

**Hood's Saved My Life**

I Can Honestly Say This

"For years I was in a very serious condition with catarrh of the stomach, bowels and bladder. I suffered intensely from dyspepsia, and in fact was a miserable wreck, merely a skeleton. I seemed to go from bad to worse. I really wished I was dead. I had no rest day or night. I did not know what to do. I had taken so much medicine of the wrong kind that it had poisoned me, and my finger nails began to turn black and come off. I began to take Hood's Sarsaparilla. I had faith in the medicine, and it did more for me than all prescriptions. I have gradually regained perfect health, am entirely free from catarrh of the bowels, and pain in my back. My recovery is simply marvelous." W. R. YOUNG, Potter's Mills, Pa.

**A More Peaceful Outlook in the Strike at Chicago.**

**RIOTERS SHOT DOWN BY TROOPS.**

**Mobs at Chicago and at Hammond, Ind., Fired Upon with Fatal Effect—Eugene V. Debs and Other American Railway Union Leaders Arrested for Conspiracy.**

CHICAGO, July 9.—On Saturday a squad of thirty-six militiamen, under command of a lieutenant, sent out to guard a construction train whose purpose was to remove the wreckage piled on the tracks by the mob the night before, was savagely attacked by a mob numbering 10,000 persons. After the lieutenant had been laid low by a missile the mob pressed upon the soldiers, unheeding the warning of the troops to keep back.

The soldiers opened fire and several persons fell wounded. Undeterred by the rifle shots, the rioters again charged upon the soldiers, who used their bayonets, mortally wounding the leader of the mob. Unable to withstand the onset from overwhelming numbers, the soldiers were forced to retreat, several of them having been hurt.

The victims of this engagement were: John Burke, strike leader, killed by a bullet thrust through the abdomen. Wounded—Lieutenant Reed, Company C, Second Infantry, U. S. A., struck on the head by stones, condition critical; Thomas Jackman, shot in back, will die; John

**EUGENE V. DEBS.**

Konderz, stabbed with bayonet, will die; unknown man, shot through liver, will die; unknown boy, 17-year-old, shot through abdomen, will die; Tony Gajuski, shot in right arm; Henry Williams, shot in left arm; John Kerr, shot in hip; unknown woman, shot in right hip.

At another point the police in firing over the heads of a mob killed a woman on a house top and wounded other persons. The dead woman was Martha Bach, aged 28.

A serious fight occurred at 3 o'clock yesterday afternoon at Hammond, Ind., between a mob of 5,000 men and Company B, of the United States Infantry, in which one of the mob is known to have been killed and others, including one woman, wounded. The mob became so violent shortly after noon that a battalion of the first Illinois militia was sent down from Pullman. It drove the rioters over the state line, which runs just west of Hammond. Word was sent to Chicago for a company of regulars who could operate irrespective of the state line.

Captain Hart, with Company B of the Fifteenth Infantry, was dispatched to the scene. The regulars were patrolling the tracks in a passenger coach when they were attacked by the mob with stones, some shots being fired. The troops at once returned the fire through the car windows, killing Charles Fleischner, who was shot through the bowels, fatally wounding Victor Vanceter, and slightly wounding W. H. Campbell in the leg. Victor Ritte in the leg, Mrs. Fleming in the knee and an unknown man in the hand. Three additional companies of regulars were sent from Chicago.

A Pan Handle wrecking train, bearing twenty deputy marshals, was stoned by a mob at Twenty-second street last night, and the deputy marshals arrested two men. The mob still threw stones and fired on the marshals, who returned the fire, killing one man and wounding several others.

CHICAGO, July 10.—The war cloud which has overhung this city and this land for the past ten days shows distinct signs of lifting. Instead of stories of additional railroads tied up at various points throughout the country today's dispatches almost without exception bring advice of strikers returning to work and an increased resumption of traffic amounting in some places to a return to normal conditions.

Last evening the formal announcement was made that President Samuel Gompers, of the American Federation of Labor, had called a meeting of the executive committee of that organization to be held in this city on Thursday, and that he would leave New York for Chicago this evening. In view of this, it is not believed that the federalized troops of Chicago will take precipitate action before consultation with him.

At 3 o'clock yesterday afternoon a joint committee of the city council and of the federated trades unions called on Mr. Wickes, vice president of the Pullman company, and asked him to consent to the appointment of five citizens to determine whether or not the Pullman company has anything to arbitrate. The committee as proposed was to consist of two citizens chosen by the Pullman company, two by the circuit court judges and one by these four. Mr. Wickes retired with his attorney, and returning after a brief consultation declared that the company could not receive the proposed committee.

The effects of the strike on railroad traffic are clearly perceptible in the official returns of last week's shipments. They fell off from 42,992 tons from the previous week and 40,799 tons for the corresponding week last year to 11,664 tons last week.

Upon the statement of Mayor Hopkins Governor Alford last night ordered out all the remaining regiments of militia in the state.

CHICAGO, July 11.—Slowly but steadily the federal government is moving to the accomplishment of that for which its powers were delegated to it—the preservation of order and the safety of life and property. As Chicago, in conjunction with the state and the municipality, it has already brought peace out of the condition of war which prevailed last week. At San Francisco, Sacramento, Los Angeles and various points in Colorado and Washington it has let loose the dogs of war in token of its intention to have peace.

In this city, the military army having accomplished its purpose, the judicial arm yesterday took up the orderly course of its duties, which include the fixing upon the guilty parties the measure of their crime and the fitting of the punishments thereto.

The first step in this procedure was the assembling of the federal grand jury and the delivery of the charge to it by Judge Grosscup. After deliberation the jury announced it had found bills of indictment against Eugene V. Debs, president of the American Railway union; George W. Howard, its vice president; Sylvester Kelcher, secretary, and L. W. Rogers, one of its directors, and shortly thereafter the four men were arrested. They are charged with conspiracy to commit an unlawful act, that is, to block the progress of the United States mail. Joined in the indictment with the four leaders of the railway union was James Murwin, the Rock Island striker who threw the switch which derailed a mail train at Blue Island on the night of June 30.

Debs, Howard, Kelcher and Rogers were taken into the office of District Attorney Michler, immediately after their arrest, and after a 24-hour detention were released on bail by Judge Grosscup, their bonds being \$100,000 each. The bondsmen are Alderman William Fitzgerald, who qualified to the sum of \$50,000, and William Shakel, who qualified to the sum of \$50,000; the bonds being in the sum of \$100,000 each.

While waiting for bail to be arranged Debs, in an interview said: "Since I have been brought here I have been informed that officers of the court have gone to our headquarters in the Ashland and taken my personal correspondence and some of the records of the American Railway union. I do not know by what right this act has been committed. It seems to me to be an infamous outrage. Not only did they take my personal effects and papers, but carried with them my unopened mail. It seems to me like the act of the czar of Russia instead of the act of a free country."

Knights of Labor throughout the entire country, numbering nearly 1,000,000 men, have been called upon to strike for the cause of organized labor. General Master Workman Sovereign issued an order late last evening to all members of the organization to cease work. The conflict, originating in the strike of the Pullman strikers, will continue until that strike has been settled.

Touching the outlook for the future, outside of Chicago it may be said that the dispatches are almost uniform in tenor to the effect that normal conditions have already been restored, and that they are rapidly approaching that state, and there seems no reason to suppose that the progress toward a complete resumption of trade and traffic will meet with any serious check as the coming days shall succeed each other.

The general alarm today is felt regarding Sacramento, Cal., where 300 government soldiers, under Colonel Graham, have been sent by orders from Washington. The strikers at Sacramento are heavily armed, and declare they will resist the military.

A dispatch from Cincinnati announces that the Big Four firemen from that city to St. Louis struck at midnight.

**The President's Proclamations.**

WASHINGTON, July 11.—Just before midnight last night President Cleveland issued a proclamation admonishing the people of Chicago to avoid unlawful obstructions, combinations and assemblages, and warning all so engaged to "retire peacefully to their respective abodes before 12 o'clock today." Tonight the president issued a similar proclamation to cover the states of North Dakota, Montana, Idaho, Washington, Wyoming, Colorado and California and the territories of Utah and New Mexico.

**EARTHQUAKE SHOCKS IN TURKEY.**

**Mazy Houses Destroyed and Half a Hundred People Killed.**

CONSTANTINOPLE, July 11.—Two violent earthquake shocks were felt here yesterday afternoon. Each shock lasted twenty seconds. Some damage was done, the extent of which is unknown. The inhabitants fled from their homes in anticipation of a more serious disturbance.

Several houses fell in Stamboul. In the suburb of Galata the shock was severe and the new quays were reduced to a ruin. The people were greatly alarmed when their houses began to sway, and fled in terror to the streets.

A fresh and more severe shock was felt in this city last night. An indescribable panic followed, and the people ran hither and thither in the utmost confusion.

The shock was felt in the highest severity in all the villages bordering on the Bosphorus and the Sea of Marmora. Most of the buildings in these places suffered damage and a number of houses were ruined completely. The people have sought shelter in the fields outside the villages, where they will be safe from falling walls should further shocks occur.

It is believed fifty persons have lost their lives and that the number of injured far exceeds that figure. The loss of property will be very large.

There have also been severe shocks of earthquake in Smyrna, a seaport of Asia Minor, the island of Selio, off the west coast of Asia Minor, and in the Dardanelles.

**A Stubborn Strike Ended.**

MCKEESPORT, Pa., July 11.—The strike of the National Tube works is broken. The work had about six thousand employees. The machinists and foundrymen returned to work yesterday, and the others are gradually returning. The strike, which has cost nearly a million dollars, started eight weeks ago in the butt furnaces, where the laborers are nearly all boys. They got sixty-five cents per day. The other departments mainly went out from necessity, one branch of work depending on another.

**World's Fair Buildings Burned.**

CHICAGO, July 6.—All the main buildings of the World's fair, except the Horticultural, Woman's building, the Art palace, and the Machinery and the United States government buildings were almost entirely burned last night. They were the property of the Columbian Exposition Salvage company, and had been purchased from the exposition company for about \$50,000. The fire is believed to have been of incendiary origin, and the police are investigating.

**The French Anti-Anarchist Bill.**

PARIS, July 11.—It appears that the committee which is to report upon the government's anti-anarchist bill stand in favor of the measure, one doubtful and two hostile to it. The selection of the committee showed that 236 deputies were in favor of the bill and that 175 were opposed to it. Several of the committee declared that anarchists must no longer find shelter behind the press laws.

**A WEEK'S NEWS CONDENSED**

**Thursday, July 6.**

Prendergast, Mayor Harrison's murderer, will be hanged at Chicago July 13. Richard Croker, the ex-Tammany leader, arrived at New York from Europe yesterday.

The amended tariff bill passed the national senate Tuesday night by a vote of 59 to 34.

**Friday, July 7.**

After a shutdown of nearly a year all of the Labels and Riverside iron mills at Wheeling, W. Va., have resumed, giving employment to over 1,000 men.

Edward Meyers, 28 years old, while standing in front of his residence in New York early this morning, was shot and killed by an unknown assassin, who escaped.

Near Knobnoster, Mo., John Titsworth, who has been separated from his wife for some time, went to her home and shot her, then shot himself, both dying within twenty minutes.

The American yacht Vigilant sailed her first race in Great Britain yesterday, and was defeated by the Britannia by only 35 seconds. At the start the Valkyrie was sunk by collision with the Britannia, and the Vigilant and the Britannia alone sailed the race.

**Saturday, July 7.**

Advices from Hayti say that a revolution in that country is imminent.

All the dockmen at Duluth, Minn., are on strike for fifty cents per hour.

**Additional train to Chicago.**

The "Pittsburg and Chicago Special" of the Pennsylvania lines, leaving Pittsburg daily at 7.00 p. m., eastern time (6.00 p. m., central time) reaching Chicago next morning at 8.00 o'clock, stopping at principal stations on the Pittsburg, Fort Wayne and Chicago Railway, and composed of vestibuled parlor smoking car, first and second class coaches, and Pullman sleeping cars, has been placed in service for the especial accommodation of the people of Western and Central Pennsylvania.

The Pennsylvania Railroad company has established connection with the "Pittsburg and Chicago Special" by train leaving Bellefonte at 10.34 a. m., week days, arriving at Pittsburg at 6.50 p. m., Eastern time. Tickets will be sold and baggage checked accordingly.

**Leg Amputated.**

James Coldren, employed in the vicinity of Hastings, Pa., as boss over a large stable had a leg broken about a year ago, by a chain snapping that was attached to coal cars in the mines. After the fracture healed he fell and broke it at the same place. The injury would not heal and became worse. Several weeks ago it was found necessary to amputate the limb and he was taken to Phillipsburg where the operation was successfully performed. Mr. Coldren's home is at Centre Hall where his wife and several children still reside.

**Change of Firm.**

Messrs. A. J. Graham, John R. Herd and Sam M. Graham have purchased the Hale hardware store at Phillipsburg and will continue the business under the firm name of Graham, Herd & Co. The store is the oldest established hardware establishment in that region. Mr. John R. Herd will superintend the store, and has retained Mr. Robinson, the salesman and Mr. Miles Morrison, the deliveryman.

**Newton Hamilton Camp Meeting.**

The Juniata Valley Camp Meeting association will hold its twenty-third meeting at its beautiful grounds at Newton Hamilton, beginning Aug. 14 and continuing until Aug. 23. If you will send a postal card to J. K. Rhodes, secretary, Newton Hamilton, Pa., he will send you a neat little circular containing full information.

**Tax Ratio.**

At the last meeting of the borough council the same tax millage of last year was adopted for this year, which was two mills for borough, three mills for street, and six mills for interest. The water tax will be the same as last year. The borough treasury reported the balance due him to be \$6,882.74. Council authorized him to negotiate a loan for his reimbursement.

**Injurious to Rubber.**

Our bicycle riders will be interested to learn that a writer on hardware remarks that in the use of rubber tires for bicycles it must be borne in mind that no oil, varnish or grease should be allowed to touch them. Oil is an enemy to rubber. Care in this respect should be had in applying oil to bearings.

**Down in Virginia.**

John Liggett, of Beech Creek, is now at Centralia, W. Va., where he is making an estimate of the timber on about 14000 acres of land, owned by the Brocknerhoff Bros., of Bellefonte. Mr. Liggett states that they own some very fine timber in that region, mostly poplar and white oak.

**Bucknell University.**

A postal card to the Registrar will bring the 120 page year book showing the five departments—College, Academy, Ladies' Institute, Music School and Art Department, and cuts of the ten buildings of Bucknell University at Lewisburg, Pa. Next year begins September 13, 1904. (Aug 9)
