Married at Kane.

This Thursday afternoon Thomas B. Hutchinson, formerly of Bellefonte, will be married to Miss Nettie Staples, at Kane, Pa. The ceremony will be performed in the M. E. church of that place. Mr. Hutchinson holds a position as railway mail clerk between Kane and Butler. He is a republican but by passing a very creditable examination under the civil service rules, his average being 90, he secured the position. This speaks very high of the young man. His many friends at this place will be pleased to hear of his success.

Drowned Near Philipsburg.

D. R. Foreman Retires.

On Saturday, of this week, Mr. D. R. Foreman will retire from the Prothonotary's office where he filled the position of Deputy for the past seven years. His successor, Mr. Arthur Kimport, of Harris twp., is here and is getting acquainted with the duties of the office. It is due Mr. Foreman to say that he has been one of the most efficient and careful officials that held that position for many years. His work on the records is of the highest order of penmanship and done with care and method. Persons having business in that department all attest to Mr. Foreman's ability. His successor is a bright young man and promises to be equal for the place.

An Experiment.

Mr. Maitland, the boiler maker, recently appeared before the Board of Trade and urged them to take some action to induce capitalists to establish a plant for the purpose of manufacturing boilers for steam heating purposes. He claims to have an improved boiler that will sell if put on the market. A number of business men are interested in the move and subscribed sufficient money to make about a dozen boilers, and if the experiment proves all right, extensive operations will follow.

Declaratory Contest.

On last Friday evening the opera house was crowded by a large audience who were interested in hearing the declaratory contest for the Reynolds prize by the Junior class of the Bellefonte High school. All the contestants acquitted themselves in fine style and showed thorough and careful training for the occasion. The prize was awarded to Miss Lena Baum. The decision of the judges gave general satisfaction.

A New Enemy.

A new enemy of clover has appeared in several eastern counties, but we have heard nothing of it at home. The destroyers are green worms of ordinary size, which cut acres of clover as close to the ground as could be done by a mowing machine. Fields of young clover are destroyed in a day, and the destruction is often complete before it is discovered.

Mrs. M. P. Tuten.

It is with sorrow that we note the death of Mrs. M. P. Tuten at their residence at this place, on Tuesday. She had been ill but a short time. Her age was 64 years. The deceased was the wife of Editor E. T. Tuten, of the Bellefonte Republican, and in his re- vement he has the sympathy of all. The interment will take place Friday afternoon in the Union cemetery.

Large Trout.

Trout fishermen this season report very small catches thus far. This is owing to high water that has swollen the streams and is unfavorable for fishing.

The largest trout caught this season was brought home recently by Origan Atwood, it was a sixteen inch beauty.

SHOT AT MUNSON.

MURDERER ESCAPES BUT IS DROWNED.

A Quarrel Between Foreigners—Results in Shooting Affray—No arrests yet Made.

The Philipsburg Ledger says: Andrew Hoyodrik, a Slav miner residing at Munson Station, was shot in the right eye in a drunken brawl at Munson Station on Tuesday evening of last week. He was brought to the hospital on Wednesday and died on Thursday. The facts as told by eyewitnesses are as follows:

There had been some trouble between Paul Baker and Hoyodrik about a board bill and on Monday evening the men had a quarrel. Baker kept out of Hoyodrik's way all day Tuesday, but on Tuesday evening as Baker was going home he met Hoyodrik and a party of companions, who had been drinking all day and were ripe for a fight. Baker tried to escape, but his enemies caught him and pounded him severely. He broke away and they followed, cursing and threatening. Baker drew a revolver and warned them not to follow him, and fired over their heads three or four times to frighten them. The shooting only seemed to enrage them and they ran after him. Baker ran for a couple hundred yards, but Hoyodrik and two others overhauled him as he was trying to climb a fence, and Baker turned and fired. The ball struck Hoyodrik in the eye, and he fell. His companions stopped to pick him up and Baker ran into the woods. He went back to Munson that night and got his clothes and then left. He was seen at Cataract on Thursday crossing the river in a boat which either capsized or else Baker jumped into the river and was drowned.

No arrests have been made up to this time for some reason, although Hoyodrik's companions who were concerned in the riot are walking around Munson apparently unconcerned. There are too many drinking places at Munson. Judge Furst licensed two houses on the Centre county side, where there are only about six houses. There is a licensed hotel and a beer saloon on the Clearfield side, in the town, which is plenty. There is no way of keeping order on the Centre county side, the nearest constable or justice of the peace being about eight miles away.

Shooting Affray at Salona.

A lot of Italians who have been living near Salona since the work on the Nitytany valley railroad was completed, got into a fight Sunday. The Italians, it is stated, were pretty well filled up with beer when the fracas occurred. One of the men had a revolver in his pocket and used the weapon effectively against another of his countrymen. Six shots were fired, three of which took effect. The name of the injured man was not learned. He was taken to Salona where a doctor found that the wounded Italian had received three bad wounds. He was shot through the hand, another bullet struck him in the wrist and a third one entered the arm near the elbow. The latter could not be located by probing. The man who did the shooting left the place at once and has not since been seen.—Lock Haven Express.

For the Fourth of July.

The Young Men's Christian Association has engaged Hunter's Park for the Fourth of July and intend to give Bellefonters a feast of amusements on that day. There will be a game of base ball, between two good teams, bicycle racing for prizes, sack racing, tug racing and various other outdoor amusements. The railroad company will begin at once to put the bicycle track in good condition for racing so that by the Fourth everything will be in good shape. Medals and prizes will be awarded for the best of everything. Good music will be on the ground.

Railroad Extensions.

The people of Pine Grove Mills are anxious to have the Bellefonte Central extended from State College to that place. Mr. Frazer, the president, and Supt. Thomas visited Pine Grove Mills last Saturday and assured the people that when they could guarantee the right of way workmen would commence on the extension. Over \$1,700 has been subscribed thus far and more is needed. Some of the land owners are asking exorbitant prices for the right of way and that is retarding the project.

Shovel Factory.

The Philipsburg Journal says: A car load of shovel handles has just arrived at the new shovel factory. Superintendent Metz informed us to-day that the new works would be put in operation next week. We are glad to see this enterprise starting in our midst.

One Month Yet.

But one month yet remains until the democratic primaries take place, Saturday, June 9th, and the county convention on the following Tuesday. Democrats should remember that the delegate election will be held between the hours of 3 and 7 p. m.

Promise of Large Apple Yield.

Secretary Edge, of the state board of agriculture, says apple trees have never been fuller of bloom than now. Reports have been received by him from various parts of the state indicating that the crops this year will be phenomenally large.

A Fine Lecture.

A large audience composed of representative citizens of Bellefonte, State College and other points, assembled in the opera house last evening to hear the learned and eloquent Dr. Krauskopf, of Philadelphia, deliver his lecture entitled "Only a Jew." Gen. Hastings introduced the speaker of the evening in a few well chosen remarks that were received with applause. Space and time will not permit us to give a review of the lecture, but suffice to say it was one of the ablest and most profound discourses ever heard in the opera house. The subject was also of special interest and to which they listened with profit and instruction.

Dr. Krauskopf arrived in town on Wednesday evening and was accompanied by Mr. Solomon Blumenthal, of Broad Street Temple, Philadelphia. They were driven to the home of Gen. Hastings where, in company with some of the prominent Jewish citizens of the town, they were entertained at dinner. After the lecture a reception was held at Gen. Hastings' residence and many called to pay their respects to the distinguished guests.

It was through the efforts of Mr. Herman Holtz that this lecture was secured for Bellefonte and the successful manner in which everything was conducted.

Special Meeting of Council.

A special meeting of the borough council was held in their rooms on last Thursday evening. The object of the meeting was to take into consideration the establishment of a permanent grade on Curtin street. The borough engineer had made a survey of the street and exhibited a map of the same. The grade recommended by him was adopted. Clement Dale, borough solicitor, stated that he had made some investigations as to the authority exercised over the turnpike by the borough; that by an agreement between the borough authorities and the pike company, the former kept the street or pike in repairs to Rhoads' corner and the latter from the Rhoads property to near the lime kilns which is a point on the northern line of the borough.

Inter-Collegiate Contest.

The ninth annual champion contest of the Inter-collegiate Athletic Association of Pennsylvania will be held on grounds of the Penna. State College, State College, Pa., May 19th, 1894, at 2 o'clock, p. m.

The following colleges are members of the association and will be represented by their athletes: Swarthmore, Western University of Penna., Penna. College, (Gettysburg) Lehigh, Dickinson, Lafayette and Penna. State College.

A special train will leave Bellefonte for State College at 12.30 p. m., and return at 6 p. m. Admission 50 cents.

Window Smashers.

On Monday evening a large window in one of the store rooms of Ammerman's block was broken by someone throwing a shovel handle. Two men were pointed out to the police as the persons and they were brought before Squire Keichline. The man who threw the club gave his name as S. Somerville, from the western part of the state. He was bound over for court and committed to jail.

He was intoxicated and some small boys were annoying him. He threw the club at them and by accident it broke the window.

Huntingdon Failure.

Thomas S. Johnston's mammoth dry goods and general store at Huntingdon, was closed by the sheriff last week, executions amounting to \$26,000 having been entered against him. The Defiance Store company store at Defiance, Bedford county, is also effected by the crash. Mr. Johnston was largely interested in that concern. His exact liabilities are not known.

"95 La Vie."

The annual of the class of '95 of Penna. State College, known as the "La Vie," a handsome volume profusely illustrated, giving a sketch of college life as seen from the students' standpoint, is just out. It is a well edited and a very creditable publication. Upon the receipt of \$1.25 Mr. J. E. Hall, the business manager, will mail a copy to any address.

Lock Haven Won.

Last Saturday the Lock Haven Normal base ball team came to Bellefonte and played the Academy team at Hunters Park. It was a clean victory for the visitors who were strong for the home team. The score was 14 to 3 in favor of Lock Haven. This was the first game at Bellefonte for the season more can be expected later.

Alterations and Changes.

The post office department has given notice that the last "h" should be dropped from the town whose names end in "burg." Centres are to be "ter" instead of "tre" and the boroughs "boro." The intention is to simplify the spelling of the names of towns.
