THE WAR IN THE EAST

The Power of Vicery Li Hung Chang Steadily Waning.

A REIGN OF TERROR AT TIENTSIN.

The Savage Soldiery Are Plundering and Maltreating the Wretched Populace, and Native Merchants Are Fleeing in Order to Save Their Lives.

LONDON, Sept. 12.-A dispatch from Shanghai states that the power of Viceroy Li Hung Chang is steadily waning. His few influential friends are doing their best for him at Pekin, but it is not likely that they will be able to avert his downfall. Every day's delay in providing the promised victory over the Japanese now adds to Li Hung Chang's danger. The dispatch adds that the block in

moving the Chinese troops into Corea continues. Everything has been thrown into confusion. The reinforcements from the more remote provinces en route to Tientsin are at a standstill and are terrorizing the cities in which they are halted. These reinforcements are mostly undisciplined hordes, who are not under the control of their nominal leaders. A reign of terror prevails even in Tientsin. The savage soldiery are plundering and maltreating the wretched populace, and native merchants are fleeing to Tientsin in order to save ther lives. Trade is at a

complete standstill, and misery is general. The French minister has formally protested against the action of the Chinese in boarding a French mail steamer on Saturday last.

A letter from the resident at Seoul states that a large military hospital has been erected on the heights, and that numbers of invalid Japanese are treated there. The building is crowded with patients. It is reported that constant conflicts are taking place between the out-

THE JAPAN-COREAN TREATY.

Minister Kurino Thinks It Will Prove

Mighly Advantageous to Corea. WASHINGTON, Sept. 12 .- Mr. Kurino, the Japanese minister, talked to an Associated Press reporter today regarding the

new treaty between Japan and Corea.
"We have nothing but the announcement of the treaty," he said, "but my inference from its terms is that it will prove highly advantageous to Corea. There has existed there under Chinese auspices the most corrupt system of government known. The constant intrigues of China there have been a threat to the peace of the east. The Japanese government has desired the settlement of the question only for the peace of the east.

'With the assurance of autonomy to Corea which is the design of this treaty there will be opportunity for great improvements in her system of government, internal administration and other affairs. Already she has advanced from the condition of the rule of an individual influenced by China, and has a cabinet of six members and a prime minister, to whom the ruler looks for advice and guidance. This change was made under advice of the Japanese representative at Seoul." Mr. Kurino said he did not think the

treaty could be called a step towards a peaceful settlement with China, as China was tenacious, on sentimental grounds. of S. D. GETTIG.

THE MAINE ELECTION

Largest Republican Plurality Ever Given in the State.

AUGUSTA, Me., Sept. 12.—It is claimed by Republicans that Governor Cleaves' plurality will reach 38,000, but Mr. Manley's estimate of 37,000 is generally regarded as correct. The greatest surprise is in the complexion of the house, which will have but nine Democrats, three from Arostook county, two from Washington county, and one from Knox, one from Waldo, and possibly one from Penobscot county. Reed's plurality in the First district is 8,329; Dingley's in the Second, 8,800; Milliken's in the Third, 8,500, and Boutelle's in the Fourth, 8,600.

St. Petersburg, Sept. 10.—A story of wholesale murder comes from Poganovka, a village of Samara. Eight farmers living near the village employed twenty-one laborers to help sow their land. The laborers performed their work satisfactorily and were paid the stipulated money. The farmers then conspired to get the money back, and finally decided that their only way of doing so would be to kill the laborers. While the later were enjoying a siesta together they were set upon by the farmers and all killed. The farmers then robbed the bodies and buried them. The absence of the laborers aroused suspicion. and the police investigation led to the speedy arrest of the eight murderers.

A Hundred Natives Killed. ZANZIBAR, Sept. 12.-Mr. Beazley and the Rev. Mr. Firminger, who reached Dar Es Salaam, German East Africa, in a dhow from Kilwa, off that coast, on Sept. 8, have arrived here, and report that the governor's house at Kilwa was attacked by 2,000 natives, armed with flintlock rifles, on the morning of Sept. 7. The fight lasted two hours and the natives were repulsed with a loss of 100 killed. The Germans lost one Soudanese soldier

killed and one German soldier wounded. General Booth Starts for America. LONDON, Sept. 12,-Detachments from the Salvation Army from all parts of London assembled at Euston railroad station yesterday in order to bid farewell to General Booth, who started for Amerca. The general will reach New York about Oct. 20, and proceed to the principal northern and western cities of the United States, eventually reaching San Francisco, and finishing his tour at Seattle, Wash., on Dec. 23.

Four People Burned to Beath. KAMOROUSKA, Que., Sept. 8 .- Four lives were lost in a fire that broke out yesterday in the house of David St. Pierre. The violence of the wind carried the fire to the adjoining houses, three of which were consumed. The victims were: David St. Pierre, Dame Veuve, Thadee Paradis and Abraham Lapoint.

Not Guilty of Obstructing the Mails. MINNEAPOLIS, Minn., Sept. 11 .- Fifteen Great Northern strikers, who have been under federal indictment for obstructing the mails since the A. R. U. atrike, were dismissed in Judge Nelson's court, The conspiracy cases against the strikers SUNK BY A STEAMER

A Schooner Cut in Two and Four Men Drowned.

NEW YORK, Sept. 12.-The steamer Portia, from Halifax, has arrived at City Island, and reports that she ran into and sunk the three masted schooner Dora M. French about four miles from Cuddyhunk light. Four out of the five men comprising the schooner's crew were drowned. The accident occurred in a dense fog. The steamer was running at full speed, blowing her whistle at short intervals. She struck the sailing vessel just forward of the foremast and out her in two. The latter sank in less than two minutes, going down head foremost, and leaving her broken foremast and sails across the Portia's bow.

One man could be seen swimming amidst the wreckage, and two others were vis-ible just below striving to reach the surface, but they were caught in the vortex and borne down. A boat was quickly lowered by the steamer and one man picked up. His name is Jeremiah Murphy, of New York. He was mate of the lost vessel and gives the following account of the disaster:

The Portia also suffered considerable damage. Her foretopmast was carried away and forty feet of rail lost. A hole was stove in the starboard bow just below the water line, and the forward compartment filled with water. The passengers were at lunch at the time of the collision, and several were badly scared.

By a strange fatality Dr. Cook and seventeen members of his fill-starred Arctic expedition were on board. This is the third serious marine disaster in which they have had part within the last two months. The Portia was a sister ship to the lost Miranda, on which the Cook party sailed for the northern seas, and which was sunk in the ice.

Proceedings Against Mississippi Officials. Jackson, Miss., Sept. 11.-Warrants were sworn out for the arrest of the following state officers of Mississippi: J. M. Stone, governor; W. W. Stone, auditor, and J. J. Evans, state treasurer. William J. Burns, a special agent of the secret service bureau of Washington, who has been here for the past two months working on the special warrant case, made affidavits before Commissioner L. B. Moseley, charging them with violating section 5,430 of the revised statutes of the United States in issuing the \$200,000 of Mississippi special warrants, charged to be in the similitude of United States currency. The warrant was placed in the hands of United States Marshal J. Mc-Nealy. Auditor Stone appeared before the commissioner and entered into per-sonal recognizance of \$1,000 for his appearance at the November term of the federal court waiving examination.

Hatch, English, acting British vice consul; G. S. Hodgson, native, clerk supreme court; S A. Hodgson, native, judge supreme court; Washiggton Oliver, English, clerk; A. No Sugar Bounty.

WASHINGTON, Sept. 12.—Secretary Carlisle, in a letter addressed to Senator Cal fery, of Louisiana, officially decided that under the new tariff law it would be unlawful to appoint inspectors, weighers and testers of bounty sugars under the McKinley act, and, further, that congress, naving made no appropriation for the em-ployment of such officials, the laws of the United States prohibit the employment of such persons to serve without pay.

OPELIKA, Ala., Sept. 12. - Matthew Whaley, professional witness against illict distillers, was shot and killled near Wedowee, Randolph county. A party went to his house and tried to get him to come out. On his refusing a number of shots were fired into the building, and finally it was set on fire. One of the party saw Whaley go through a window and fired at him, the ball taking effect in his

Crash in a Tunnel,

NORTH ADAMS, Mass., Sept. 10.—The most horrible railroad disaster known in this vicinity took place on the Fitchburg railroad Saturday evening in the Hoosac tunnel, a short distance east of the central shaft. The accident was caused by a rear end collision between east bound freight trains. The killed were: William Turpening, brakeman, of Syraouse, N. Y.; George Mimmick, brakeman, of Fitchburg.

BOWLING GREEN, Ky., Sept. 12.-A frightful duel with knives was fought by two prominent farmers, Thomas Osborne and Marcus Murphy, near Polkville. Murphy's hogs broke into Osborne's corn field, and this caused the trouble. The two cut and slashed each other in an indescribably frightful manner, and both were found dying in pools of blood.

Corbett and Courtney Liable to Arrest. NEWARK, N. J., Sept. 12 .- Judge Depue, in opening the Essex county court charged the grand jury in regard to the Corbett-Courtney fight in the Edison laboratory at Orange. The judge said the grand jury should carefully look into the case and if they found the published reports in the newspapers to be true, the two men were liable to indictment on the charge of prize fighting.

Garment Workers' Strike Nearing an End. NEW YORK, Sept. 12 .- The strike of the coat and garment makers will probably be settled before the end of the week. The strikers claim a complete victory. It is said that about eighty of the contractors have signed the bond demanded by their employes, and that about 3,000 have returned to work.

Don Plo Pice Dead.

Los Angeles, Cal., Sept. 12 .- Don Pio Pico, the last Mexican governor of Call-fornia, died here. Don Pio Pico was born in 1800, and was one of the most prom-inent men in California during the Mexican regime in that country.
