WRECKED AND ROBBED.

Desperate Work of the Cook Gang of Outlaws.

A TRAIN THROWN ON A SIDING.

Brought to a Standstill by Collision with Empty Box Cars - Then the Robbers Went Through the Express Cars and Passenger Coaches-Two Passengers Shot.

WAGONER, I. T., Oct. 22.-The Kansas City and Memphis express, which left here at 9:30 Saturday night, was wrecked and robbed by the Cook gang of desperadoes at Correta, a blind siding, five miles south of The train was running twenty miles an hour, and when within 100 feet of the switch a man came out from behind an embankment and threw the switch for the siding, running the train into a string of empty box cars. Engineer James Harris applied the air brakes and reversed the engine, while the robbers at once com-

menced firing at the engine and coaches. As soon as the train stopped two of the robbers commanded the engineer and fireman to come down, and as soon as they had dismounted marched them in front of them to the baggage and express cars. Here they forced Express Messenger Ford to open the doors by perforating the side of the car with bullets. Meanwhile two more of the robbers had taken up a position at the rear end of the sleeper to prevent anyone escaping, two others mounted the platform between the smoker and baggage car and two more were on the platform between the first and second coaches,

all keeping up a continual firing. The two robbers in the express car were meanwhile ransacking that car, securing all the money in the local safe. They com manded Messenger Ford to open the through safe, but when he explained that the safe was locked at the main office and not opened until it reached the destination they left the car. The two men on the front platform then started through the coach, demanding money and valuables. As soon as they reached the rear end of the coach the two men on that platform

started through the second coach. When they were about half through a freight train following close behind whistled, and Bill Cook, the leader, who had all the time remained outside issuing commands, swearing at the passengers and shooting, called for all hands to come out. The men on the cars jumped out, and when all were on the ground fired a last volley at the train and disappeared in the dark ness. There were eight or ten men in the party. Two of them were white and the others were half breeds.

Jack Mahara, advance agent for Mahara's minstrels, was hit in the forehead by a bullet, and dangerously, if not fatally wounded. Walter Barnes, of Van Buren, Ark., was also slightly injured by a bullet striking him in the cheek.

The entire train was completely riddled with bullets, every window being broken. It was a miracle that many lives were not lost, as fully 200 shots were fired. The loss of the express company will not exceed

AGAIN THE COOK GANG. They Levy Tribute Right and Left in

Indian Territory. LITTLE ROCK, Oct. 24.-Monday night's program in the great carnival of crime which is now holding the boards of the Indian Territory consisted of the wholesale robbery of several small towns, in genuine desperado style, by Bill Cook, supported by eight or ten followers. Four men rode ing, making known their approach by a promiseuous firing. The bandits terrorized the inhabitants, and most of them sought safety in their homes. The outlaws visited every store in the village, and ran the merchants away with Winchesters and revolvers. They took from the stores all the money they could find and everything else they wanted. The Watova post-office was robbed of about \$60 in cash and

> From Watova the gang rode on to Tala, ten miles away, where they repeated their depredations. They rode into the town and proceeded at once to rob stores right and left. Every store in the place was visited and the proprietors compelled, at the point of revolvers and Winchesters, to turn over their cash. The postoffice was also robbed of stamps and a small amount of money. The bandits entered the town boldly and made no effort to conceal their identity and none were masked.

A Texas Train Robbery.

WEATHERFORD, Tex., Oct. 20 .- A west bound passenger train on the Texas and Pacific railroad was held up and robbed by four men near Gordon yesterday. J. B. Young, of Gordon, who came in on the west bound train, says that at a point about two miles this side Gordon four men, unmasked, approached the section gang and forced them to obstruct the road and flag the train as it approached, and when the train was stopped the bandits forced the express messenger to open the door of the express car. They also forced the section men to go into the car with a sledge hammer and break the combination of the express safe, but their efforts to open the safe were fruitless. The messenger's way safe was battered open and what money there was in it was taken by the robbers. The amount secured, it is estimated, runs anywhere between \$500 and

CRIMES AND DISASTERS.

Sunday of Fatalities in Two Little Pennsylvania Towns.

PITTSBURG, Oct. 22 .- McDonald and Jeanette, small towns just outside of this city, furnished yesterday a list of crimes and accidents seldom equaled even in the large cities. At McDonald, in the morning, Frank Lyons, a well pumper, was found murdered in his boiler house, on East O'Hara street. Louis Morgan, who found the body, tells conflicting stories concern-
