ANOTHER NEW STATE.

The Bill to Admit Utah Passes the National Senate.

SENATORS DISCUSS THE STRIKE.

Mr. Peffer's Arraignment of the President fer Sending Troops to Chicago Vigorously Combated by Messrs. Davis and Gordon-Postoffice Appropriation Passed

WASHINGTON, July 11.—There has rarely been witnessed in the senate such an earnest, ardent debate as that which came yesterday from Mr. Peffer's Populistic resolution providing for government control of railways and coal mines and the adoption of the single tax system. Mr. Peffer himself opened the discussion with a defense of the Chicago rioters, an arraignment of the president for sending troops there and a protest against the growing militarism of the country in

This led Mr. Davis (Minn.) to bitterly denounce the lawlessness of the Chicago mob and the bad policy of the senator from Kansas in inflaming 'their passions by the introduction of such a reso-

Mr. Gordon (Ga.) also condemned the action of the Kansas senator, and he quoted Lord McCauley's prophecy that in some great public uprising (like the present) this country would either lose its civilization through mob law, or in putting down mob law by the strong arm of power would lose its liberties. Such an occasion now existed, and to put down the lawlessness he pledged the support of all who fought in the Confederacy in

The stirring speeches of Senators Davis and Gordon were followed by the introduction of a resolution as a substitute for the Peffer resolution emphatically endorsing the president and declaring that the laws must be upheld. The resolution seemed on the verge of passing when it went over at the request of Senator Gallinger. The senate then took up and passed the postoffice appropriation bill as it was reported from the committee, though some debate arose over the proposition for mail subsidies for states along the Ohio river. These amendments were defeated. Late in the day the bill for the admission of Utah was taken up and passed without

debate or opposition. The house passed a bill opening the Uncompangre and Uintah reservation in Utah, alloting lands in severalty to the Indians and restoring about 3,000,000 acres to the public domain. Most of the day was devoted to debate on a bill extending the act of 1890 declaring lands granted to railroads not then constructed forfeited to the government so as to forfeit the lands of railroads whose roads were not completed within the time specified in the land grants. It excludes from the operation of the act, however, lands acquired in good faith by purchase from railroads confirming such titles. The bill involved about 54,000,000 acres. It was not disposed of. The title of Mr. Enloe to his seat as representative from the Eighth Tennessee district, which was contested by B. E. Thresher, was confirmed with out opposition.

More Trouble in Bluefields.

WASHINGTON, July 11 .- Secretary Herbert yesterday received the following cablegram from Captain O'Neil, of the United States steamship Marblehead, dated Port Limon: "An insurrection has Marines and bluejackets sent on shore at the request of the authorities and of the American consul in order to protect the property of American citizens. The authorities of Nicaragua have been overthrown by the Mosquito chief. There is less excitement. The situation is improving. I shall withdraw forces within the next few days. The Marblehead leaves today for Bluefields."

The Stubborn Tariff Conferees.

WASHINGTON, July 11.-The Democratic senate and house tariff conferees adjourned last night, after being together for eight hours, until 10 o'clock today. It was stated that the discussion was being marked by great stubbornness, and that neither side had yet yielded in the least on any of the main issues involved. The general understanding that the Republican conferees should not be admitted has now advanced to a definite decision. to the time of adjournment no time for making a report had been agreed to, and the determined stand of each side gave little indication of an early report.

Teller Fardon Convicted.

TRENTON, July 11.—The jury in the case of Abram Fardon, the Paterson bank teller, charged with falsely certifying a check for \$802, returned a verdict of guilty. Fardon is under a number of indictments for irregularities and also for embezzlement, and will now be tried on the latter charge. The check which Fardon certified was drawn by the Butler Silk Manufacturing company, in which he was interested, and in aiding whose credit, it is alleged, he committed the acts for which he was arrested and indicted.

READING'S CHURCH WAR

Another Outbreak Results in a Determination to Suspend Services.

READING, Pa., July 10 .- Another outbreak occurred yesterday at St. Mary's Polish Catholic church, Twelfth and Spruce streets, being a repetition of Sunday's disgraceful affair, when the pastor was driven out of the church, and an attempt was made to do him violence in his parsonage.

Yesterday members opposed to the pastor assembled in the vicinity of the church, and later on proceeded to the parsonage, where they began using insulting remarks about Rev. Janauskiewitcz, ringing his door bell and demanding admission. Detective Martz and Joe Kovalski appeared and warned them off, but no attention was paid to this. Finally the party made a rush for the door of the parsonage, but no one succeeded in effecting an entrance, and the crowd became en-raged. Kovalski was then seized, and knocked about very roughly before he was rescued by Detective Martz and others from the parsonage. He was badly bruised about the body, and his clothing torn and stained with blood. A call was sent to the police station for aid, and Chief Cullen and eight officers arrived

and cleared the street. Three of the leaders of the mob were arrested, and subsequently officers arrested Father Janauskiewicz on a warrant charging him with choking a parishioner at a funeral. Ball was furnished for a hearting. The priest was protected on the way to the magistrate's office by officers and followed by about 200 excited foreigners. Warrants have been issued for twenty of the rioters. The authorities have decided to close up the church, allowing no more

AWED BY ANARCHISTS.

Foreigners at Spring Valley Have Terrorized All Classes.

FIRED UPON BY THE SOLDIERS.

Result of an Unprovoked Attack by Rioters Upon the Troops-The Mob Finally Put to Flight. SPRING VALLEY, Ills., July 11.-Affairs

here are taking on an ominous look. The miners have so intimidated all classes of the people with threats of what will happen after the troops are removed that every obstacle is placed in the pathway of the soldiers, and all classes act in a hostile manner. Mayor Jackson, who is evidently terrorized, ordered the soldiers out of town, but they refused to obey. The telegraph operator was frightened away, and one of the soldiers is at the key.

The storekeepers have been made to refuse to sell supplies to the troops, and the latter have, in consequence, taken possession of the company's store, soldiers acting as custodians in place of the terrorized clerks. So far has this reign of anarchy extended that the woman upon whose property the well from which the troops draw water is situated piteously begged the officers to secure water elsewhere, as the anarchists gave her until today to refuse water upon penalty of burning her house to the ground.

Company C, of the Fifteenth regulars, commanded by Captain Conrad, came into collision with the mob late yesterday afternoon, and after patiently enduring volley after volley of stones fired into the mob, killing two men and wounding sev-

eral others. The dead are: Dominic Barlmer, Italian, shot through the head; John Saloli, Italian, shot through the breast. Injured: Walter Gregory, deputy, ribs broken and badly bruised; Lush Kolp, deputy, shot in thigh; S. T. Powell, deputy, shot twice in face; unknown Italian rioter, shot by

Deputy Powell; unknown rioter, hand and arm badly lacerated by bayonet. The fight occurred when a Rock Island train bearing the troops pulled into the depot. At the time of its arrival a large mob of Lithuanians, Poles and Huns was gathered upon the hill overlooking the depot. The arrival of the train was greeted with yells and jeers, and stones began to rattle down upon the depot platform be-fore any of the soldiers had left the cars.

As the men filed out on the depot platform they were greeted with a chorus of yells, and the stones rained down around them. Captain Conrad raised his hand and called to the mob to cease throwing stones. It obeyed him for an instant, but seeing the troops remain passive, regained its viciousness and sent volley after volley of stones at the soldiers, at the same time drawing closer and becoming more threatening. Captain Conrad ordered his men to aim, and as more stones came at their heads he gave the word to fire. The mob broke for the timber when the firing began, and bas not as-

Early in the morning as a party of deputies were traveling from Princeton to Spring Valley in wagons some strikers in ambush fired upon them, wounding Deputy S. T. Powell in the face. The fire was returned and one man was seen to fall. He was, however, carried off by his companions, and the extent of his injuries is not known

Prendergast's Last Hope Gone.

CHICAGO, July 11 .- Last evening Judge Bailey, of the Illinois supreme court, announced that he would refuse to issue a supersedeas in the case of Prendergast, the assassin of Mayor Harrison. For over 5 years I have been suffering with heart trouble and a bad case of dropsy. We went to four of the best doctors in the county for relief, but all of them said a cure was impossible. At times I felt so bad that I was certain I had to die. I fainted away very often and my friends told me afterwards that they thought every moment would be my last. My ungs became badly affected, lost flesh rapidly

For the last ten years our son had the most peculiar affection of both legs. They became covered with seabs and scales. They oozed out considerable secretion, and the disease troubled him constantly, even interrupted his sleep on account of the terrible litching. We tried the best doctors in our county and near by, without any results. None of them made the correct diagnosis, until we brought him to Dr. Salm, who diagnosed the disease as a scrofulous affection, and as a result of his treatment he has succeeded in making a perfect cure in the time stated. We believe he understands his business, and hence we do not hesitate to recommend him to our citizens. Hyndman, Pa.

Spinal and brain trouble cured by Dr. Salm.

Our boy became suddenly affected with spinal trouble, and it was but a short time before he had lost almost the entire use of his legs. Of course we became very much alarmed and by, without any results. None of them made worried about him, particularly as the four physicians we consulted told us there was no help for him, but Dr. Salm has again done a wonderful piece of work, for he can again use the four physicians well as ever, and he is cured of a fect cure in the time stated. We believe he understands his business, and hence we do not hesitate to recommend him to our citizens. Hyndman, Pa.
