## A NAVAL ENGAGEMENT

It Results in a Decided Victory for Japanese Sailors.

### A CHINESE BATTLESHIP SUNK

Two Other Chinese Vessels Captured or Destroyed, and China's Navy is Greatly Weakened—The Destruction of the Kow Shing Will be Revenged.

SHANGHAI, Aug. 1.—News has been received here of a desperate battle between the fleets of China and Japan, in which the Chinese were defeated, and the Chen Yuen, the largest battleship but one in the Chinese service, was sunk, and two other large Chinese vessels said to be first class cruisers, were captured or destroyed. The battle was hotly contested, but the Japanese appear to have handled their guns, ships and torpedoes with more skill than the Chinese.

The Chinese fleet engaged carried nearly 1,000 men, and a large number of them are reported to have been killed or drowned. Few if any of the Chinese engaged in the battle escaped. Two German officers, in command of the Chen Yuen, are reported to have met death with the crew of that vessel.

The news of the battle was received here by private telegrams from Tientsin, and it is admitted that if the report is true it means that an end has been put to the power of China, so far as fighting Japan upon the sea is concerned. Not one of the remaining ships of China will dare show itself out of port if it is true that the first class battleship Chen Yuen has been sunk by the Japanese.

The two Chinese cruisers supposed to have been captured or destroyed during the engagement are the Chi Yuen and the Foo Ching. The Chi Yuen was a protected cruiser, built at Elswick, England. She had a displacement of 2,900 tons. The Foo Ching was also an English built protected cruiser, very much similar to the Chi Yuen. She had a displacement of 2,900 tons, and was built of steel.

PEKIN, Aug. 1.—A startling and painful impression has been caused in government circles and also among the members of the diplomatic corps by the sinking by a Japanese cruiser last week of the Chinese transport Kow Shing, and the loss of so many lives. According to the reports received at Peking only about 100 of the 2,000 aboard the Kow Shing were saved. The attitude of the Chinese government since it learned of the loss of the troop ship has completely changed. Hitherto it has been inclined to be conciliatory, but the indications now are that she will pursue the war against Japan with the utmost vigor. Li Hung Chang, the viceroy, in an interview at Tientsin recently, declared that if war were provoked China will fight to the bitter end. It is the opinion of all that the provocation has been given.

### Governor Rich Renominated

GRAND RAPIDS, Mich., Aug. 1.—The Republican state convention yesterday renominated John T. Rich for governor on the first ballot. The other nominees are: Lieutenant governor, Alfred Milnes; secretary of state, Rev. Washington Gardner; treasurer, James M. Wilkinson; auditor general, Stanley W. Turner; attorney general, Fred A. Maynard; land commissioner, William A. French; superintendent of public instruction, H. R. Pattengill; member of the board of education, Perry F. Powers. **Pingree men** declare that the Detroit mayor's friends will have an opportunity to vote for him as governor. They say they will bring him out as an independent Republican candidate.

### Terrific Cloudburst and Hailstorm

HILLS, Minn., Aug. 1.—The territory four miles west of here near the Dakota line was visited by a terrific cloudburst. Water stood four feet on the level, and did great damage to grain in the shock. The cloudburst was followed by a heavy hailstorm, which thrashed out the wheat in the shock and cut down hundreds of acres of corn. Hail laid in winrows eight inches deep. The damage by hail and water is enormous to barns and houses, as well as crops.

### Colorado Crops Ruined

DENVER, Aug. 1.—Dispatches from six counties in eastern Colorado along the Kansas and Nebraska lines, report that owing to the hot winds, the crops will be a total failure. Many farmers are leaving in search of employment, and many more would go if they could get away. Great suffering and hardship will surely result, as the crop was very light last year.

### Ill's Commissioners at Washington

WASHINGTON, Aug. 1.—The Hawaiian royalist commission, consisting of Messrs. J. A. Cummins, H. A. Wideman, Samuel Parker and Major Seward, arrived here last night. Mr. Parker said to a reporter that the object of their visit was to obtain President Cleveland's answer to the request for the restoration of Queen Liliuokalani.

### Engineer and Fireman Killed

WINNEPEG, Man., Aug. 1.—At Field Station on the Canadian Pacific, a locomotive boiler exploded. Engineer Wheatly, one of the oldest drivers in the company's employ, and Fireman A. Hunt, who has been on the road but a short time, were instantly killed.

Mrs. Holsie has supported herself and seven children for the past twenty years by taking in washing.

WILKESBARRE, Pa., July 30.—Through protracted prayer at the grave of Rev. Father O'Hagen, in Hanover cemetery, and the application of loose earth from his grave to her eyes, Mrs. Mary Coyle, of this city, claims to have been cured of blindness. Mrs. Coyle has been blind for fifteen years, and Father O'Hagen was her former pastor.

ALLENTOWN, Pa., July 30.—Twelve thousand tons of rock were loosened by a blast made in a quarry at Egypt, this county. Twenty-two holes were bored into the side of the mountain aggregating 196 feet, and into the holes were placed a ton and a half of dynamite. The whole mountain was raised several feet into the air and fell back again.

DOWNTOWNS, Pa., July 30.—The remains of John Todd, colored, who died under remarkable circumstances, have just been interred here. A few nights ago he drove over from Coatesville with a load of ice for William Krutner. With nothing but a blanket between him and the ice he slept all the way during the drive home. This resulted in cramps that killed Todd.

LOCK HAVEN, Pa., July 28.—The heaviest storm of years passed over this locality Thursday evening. The hail descended steadily for fifteen minutes, many of the hail stones being as large as hickory nuts. Growing tobacco in five townships near this city was completely ruined, involving a loss of many thousands of dollars. Corn and fruit crops were also badly damaged.

COATESVILLE, Pa., July 31.—The carriage of John Walleigh was struck by a passing train while crossing the Pennsylvania railroad at Dampman's crossing. Laura Cook, a colored servant, of Philadelphia, was killed. Mr. Walleigh and his daughter Mary were severely bruised, and another daughter cut and bruised. One horse was killed and the carriage thrown several hundred feet.

ASHLAND, Pa., July 28.—Mahanoy City was visited last night by a disastrous fire, which originated in the hardware establishment of T. J. Joyce. This building was destroyed, as were the drug store of Biawel Bros. and the grocery store of D. N. Graham. The Masonic building, Laura Cook, a colored servant, of Philadelphia, was killed. Mr. Walleigh and his daughter Mary were severely bruised, and another daughter cut and bruised. One horse was killed and the carriage thrown several hundred feet.

BETHLEHEM, Pa., Aug. 1.—Dr. F. H. Opp died in the almshouse at this place yesterday, aged 87. He was a pupil of Yahnmann and was a skilled chemist. In 1848 he discovered a spring of chemically pure water here and erected a large water cure establishment, which was patronized by many prominent people. He failed and was sold out by the sheriff in 1871, and has been very poor ever since that time.

READING, Pa., July 31.—Mrs. Uriah S. Henry, aged 40 years, a paralytic walking with a crutch, attended the services of the Rescue Mission Sunday night and claims to have been cured by faith. Over 200 people saw her throw away her crutch and walk home unassisted. The chapel where the cure was effected was filled with shouts of gratitude. Mrs. Henry did the family washing yesterday for the first time in several years.

DOYLESTOWN, Pa., July 27.—Wallace Burt, the half-bred murderer of Mr. and Mrs. Samuel Rightley, of Newtown, was hanged in a county jail at Doylestown yesterday. Burt was game to the last. He met his fate resignedly, and caused no scene at the critical moment. Burt was asked by the sheriff if he had anything to say. The man replied, saying his fate was a warning to all wrong doers. He concluded: "I am glad God is merciful and forgiving."

SCOTTDALE, Pa., June 28.—An estimate places the whole number of men at work in the coke region at nearly 10,000, and gives shipments of over 900 cars of coke daily, yesterday afternoon two teams, guarded by deputies, came up to Eversown from Summit to move the household goods of two families of Poles to the latter place, where the men have gone to work. The teams were raided by the strikers and stoned, and shots were fired at the drivers. The deputies did not return the fire, preferring to avoid a conflict.

ASHLAND, Pa., July 30.—One out of a nest of six boilers at Lehigh Valley No. 4 colliery exploded Saturday night, instantly killing one man and severely injuring three others, two of whom have since died. The dead are: John Miller, aged 45 years, of Girardville; John Laubach, of Shenandoah, aged 25 years; Darby Shields, aged 45 years, of Shenandoah. Miller leaves a wife and four children, and Shields a wife and five children. Laubach was a single man. The fourth victim was Steve Polsky, a Pole, who was badly scalded about the face and body, but will recover.

PHILADELPHIA, Pa., Aug. 1.—Great excitement was caused here yesterday by the shooting of Jennie Jones, wife of one of the striking miners, by James Myers, who had returned to work in the Pardee mines. Myers was commissioned as a deputy sheriff, and was probably driven to the shooting by the taunts and jeers of the wives of the strikers. Immediately after the shooting Myers fled into the mine. Strikers shot at the engineer of a train taking empty cars to the Pardee mine. Thirty men went to work in the mine yesterday, but there will be a determined effort on the part of the strikers to persuade them to stop work. All the miners at work have been commissioned deputy sheriffs.

### ALLEYE OPERATIONS SUCCESSFULLY PERFORMED.

"This is the way I have looked all my life."

JOHN MORGANTHO, Altoona, Pa.

"This is the way I appear after Dr. Salm's operation."

JOHN MORGANTHO, Altoona, Pa.

A Blind Eye made to see by Dr. Salm making a wonderful operation.

For over ten years I have been badly cross-eyed. Dr. Salm operated upon me without giving me chloroform nor causing pain or loss of blood. My eyes are straight once more, and the eye that heretofore was almost totally blind I can again see splendidly with.

Somerset, Pa. MARY E. LONG.

Four of the best doctors in the county said she was incurable, but Dr. Salm made her well.

For over 5 years I have been suffering with heart trouble and a bad case of dropsy. We went to four of the best doctors in the county for relief, but all of them said a cure was impossible. At times I felt so bad that I was certain I had to die. I fainted away very often and my friends told me afterwards that they thought every moment would be my last. And I hereby affirm that had it not been for the splendid treatment received from Dr. Salm, who has entirely cured me of that great trouble, I would have been under the sod long ago.

Leeburg, Armstrong co. SARA B. ROSS.

Attested by her husband, Henry T. Ross.

A peculiar affection of the legs cured by Dr. Salm.

For the last ten years our son had the most peculiar affection of both legs. They became covered with scabs and scales. They oozed out considerable secretion, and the disease troubled him constantly, even interrupted his sleep on account of the terrible itching. We tried the best doctors in our county and nearby, without any results. Some of them made good correct diagnosis, until we brought him to Dr. Salm, who diagnosed the disease as a scrofulous affection, and as a result of his treatment he has succeeded in making a perfect cure in the time stated. We believe he understands his business, and hence we do not hesitate to recommend him to our citizens.

Hydnam, Pa. FRED S. COOK.

He will visit this county EVERY FOUR WEEKS, thus saving his patients the trouble and expense of visiting the city, as he is the only physician and surgeon in the country who carries his own medicine, models, diagrams, etc., to illustrate and make plain to all affected the cause and nature of their disease. This will give his numerous patients and others who are in need of medical treatment an opportunity to consult this distinguished physician, whose duties at the Institute will permit only occasional visits to your community.
