only temporary. He told them he would resume the premiership should his eyes become strong enough to warrant it.

The Times thinks that the denial of Mr. Gladstone's actual resignation may be acing to law.

GLADSTONE TO RETIRE.

Renewed Talk of the British Premier's Alleged Intentions.

HIS RAPIDLY FAILING EYESIGHT

Given as a Reason Why the Veteran Statesman Should be Relieved, at Least Temporarily-Lords Rosebery and Spencer Mentioned for the Succession.

LONDON, Feb. 28.—The Evening News says that the Earl of Rosebery has been offered the premiership and declined it, and that later it was offered to Earl Spencer, first lord of the admiralty, and that he has accepted it. It adds that Mr. Gladstone's resignation goes into effect at

The Standard says: "The persistent rumors of Mr. Gladstone's impending resignation are beginning to cause disquiet among his own supporters, although no mmediate action is expected by them."

The Morning published an unconfirmed rumor to the effect that Mr. Gladstone informed the queen on Monday that he was about to undergo an operation for his eyes, and that he desired the royal sanction to Lord Rosebery's acting as premier pro

A physician visited Mr. Gladstone, and remained with him for some time, but the prime minister devoted the morning to his usual official work, and was consulted frequently by the patronage secretary to the treasury, Right Hon. Edward Marjoribanks, who is also the Liberal whip.

The Chronicle says that the retirement of Mr. Gladstone is imminent. It is almost an open secret that his eyesight is no longer equal to even the least important duties of a political leader. All stories of dissension or disappointment at legislation being balked may be dismissed as wholly unaffecting his decision. When Mr. Gladstone resigns the wand it will be because his hand cannot longer wield it, and for no other reason. It is probable that no decision has yet been reached as to the moment of his resignation. It is announced that Mr. Sexton, M. P. for Kerry, has already taken steps to obtain pledges with regard to home rule in the event of Lord Rosebery or the Earl of Spencer becoming premier.

The Daily News says that in view of Mr. Gladstone's age it is only right that the liberals should consider the future. If the infirmities of age make his duties irksome it would be inhuman to keep Mr. Glad-stone at his post merely because of a difference of opinion prevailing in reference to the choice of his successor. The News then strongly recommends the Earl of Rosebery, but adds that there will be no whisper of discontentment with Mr. Gladstone's supremacy so long as he is willing to remain supreme.

The Standard believes it is a fact that Mr. Gladstone's eyesight is growing much

Gladstone's actual resignation may be accepted without question by those unable to adopt the inference that the alarm in the radice' mp was altogether causeless, but it can rdly be doubted that a semiofficial denial signifies a postponement of would be far more satisfactory to the country generally than that of any other

THE HAWAHAN REPORT

Stevens and Wiltse Justified in Landing the Troops.

A PROTECTORATE WAS IMPROPER

Republican Members of the Committee

WASHINGTON, Feb. 27 .- A volume of nearly 800 printed pages (exclusive of maps) was laid before the senate yesterday, representing the testimony taken by the senate committee on foreign relations, and their findings of facts thereon, under a resolution directing them to inquire whether any, and if so what irregularities have occurred in the diplomatic inter-course between the United States and Hawaii in relation to the recent revolution.

The report of the majority of the committee was prepared by the chairman, Mr. Morgan (Ala.). It exhaustively reviews the facts, the laws and the precedents; justifles Mr. Stevens and Admiral Wiltse in landing troops and raising the American flag; declares that Stevens was not justified in proclaiming a protectorate, and finds nothing irregular in the appointment of Mr. Blount; but, in effect, says the evidence taken by the committee under more favorable circumstances leads the committee to different-conclusions than those which he formed.

The report is concurred in as to all its essential findings by the Republican members of the committee, Senators Sherman, for the resumption of work so that of Frye, Dolph and Davis, making a majority Monday night the rolling mill will be of the committee. They characterize it as an exceedingly able document, but they dissent on five points.

1. They condemn the appointment of Commissioner Blount as unconstitutional. 2. They say the executive orders placing the navy in the harbor of Honolulu under the orders of Mr. Blount or Mr. Willis

were, without authority of law. 3. That the order of Blount to Admiral Skerrett to lower the flag was unlawful and susceptible of being construed, as un friendly to the provisional government and they regard the intercourse of Mr. and Mr. Willis with the deposed queen as violative of the international law and un warranted.

4. They consider the president had no right to reopen the predetermined legality of the provisional government.

5. They regard any discussion of the ersonal intentions of good faith of either Mr. Blount or Mr. Willis as immaterial. inasmuch as what they did in regard to the reinstatement of the queen was simply the performance of a task plainly com manded of them by this administration.

The report of the minority, signed by Senators Butler, Turpie, Daniel and Gray, without denying or conceding the correct ness of other portions of the report, dis sents from that portion of it which declares "that the only substantial irregu-larity in the conduct of Mr. Stevens, the late minister, was his declaration of a protectorate by the United States over Ha-

Senators Butler and Turple file a supplemental report, in which they say that while the question of annexation was not submitted to the committee except incidentally, they think it not improper to say that they are heartily in favor of the acquisition of these islands by the United States in a proper manner, but not by taiting advantage of internal discensions for which they believe the United States in sores healed, and the result was that some manner responsible.

Boutelle Wants Willis Recalled. WASHINGTON, Feb. 27,-The resolution introduced in the house by Mr. Boutelle for the recall of Minister Willis from Ha waii recites the antipathy the United States has always expressed to intervention by a foreign minister in its domestic affairs, and the propriety of not enforcing upon a weak power what we object to from a strong power, and says that the imperative duty of avoiding further risk of complicity in the incitement of disorder and possible bloodshed in Hawaii require that the present United States minister to the provisional government of Hawaiian islands be immediately recalled."

wretches begged for mercy. When the leaders of the mob called for numbers 85, 86 and 94 three big fellows, masked, stepped forward and began firing into the prisoners' bodies with Win chesters and shotguns. Four or five volleys were fired; when numbers 17, 71 and 125 were called forward and fired several more volleys.
