ONE KILLED, FOUR FATALLY HURT.

The Conflict Brought About by the Aulmosity Existing Between Catholics and the American Protective Association. The Riot Suppressed by the Police.

KANSAS CITY, Mo., April 4 .- The American Protective association and the Catholics came together in a bloody conflict at the polls of this city yesterday. It cannot be stated which side is responsible for the affray, as the partisans of each loudly charged the other with being the full cause of all the trouble. More than a hundred shots were exchanged between the combatants, in less than that many seconds, and when the firing ceased the following named were lying dead, dying or injured on the pavement:

Killed-Mike Callahan, city sidewalk inspector, shot through the right side. Fatally Injured-Harry Fowler, laborer, shot through the back; Con Brosnahan, contractor, shot through the kidneys; Jerry Pate, deputy constable, shot in the

Wounded-Patrick Fleming, shot in the left shoulder; John McGovern, laborer, shot through the right arm.

The riot was the culmination of bitter feeling which had been manifested by acion and words ever since the polls opened. The two antagonistic elements were solidly divided in their choice of candidates for mayor. The aggressive support that each side gave to its candidates during one of the hottest campaigns ever known in this city engendered a strong sentiment of rivalry. It was, therefore, in no amiable nood that the workers of the respective factions came together at the different polling places throughout the city, and that these workers came expecting trouble to occur before the day wore away is apparent from the number of deadly weapons that were drawn when the first shot

The riot was the climax of a series of smaller riots that took place at other points earlier in the day between the same opposing religious factions. This riot took place on the southwest boulevard, in the Fifth ward, very close to a police station, and those who took part in it had been heated to the fighting temper by reports that had been hourly arriving at the sta-

tion of brawls at other polling places.
Only an hour before John Gooley, a stone mason, was shot in the back and forehead by William Henry Walker at a voting place at the corner of Fifth and Campbell streets, and it was known that the row was directly due to a fiery debate between the two men regarding the principles of the A. P. A., to which Gooley was violently opposed. That Gooley was not instantly killed was due to the fact that the pistol used was a mere toy of twenty-two caliber.

The A. P. A. which supported Webster Davis, the Republican candidate for mayor, had their own workers at the different polling places, and they distributed in some precincts their own tickets bearing their candidates' name, and decorated with the American flag. Jim Pryor, a Fifth ward politician; antagonistic to the A. P. labor and factional Democratic candidate, was active at the head of the fifty constables, which he got Justice Lattshav appoint Monday night. It was said by some that these constables were, many of them, irresponsible characters, and were solely the cause of the trouble.

It is claimed that one of Pryor's followers fired the first shot. That one was Mike Callahan, and he was a dead man the next moment. Then the battle began, and for a minute or two the discharge of weapons sounded like the musketry of a regiment.

In less than five minutes from the time the first shot was fired, however, policeen appeared upon the scene and quieted he disturbance. With their first aproach the fighting political workers eased hostilities and made a quick effort o hide their weapons.

Pryor's men are claiming that Callahan ras an innocent victim. They assert that it was Jerry N. Pate, an A. P. A. man, who fired the first shot, and that was the shot that killed Callahan. Pate was serving as a constable, having been appointed especially by a Westport official to serve a warrant for the arrest of Jim Pryor, John Pryor, his son, and Bert Pryor, for alleged felonious assault upon a citizen earlier in the day. He and Callahan met, had some words, and either one or the other fired the shot that commenced the conflict.

Returns so far received indicate that Webster Davis, the straight Republican candidate for mayor, has been elected by a good majority over all other tickets, carrying with him the entire Republican ticket.

Dispatches to the Associated Press from all over the state of Kansas and territory of Oklahoma show that with but few exceptions, where party lines were distinctly drawn, the Republicans bave elected their

Home Rule for Scotland.

LONDON, April 4 .- In the house of commons Mr. James Henry Dalziel, member for the Kirkcaldy district, made a motion declaring that it was desirable, while retaining intact the power and supremacy of the imperial parliament, to establish a legislature for Scotland to deal with purely Scottish affairs. Mr. Dalziel said the Scotch members of parliament had, by an overwhelming majority, voted in favor of home rule for Scotland. They entertained no anti-English feeling, their sole object being to procure for Scotland legislation that was impossible under existing conditions. The house adopted the mo-

tion by a vote of 180 to 170.

No Distilleries for Iowa. DES MOINES, Ia., April 4.-The house yesterday afternoon considered the question of constitutional prohibition. Cooper's resolution was substituted for the senate resolution. It prohibits the manufacture and sale of liquor for any purpose, and leaves the legislature to enact laws for its enforcement. The liquor manufacturing law was lost—yeas, 42; nays, 56. This settled it that liquor manufacturing will not be legally carried on in this state.

ception at Pittsburg.

PITTSRURG, April 4.—The Commonweal army reached lower Allegheny at 1 o'clock vesterday afternoon, and was met with bands by labor organizations and a large concourse of people. When the city line was reached a halt was taken for lunch, and at 2:30 o'clock the army marched to Exposition park, where it went into camp for two days. Many houses were decorated and along the route to the park the army was greeted with cheers by crowds whothronged the sidewalks.

St. Louis, April 4.—General Frye's army of unemployed workmen arrived at Jefferson barracks from Poplar Bluff yesterday and camped in the railroad yards at Ivory station. The Commonwealers were all on the tops of the box cars, many dressed in blankets to ward off the cold. There were 600 men in Frye's army in all, and they appeared to be a well disciplined and respect able lot of men. A squad of police from the city, under Captain Sam Boyd, met the army at the barracks and escorted them to their quarters at Ivory station. Captain Boyd requested General Frye to keep his men together. The general at once posted pickets about his camp. After getting into camp breakfast was served, consisting of cornmeal mush, of which there was scarcely enough to go around.

SAN FRANCISCO, April 4.-The San Francisco contribution to the Commonweal army, numbering 350 men, left the city on the ferry for Oakland. Thence it is their intention to proceed to Washington. At Sacramento they will be joined by 100 more unemployed. The mayor was at the landing to bid them good-by.

No sooner were they on deck, however, than every man leaped off into the crowd of union men, leaving Flynn standing alone upon the vessel. The union men gave a wild yell of triumph at this desertion of the Italians to their ranks. Flynn attempted to make a speech, but was hit with a brick square in the mouth.

Settlers Battling with Indians.

EL RENO, I. T., April 4 .- Advices from the scene of an encounter between a band of depredating Indians and some cowboys who were herding cattle was brought here by a courier who came for military assistance. He reported that when he left the fight was yet in progress, and that some eight or ten of the Indians and half that many white men had been killed or wounded. Settlers were rushing to the aid of the fighting cowboys, and had sur-rounded the band of Indians and were slowly and surely picking them out. The feeling toward the Indians is very bitter, and the chances are good that many will be killed before the troops get to the
