

Injured While Coasting

Impure Blood Asserts Itself
But Hood's Sarsaparilla Cures the Disease and Restores Health.

"C. I. Hood & Co., Lowell, Mass.:
"During the winter of 1887, I was injured on one limb while coasting. It did not trouble me much at first, but soon became more painful, my strength began to decline and I could not rest at night. I was attended by several different doctors but all failed to check the trouble and I grew rapidly worse. Early in 1890 I had to use crutches and my health was very poor, having lost my appetite and being reduced in flesh. In the fall of 1891 I had to take to my bed and it was thought

decided to have me give it a trial. I have taken it regularly, using nearly ten bottles. All the sores but two are healed and these are nearly well. I have thrown away my crutches as I can walk to school and do some work. I have a good appetite and real good health and my increased in weight very much. Hood's Sarsaparilla has been a blessing to me." WILHELM JOHNSON, Normanville, Pennsylvania.

TARIFF BILL PROGRESS

The Amended Sugar Schedule Goes Through the Senate.

TO GO INTO EFFECT NEXT YEAR.

Mr. Hill Voted for the Peffer Amendment Favoring Free Sugar, While Irby Was Paired the Same Way—Senators Sherman and Stewart Refused to Vote.

WASHINGTON, June 6.—The compromise amendments to the sugar schedule were all adopted in the senate yesterday, and the pivotal schedule on which the fate of the tariff measure depended went through without change. On the free list the Democratic line was drawn, Mr. Hill (N. Y.) voting in favor of it and Mr. Irby (S. C.) being paired the same way. But the Republicans were unable to hold their own forces intact, Messrs. Manderson and Perkins voting against the amendment and Mr. Quay being paired against it, while Messrs. Sherman and Stewart did not vote at all. Only one of the Populists, Mr. Peffer, voted for free sugar, joining Kyle and Allen, in the final issue, joining with the majority of Democrats against it. The vote on Mr. Jones' amendment, fixing Jan. 1 as the date on which the sugar bounty repeal should go into effect was carried by 38 yeas to 31 nays. Mr. Peffer's amendment to place all sugar on the free list was lost by 36 to 37.

Had all the Republicans, with the three Populists and the two disaffected Democrats, joined hands, sugar, raw and refined, would have gone on the free list. On all the other amendments offered by the Republicans the majority against them ranged from three to ten. The adoption of the sugar schedule practically insures the passage of the bill at an early date, although it is intimated that the Republicans will make a final stand on the sugar schedule when the bill is reported and considered in the senate.

As adopted the schedule imposes a duty of 40 per cent. ad valorem on all sugars, raw and refined, with a differential duty of one-eighth of a cent per pound on sugars above 16 Dutch standard, and an additional one-tenth of a cent against sugars imported from countries paying an export bounty. It continues the Hawaiian treaty admitting sugar from the Sandwich Islands free of duty, and places a duty of two cents per gallon on molasses testing above forty degrees by the polariscope. The schedule goes into effect Jan. 1, 1895, and the bounty is continued until that date.

After an ineffectual attempt to have yesterday devoted to private bills, the house continued the discussion of the Brawley bill, the principal speech being made by Mr. Harter (O.), a rule providing for debate under the five minute rule and a vote at 5:30 was brought in by the committee on rules and adopted by the house, but was subsequently amended to allow two hours general debate and a vote today.

The advocates of state banks concede defeat on the vote to be taken in the house on repealing the tax on state bank currency. At the outset of the debate the state bank men counted on 140 votes. Their ranks are thinned by absence and pairs, however, and they now admit that the majority against the state banks will be very large.

British Columbia's Great Flood Loss.

VANCOUVER, B. C., June 5.—Four million dollars will hardly cover the loss by the Fraser river flood. The waters are still rising, and as the warm weather continues melting the snow in the mountains there is no immediate prospect of beginning the work of restoration. One prominent railway official thinks the loss of life will reach 100, though conservative estimates are not so high. Bridges, trestles, tunnels and trackings along the Canadian Pacific have gone, and the company has over 2,000 men at the scenes of danger day and night. From Revelstoke to the sea, 280 miles, the railway is now a watery waste. Fully 10,000 cattle have perished.

Killed His Mistress and Himself.

SPRINGFIELD, Ills., June 6.—Oscar P. Hodgen shot and killed Mrs. Millie Jones, the mother of two children 6 and 4 years old, respectively. He then shot and killed himself. Hodgen leaves a wife and eight children at Afton, Iowa, where he was formerly a wealthy farmer. He had separated from his wife and Mrs. Jones' husband had left her because of the relations of the pair. The shooting was witnessed by Jones' two children. Hodgen left a note in which he said: "This should be the fate of all home-wrecking women."

Bank Looters Sentenced.

INDIANAPOLIS, June 5.—F. A. Coffin, P. P. Coffin and Albert S. Reed, the convicted bank looters, were arraigned in the federal court here for sentence. The defense, led by ex-Attorney General Miller, made a desperate effort to secure a new trial, but failed. Francis Coffin got ten years and Percival Coffin five years, while Reed, who was merely a tool of the Coffins, was released on suspended sentence, mercy being shown in his case.

Locked the Sheriff in a Cell.

OAKLAND, Md., June 6.—Yesterday afternoon about 2 o'clock Sheriff Charles Wegman entered the jail for the purpose of repairing a cot in one of the cells. Whilst he was engaged at work Albert Ohover, a young man who was confined in jail awaiting trial on the charge of atrocious assault, closed the door on the sheriff and locked him in. Ohover walked out of the jail and took to the woods, which are close by.

A Whole Family Commits Suicide.

BERLIN, June 4.—Carl Seeger, a master painter, with his wife and four children, committed suicide by taking cyanide of potassium. A paper, signed by the whole family, showed that they had all consented to die by poison. The cause of this wholesale suicide was the fact that Seeger was without means on account of the failure to collect money due him for work done upon some new buildings.

Governor Cleaves Renominated.

LEWISTON, Me., June 6.—The Republican state convention was held in this city yesterday, and Henry B. Cleaves was renominated for governor. There were over 1,100 delegates present.

Senator Gorman Going to Atlantic.

LAUREL, Md., June 6.—Senator Gorman is now almost a well man. He will take a ten days' trip to Atlantic City to recuperate his strength, and will leave for there on Friday.

"This is the way I appear after Dr. Salm's operation." JOHN MORGAN ROTH, Altoona, Pa.

On account of 20 years continued suffering and I could not walk straight any more—Dr. Salm cured me after 8 other Drs. had failed.

For the last twenty years I have suffered untold agonies with a pain in my back and over the region of the kidneys. I had to get up regularly every hour at night to pass water again. Often I had to go to bed for a week at a time and in the end could not attend to my regular labor any more. Gradually all my more important organs became affected, my bladder became in such a condition that I did not care to become any more. I prayed for relief, but in vain. I had to give up my work and my life. I was in a state of despair. I had to give up my work and my life. I was in a state of despair. I had to give up my work and my life. I was in a state of despair.

My little boy Clyde had scarlet fever when he was 2 years of age. It left him cross-eyed in both eyes. Dr. Salm operated on them and they are now perfectly straight. The boy was not given any Chloroform and the operation was painless. BERT BEIGHTON, Fine Glenn, Centre county, Pa.

A case of Catarrh of 15 Years Standing cured by Dr. Salm. I have had a bad case of catarrh for 15 years. It gradually affected all my organs. I became weaker daily, caught cold in the best of weather, and became miserably generally. I tried several doctors and doctors to get rid of the disease but they did not help me any. I tried 3 different medicines but might just as well have thrown my money away. Since Dr. Salm treated me I feel better steadily and I am once more a man in my own eyes. I am sure that I am certain that the doctor understands his business. GEORGE F. WALKER, Milesburg, Centre county, Pa.
