# Hood's Never Fails QUORUM RULE PASSED. MISS POLLARD WINS.

It Goes Through the House by an Overwhelming Majority.

FILIBUSTERING ENDED FOREVER.

Forty-seven Democrats Voted Against the Measure, While It Secured Every Republican Vote, and Was Carried by a Vote of 212 to 47.

WASHINGTON, April 18.—The house, by an overwhelming vote, decided to adopt a quorum counting rule which for all practical purposes is the same as that which ex-Speaker Reed, of Maine, inaugurated during the Fifty-first congress, and which won for him a world wide reputation. Neither undue excitement nor tumultnous scenes marked the crushing of the old legislative barriers. Mr. Reed and the Republicans generally were in a delightful humor over the victory they had achieved. Those who expected Mr. Reed would taunt and gibe his political adver-paries with their aileged inconsistency rere disappointed.

Only fifteen minutes were allowed each eide for debate, and Mr. Reed, instead of consuming that with an arraignment of the Democrats, good naturedly distributed most of it to Democrats who desired to oppose the new rule, and when his time was exhausted he jocularly asked for more time to dole out among his friends on the other side, Messrs. Bryan, Cummings, Wheeler, Kilgore and Russell being the Democrats who were thus given an opportunity to protest against the adoption of the rule. When the vote was taken forty-seven Democrats voted against it, but it secured every Republican vote and parried by a vote of 212 to 47. The Populists did not vote on the proposition.

The enforcement of that law will keep members at their post of duty, and the rule will prevent them from refusing to participate in legislation when they are present. After the adoption of the rule it required only a few minutes to straighten out the parliamentary tangle in which the house has been for several days, and the house then quietly proceeded with the consideration of the consular and diplomatic bill. Mr. Hitt made a strong speech

It resulted in an agreement to con-tinue the arrangement of last week for debate until Tuesday of next week, when the bill will be taken up and rediscussed by paragraphs. Five Prisoners Liberated. ARKANSAS CITY, Kan., April 18.-Five men heavily armed rode up to the jail in "K" county, Oklahoma, leading five horses. The men overpowered the jailer and liberated five prisoners, each of whom was given a horse. It is supposed that all of these men belong to the same band of outlaws. One of the prisoners, named Cox, was serving a ten year sentence.

WILL NOT BECOME AN ACTRESS.

Flattering Offers from Theatrical Managers Will Receive No Attention from Breckinridge's Victim, Who Will Probably Become a Writer.

WASHINGTON, April 16,—The jury in the Pollard-Breckinridge breach of promise suit, after a deliberation of an hour and a half, brought in a verdict for Miss Pollard and awarded her damages of \$15,000 late Saturday afternoon. The amount of damages was decided by the usual method of striking an average of the twelve individual estimates. Several of the jurymen were in favor of awarding Miss Pollard no damages at all, only a verdict. There were others who estimated the damage to her life and opportunities at the full limit claimed, \$50,000.

Colonel Breckinridge took the blow with marvellous composure. He did not change his easy posture by a hair's breadth. He only clasped his hands the closer and grew redder behind his white hair and beard. He did not even turn his head. Neither did his counsel change countenance or make the slightest demonstration.

Mr. Carlisle's face alone underwent a decided change. He did not shift his position or show his emotions by any ges-ture or action, but his serious face broke out into a broad smile, which, however, he repressed before he turned about in his Then Colonel Breckinridge struggled to

his feet. He leaned both hands on the desk before him and addressed the judge. His bearing was self possessed and his voice clear. He said: "When, your honor, will opportunity

be afforded me to make a motion for a new trial?" "On Monday or thereafter," replied

Judge Bradley.

Then the judge turned to the jury and said it was perfectly evident that they had performed the duty required of them under the prompting of a high sense of duty. He discharged them and adjourned the

It is positively stated that Miss Pollard will not go on the stage. She has received numberless flattering offers of engagements from theatrical managers, but will pay no attention to them. It is her intenon to write for publication.

THE INVADING ARMIES.

Kelly and His Men Still in Camp Near Council Bluffs.

OMAHA, April 18. - Kelly's Industrial army is still encamped on the old Chatauqua grounds, five miles east of Council Bluffs. Instead of finding a train of box cars ready to convey the soldiers on their way east they found that they had been tricked for the sole purpose of getting them to break camp and leave Council Bluffs. The officers of the army are very bitter over what they call the bad faith shown by the officials of Council Bluffs and Pottawottamie county. General Kelly says that while he was not actually promised that a train would be provided for his soldiers, still he was led to suppose that the Rock Island company had made such a promise. Provisions are running low. General Kelly is in receipt of dispatches stating that the Industrial army which will soon leave Seattle, Wash., will include a number of women. The army at Spokane now numbers 250 recruits. At Baitimore a Bohemian army is forming, which will

leave for Washington on Monday.

Dispatches from Buffalo, Boston and other sections show that the Commonweal

army is growing rapidly.

At Cincinnati Mr. John H. Grover, the late Populist candidate for mayor, says he will take \$,000 of Cincinnati's unem-ployed and present them in a body at Washington "to the authors of their misfortune, where, without firearms or threats of any sort, they will ask the national government to give them work or give them rations." He proposes to pay

Va., April 18.—One long day of floating through the beautiful country of northwestern Maryland was all that the Coxey navy had to chronicle yesterday in its log book. NEW YORK, April 18.-D. K. Wife No. 1 was refused admittance to the dying man's apartments during the morning, and she threatened to replevin his body after he was dead. Wife No. 2 made arrangements to thwart wife No. 1, and as soon as the man died she had the body removed quietly from the hotel. It is stated by the manager of the hotel that he did not know where the body had been taken.

The Great Northern Strike. St. CLOUD, Minn., April 18 .- Excitement is growing rapidly, as also is the Railway union membership. Specials from all along the Great Northern system seem to show that the attitude of the brotherhood men is becoming more favorable to the American Railway union cause. At this point the brotherhood men, while not quitting, refused to work with non-union men. The strike has extended over all the lines of the company, except a short dis-tance from this city, and of the 4,405 miles of the system not to exceed 200 miles is in

The new league rules of base ball require the umpire to wear a body protector and stand behind the plate to judge all plays during the season, that is so far as judging balls and strikes are concerned. They will not be permitted Tultion free; Board and other expenses very concerned. They will not be permitted to continue the unsatisfactory practice of standing behind the pitcher, thus annoying the fielders and at the same time misjudging plays at the plate.

The Conceited People.

Some people are so conceited they cannot see what people think of them. One man said he talked to himself because he liked to hear a sensible man talk, and he liked to talk to a sensible man. Another man died from brain fever brought on by studying how the world was going to get along without him when he died.

Beer Neither Spirits Nor Wine. The Supreme Court of the United States recently decided that beer is not spirituous liquor or wine, and its admission into the Indian Territory is therefore not prohibited under the statute. The case came up on an appeal from the District Court of Arkansas, where a man was convicted of shipping beer into the Choctaw Nation. This fixes the status of beer more definitely than ever before, but the decision will have little or no effect on its manufacture or consumption.
