RESIDENT AMERICANS DESERTED.

United States Marines Return to Their Vessel on the Approach of Nicaraguan Troops—Prisoners Released by the Captain of the British Warship Mohawk.

Bluefields has been taken by 2,000 Nicaraguan troops, who arrived from Rama and Greytown on transports flying the United States flag. On their approach the United States marines who

ROBERT HENRY CLARENCE had been on duty ashore returned to their vessel. The resident Americans, being thus abandoned, became very indignant, and many of them removed the national flag from their houses and stamped on it in the streets. They then hoisted the British flag.

On entering the government house the Nicaraguan authorities hauled down and tore into shreds the Mosquito flags. They placed under arrest numerous Americans and Jamaicans suspected of being in sympathy with Prince Clarence. The captain of the Mohawk landed a party of men and went to the prison and rescued every one therein who claimed British protection. The Mohawk will await here orders from home. Prince Clarence will remain on board.

HELLO!!

HELLO! I want everybody in Centre county to know that I eat bread made from the grain produced by the fertilizers sold by McCalmont & Co. This firm introduced their Champion \$25 Ammoniated Bone Super Phosphate six years ago. It now has the highest reputation over all complete fertilizers, which have been sold in Centre county.

The State Board of Agriculture, computed from the analysis, gives it a commercial value of \$31.26 per ton, nevertheless McCalmont & Co. supply to the farmers of Centre county at \$25 per ton. The high reputation already gained for the Champion Fertilizer, has induced one farmer to purchase from thirty to forty tons for use on his farms in Benner twp. during the fall seeding of '94. Another farmer has purchased seven and one-half tons, and more if he needs it, for use on his farms in Spring twp. during the fall seeding; and many other farmers of Centre county have purchased one, two, three and four tons according to the size of their farms; the sales now aggregating more than double the sales of last year, which were large. It is a source of great satisfaction to McCalmont & Co. to know that their customers, who have been using this already celebrated phosphate, commend its use so highly to those who have not tried it. In the language of one farmer, we quote, "I am satisfied with the goods and I am satisfied with the price; put my order down for one more ton this year."

McCalmont & Co. have enlarged their warehouse and will keep in stock ready for prompt delivery their Champion \$25 Ammoniated Bone Super Phosphate, High Grade Acid Phosphate, Buffalo Honest Phosphate, Nitrate of Soda, Muriate of Potash, Dried Blood, Ground Bone and all other fertilizing materials, by the ton or carload; shipped to all stations in Centre and adjoining counties at the lowest prices, quality of goods considered. We guarantee the highest grade fertilizers in the market—we do not deal in shoddy goods. Orders solicited in any quantity, including Land Plaster and Agricultural Salt.
