#### A CAISSON EXPLODES.

Terrible Accident to Government Troops at Chicago.

FOUR KILLED, A SCORE INJURED.

Several of the Latter Horribly Mangled and Likely to Die-Great Damage Done to Surrounding Property by the Flying Shells and Fragments.

CHICAGO, July 17.—A caisson of Battery F, Second artillery, U. S. A., exploded with terrific force yesterday afternoon at Grand and Oakwood boulevards. Three artillerymen and one trooper were instantly killed. Nearly a score of other persons-troops, residents in the vicinity and passers-by-were injured, some of them fatally. The list of the killed and wounded

Killed-J. Donovan, private, Battery F, Second artillery; Edward Doyle, pri-vate, Battery F, Second artillery; Joseph Gaylor, farrier, Troop B, Seventh cavalry; Fred Stolz, private, Second artillery.

The troops left Brighton park for a long march to exercise the horses. They were in command of Captain Dodd, of Troop F. Third cavalry, and consisted of Troop F. Third cavalry, forty men; Troop E, Sixth cavalry, Lieutenant Tate, forty men; platoon of Battery F, Second artillery, two guns, Lieutenant Cayle, twenty-three men; Troop B, Seventh cavalry, Captain Varnum, forty men. The men marched in this order. Everything went smoothly and there were no incidents until the column marching south on Grand boulevard was just crossing Oakwood boulevard. Then a terriffic explosion occurred. The men on the caisson, supposed to be Donovan and Doyle, were literally blown to pieces and others were thrown many feet by the violence of the concussion. Four of the horses drawing the caisson fell in their tracks, shot through and horribly mangled, while three others were blown fifty feet ahead against the trees on the boulevard. The caisson was blown to atoms, not a piece of it larger than a man's hand being found. The boulevard looked like a battlefield.

There was a quick series of explosions after the first report and shrapnel shot rained like hail among the trees on the boulevard and pierced the surrounding buildings. The concussion broke every window in the houses for blocks away.

It was some little time before the two artillerymen could be found. One of them, mangled beyond recognition, but sup-posed to be Doyle, had been blown over a board sign twenty-five feet high and was found in a vacant lot behind it. One leg and an arm were gone. The other man, supposed to be Donovan, had been thrown about 300 feet and was found in a vacant lot near the Lake Shore tracks. Joseph Gaylor was found near where he was struck.

The caisson consisted of a limber, on which is a chest, and the carriage, containing two chests more of ammunition, making three chests on the caisson. The explosion occurred in the chest of the limber, and the force of the explosion was to the rear, tearing away the caisson and igniting the powder in the other two chests. The first caisson carried forty-two shrapnel and forty-four cartridges. The shrapnel are loaded percussion shells, containing fulminates and small balls, and are fired from the cannon by a cartridge containing, as in this case three and three; quarter pounds of powder.

The theory of the accident is that the screw plug at the base of one of the shrapped became loosened, some of the powder leaked and analysis of the powder leaked out any being ground and pounded by the jolting of the limber ignited, the powder in the cartridges exploded and the ignition of the cartridges in the other two chests followed. The force of the explosion can be more readily understood when it is remembered that the 132 cartridges in the chests contained 495 pounds of powder.

Tried to Wreck a Train.

CHICAGO, July 18 .- A mob of 500 men, armed with picks and crowbars, tried to tear up the Michigan Central tracks five miles east of Hammond, Ind. The engineer was suspicious, and only slacked up. On either side of the track stood crowds of men, and some of them were at work on the fish plates when the train came in sight. When the mob saw that its signal was disregarded several of its members drew pistols and began firing at the trainmen. The shots caused the engineer to open the throttle, and the train sped away at a forty mile clip followed by a shower of bullets and stones.

Diseased Cows Killed. ONEIDA, N. Y., July 18 .- The farmers of this vicinity are greatly agitated by the announcement that Dr. Henderson, of Byracuse, had condemned to death thirtytwo head of cattle of Oneida Community (limited). Under the direction of the state commissioners he reported his decision fter repeated tests for tuberculosis. It is feared that many animals here are afflicted with the disease, and there is much alarm among milk producers and con-

sumers. Imprisoned in Mid Air.

CHICAGO, July 18 .- Five men spent a day and night on the Halstead street lift bridge, suspended 160 feet in mid air. The mechanism of the bridge suddenly became broken, and the men, unable to get off, were carried upward with the bridge. Food and water were hoisted to the bridge and the prisoners made themselves as comfortable as possible, until the damage was repaired and they were released from their perilous position.

Confesses to Train Wrecking.

TERRE HAUTE, Ind., July 17 .- Edward Holliday, the prisoner under arrest here for wrecking the express train at Fontanel Thursday night, resulting in the death of Engineer Moehrman and Fireman Fleck, made a clean breast of the whole affair. He says that there were seven or eight others in it besides himself. They were all miners, but he does not now them.

Strikers at Sacramento Return to Work. SACRAMENTO, July 17.—The strike is virtually over here. Several hundred shopmen who walked out with the strikers have returned to work, having realized the hopelessness of continuing the struggle. The railroad officials believe that all the shops will be in full operation by next Monday. Trains were running on time oday.

A Strike Leader Surrenders.

COLORADO SPRINGS, Colo., July 18 .-John Calderwood, president of the miners' union at Cripple Creek, has surrendered to Sheriff Brisbin. He was admitted to bail in the sum of \$500. He is charged with riot, murder, etc.

DEBS GOES TO PRISON.

He and Other Officers of the A. R. U. Refuse to Give Bonds.

CHICAGO, July 18.—Eugene V. Debs, George W. Howard, L. W. Rogers and Sylvester Keliher, the officers of the A. R. U., were committed to jail late yesterday by Judge Seaman in the United States circuit court for alleged violation of the injunction issued by Judges Wood and Grosscup. The four leaders of the strike in reality went to jail in default of bail, for the court offered them their liberty until next Monday, when they will have a hearing on the charge of contempt. Their ball was fixed at \$3,000 each, but the men refused to give it, and the court com-

mitted them. District Attorney Milchrist filed an information in court charging the officers of the union with violating the injunc-tion, and asked for a writ of attachment for contempt. It was not necessary to issue a writ for Debs, for he was in court

when the information was filed. When Mr. Milchrist had finished the reading of the information Attorney George R. Peck, representing the receivers of the Santa Fe system, took the floor and read a petition for writs of attachment against the defendants on behalf of that railroad. The petition asked that the defendants be punished for contempt for violating the order appointing the receivers as well as for violating the general injunction as it applies to the Santa Fe. A number of acts of violence were alleged

and interference with trains. A telegram was produced in court, sent by Debs on July 2 to North Butte, Mont. It read: "General managers are weakening. If the strike is not settled in fortyeight hours complete paralysis will follow. Potatoes and ice are out of sight. Save your money and buy a gun."

WIPED OUT BY FLAME

The Town of Greenbush, N. J., Entirely Destroyed by Fire.

EGG HARBOR CITY, N. J., July 18 .-There is no end yet to the forest fires that have been raging in this city for the past week. Yesterday an entire village was wiped out. The flames that has been sweeping towards Bridgeport were turned aside by a shift of the wind, and they reached a point near the little village of Greenbush.

The residents in the meantime had driven their live stock to a place of safety, and when it became apparent that the village was a doomed they loaded their household effects into wagons and hurried them away. Much still remained to be moved when the flames reached the houses. The village stood in a little clearing in the pine belt, and the stacks of hay and the dry wood of the buildings proved even better food for the element than the woods around. The villagers are now encamped in a clearing some miles away. In addition to the destruction of this village many residences and barns in the course of the fire have been The scen destroyed.

No Strike Commission Just Yet, Washington, July 18.—It is understood that the selection of the commissioners to investigate the late strike was under discussion by the cabinet yesterday, but so far there are no open indications of speedy action in the matter. One explanation for the delay is probably to be found in the ten boxes were given to the undertakers. belief by the president that the labor leaders have not yet completely met the condition he imposed as precedent to the appointment of a commission, for the reports that come to hand daily show that improvised table was srected there, and lawlessness and obstruction still exist in the work of sorting out the pieces of flesh many places in the west.

Soldiers' Narrow Escape. S A of Fort Reno under con of Captain Mackey, which has been detailed to guard the Rock Island road, ing. Women tore their hair, and shrieks missed death at the hands of the Pond Creek train wreckers by less than 200 feet. Two explosions of dynamite occurred within 200 yards at the southern outskirts of the city immediately after the special train carrying the troops from Enid to Pond Creek station had passed. One of the shots exploded immediately under the train, but did no damage. The other blew

out a cattle guard and shattered the rails. A Plot to Murder the New Sultan.

LONDON, July 18 .- A dispatch to The Times from Mequinez, Morocco, says: Hajamaati, lately grand vizier, his brother, who was formerly minister of war, and two others who formerly held high court positions have been arrested and impris-oned on the charge of being engaged in a plot to hire assassins to murder the new sultan and his grand vizier. Many other persons are said to be connected with the plot and their arrest is expected shortly.

French Deputies Excited.

PARIS, July 18 .- It is stated that the cabinet will make the press bill a question of confidence in the government. The Radical newspapers continue to make a fierce opposition to this measure, and M. Drumont, editor of the anti-Semitic organ, The Libre Parole, has fled to Belgium rather than face the new law. Mr. Drummond predicts that the passage of the press bill will be speedily followed by a revolution.

Victims of a Practical Joker. RED CLIFF, Colo., July 18 .- T. A. Hawley, a practical joker, took up a loose plank in a bridge at Edwards, twenty miles below here, and when Minnie and Clarence Fleick and William Burnison drove upon the bridge, the horse became frightened and backed off the bridge, throwing all in the water below. Hawley rescued the girl. He went back for the brother and both were drowned Burni-

son swam out.

Army Worm Scourge. MARSHFIELD, Wis., July 18 .- Thousands of dollars worth of damage is being done daily by the ravages of the army worm in this and adjoining counties and from every source comes intelligence of increasing destruction to crops. The hay cut and placed in barns is full of them and larmers are afraid to feed it to stock. It is by far the worst scourge that has ever visited this portion of the state.

Strike Leader Phelan Sentenced. CINCINNATI, O., July 14.-Judge Taft, of the United States court of appeals, found Representative Phelan, sent here by Debs to manage the local strike, guilty contempt in interfering with the operation of the Southern railroad, now in the

hands of a United States receiver, and

sentenced him to six months in jail.

Arkansas Strikers Remain Firm. LITTLE ROOK, July 17 .- President Debs telegraphed the local A. R. U. to stand firm and pay no attention to newspaper reports. The strikers held a meeting last night and decided not to return to work. Nearly all trains are moving on time.

## MINERS TORN TO ATOMS

EIGHT MEN REPORTED KILLED.

The Accident Occurred at the Stockton Mine at Hazieton, Pa., and Is the Most Shocking Which Has Ever Taken Place in the Lehigh Coal Fields.

HAZLETON, Pa., July 18 .- Another mine disaster occurred at Stockton No. 8 yesterday, which in detail is the most shocking which ever took place in the Lehigh coal fields. Two hundred sticks of giant powder exploded in the midst of a gang of miners, and not enough of their bodies was left intact to recognize them.

The names of the victims thus far known are: Charles O'Donnell, aged 25, married; Andrew Jabol, aged 38, married; John Primbone, aged 22, single; John Koehleda, aged 23, single; Anthony Morcavitz, aged 23, 255, single; John Krinock, aged 28, mar. 200 ried; John Motefeski, aged 44, married; John Brizzon, aged 25, single.

Stockton colliery is about one mile east of this city and operated by Linderman & Skeer. The mine is but part of a series of openings which the company operates in the valley, and is surrounded by hamlets in which the miners live. On account of its isolation from the main breaker it has been customary to send the dynamite and other explosives in boxes to No. 8 and distribute them to the workmen at the bottom of the second shaft as they appear in the morning on their way to work.

Charles O'Donnell had charge of this department, and it was his duty to distribute to the company miners and starters the dynamite and caps. The first men to go down into the shaft were the drivers, and these are the only men to return alive from the opening. How many men or who they were who followed in the next boat it is not definitely known, and for this reason the exact number of men killed will not be known until a list of the living is taken.

The drivers went into the stables to harness their mules and it was while thus engaged that the explosion took place. Charles Shugart says he saw about a dozen men standing about O'Donnell receiving the powder a moment before the explosion took place.

Rescuing parties were quickly formed, and headed by Superintendent Roderick, corps of miners descended into the mine. The work of recovering the bodies was at once begun, but it was a difficult task. Fragments of human flesh were found some distance up the slope clinging to the rails and ties and sticking to the roof, while everywhere were bones

The scenes on the surface were heart-rending. Mothers, with babes in their arms, pressed closely over the mouth of the dark opening, and it was finally necessary to rope off the entrance to the slope in order to prevent the frantic women from climbing down the slope and being dashed to death.

Arrangements for bringing the remains to the surface were then made. Orders for At the bottom of the slope a different was put in charge of several men. As each limb and article of firsh was brought out it was washed and cleaned and placed POND CREEK, O. T., July 18.-Troop A, where it fitted with the body. As each box appeared on the surface an agonizing wail went up from the multitude in waitof agony rent the air.

A Discharged Employe's Deed, DALLAS, Tex., July 18 .- Just after the South Dallas cotton mills started work H. P. Barner, boss weaver, entered the office of Superintendent A. H. Nickel, and assaulted that official with a knife. After cutting him and stabbing him in several places he drove the knife home to Nickel's heart. Nickel died almost instantly. Barner next assaulted John Nickel, son of the superintendent, inflicting a half dozen severe cuts, including two stabs reaching the lungs. Barner then surrendered him self to the police, and was found to be severely wounded, possibly fatally. Young Nickel will die. Barner says he was attacked, but it is charged that his use of the knife was the result of his being discharged.

Would-be Parricide Fatally Shot.

NORTHFIELD, Mass., July 18.-George P. Wentworth, a young farmer living in the outskirts of this place, attempted to murder his father, John P. Wentworth, at their home last night, but met a terrible retribution. The elder Wentworth attempted to interfere in a fight between his son and a Frenchman, and was knocked down by the younger man. The young man rushed at his father with a gun. The stock of the gun struck the door sill and exploded. When the smoke had cleared away there on the floor lay the would-be parricide, fatally wounded by his own hand. Both father and son had been drinking.

The Tariff Conference. WASHINGTON, July 18 .- The first formulation conference on the tariff bill with all the senate and house members, both Democratic and Republican, present was held yesterday and continued only about an hour. An adjournment was then taken until 2 o'clock this afternoon. As a result of the meeting the Republican conferces concluded that a general disagreement could be reported to both houses within a few days.

A Lunstie Kills Another.

ROCHESTER, N. Y., July 18.—Gertrude Eihinger, a patient at the state hospital for the insane here, was killed yesterday by Mary McClellan, another lunatic. An attendant heard them struggling and screaming and entering the room found the McClellan woman, who is 40 years old, kicking her victim, who is 77 years old. The old lady died of concussion of the brain, due to her injuries.

Japanese Soldiers Attack a British Consul SHANGHAI, July 18 .- A dispatch received here from Seoul reports that Japanese soldiers have assaulted the British consul at that place and his wife, and that thirty British blue jackets have been landed to guard the British legation.

Twenty-eight Drowned.

St. Petersburg, July 18.—The river steamers Nishegorodsetz and Dobrovoletz came in collision between Perm and Ka san, and the Dobrovoletz was sunk Twenty-eight persons were drowned.

COMMISSIONERS' SALE OF UNSEATED LANDS.—In pursuance of an Act of As-dy passed of the 25th day of March, 1824, ommissioners of Centre county will sell at the sale at the court house, in the borough of
